December 2025

Summer Presenters and Performers!

Don't forget to check out our presenters and performers list [here](#). You can browse program types, prices, pictures (for some) and what kids can learn from the programs!

One more opportunity...

Well, actually two! We have one more in-person workshop coming up in Norman on December 9. I also plan to convert the workshop to a digital format for those who couldn't attend. This will combine all of the great ideas from the people who attended workshops, in addition to the sample programs, resources, and learning modules. [Click here](#) for registration form (for December 9.)

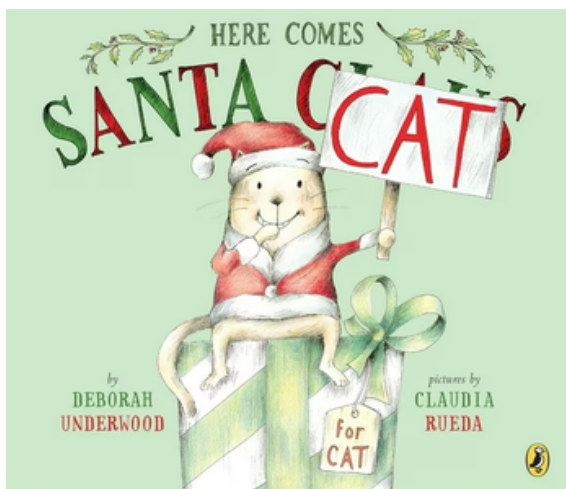

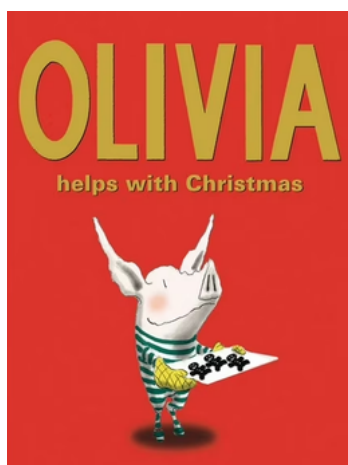

CSLP Summer Symposium!

It's Summer Symposium time! The date is this Thursday, December 4, from 10-3:30. Come hear about plans for next summer, manual highlights, and summer reading champion DAN SANTAT! It's free! Register [here](#). There is also a place to sign up for a recording if you're unable to attend live.

FOLIO's Seeds for Success Grant Program

This grant opportunity is for your Friends group! FOLIO-member Friends of Libraries groups can apply for a grant that gives picture books to preschoolers, with a focus on those living in poverty. There is a second grant that provides books for other facilities, such as day cares. For more information, click [here](#)!

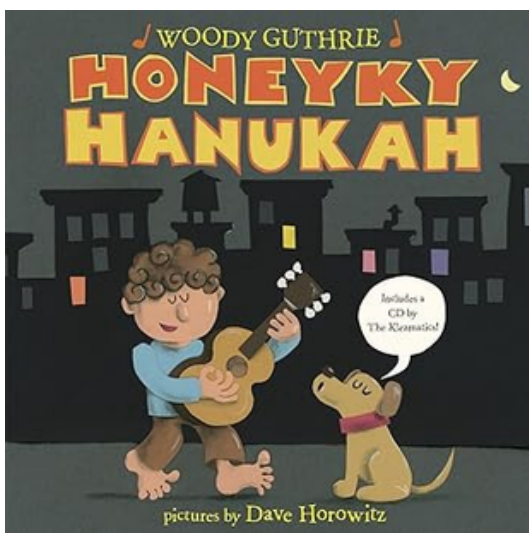

Check out Talpa!

"You know that book with the red cover?"
"I'm looking for the book with the dog on the front."

We have been there! Now there is an AI-powered tool to help out in those situations. Take a look at <https://www.talpasearch.com/>.

Oklahoma Author!

Share the good!
If you have a program to highlight here, please send me pictures and a description. We all love to see the great ideas for kids and teens happening around the state.

Program Highlight

Straw Painting in Enid!

This was a great program for kids and their adults this past summer. A blob (or a few!) of paint, blow through a straw, and voila! Masterpiece!
