Agenda Item #7

Wassim Arook of Security Lock Service was present at the meeting. Don Schooler, General Counsel/Chief of Staff, explained to the committee that there are concerns regarding the companies for which Mr. Arook has signed off. Specifically, the committee questioned whether the applicants have been transparent about their relationship with Security Lock Service.

Mr. Arook explained that he had signed off on experience for employees who previously worked for him and later started their own companies. Peggy Cooper, speaking on behalf of ODOL, expressed concern that Mr. Arook may have partial ownership in these companies. She stated that she had previously spoken with Mr. Arook and explained that while a manager may operate their own company, it would be preferable for him to subcontract with these companies.

Mr. Arook stated that he does not hold any ownership shares in the companies in question. He explained that he keeps them under his license in case he has jobs in other areas and that he issues 1099s to the locksmiths he uses. It was noted that once the ODOL database is corrected, it will not allow two company licenses to be held together. The committee determined that the ODOL database needs to be cleaned up and updated to accurately reflect Mr. Arook's technicians.
