540:55-3-6. Reimbursements

1. **Prior authorization.** Grantees must receive written prior authorization from HWTC before making purchases exceeding a prior authorization threshold amount. This amount will be based upon the grantee's risk assessment, as completed by a third-party consultant, as well as the overall scope of the proposed project. Grantees shall be informed in writing of the prior authorization threshold amount. A grantee shall upload the quote and a brief justification to the grant software designated by HWTC, for review and prior authorization by the HWTC Grants Manager. Any purchase over the threshold amount that has not been prior authorized by the Grants Manager may not be reimbursed by the Health Care Workforce Development Grant program.

Requests for the Executive Director's approval shall be made electronically. A written copy of the Executive Director's approval or disapproval shall be electronically sent to a grantee within fifteen (15) business days of submission. A grantee may not request more than one (1) reimbursement approval from the Executive Director in any two-month (2-month) period.
 - b. **Purchases of \$50,000 or more.** The Commission may, through formal Commission action, increase the maximum dollar value of reimbursements the Executive Director is authorized to approve, as identified in OAC 540:55-3-6(3)(a), above; any decision to provide such increased authorization to the Executive Director will be within the Commission's sole and absolute discretion and subject to the Commission's directives. A Single Audit is required if the grantee expends \$750,000 or more in federal assistance during its fiscal year and must be conducted in accordance with Subpart F of Part 200 of Title 2 of the C.F.R.
 - a. HWTC will review the grantee's audit and issue any management decisions thereon within six (6) months of acceptance of the audit report by the Federal Audit Clearinghouse. Prior to issuing the management decision, HWTC may request additional information or documentation from the grantee, including a request for auditor assurance related to the documentation, as a way of mitigating disallowed costs.
 - b. After review of the audit, if it is determined that funds are owed to the State of Oklahoma, HWTC may issue a management decision letter to the grantee. Pursuant to 2 C.F.R., § 200.521, the management decision will include:
 - i. A clear statement of whether or not the audit finding is sustained, the reasons for the decision, and the actions the grantee is expected to take (including, for example, repaying disallowed costs, making financial adjustments, or taking other actions);
 - ii. A description of the appeals process available to the grantee; and

If the form is not timely received, the Commission or the hearing officer designated by the Commission will issue a letter stating that the appeal will not be heard.
 - d. Appeals of management decisions shall be conducted in accordance with OAC 540:1-5-1.
2. Even if a grantee is exempt from federal audit requirements for a particular fiscal year, it shall still make its records available for review or audit by appropriate officials of the U.S. Treasury, OMES, HWTC, and Government Accountability Office, as requested. Moreover, all "government entities," as such term is defined by law, shall comply with the applicable provisions of 74 O.S., § 212A relating to the Oklahoma State Auditor & Inspector's Office.

5. The grantee shall expend all funds by October 2, 2026. To the extent that actual expenditures or demonstrated need is less than the total award amount, the grantee will return the balance of unspent funds to the State of Oklahoma. If the U.S. Treasury recoups funds from the State of Oklahoma based on a determination that these award funds were used in a manner not in compliance with ARPA, the State of Oklahoma may recover funds from the grantee by reducing future funding in state budgets.
6. The grantee shall repay the award or portion of the award if: any funds received were issued in error; are based on incorrect representations; or any costs forming the basis of an award under this program have been or will be covered by other federal grants or awards or federally forgiven loans received by the grantee. The final determination of whether there has been a duplication of benefits and the amount to be repaid, if any, will be made by HWTC and/or OMES.
7. The grantee shall maintain and make available to the State of Oklahoma and/or U.S. Treasury, upon request, all documents and financial records sufficient to establish compliance with ARPA. Records and supporting documentation must be maintained for a period of seven (7) years after all funds have been expended or returned to U.S. Treasury, whichever is later. However, if any litigation, claim, or audit begins before the end of that seven-year period, all records must be retained until all litigation, claims, or audit findings involving the records have been resolved and the final action has been taken.

Moreover, all records relating to real property shall be retained until seven (7) years after final disposition of the property.

8. Records to support compliance with ARPA may include, but are not limited to, copies of the following:
