

# OKLAHOMA'S 2023 OPERATIONAL READINESS EXERCISE

## OCTOBER 2-4, 2023

This three-day exercise challenges the technical aspects of multiple emergency response disciplines while assessing each responder's ability to be a deployable asset for the state of Oklahoma. The exercise will focus on incident response, information sharing, emergency operations plans, and communication/coordination between responding agencies.

**9AM**

The Greater Oklahoma City Area

- Command Post
- Base of Operations
- Structural Collapse Rescue Scenario
- Swiftwater Rescue Scenario
- Trench / Shoring Scenario
- Rope Rescue Scenario
- Confined Space Scenario
- K-9 Search and Rescue
- CBRNE (4) Scenarios
- COML & COMT Task Book Event

REMSS will provide 1-2 Ambulance Strike Teams to provide medical support as well as work through specific REMSS protocols.
