JULY 2011

Volume 12, Number 7

# STEP UP TO LADDER SAFETY!

**Section 914.3** – Ladders shall be of substantial construction, maintained in good condition and regularly inspected

**Section 914.4** – Portable straight ladders shall be provided with nonslip bases, shall be placed against a safe backing at the proper angle and set on secure footing.

**Section 914.11** – Men climbing or descending ladders shall face the ladders and have both hands free for climbing.

---

**“REMEMBER, WHILE ON A LADDER,  
NEVER STEP BACK TO ADMIRE YOUR WORK”!**
