CONGRATULATIONS!
You have a baby on the way! Will it be a boy or girl? Where will he go to school? What will she grow up to be? Who will he marry? How will she change the world around her? What will you name him or her?
There are so many questions. While we can't help with all of them, perhaps we can help you by providing you some ideas for a name.

A LITTLE NAME TRIVIA
2004 was a very busy year for everyone. George Bush was reelected President for a second term; the U.S. began helping Iraq with reconstruction; same-sex marriages became legal in Massachusetts; Paris, Janet and Martha were household names; and Superman died.

During this time, there were more than 50,000 babies born to Oklahoma residents. Parents were very creative. Names were chosen from every letter of the alphabet and reflected family and world history, cultural diversity, historical/popular figures, favorite places, emotions, but most of all—imagination. There were 4,373 different boys names and 6,577 different girls names. There were even 466 that were used for both boys and girls. For boys, names ranged from A, Aahil, and Aahtraeu to Zycorion, Zyler and Zyqurion and among girls they ranged from Aahlia, Aakeyla, and Aalauna to Zylee, Zyria and Zyriya.

Most Popular Names in 2004

Some of the more unique names include Tymber, Utah, Truck, October, and ESPN; as well as standards like Elvis and Ozzie. Many parents tried to add a twist to common names by spelling them a little differently like Abigail. It was spelled at least 26 different ways in 2004 including Abbeygayle, Abigaile, Abygale, Abbiegail, and Abbagale. Less traditional names were also given several twists. Jayden and Payton are very common names that have become popular recently and are spelled a variety of different ways.

LOOKING BACK
A lot has changed over the last 30 years! In 1975 Gerald Ford was president, the Vietnam War was ending, VCRs were just beginning to be developed, Saturday Night Live premiered on television, and Jaws was box office gold. In the sports world, OU won their second NCAA football championship in two years.

There were nearly 43,000 births to Oklahoma residents in 1975, however the diversity in names was not present to the same level it is in 2004. There were only 2,208 unique boys names and 3,715 unique girls names—half as many as in 2004! Michael was the most popular boys name and was given to 862 boys and 4 girls. Jennifer was given to 776 girls.

**OBTAINING A BIRTH CERTIFICATE FOR FRAUDULENT PURPOSES IS PUNISHABLE BY LAW**

**Heirloom Birth Certificates**

Heirloom birth certificates are now available from the Vital Records Office. Oklahoma Statutes Title 63, Section 1-316a provide for the issuance of an heirloom birth certificate. The Heirloom Birth Certificate is 11” x 14” with a dark blue trim, bearing a silver and gold seal, depicting a view of the State Capitol Dome. The certificate will reflect the child’s name, date of birth, place of birth and names of the parents. The cost for an Heirloom Birth Certificate is $35.00. This fee will pay for the issuance of one Heirloom Birth Certificate as well as a standard issued Certified Birth Certificate. In accordance with this Statute, proceeds from the sale of the heirloom birth certificate shall be used by the Child Abuse Training and Coordination Program, providing training and technical assistance to judges, prosecutors and members of the multidisciplinary child abuse teams who intervene in circumstances of child abuse.

**Fees**

The fee for the search of a birth record is $10.00. This fee will pay for the issuance of one certified copy of the birth certificate to a qualified applicant if the certificate is located. Additional copies will be issued at a cost of $10.00 per copy. The searching fee is not refundable or transferable. Please make your check or money order payable to the Vital Records Service. If mailing your request, please enclose a self addressed stamped envelope for return of the requested certificates. Corrections or additions to birth records require additional fees and submission of required documentation. Instructions and assessment of fees will be made on an individual basis after review of the requested record.

**Expedited Service**

Requests using the U.S. Postal Service or other overnight services, next day delivery, will allow processing within 24 to 48 hours. These services however, must include an envelope with U.S. postage attached or a check payable to the appropriate courier for the total amount of pickup and delivery of the item. These fees can be determined by contacting the courier in advance. Account numbers will not be accepted since the Vital Records Office has been advised by the major couriers, that as the sender we will be held responsible for payment if the individual declines payment for any reason. There will be no exceptions. If this process is not complete the document will be returned by regular U.S Mail. Birth or death certificates cannot be faxed. VitalChek also provides online service.

**Paternity**

Establishing paternity is the legal process used to determine the legal father of a child. If the mother is married, the husband will be shown on the birth certificate as the father unless 1) paternity has been determined otherwise by a court or 2) a husband’s denial of paternity form has been filed along with an affidavit acknowledging paternity. If the mother is not married, the father will only be shown on the birth certificate if: 1) paternity has been determined by DHS or a court, or 2) the mother and father have signed an affidavit acknowledging paternity and filed it with the State Registrar of Vital Statistics. Hospitals are required to verbally inform unmarried parents and provide materials describing their rights and responsibilities and provide an Affidavit Acknowledging Paternity. The Affidavit Acknowledging Paternity can also be obtained from the Oklahoma State Department of Health Vital Records Office, local county health departments, Department of Human Services offices, local child support enforcement offices, and is also available online [http://www.okdhs.org/ChildSupport/forms/209questionaire.htm](http://www.okdhs.org/ChildSupport/forms/209questionaire.htm). The affidavit contains 1) a statement by the mother consenting to the assertion of paternity and stating the name of the father, 2) a statement by the father that he is the natural father of the child, 3) the social security numbers of both parents and 4) any other information that may be required by the Secretary of Health and Human Services.

If either the mother or presumed father has any doubts about who the biological father is, they should consider doing genetic testing before signing the Affidavit Acknowledging Paternity. Either the mother or presumed father can go to their local child support office and open a child support case to establish paternity for $25. The State will pay the initial costs for the genetic testing. If the test is positive, the biological father may be ordered to reimburse the State $138, the current cost of the testing. This cost is far below that of genetic testing done by private laboratories. Paternity should be established as soon as possible. Even if the father agrees to help support the child now, he may change his mind later, may become disabled, or even die. So—even if he agrees to support the child now, there are other benefits that are available only if paternity has been established. Under Oklahoma law, the mother is presumed to have sole custody of a child born outside of marriage. The child’s mother and father can agree upon visitation, and the child’s father has a right to go to court to seek visitation.

For more information about establishing paternity, please visit the Oklahoma Department of Health Web site [http://www.okdhs.org/ChildSupport/FAQ/paternity.htm#01](http://www.okdhs.org/ChildSupport/FAQ/paternity.htm#01).
