Please see the specific “Instructions” section for further information on obtaining a fingerprint-based criminal background check. Please also read the *Privacy Act and Applicant Notification* found in the appendix to this set of application instructions.

In addition to the background check, applicants for licensure who have ever been summoned, arrested, taken into custody, indicted, convicted or tried for, or charged with, or pleaded guilty to, the violation of any law or ordinance or the commission of any misdemeanor or felony, or requested to appear before any prosecuting attorney or investigative agency in any matter; **or** have ever had disciplinary action taken against a nursing license, certification or registration, any professional or occupational license, registration, or certification and/or any application for a nursing or professional or occupational license, registration, or certification or if there is currently any investigation of your nursing license, registration, or certification; and/or any professional or occupational license, registration, or certification; and/or any application for a nursing and/or professional or occupational license, registration, or certification in any state, territory or country; or have ever been judicially declared incompetent; or are currently participating in an alternative to discipline program in any state, territory, or country are required to provide a report in writing to the Oklahoma Board of Nursing. disciplinary board. The report should be in the form of a letter or a statement in the provided space on the application. The report must be accompanied by certified court records or a board order, as described below. A verbal report does not constitute a “report in writing”. A written report not accompanied by a full set of certified court records or the board order(s) does not constitute a “report in writing”. Failure to report such action is a violation of the *Oklahoma Nursing Practice Act*.

An applicant for a license to practice as a Registered Nurse or Licensed Practical Nurse must submit via the Nurse Portal to the Oklahoma Board of Nursing “certified written evidence that the applicant has never been convicted of a felony crime that substantially relates to the occupation of nursing and poses a reasonable threat to public safety” [59 O.S. § § 567.5, 567.6].

GENERAL INFORMATION

The *Oklahoma Nursing Practice Act* requires you to obtain a dated Oklahoma temporary license or valid Oklahoma license **prior** to employment in nursing in Oklahoma. This requirement does not apply to nurses practicing in certain federal facilities (contact the federal facility regarding its requirements for licensure.)

You must obtain a temporary/permanent license before orienting or working in a position requiring a nursing license.

Issuance of a temporary license does not guarantee you will qualify for permanent licensure in Oklahoma.

You may view average processing times of a completed application on our website in the Agency Data and Reports section. All applications are reviewed in the order they are received. To check on the status of your application, visit the Nurse Portal. If further review is required, the processing time may be lengthened. Every effort is made to process applications expeditiously.

Your *Application for Universal Licensure by Endorsement* is valid for one year from the date it is received in the Board office. All requirements must be met within that year; otherwise, a new application and fee must be submitted.

Once licensed, the License Verification Portal <https://okbn.boardsofnursing.org/licenselookup> on the Board's website will be the first place your new license will be noted.

Registered Nurse licenses expire the last day of the licensee's birth month in even-numbered years, and Licensed Practical Nurse licenses expire the last day of the licensee's birth month in odd-numbered years following the date of issuance. The application fee includes the processing of your application and licensure through the current renewal period. **Fees are not pro-rated and are non-refundable.**

If you are an Advanced Practice Registered Nurse (Certified Nurse Practitioner-CNP; Clinical Nurse Specialist-CNS; Certified Nurse Midwife-CNM; or Certified Registered Nurse Anesthetist-CRNA), **you may not practice in Oklahoma as an Advanced Practice Registered Nurse until you have a current Oklahoma license to practice registered nursing and a license to practice as an Advanced Practice Registered Nurse.**

You will find the application for licensure as an Advanced Practice Registered Nurse in your Nurse Portal on the Board's home page.

In accordance with Oklahoma law (59 O.S. § 567.7.E), the Executive Director shall suspend the license or certificate of a person who submits a check, money draft, or similar instrument for payment of a fee which is not honored by the financial institution named. The suspension becomes effective ten (10) days following delivery by certified mail of written notice of the dishonor and the impending suspension to the person's address on file. Upon notification of suspension, the person may reinstate the authorization to practice upon payment of the fees and any and all costs associated with notice and collection. The suspension shall be exempt from the Administrative Procedures Act.

Depending on the nature of your application, supplemental authorities include Federal statutes, State statutes pursuant to Public Law 92-544, Presidential Executive Orders, and federal regulations. Providing your fingerprints and associated information is voluntary; however, failure to do so may affect completion or approval of your application.

Principal Purpose: Certain determinations, such as employment, licensing, and security clearances, may be predicated on fingerprint-based background checks. Your fingerprints and associated information/biometrics may be provided to the employing, investigating, or otherwise responsible agency, and/or the FBI for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems (including civil, criminal, and latent fingerprint repositories) or other available records of the employing, investigating, or other responsible agency. The FBI may retain your fingerprints and associated information/biometrics in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI.

Routine Uses: During the processing of this application and for as long thereafter as your fingerprints and associated information/biometrics are retained in NGI, your information may be disclosed pursuant to your consent, and may be disclosed without your consent as permitted by the Privacy Act of 1974 and all applicable Routine Uses as may be published at any time in the Federal Register, including the Routine Uses for the NGI system and the FBI's Blanket Routine Uses. Routine uses include, but are not limited to, disclosures to: employing, governmental or authorized non-governmental agencies responsible for employment, contracting, licensing, security clearances, and other suitability determinations; local, state, tribal, or federal law enforcement agencies; criminal justice agencies; and agencies responsible for national security or public safety.

Applicant Record Challenge: Before a final decision is made, you have the opportunity to complete or challenge the accuracy of the information contained in the FBI identification record. The procedure for obtaining a change, correction, or updating an FBI identification record is set forth in Title 28, CFR 16.34.
