The scheduled regular meeting of the Oklahoma Mining Commission was called to order in accordance with the Open Meeting Laws at 10:30 a.m. by Commissioner Kurt Klutts, Chairman of the Commission.

Meeting Place: Oklahoma History Center, Oklahoma City, Oklahoma, and Zoom Videoconference. Roll call was made and a quorum was declared with seven (7) members present. Commissioner Donoley was absent.

Safety Moment: Oklahoma Miner Training Institute (OMTI) Director Michael Reed gave a brief presentation on "inattentional blindness". Mr. Reed explained inattentional blindness occurs when a person fails to perceive something in plain sight because of a lack of attention rather than a defect or deficit. Mr. Reed shared some examples of real-life accidents that occurred because someone didn't see what was plainly visible. He emphasized the need to pay attention and use common sense when completing routine work and activities.

Motion 1, April 18, 2024, Regular Meeting Minutes: A motion was made by Commissioner Caldwell and seconded by Commissioner Kemp that the minutes of the April 18, 2024, meeting be approved. Roll call was made and the motion passed unanimously with seven (7) aye votes.

Director's Report: Director Rodesney greeted everyone and reported the following:

Legislative Update

- Senate Bill 1125 is this year's general appropriations bill. ODM will receive \$1,148,683 for FY2025, which is \$303,750 more than FY2024. Mrs. Rodesney indicated additional funds were received for administrative services (\$108,000), reclamation team (\$150,000), and salary market adjustments (\$120,000). A reduction of \$75,000 was made for the FY2024 digitization project. ODM will re-budget the balance (approximately \$40,000) into FY2025 to complete this project. Mrs. Rodesney confirmed ODM will begin its search for a construction manager to oversee the reclamation projects on bond forfeited sites.
- Senate Bill 1273 directed the Department of Environmental Quality to create the Blue River Little Blue Creek Stream Health Assessment Study. Mrs. Rodesney indicated ODM will be provide input or data if requested to assist with this study.

Modernizing Efforts

• ODM is continuing to contract with the Department of Corrections for digitization services. Approximately 15% of the active files have been digitized.

Bi-annual Audit

• ODM is continuing to work with the State Auditor and Inspector's (SAI) office regarding its audit of January 1, 2021-June 30, 2023 records and processes. The SAI office has sent a number of questions that Mrs. Rodesney is reviewing and responding to as the agency's former Chief Financial Officer.

Personnel

• Mrs. Rodesney reiterated hiring a reclamation construction project manager is a priority now that additional funding has been awarded.

Oklahoma State Employee Engagement Survey

- The state conducted a confidential statewide survey to assess employee perceptions at work.
- Approximately half of ODM's staff completed the survey. ODM's employee engagement rating was 91.1% and employee satisfaction rating was 97.5%.

Commission Updates

- Commissioner Kurt Klutts was confirmed by the Senate on May 29 for another seven year term with the Mining Commission.
- Commissioner Joshua Haven was confirmed on May 29 to the Oklahoma Conservation Commission. He has tendered his resignation to the Mining Commission. Mr. Haven occupied the Agriculture/Conservation position.

Executive Orders

- Governor Stitt issued two Executive Orders (EO), 2024-13 and 2024-14, that will impact ODM.
- EO 2024-13 (permitting) and EO 2024-14 (licensing) requires agencies to identify all of the permits and licenses they issue and the time required to obtain these.

- ODM has ninety (90) and sixty (60) days to respond to the newly appointed Task Forces which will evaluate the information and suggest modifications.
- If an agency exceeds the recommended timeframe, the application is to be refunded to the applicant.
- Mrs. Rodesney noted administrative procedures for public participation take time. She hopes there will be an opportunity to explain why some permits may be delayed pending administrative processes.

Informal Conference Process

- Director Rodesney asked Chief Counsel Clayton Eubanks to briefly review the informal conference process for the Commission.
- Mr. Eubanks explained the purpose of informal conferences is to provide a platform for stakeholders to express concerns; help facilitate resolution of issues related to mining permits; and encourage transparency and public involvement.
- He cited ODM's rules and reviewed how citizens may request an informal conference.
- A conference officer hired by the agency to hear concerns and gather evidence conducts the conferences. It is not a judicial meeting.
- Following the conference, the conference officer issues a summary report and recommendation to ODM.
- The agency compiles a Notice of Departmental Recommendation and mails both the summary report and Departmental Recommendation to the parties who attended the conference or requested notice.
- Mr. Eubanks noted further legal action may follow, however the informal conference is a vital part of the permitting process.

Other Updates

- Mrs. Rodesney represented Oklahoma at the Interstate Mining Compact Commission (IMCC) annual meeting in Alaska earlier this month and briefed the Commission about the meeting.
- The Mine Safety and Health Administration (MSHA) is holding stakeholder meetings across the country regarding its final rule entitled "Lowering Miners' Exposure to Respirable Crystalline Silica and Improving Respiratory Protection". ODM has added a copy of the notice to its website. In addition, ODM's July safety gram is on controlling dust on mine sites and includes a link to MSHA's new rule.
- ODM field staff has been sharing the updated Emergency Contact sheet complete with direct links to ODM and MSHA telephone numbers during site visits. Many people have downloaded the form to their mobile phones for future use.

Financial Report: Chief Financial Officer Benita Jose-Mathew reported the agency has expended \$2,121,195 or 80% of its overall budget thus far in FY2024 and is 91% through the fiscal year. ODM had \$36,928 in its revolving fund as of April 30 and the balance in the clearing account eligible for transfer is shown on page 2. The third page shows agency collections are strong at 94% for the year with 90% of the budgeted non-coal production fees collected. Eighty-eight (88) million tons have been reported for calendar year 2023. The projected estimate for FY2024 is 90 million tons with 84.75 million tons collected so far. Expenditures as shown on the fourth page, by major cost category, remain under

budget overall with a few overages in areas such as communication and equipment costs. Page 5 is ODM's financial history page and page 6 shows the recent billing statement from Eastern Oklahoma State College (EOSC) for OMTI expenses. The EOSC bill has been paid. There were no questions.

Motion 2, Review and Approval of Executive Director's April P-card Statement: Ms. Jose-Mathew presented Director Rodesney's P-card statement for purchases made in April. There were two charges totaling \$416.76. A motion was made by Commissioner Caldwell and seconded by Secretary Helm to approve the Director's P-card statement for April. Roll call was made and the motion passed unanimously with seven (7) aye votes.

Motion 4, Discussion and Vote on Eastern Oklahoma State College (EOSC) FY2025 Contract:

Chief Financial Officer Benita Jose-Mathew presented the FY2025 contract between the Commission and EOSC for the administration of OMTI's program. Ms. Jose-Mathew noted the only changes to the contract were updates to the dates. OMTI's total budget was increased by approximately \$16,000 to cover employee salary increases approved by the college and an increase in travel costs. It was confirmed that the salary increases were determined by the college and not based on a percentage. A motion was made by Vice Chairman Curtis and seconded by Commissioner Krukowski to approve the EOSC FY2025 contract for the housing of OMTI. Roll call was made and the motion passed unanimously with seven (7) aye votes.

OMTI Report: OMTI Director Michael Reed submitted the FY2024 Training for October 2023-May 2024. Mr. Reed reported OMTI held 29 classes during the month of April with ten of them being private classes. In May, 21 classes were held six of which were private classes. Requests for private classes are increasing especially with contractors. Sixty-one contractors received annual refresher training compared to fifty-four operators. OMTI issued 703 certificates during April and May and may exceed last year's quarter with the scheduled June training. Preparation for the annual health and safety conference is in progress and Mr. Reed noted ODM Lead Inspector Troy Young has been instrumental in lining up speakers for it. There have been five more fatalities reported nationwide since the April meeting with nine total fatalities to date. Mr. Reed briefly reviewed the more recent fatalities with the group and observed loss of life in mining often comes down to decisions. He indicated he and the other instructors review each fatality to ensure they are training on those topics and stated they are. Chairman Klutts inquired about plans for the 2025 annual health and safety conference. Mr. Reed indicated it is planned for Durant, but the planning committee intends to survey the 2024 conference attendees regarding preferred dates and locations for future events. Vice Chairman Curtis inquired about how funds are collected for OMTI training and dispersed for expenses. Mr. Reed and Mrs. Rodesney discussed the OMTI revolving fund in which training fees and a percentage of production fees are deposited. These fees along with the MSHA grant help fund OMTI's program. Mrs. Rodesney confirmed ODM will cover any shortfalls that may occur with agency appropriations. Mr. Reed indicated he will include revenue figures generated from private classes with his reports beginning the next fiscal year.

Motion 5, Discussion and Approval to Change the September Commission Meeting to October: Chairman Klutts indicated a change to the scheduled September 25 Commission meeting is needed as this date conflicts with a national industry conference that several members will be attending. Two October dates were proposed and discussed as viable options and Commissioners reviewed their calendars. A motion was made by Secretary Helm Vice Chairman Curtis and seconded by Commissioner Krukowski to change the next Commission meeting date from September 25 to October 3 at 10:30 a.m. in Oklahoma City. Roll call was made and the motion passed unanimously with seven (7) aye votes.

OKLAHOMA MINING COMMISSION MEETING OCTOBER 3, 2024

DIRECTOR'S REPORT

OKLAHOMA MINING COMMISSION OCTOBER 3, 2024 DIRECTOR SUZEN RODESNEY REPORT

FUNDING UPDATE:

The agency FY26 Budget Request was submitted October 1, along with the FY26-31 Strategic Plan. ODM is asking for an additional \$150,000 for the addition of a hydrologist. This is a continuation of the funding request of FY25. ODM is also requesting \$100,000 for a database project that will include some automated inspection capabilities, and public access permitting information. The MSHA grant was awarded on September 25, 2024 for the FY24 year October 1, 2023- September 30, 2024, in the amount of \$184,414.

MODERNIZING EFFORTS:

The digitizing project is still ongoing. Regular file collection and delivery is occurring. Approximately 45% of the active minerals files have been digitized.

Bi-ANNUAL AUDIT:

The agency is still working with Auditor's office. We are awaiting further instructions for completion.

PERSONNEL:

Mike Lewis started with ODM on September 9 as our reclamation construction project manager for the reclamation team. His first task on board was to attend the Oka' Conference in Ada, September 10-12. He is scheduled to attend the National Association of State Land Reclamationists meeting in Carterville, Illinois October 7-10, which will include field visits.

COMMISSION UPDATES:

Commissioner Chad Hefty was appointed on 8/24/2024, to fill Mr. Joshua Haven's vacant position. He will occupy the seat allocated for agriculture/conservation. His term will last until 1/1/2027. Welcome Mr. Hefty!

EXECUTIVE ORDERS:

Governor Stitt issued two Executive Orders that will impact the Department. Executive Order 2024-13 relates to permitting timelines, standards and compliance consequences. Executive Order 2024-14 relates to licensing requests, costs, and issuance to individuals who need state licenses in order to perform or be hired for a job or occupation. The agency submitted responses to both requirements. We will be awaiting responses on each from the newly created Task Force.

SAFETY ALERT: Accident Reporting

Failure to report accidents to the Oklahoma Department of Mines has increased over the past five years. ODM has cited various operators roughly 10 times for late reporting over this period of time.

Failure to report accidents undermines ODM's authority and impedes our investigation duties. **State Certified Surface Supervisors** at **all** mining locations in Oklahoma have the **duty and responsibility** to make sure all accidents are properly reported to ODM.

Going forward, any failure to report a serious accident or fatality may result in a Show Cause review of your permit. ODM will evaluate the circumstances of the delayed reporting and will suspend or revoke the permit if warranted.

ODM considers failure to report accidents to be extreme negligence by not only the permittee, but also the individual(s) in charge at the mine. Further late reporting issues may result in **suspension or revocation** of their **State Supervisor Certification**. ODM will also review the current penalties allowed by law for late reporting and may explore rule changes as an increased deterrent in the future.

REPORT SERIOUS
ACCIDENTS OR FATALITIES
WITHOUT DELAY

ODM ACCIDENT REPORTING REQUIREMENTS:

OAC 460:10-35-8 Serious injury or fatality report

- (a) Whenever loss of life or serious injury shall occur in or about a mine, it shall be the duty of the operator of the mine to report the accident involving loss of life or injury without delay to the Department. It is the duty of the Department, if determined necessary, to immediately send a mine inspector to the scene of the accident, and make a report to the Department. Forms for reporting accidents shall be furnished by the Department. Any operator failing to notify the Department of a fatality or an injury in a timely manner shall be assessed by the Department a fine of up to five hundred dollars (\$500.00).
- (b) All mines regulated by MSHA must promptly provide copies to the Department of any accident reports that have been filed with MSHA

Serious Injury means: An injury which requires medical treatment and results in a loss of work time to injured worker beyond the shift he or she was working when injured.

Forms for accident reporting are available on our website and accident reports may be submitted on-line. A phone call to ODM will suffice as the initial notification.
