_____ Yes _____ No 21. Does the mineral seam contain acid-forming materials?

If yes, please complete Question #3 on the Attachment forms.

Reclamation Attachments and Narratives addressing each and every issue as outlined in the Rules & Regulations must be part of your Reclamation Plan and attached to this form.

RECLAMATION PLAN ATTACHMENT

All questions must be answered. If a question is not applicable, enter "N/A." Do not leave any questions blank.

1. Revegetation Plan:

(A) Planned soil tests:

(B) Site preparation and fertilization:

(C) Seed and plant selection:

(D) Rate of Seeding or amount of planting per acre:

(E) Are there other surface treatments that will be performed to the affected land during
reclamation? ☐ Yes ☐ No

If yes, please explain: _____

2. Describe the method to prevent or eliminate conditions that could be hazardous to animal or fish life in or adjacent to the permit area.
3. Provide, as a separate document, a closure plan of the mine and permitted facilities to prevent the release of contaminants for harmful to the environment. **A closure plan is not necessary for all mines** but is required where the possibility exists for (a) acid forming materials handling or drainage; (b) chemically treated tailings or stockpiles (excludes fertilizer or lime for re-vegetation purpose).
4. Method of control and disposal of mine waster, rock, mineral scrap, tailings, slimes, and other material directly connected with the mining, cleaning, and preparation of mineral substances mined and includes all waste materials deposited on or in the permit area from any source.

5. Method of reclaiming settling and/or sediment ponds.

6. For final reclamation, submit information about practices for safety to persons and to adjoining property in all excavations. Identify area of potential danger and appropriate safety provisions. These provisions can but are not limited to setbacks, fencing, signs, benching, guardrails, and boulders.

7. Method Identify structures (e.g. buildings, roads) that are proposed to remain as part of the final reclamation.
