		1. Will this operation involve crushing, dry screening or using any other means of mechanically altering the mined material or involve any other air contaminant emissions?
Yes	No	

If you indicated yes, please be advised that a permit may be required from the Air Quality Division of the Oklahoma Department of Environmental Quality. Please contact the agency for their respective requirements.

		2a. Will the operation involve classifying or wet screening, washing the material mined, recycling processed water, or other water handling?
Yes	No	

		2b. Will the operation involve dewatering the mine or discharging fresh or wastewater from the mine or plant?
Yes	No	

		2c. Does this operation fall within the jurisdictional requirements of the stormwater regulations of the Oklahoma Department of Environmental Quality?
Yes	No	

If you indicated yes to either 2a, 2b, or 2c, please be advised that a permit may be required from either the Department of Environmental Quality, Oklahoma Water Resources Board, or the Army Corps of Engineers. Please contact each agency for its respective requirements.

		3. Will the operation involve removing minerals from within any boundaries of river or stream bed?
Yes	No	

If you indicated Yes, please complete Questions 3a and 3b. If you indicated No, please proceed to Question 4.

3a. What is the name of the stream or river? _____

3b. Which of the following classifies this stream or river? Please refer to OAC 460:10-13-2 for descriptions of each.

_____ High Quality Water (HQW)

_____ Scenic River Area

_____ Outstanding Resources Waters (ORW)

_____ None of the above

Please note: Certain permitting and operating procedures are required for mining permits in these environmental areas. Please refer to 460:10-13-3 for the requirements

Yes No 4. Does your operation overlie a sensitive sole source groundwater basin or subbasin?

Effective August 1, 2011, if you indicated Yes, this operation falls within the permitting guidelines established by SB 597. You must contact the Oklahoma Water Resources Board to comply with additional permitting requirements.

Yes No 5a. Will explosives be used?

If Yes, review the Blasting Regulations and complete the Blasting Plan. The plan should accompany the permit application upon submission. In order to purchase, use or store explosives on a permit, the permittee must also have a Blasting Permit Exemption.

Yes No 5b. Does the permittee have a current Blasting Permit Exemption?

If Yes, provide Blasting Permit Exemption Number: _____ If No, complete the Blasting Permit Exemption in addition to the Blasting Plan. If explosives will be used, a mining permit will not be issued until a plan and exemption are secured.

Specialized Processing or Manufacturing

Yes No 6. Will specialized processing or manufacturing be conducted on site with the material mined that is not directly associated to mining? This includes specialized processing of the material after mining and processing by a plant site immediately after excavation of the material. This product would be unique in nature and produced from the material mined. This specialized processing or manufacturing facility might not be part of the mining process, and thereby, not included in the permit area requested in the application.

If yes was indicated, please provide ODM with a detailed narrative of the activity. The location of the specialized processing facility will need to be disclosed on the mining map. The description should include the equipment used and a flow chart showing the process. Once the description of the process is reviewed, a determination of applicability will be made by the Department. If the Department finds that the process is not directly associated with the mining, this area may be removed from permit consideration.

OTHER LICENSES AND PERMITS

Yes	No	7. Has any other agency, local, county, state, or federal, been contacted to ascertain the need for other licenses and permits with respect to this operation?
-----	----	--

If you indicated no other agencies have been contacted, please be advised that failure to obtain all the permits necessary for a mining operation may result in issuance of a permit violation or an interruption in mining activity until the required permits are secured.

Please refer to the Non-Coal Permitting Guidelines and Summary and the Notice below regarding other possible governing entities that may need to be contacted. Provide a list of all other licenses and permits needed for this mining operation. If a license or permit has been issued, please provide the Permit Identification Number and date of Approval or a copy of said permit or license. (Title 45 § 724 I.) If a permit or license is pending, please provide copies of your applications or Notices of Intent (N.O.I.) that have been submitted to other agencies.

If this application is for a revision to an existing permit, copies of all issued permits must be included.

[illegible]

Please Note: A special permit to operate within certain municipalities or counties may be required. It is the responsibility of each applicant to contact the appropriate city or county officials to determine if the mining operation falls within their respective jurisdiction.
