Signature of Applicant / APPLICATION CANNOT BE PROCESSED WITHOUT A SIGNATURE AND FEE

DATE

380:50-5-12. Licensing of AHERA project designers

Licensing requirements for AHERA project designers are as follows:

- (1) Preparation of plans and/or specifications for response actions for asbestos-containing materials in any facility under the jurisdiction of Title 40, Sections 450 through 456 shall be performed only by persons who are licensed as AHERA project designers by the Oklahoma Department of Labor.
- (2) AHERA project designers shall have met all requirements for accreditation for asbestos abatement contractor or project designer, and in addition, shall have a bachelor's or advanced degree in architecture, engineering, or industrial hygiene, or an equivalent combination of education, training, and experience as determined by the Commissioner.
- (3) Applications shall be submitted on forms prescribed by the Commissioner.
- (4) The license fee shall be seven hundred fifty dollars (\$750.00) per year. If the applicant holds a current AHERA management planner license, there shall be no additional fee charged.
- (5) The license shall be issued in the name of the individual applicant.
- (6) The license shall be issued for a period not to exceed one year and shall expire concurrently with the initial asbestos contractor or project designer training and subsequent project designer refresher training. There will be no grace period wherein a project designer will be allowed to work with an expired license.
- (7) Any project designer who has not taken the required AHERA project designer refresher training course within two years of the previous initial contractor or project designer training or project designer refresher course, shall repeat the initial project designer training requirements of Section 380:50-6-6 and 380:50-6-11.

380:50-6-6. Initial training for asbestos project designers

(a) In the State of Oklahoma, anyone seeking accreditation or licensure from the Department of Labor, must obtain their training from an EPA or DOL approved training provider, including but not limited to educational institution, labor union, or government agency, or from a private vocational education provider licensed by the state where it operates (pursuant to 70 O.S. § 21-103 within the state of Oklahoma) and accredited by EPA or an EPA approved governmental agency.

(b) Such institutions, labor unions, or government agencies, may receive their DOL accreditation through the Oklahoma Accreditation Plan providing the following criteria are met

- (1) The training for AHERA Project Designers shall be specific to the discipline and shall not be combined with training for any other discipline.
- (2) The AHERA Project Designer's course shall be no less than three days in length and shall include: lectures, demonstrations, a field trip, course review and a written examination. The OAP also recommends the use of audio-visual materials to complement lectures, where appropriate. One day of training equals 8 hours, including breaks and lunch.
- (3) Course instruction must be provided by EPA or State approved instructors. EPA or State Instructor approval shall be based on a review of the instructor's academic credentials and/or field experience in asbestos abatement.
- (4) The training course for AHERA Project Designer shall adequately address the all of the topics (a) through (t) provided in OAC: 380:5-6-6(b)(4)
- (5) In addition to the training required for an AHERA Project Designer, persons seeking accreditation or licensure must also have a minimum of a bachelor's or advanced degree in architecture, engineering or industrial hygiene or an equivalent combination of education, training and experience as determined by the Commissioner of Labor.
