**MEMORANDUM**

TO: Future Advanced Practice Registered Nurse (APRN) Applicants

RE: APRN Certification Programs (Examinations)

---

New advanced practice registered nurse certification examinations continue to be launched and old examinations continue to be retired. Not all examinations meet the requirements of the Oklahoma Board of Nursing Statutes and *Rules*, which include the certification programs (examinations) be accredited by a national accreditation body as acceptable by the Board. [OAC 485:10-15-4(d)(5)]

**For initial licensure as an APRN, applicants must pass an examination that is on the *Advanced Practice Registered Nurse (APRN) Certification Examinations Approved by the Oklahoma Board of Nursing for Initial Licensure, #P-52A.***

Once an examination is accredited by the American Board of Nursing Specialties or the National Commission for Certifying Agencies, the Oklahoma Board of Nursing will evaluate each examination for inclusion on the *Advanced Practice Registered Nurse (APRN) Certification Examinations Approved by the Oklahoma Board of Nursing for Initial Licensure, #P-52A.* If the APRN examination is approved the name of the examination will be added to the *Advanced Practice Registered Nurse (APRN) Certification Examinations Approved by the Oklahoma Board of Nursing for Initial Licensure, #P-52A.*

For renewal or endorsement, the APRN certification examinations that were once approved and now listed on the ***Advanced Practice Registered Nurse (APRN) Certification Examinations No Longer Approved by the Oklahoma Board of Nursing for Initial Licensure, #P-52B*** can be used for renewal or endorsement provided there has been no lapse in licensure. [OAC 485:10-15-4(c)(1)]

Oklahoma Board of Nursing

ADVANCED PRACTICE REGISTERED NURSE (APRN) CERTIFICATION  
 EXAMINATIONS APPROVED BY THE OKLAHOMA BOARD OF NURSING  
 FOR INITIAL LICENSURE

The following APRN certification examinations have been approved by the Oklahoma Board of Nursing for use by applicants for initial licensure as an APRN. The APRN who is practicing in a role that requires APRN licensure must use the title “Advanced Practice Registered Nurse” or “APRN” and the APRN role title, i.e., “Certified Nurse Practitioner” or “CNP”, “Clinical Nurse Specialist” or “CNS”, “Certified Registered Nurse Anesthetist” or “CRNA”, or “Certified Nurse-Midwife” or “CNM” in their representations to the public, which may include, but are not limited to, name tags, signatures in medical records and on prescriptions, and signage. The *Oklahoma Nursing Practice Act* does not designate the order of the credentials; whether the credentials are to be separated by a dash or a comma; or whether the APRN may add other credentials to their title, such as specialty certifications and educational credentials. These decisions may be made by the individual APRN. An exception is for APRNs who hold a doctoral degree. Oklahoma law [59 O.S. Supp. 2009 §725.1, et. seq.] addresses the use of the “Doctor”, and any abbreviation thereof. If the term “doctor” is used by a licensed nurse holding the appropriate educational credentials, such usage must be in accordance with this statute [OAC §485:10-13-1. (e)].

The Oklahoma Nursing Practice Act establishes a criminal penalty for using the title Advanced Practice Registered Nurse, or APRN; any of the specialty role titles or abbreviations; or any other language that may lead people to believe that the user is an Advanced Practice Registered Nurse, unless the user of the title is licensed as an APRN by the Oklahoma Board of Nursing [O.S. 59 §567.3a (5)].

As new examinations become available, the Oklahoma Board of Nursing will evaluate them to ensure that they meet the standards in the Rules of the Oklahoma Board of Nursing, and will make a decision on whether the new examinations can be added to the list of approved APRN certification examinations for initial licensure.

APRNs licensed in the State of Oklahoma who are certified with the current Adult Nurse Practitioner, Gerontologic Nurse Practitioner, Adult Psychiatric & Mental Health Practitioner, Acute Care Nurse Practitioner, Pediatric Nurse Practitioner, Adult Health Clinical Nurse Specialist, Pediatric Clinical Nurse Specialist, Adult Psychiatric and Mental Health Clinical Nurse Specialist, and Child/Adolescent Psychiatric and Mental Health Clinical Nurse Specialist examinations may continue to utilize those certifications for licensure provided the APRN license remains in an active status and current certification is maintained. In addition, APRNs applying for licensure by endorsement may request licensure using the current Adult Nurse Practitioner, Gerontologic Nurse Practitioner, Adult Psychiatric & Mental Health Practitioner, Acute Care Nurse Practitioner, Pediatric Nurse Practitioner, Adult Health Clinical Nurse Specialist, Pediatric Clinical Nurse Specialist, Adult Psychiatric and Mental Health Clinical Nurse Specialist, and Child/Adolescent Psychiatric and Mental Health Clinical Nurse Specialist certification examinations, if the APRN applicant holds current certification and is licensed or recognized in another state in that specialty.

**ADVANCED PRACTICE REGISTERED NURSE CERTIFICATION EXAMINATIONS**  
**NO LONGER APPROVED BY THE OKLAHOMA BOARD OF NURSING**  
**FOR INITIAL LICENSURE**

**No initial licensure** as an APRN is granted from this list, but Advanced Practice Registered Nurses with national certifications from this list may continue to be licensed as APRNs provided the APRN license remains in active status and current certification is maintained.

This list may be used to correctly complete renewal and endorsement applications, if the current national certification is from an examination on this list.

Certification examinations on this list were previously approved by the Oklahoma Board of Nursing, but such approval has been discontinued for initial licensure.
