EXECUTIVE SUMMARY

The Oklahoma Department of Aerospace & Aeronautics (Department) assists with the development of a statewide system of airports, encourages aeronautical safety and development, and coordinates activities with the Federal Aviation Administration (FAA) to develop a national system of civil aviation.

The Oklahoma Airport System Plan (OASP) was initially approved by the Department in 1999 and is the long-term planning document used to identify the network of airports needed to serve the state. The OASP identifies airports by functional classification, service level, and design standard.

The Department's Airport Construction Program (ACP) programs federal and state funds regarding airport development that is consistent with the goals of the OASP. The ACP allows the Department, FAA, and airport sponsors to anticipate airport funding needs and accommodate changes in project scope, cost, and schedule based on multi-year planning. **Inclusion of a project in the ACP is an indication to the sponsor that the project is under consideration for future funding; however, it is NOT a commitment for future funding.**

Justification is required for projects in the ACP and must be consistent with FAA and Department regulations, policies and procedures. Some projects listed in this document may not be implemented due to funding restrictions or lack of justification.

The ACP is based on anticipated funding levels that were determined from historic state and federal allocations for airport development in the State of Oklahoma. Once the actual funding levels are established, project implementation and funding will be adjusted.

The Department welcomes your comments on this document and our ACP process. Please contact the Department at the following address:

Oklahoma Department of Aerospace & Aeronautics
110 N Robinson Ave., Suite 200
Oklahoma City, OK 73102
(405) 604-6900

Preface

The Department's recent administrative rule changes have changed the name of this document from **Capital Improvement Program (CIP)** to **Airport Construction Program (ACP)** and extended the program from **three years to five**.

Annually, the Department prepares and adopts a five-year ACP. The ACP programs federal and state funds for airport development consistent with the Oklahoma Airport System Plan (OASP). The challenge of strategic programming is the identification and sequencing of the big rock projects and the selection of smaller projects that can be funded in the same fiscal year. Big rock projects are typically very expensive and require federal state apportionment, federal discretionary, federal non-primary entitlement, and state funding.

Oklahoma Airport System Plan

The goal of the OASP is to identify a system of aviation facilities that will meet national and state needs (safety, capacity and geographic access). The OASP also identifies the basic amenities for each airport classification that will enable each airport in the system to perform its system role. The OASP includes 108 publicly owned airports with 99 of these airports included in the National Plan of Integrated Airport Systems (NPIAS).

Definition of “Big Rock Projects”

A big rock project is a project that results in a significant upgrade to the capability of a system airport, is a high cost project that is needed to sustain the capability of a regional business airport, or is a new airport. Examples of big rock projects are a runway extension, construction of parallel taxiway, runway reconstruction or overlay, acquisition of land for a runway extension or runway safety area, installation of approach lighting systems, installation of a localizer or a glide slope, or other projects typically requiring multi-year and multi-source financing such as the Bartlesville Butler Creek relocation project, the Tulsa Riverside storm water project and the Stillwater runway extension project. Due to cost, only two or three big rock projects can be underway at any one time.

Sequencing of Big Rock Projects

The sequencing of the big rock projects is critical to the continued orderly development of the Oklahoma airport system. In the programming process, the big rock projects are selected first and other less costly projects are selected second. Obviously, some balance between big rock and less costly projects must be achieved.

Project Selection Criteria

- Complete projects currently identified in Department's five-year ACP
- Pavement Management Program (visual inspection converted into a numerical pavement condition index value - PCI)
- Oklahoma Airport System Plan and Department Strategic Plan and Goals
- Emphasis on regional business airport development
- Provide standard airport geometry and amenities as per functional classification
- Provide improved approaches to allow all-weather access
- Aesthetic, business friendly Airport Terminal buildings
- FAA National Priority System (numerical rating system)
- Biased towards based aircraft and operations
- Does not consider economic impact
- Does not consider geographical coverage

Note: This document is based on anticipated funding levels that were determined from historic state and federal allocations for airport development in the State of Oklahoma. Once the actual funding levels are established, project implementation and funding will be adjusted.

Acronyms and Funding Definitions

The Department's five-year Airport Construction Program (ACP) can be a very technical document. In order to help define some of the technical items and acronyms for the general public and the aviation community at large we have created the following guide:

Acronyms:

- ACP: Airport Construction Program
- AIP: Airport Improvement Program
- AWOS: Automated Weather Observation System
- APMS: Airport Pavement Management System
- FAA: Federal Aviation Administration
- FOD: Foreign Object Debris
- IAP: Instrument Approach Procedure
- ILS: Instrument Landing System
- L/T/D: Longitudinal/Transverse/Diagonal
- MALSR: Medium-intensity Approach Light System with RAIL
- MIRL/MITL: Medium Intensity Runway or Taxiway Lights
- NPE: Non-Primary Entitlement
- NPIAS: National Plan of Integrated Airport Systems
- NPS: National Priority System
- ODAA: Oklahoma Department of Aerospace and Aeronautics
- OASP: Oklahoma Airport System Plan
- ODALS: Omni-directional Approach Light System
- ODO: Overall Development Objective
- PAPI: Precision Approach Path Indicator
- PCI: Pavement Condition Index
- PCL: Pilot Controlled Lighting
- PER: Preliminary Engineering Report
- RAIL: Runway Alignment Indicator Lights
- REIL: Runway End Identifier Lights
- RWY: Runway
- TWY: Taxiway

FAA NPE Funding Structure

An airport in the NPIAS that is classified in the most recent FAA ASSET study is eligible to receive up to \$150,000 of NPE each year. This funding can be banked for up to four years to accumulate \$600,000 with which an airport can do a much larger project. If the airport does not use the funding after they have banked it for four years, the oldest year of funding will expire and be sent back to Washington DC for reallocation unless it is transferred to another airport who can use it in the year it would expire.

FAA State Apportionment and Discretionary Funding Structure

NPIAS airports in Oklahoma are eligible to receive funding from FAA above and beyond their typical NPE funding stream through two sources. The other two sources of federal funding are FAA state apportionment which is a set amount every year determined by a formula based on land mass and population and FAA discretionary funding which can vary year to year based upon the ability of Oklahoma to put forth high priority projects that will compete for funding within the Southwest Region. ODAA directs these additional sources of federal funding through the five-year ACP. FAA and ODAA policy is that an airport's available NPE funds must be used towards the project in the year state apportionment or discretionary funding is received. It is common practice for an airport to use NPE funds to design a project the year before a construction project takes place for which state apportionment or discretionary funding is utilized.

Ada Regional (ADH)

National Business Airport

Businesses Utilizing the Airport:

- Chickasaw Nation•Walmart•Flex-N-Gate•Dart•Hoppe Construction

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct T-Hangars in conjunction with an FAA-funded project to develop the south hangar area.

CY 2027: Design & Construct ODO

Project Justification

This project consists of constructing 2 new T-hangars. This is in support of a statewide effort to increase revenue-generating aircraft storage facilities at airports across the state.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 45 (4 jets) & 12,400
- Runway 18/36: 6,203' x 100'
- Runway 13/31: 2,717' x 50'

Selection Criteria

- Pavement Management: Poor
- NPS: Construct Hangars: 57
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department		\$1,000,000		\$1,000,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$1,500,000		\$1,500,000
Total		\$2,500,000		\$2,500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Ada Regional (ADH)

National Business Airport

Businesses Utilizing the Airport:

•Chickasaw Nation•Walmart•Flex-N-Gate•Dart•Hoppe Construction

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct new taxilanes for south hangar development area.

CY 2027: Design & Construct ODO

Project Justification

The statewide pavement management program forecasts a PCI rating of less than 65 for the T-hangar taxilanes. Due to the amount of deterioration of the pavement, a reconstruction will be required. The City will look to reconstruct a new taxilane in support of moving the T-hangars to the south and opening up the prime location for potential future business tenants.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 45 (4 jets) & 12,400
- Runway 18/36: 6,203' x 100'
- Runway 13/31: 2,717' x 50'

Selection Criteria

- Pavement Management: Poor
- NPS: Reconstruct Taxilanes: 68
- OASP Goals: Safety and Standards, PCI > 70

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department		\$250,000		\$250,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement	\$300,000			\$300,000
FAA AIG/BIL	\$292,000			\$292,000
Sponsor		\$44,400		\$44,400
Total	\$592,000	\$294,400		\$886,400

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Alva Regional (AVK)
Regional Business Airport

Businesses Utilizing the Airport:

- Sandrige • Chesapeake Energy • Sonic • Devine Water • Central National Bank • Steggs Aerial Spraying • Midwest Feeders • CRI

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a 100'x120' box hangar.

CY 2026: Design and Construct ODO.

Project Justification

This project consists of constructing a new 100' x 120' box hangar. This is in support of a statewide effort to increase revenue-generating aircraft storage facilities at airports across the state. Final location and size will be determined through the preliminary design phase of the project.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 44 (4 jets) & 6,500
- Runway 18/36: 5,001' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Hangar: 67
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department			\$640,000	\$640,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement		\$150,000		\$150,000
FAA AIG/BIL		\$444,060		\$444,060
Sponsor			\$365,940	\$365,940
Total		\$594,060	\$1,005,940	\$1,600,000

Federal grants require 10% matching funds while state grants require 5% matching funds. . Department funding is dependent on availability of State funds.

Anadarko Municipal (F68)

Community Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the airfield pavement.

CY 2025: Design Only

C Y2026: Construct ODO

Project Justification

The existing runway, taxiway, and apron pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include a crack seal and seal coat.

Airport Information

- Non-NPIAS
- Based Aircraft & Operations: 16 & 3,500
- Runway 17/35: 3,100' x 50'

Selection Criteria

- Pavement Management: Poor
- NPS: Rehabilitate Runway: 77
- OASP Goals: Airside PCI > 70

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$380,000		\$380,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$20,000		\$20,000
Total		\$400,000		\$400,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Antlers Municipal (80F)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate Runway 17/35.

CY 2025: Design and Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include a crack seal and seal coat.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 10 & 2,300
- Runway 17/35: 3,298' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Rehabilitate Runway: 79
- OASP Goals: PCI > 70

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$285,000		\$285,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
FAA AIG/BIL				
Sponsor		\$15,000		\$15,000
Total		\$300,000		\$300,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Ardmore Downtown Executive (1F0)

Regional Business Airport

Businesses Utilizing the Airport:

- Michelin • Dollar General • Noble Foundation • Valero • Dot Foods

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to install a perimeter fence around the airport.

CY 2025: Design and Construct ODO.

Project Justification

The project consists of installing a perimeter fence around the airport to ensure safety and security of the airfield.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 17/35: 5,014' x 75'

Selection Criteria:

- Pavement Management: PCI - TBD
- NPS: Install Perimeter Fence: 80
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$475,000	\$475,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor			\$25,000	\$25,000
Total			\$500,000	\$500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

To view full ACP please visit our website oklahoma.gov/aerospace

Ardmore Downtown Executive (1F0)

Regional Business Airport

Businesses Utilizing the Airport:

• Michelin • Dollar General • Noble Foundation • Valero • Dot Foods

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new Terminal building.

CY 2026: Design and Construct ODO.

Project Justification

The existing building outdated and in need of consistent maintenance and repair. There is not sufficient space to provide the facilities and amenities necessary to accomodate passengers, flight crews, and visitors. The improvements will create a modern, functional terminal facility with the amenities expected at a Regional Business Airport.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 17/35: 5,014' x 75'

Selection Criteria:

- Pavement Management: PCI
- NPS: Construct Teminal: 55
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$961,500	\$961,500
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement		\$600,000		\$600,000
FAA AIG		\$730,000		\$730,000
Sponsor			\$1,031,500	\$1,031,500
Total		\$1,330,000	\$1,993,000	\$3,323,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Ardmore Downtown Executive (1F0)

Regional Business Airport

Businesses Utilizing the Airport:

• Michelin • Dollar General • Noble Foundation • Valero • Dot Foods

Proposed Project

The Overall Development Objective (ODO) of the proposed project is rehabilitate Runway.

CY 2028: Design and Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement underwent basic maintenance with a crack seal & seal coat in 2021. The anticipated PCI value of the pavement suggests it would be most cost effective to pursue an overlay project rather than wait until a point where full reconstruction is required.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 17/35: 5,014' x 75'

Selection Criteria:

- Pavement Management: 2028 predicted PCI 70
- NPS: Rehabilitate Runway: 80
- OASP Goals: Safety & Standards; PCI > 70

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total
Department			\$200,000	\$200,000
FAA State Apportionment		\$450,000		\$450,000
FAA Discretionary		\$3,000,000		\$3,000,000
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$200,000	\$200,000
Total		\$3,600,000	\$400,000	\$4,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Ardmore Municipal (ADM)

National Business Airport

Businesses Utilizing the Airport:

•Michelin•Dollar General•Noble Foundation•Valero•Dot Foods

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct utility and road infrastructure to develop an air cargo facility on the south side of the airport (Phase II).

CY 2023: PREP funded Design Only.

CY 2024: Construct ODO - Phase I

CY 2026: Construct ODO - Phase II

Project Justification

This project aims to construct roadways and utility infrastructure to the south side of the airport for the development of an air cargo facility. Phase II will connect these utilities and roadways from the state highway south of the airport to the cargo apron areas being constructed to the southwest of TWY E.

Airport Information

- NPIAS: Regional
- Control Tower
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 13/31: 9,002' x 150'
- Runway 17/35: 5,350' x 100'
- ILS & MALSR 31 end (instrument landing system)

Selection Criteria:

- Pavement Management: N/A
- NPS: N/A
- OASP Goals: Safety & Standards

Design Phase Approved: \$65,900 (PREP)

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department		\$10,000,000		\$10,000,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$12,000,000		\$12,000,000
Total		\$22,000,000		\$22,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Ardmore Municipal (ADM)

National Business Airport

Businesses Utilizing the Airport:

•Michelin•Dollar General•Noble Foundation•Valero•Dot Foods

Proposed Project

The Overall Development Objective (ODO) of the proposed project is Phase II of taxiway construction to provide a full parallel taxiway for RWY 13/31.

CY 2027: NPE funded Design Only.

CY 2028: Construct ODO.

Project Justification

This project aims to provide a full parallel taxiway for Runway 13/31 which is the primary runway at ADM. This will be Phase II of the project and will extend TWY E from TWY B to the NW to connect to the existing section of TWY E. The project will enhance safety and fulfill the recommendation of having a parallel taxiway for runways that have straight-in instrument approaches.

Airport Information

- NPIAS: Regional
- Control Tower
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 13/31: 9,002' x 150'
- Runway 17/35: 5,350' x 100'
- ILS & MALSR 31 end (instrument landing system)

Selection Criteria:

- Pavement Management: N/A
- NPS: Construct Taxiway: 80
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total
Department			\$350,000	\$350,000
FAA State Apportionment		\$316,667		\$316,667
FAA Discretionary		\$5,833,333		\$5,833,333
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$350,000	\$350,000
Total		\$6,300,000	\$700,000	\$7,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Ardmore Municipal (ADM)

National Business Airport

Businesses Utilizing the Airport:

• Michelin • Dollar General • Noble Foundation • Valero • Dot Foods

Proposed Project

The Overall Development Objective (ODO) of the proposed project is rehabilitate runway 17/35 & South Connector Taxiway

CY 2030: Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include an overlay.

Airport Information

- NPIAS: Regional
- Control Tower
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 13/31: 9,002' x 150'
- Runway 17/35: 5,350' x 100'
- ILS & MALSR 31 end (instrument landing system)

Selection Criteria:

- Pavement Management: PCI 74
- NPS: Rehab Runway: 81
- OASP Goals: PCI > 70

Agency Fiscal Year	FY 2029	FY 2030	FY 2031	Total
Department			\$250,000	\$250,000
FAA State Apportionment		\$600,000		\$600,000
FAA Discretionary		\$3,750,000		\$3,750,000
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$250,000	\$250,000
Total		\$4,500,000	\$500,000	\$5,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Atoka Municipal (AQR)

General Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to complete environmental and preliminary design for a new airport location. This will be Phase II of the planning study.

CY 2022: Planning Study - Phase I

CY 2025: Planning Study - Phase II

Project Justification

The current location of the airport faces many safety and standards issues. It is severely land-constrained and cannot support current and anticipated aircraft demand. Phase II of the planning study will determine environmental impacts and establish a preliminary design for the new airport location to support the longer runway and facilities needed in order to serve the demand aircraft in the area.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 13 & 3,500
- Runway 18/36: 3,015' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Conduct Planning Study: 64
- OASP Goals: Safety and Standards

Grant Approved 3/12/2025

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$8,495	\$8,495
FAA State Apportionment

Atoka Municipal (AQR)

General Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to begin runway construction to include earthwork and site preparation. This will be Phase I of runway construction.

CY 2028: Runway Construction - Phase I

Project Justification

The current airport configuration creates a challenge to meet FAA safety and standards necessary to support current and future aircraft demand. This project will follow the siting study, environmental, and preliminary design, to begin Phase I of runway construction. This will provide initial site preparation and construction for the new runway location.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 13 & 3,500
- Runway 18/36: 3,015' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Runway: 73
- OASP Goals: Safety and Standards

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department			\$6,250,000	\$6,250,000
FAA State Apportionment		\$450,000		\$450,000
FAA Discretionary		\$3,750,000		\$3,750,000
FAA Non-Primary Entitlement		\$300,000		\$300,000
Sponsor			\$250,000	\$250,000
Total		\$4,500,000	\$6,500,000	\$11,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

- Atwoods

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new 120' x 130' box hangar as part of the 2024 Statewide Hangar Program.

CY 2025: Design and Construct ODO.

Project Justification

This project consists of constructing a new 120' x 130' box hangar (120'x130' box hangar with 30'x130' lean-to for office space). This is in support of a statewide effort to increase revenue-generating aircraft storage facilities at airports across the state.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 52 (5 jets) & 13,112
- Runway 17/35: 6,850' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Hangar: 52
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$1,698,270		\$1,698,270
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$2,547,405		\$2,547,405

Boise City (17K)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a terminal building.

CY 2027: Design and Construct ODO.

Project Justification

Suggested possible rewrite: "The current building does not have sufficient space to provide the facilities and amenities necessary to accommodate passengers, flight crew, visitors, and airport staff. The improvements will create a modern functional terminal facility to serve airport users.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 9 & 3,500
- Runway 4/22: 4,211' x 60'

Selection Criteria

- Pavement Management: 79
- NPS: Construct Terminal: 51
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total

Broken Bow Municipal (90F)

Community Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to replace the lighting system for Runway 17/35.

CY 2027: Design and Construct ODO.

Project Justification

The lighting system for Runway 17/35 is intermittent due to deterioration of the direct-bury cables and does not function after rain. The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather.

Airport Information

- Non-NPIAS
- Based Aircraft: 7
- Runway 17/35: 3,200 x 50'

Selection Criteria

- Pavement Management: N/A
- NPS: Acquire Land: 59
- OASP Goals: Safety and Standards

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$42,750		\$42,750

Carlton Landing Field (91F)

Community Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to install a perimeter fence.

CY 2025: Construct ODO.

Project Justification

This project consists of constructing additional perimeter fencing along the west side of the airport in an effort to mitigate wildlife hazards to pilots on the airfield by diverting them away from the central portion of the runway. There is currently a partial fence near the terminal area with plans to extend to the south as far as practical.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 11 & 700
- Runway 15/33: 3,500 x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Install Perimeter Fence: 80
- OASP Goals: Safety & Standards

Design Phase Approved 12/11/2024: \$45,200

Chickasha Municipal (CHK)

Regional Business Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a 120' x 120' box hangar.

CY 2026: Construct ODO.

Project Justification

Chickasha Municipal Airport has a growing need for additional aircraft storage, with limited existing hangar space to support based and transient aircraft. Constructing a 120' x 120' box hangar will enhance storage capacity, improve operational efficiency, and support airport growth. This project aligns with safety and infrastructure standards while meeting increasing aviation demand.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 38 & 10,200

Clarence E. Page Municipal (RCE)

National Business Airport

Project Description

The Overall Development Objective of the proposed project is to rehabilitate Taxiway A.

CY 2026: Design and Construct ODO.

Project Justification

The existing taxiway pavement will be deteriorated to a point where it needs to be rehabilitated in 2026. The pavement is at a point where it is more cost effective to rehabilitate than to let it deteriorate until reconstruction is required. Observed distresses include environmental deteriorations such as raveling and longitudinal/transverse cracking.

Durant Regional - Eaker Field (DUA)

National Business Airport

Businesses Utilizing the Airport:

•Choctaw Nation•Big Lots•Cardinal Glass•Love's Travel Stop•Southeastern Medical Center•Applied Energy Solutions

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new 75' x 75' box hangar as part of the 2024 Statewide Hangar Program.

CY 2024: Design Phase

CY 2025: Construct ODO

Project Justification

This project consists of constructing a new 50' x 75' box hangar to house based aircraft at the facility. This is in support of a statewide effort to increase revenue-generating aircraft storage facilities at airports across the state. The facility is anticipated to be leased by the Air Evac Lifeteam with potential for additional fixed-wing operations in the future.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 75 (3 jets) & 91,280
- Runway 17/35: 6,800' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Hangar: 43
- OASP Goals: Meet Aviation Demand

Design Phase Only 3/6/2024: \$199,796.31

National Business Airport

Businesses Utilizing the Airport:
 •Choctaw Nation•Big Lots•Cardinal Glass•Love's Travel Stop•Southeastern Medical Center•Applied Energy Solutions

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to expand the terminal apron.

CY 2025: Preliminary Engineering Report.

CY 2026: NPE Funded Design Only.

CY 2027: Construct ODO.

Project Justification

The apron becomes completely full to aircraft several times throughout the year. The existing apron pavement is too small for the transient traffic demand at the airport. The issue has been consistently documented by airport staff. The sponsor is currently working through a master planning study and intends to provide documented aircraft demand that satisfies FAA's aviation demand criteria for the apron expansion due to increase in both local and transient traffic.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 75 (3 jets) & 91,280
- Runway 17/35: 6,800' x 100'

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct taxilanes for the City's new hangar development.

CY 2026: Design & Construct ODO.

Project Justification

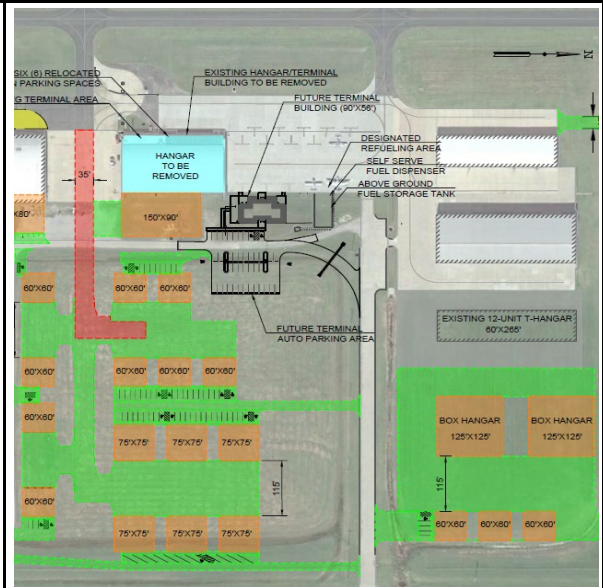

The objective of the proposed project is to design and construct a new taxilane that will facilitate the airport's new hangar and terminal layout. As part of a master plan conducted several years ago, the airport identified a need to realign the terminal area and future hangar locations as well as the need to replace their 4 large existing hangar structures. These taxilanes will go to improve the terminal area (terminal building is in the Department's ACP for FY22) and ensure successful future development for years to come.

Airport Information

El Reno Regional (RQO)

Regional Business Airport

Businesses Utilizing the Airport:

- Escott Aerial Spraying • Eagle Med • Interior by Dene
- Aero Spray Inc.

Proposed Project

The Overall Development Objective (ODO) is to design and install Medium Intensity Taxiway Lights (MITL), rehabilitate the Runway End Identifier Lights (REIL), and install Runway Guidance Signs.

CY 2027: Design & Construct ODO.

Project Justification

The airport is growing to the point that new visual lighting aids would significantly benefit the increasing IFR traffic. These visual aids include installing MITL and Runway Guidance Signs as none of these lighting improvements currently exist. The current PAPIs were installed in the early 1990s and are subject to frequent malfunctions and repairs and need to be replaced. The REILs were installed in 2001 and also are subject to frequent malfunctions and need to be replaced.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 54 (1 jet) & 24,825

Businesses Utilizing the Airport:

•DOD•Advance-Pierre Foods•Groendyke Transport•Koch Industries•AT&T•Atwoods•Dillard's•Johnston Grain•Cummins

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate Runway 17/35 and Taxiway A and install LED runway lights and guidance signs.

CY 2025: Design and Construct ODO.

Project Justification

The existing runway and taxiway pavement is exhibiting distresses such as joint damage and minor to moderate joint and corner spalling. The pavement is at a point where it is more cost effective to rehabilitate than to let it deteriorate until reconstruction is required. Rehabilitation will consist of joint seal and spall repair. During the time of runway closure and repair, the aging runway lights will be replaced with new LED lights and new LED guidance signs will also be installed.

Airport Information

Businesses Utilizing the Airport:

- Lazy E • Oak Tree Golf and Country Club • Crabtree Aviation
- Bloss Enterprises • Cobb Engineering • Spiritwing Aviation

Project Description

The Overall Development Objective (ODO) of the proposed project is to acquire land.

CY 2025: Land Acquisition.

Project Justification

The project will consist of acquiring land to allow for the expansion of aeronautical-use land to the southwest. This will help to facilitate bringing the taxiway to standards, allow for a much needed expansion of apron space, and provide a location for a modern terminal building to be constructed as part of the airport's development plan.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 132 (4 Jets) & 23,000
- Runway 16/34: 5,001' x 75'

Selection Criteria

- Pavement Management: N/A
- NPS: Acquire Land: 72
- OASP Goals: Airport Capacity & Services

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$285,000		\$285,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$15,000		\$15,000
Total		\$300,000		\$300,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Guthrie-Edmond Regional (GOK)

National Business Airport

Businesses Utilizing the Airport:

- Lazy E • Oak Tree Golf and Country Club • Crabtree Aviation
- Bross Enterprises • Cobb Engineering • Spiritwing Aviation

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new terminal building.

CY 2025: Design and Construct terminal building.

Funding: The Department will participate in 50 percent of the project cost. However, the Department share will not exceed the Department's funding policy for terminal buildings (\$1,000,000).

Project Justification

The current building has become outdated and is in need of repair/maintenance and updating. The existing building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities they would expect to receive at a Regional Business Airport.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 132 (4 Jets) & 23,000
- Runway 16/34: 5,001' x 75'

Selection Criteria

- Pavement Management: N/A
- NPS: Terminal Building: 49
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$500,000	\$500,000
FAA State Apportionment				
FAA Discretionary		\$3,500,000		\$3,500,000
FAA Non-Primary Entitlement				
FAA AIG/BIL				
Sponsor			\$500,000	\$500,000
Total		\$3,500,000	\$1,000,000	\$4,500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Guthrie-Edmond Regional (GOK)

National Business Airport

Businesses Utilizing the Airport:

- Lazy E • Oak Tree Golf and Country Club • Crabtree Aviation
- Brass Enterprises • Cobb Engineering • Spiritwing Aviation

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new taxilane in support of the new terminal building and foster growth on the southwest portion of the airport.

CY 2027: Design and Construct ODO.

Project Justification

The current terminal building will soon be replaced and to open up development areas to the southwest of the airport. This project is intended to foster growth and expand into an industrial park area to foster economic development for the community and region. This project may be dependent on FAA ATP funding, and is shown with a 90/10 FAA grant partnered with a 95/5 ODAA grant.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 132 (4 Jets) & 23,000
- Runway 16/34: 5,001' x 75'

Selection Criteria

- Pavement Management: N/A
- NPS: Construct Taxilane: 67
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department			\$900,000	\$900,000
FAA State Apportionment				
FAA Discretionary		\$1,250,000		\$1,250,000
FAA Non-Primary Entitlement		\$300,000		\$300,000

Guymon Municipal (GUY)

Regional Business Airport

Businesses Utilizing the Airport:

- Seaboard Foods•Hitch Enterprise•Oklahoma Cardiovascular
- 5R Companies•Apollo MedFlight•Love's Travel Stops

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct taxiway lighting, fillet, and beacon rehabilitation.

CY 2030: Design and Construct ODO.

Project Justification

Aging taxiway lighting, inadequate fillet design, and a deteriorating beacon system at Guymon Municipal Airport impact operational safety and efficiency. This project will rehabilitate these critical infrastructure components to enhance visibility, improve aircraft maneuverability, and ensure compliance with safety standards.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 35 (1 jet) & 19,250
- Runway 18/36: 5,904' x 100'
- Runway 06/24: 1,795' x 200'

Selection Criteria

Hollis Municipal (O35)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to install a fuel system.

CY 2026: Construct ODO

Project Justification

Hollis Municipal Airport currently lacks an on-site fuel system, limiting operational capability and discouraging aircraft activity. Installing a fuel system will enhance airport accessibility, support based and transient aircraft, and encourage economic growth. This project aligns with aviation demand needs and improves overall service availability.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 8 & 1,200
- Runway 18/36: 3000' x 60'

Selection Criteria

Madill Municipal (1F4)

General Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new 4,000 ft. x 75 ft. runway approximately 240 ft. east of the existing runway.

CY 2025: Preliminary Engineering Report.

CY 2027: NPE Funded Design Only.

CY 2028: Construct ODO.

Project Justification

This project consists of constructing a new runway approximately 240 ft. east of the existing runway. Based on the airport's recently completed planning study, the existing runway does not meet standards due to its proximity to the hangar and terminal area. In addition there is rising terrain towards the hangar and terminal area which would inhibit the ability to construct a parallel taxiway that meets standards. The planning study also identified traffic demand to support the airport's reference code changing from B-I to B-II.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 21 & 4,000
- Runway 18/36: 3,005' x 60'

Selection Criteria

- Pavement Management: PCI 73
- NPS: Construct runway: 50
- OASP Goals: Safety & Standards, PCI > 70

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total
Department			\$250,000	\$250,000

McAlester Regional (MLC)

Regional Business Airport

Businesses Utilizing the Airport:

- Sandrige • Chesapeake Energy • Sonic • Devine Water • Central National Bank • Steggs Aerial Spraying • Midwest Feeders • CRI

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the taxiway and replace the taxiway lighting system and REILs.

CY 2025: Design & ODO

Project Justification

The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED taxiway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather. Department funds will be partnered with an FAA State Apportionment project to rehabilitate the taxiway at the same time in order to minimize closures and prolong the life of the pavement.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 31 & 8,550
- Runway 2/20: 5,602' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Replace Lighting: 74
- NPS: Rehabilitate Taxiway: 74
- OASP Goals: Safety & Standards, Airside PCI > 70

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$600,000	\$600,000
FAA State Apportionment		\$400,000		\$400,000
FAA Discretionary				
FAA Non-Primary Entitlement		\$300,000		\$300,000
FAA AIG/BIL		\$279,150		\$279,150
Sponsor			\$54,000	\$54,000
Total		\$979,150	\$654,000	\$1,633,150

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

**McCurtain County Regional
(Idabel - 404)
Regional Business Airport**

Businesses Utilizing the Airport:

- Tyson Foods Inc. •Weyerhaeuser •International Paper
- Choctaw Nation •Pine Telephone •Love's Country Stores

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new 120' x 80' box hangar as part of the 2023 Statewide Hangar Program.

CY 2028: Design and Construct ODO.

Project Justification

This project consists of constructing a new 120' x 80' box hangar. This is in support of a statewide effort to increase revenue-generating aircraft storage facilities at airports across the state.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 18 (3 jet) & 5,400
- Runway 2/20: 5,002' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Hangar: 52
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2028	FY 2029	FY 2030	Total
Department		\$500,000		\$500,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement	\$150,000			\$150,000
FAA AIG/BIL	\$375,000			\$375,000
Sponsor		\$225,000		\$225,000
Total	\$525,000	\$725,000		\$1,250,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Miami Regional (MIO)

Regional Business Airport

Businesses Utilizing the Airport:

•NSUOK•Buffalo Run Casino and Resort•The Stables Casino •Hopkins Manufacturing•Newell Coach•Scepter Corporation

Project Description

The Overall Development Objective (ODO) of the proposed project is to realign the parallel taxiway system.

CY 2023: Preliminary Engineering Report.

CY 2025: NPE funded Design Only.

CY 2026: Construct ODO

Project Justification

This project consists of relocating the parallel taxiway in order to meet FAA runway/taxiway separation standards. The pavement is coming to the end of its life cycle and it will be time to reconstruct the taxiway pavement in the proper location. This project is to support the aircraft demand that the airport is currently experiencing and will have well into the future. It will also improve the airport's ability to achieve better instrument approach minimums.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 26 & 12,050
- Runway 17/35: 5,020' x 100'

Selection Criteria

- Pavement Management: PCI 33
- NPS: Realign taxiway: 71
- OASP Goals: Safety & Standards, PCI > 70

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department			\$200,000	\$200,000
FAA State Apportionment		\$450,000		\$450,000
FAA Discretionary		\$3,000,000		\$3,000,000
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$200,000	\$200,000
Total		\$3,600,000	\$400,000	\$4,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Miami Regional (MIO)

Regional Business Airport

Businesses Utilizing the Airport:

- NSUOK•Buffalo Run Casino and Resort•The Stables Casino •Hopkins Manufacturing•Newell Coach•Scepter Corporation

Project Description

The Overall Development Objective (ODO) of the proposed project is to install perimeter fencing.

CY 2028: Design and Construct

Project Justification

This project will design and construct a wildlife/security fence around the airport property with the dual purpose of deterring and restricting airport access to wildlife and limiting pedestrian traffic to safe public use areas.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 26 & 12,050
- Runway 17/35: 5,020' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Install Perimeter Fence: 80
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total
Department		\$285,000		\$285,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
FAA AIG/BIL				
Sponsor		\$15,000		\$15,000
Total		\$300,000		\$300,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Mid-America Industrial (Pryor - H71)

Regional Business Airport

Businesses Utilizing the Airport:

- GRDA •Unarco •Southland Metals •Johnson's Elevator •Hem/Saw •National Gypsum •Love's Travel Stops

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a taxilane for hangar development.

CY 2027: Design & Construct ODO

Project Justification

The objective of the proposed project is to design and construct a new taxilane that will facilitate the airport's need for additional hangar development. These taxilanes will go to improve access to additional development areas to help ensure successful future economic development opportunities while meeting current demand.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 26 & 5,125
- Runway 18/36: 5,001' x 72'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Taxilane: 63
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department			\$400,000	\$400,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement		\$300,000		\$300,000
FAA AIG/BIL		\$318,000		\$318,000
Sponsor			\$89,720	\$89,720
Total		\$618,000	\$489,720	\$1,107,720

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Mid-America Industrial (Pryor - H71)

Regional Business Airport

Businesses Utilizing the Airport:

•GRDA •Unarco •Southland Metals •Johnson's Elevator •Hem/Saw •National Gypsum •Love's Travel Stops

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to extend and strengthen Runway 18/36 and extend parallel taxiway.

CY 2025: Preliminary Engineering Report

CY 2028: NPE funded design only

CY 2029: Construct ODO

Project Justification

With the current runway length of 5,000', the airport is not able to meet the demand of larger corporate jet traffic. The sponsor intends to provide documented aircraft demand that satisfies FAA's aviation demand criteria for the runway and taxiway extension due to the traffic driven by the Mid-America Industrial Park. The extension of the runway and taxiway will be approximately 1,000' to the south to achieve a total length of 6,000'. In addition, the runway pavement does not support the full weight of the demand aircraft. It will be more cost effective to strengthen the runway pavement at the same time as the extension.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 26 & 5,125
- Runway 18/36: 5,001' x 72'

Selection Criteria

- Pavement Management: NA
- NPS: Extend runway: 79
- NPS: Extend taxiway: 74
- OASP Goals: Meet Aviation Demand, Safety & Standards

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total
Department			\$300,000	\$300,000
FAA State Apportionment		\$750,000		\$750,000
FAA Discretionary		\$4,500,000		\$4,500,000
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$300,000	\$300,000
Total		\$5,400,000	\$600,000	\$6,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Muskogee - Davis Regional (MKO)

National Business Airport

Businesses Utilizing the Airport:

- Chickasaw Nation•Seminole Nation•Eagle Med•Carrefour
- Dillards•Koch Industries•JCR Exploration•Petty Air

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a 14-place T-Hangar.

CY 2026: Construct ODO.

Project Justification

Muskogee-Davis Regional Airport has a growing need for additional aircraft storage due to increasing demand from based and transient operators. The existing hangar capacity is insufficient, limiting operational growth and revenue potential. This project will construct a 14-place T-hangar, improving storage availability and supporting long-term airport development.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 90 (2 jets) & 12,000
- Runway 13/31: 7,202' x 150'
- Runway 04/22: 4,498' x 75'
- Runway 18/36: 1,904' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Hangars: 55
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department			\$840,000	\$840,000
FAA State Apportionment				
FAA Discretionary				
FAA AIG/BEL		\$1,150,000		\$1,150,000
Sponsor			\$110,000	\$110,000
Total		\$1,150,000	\$950,000	\$2,100,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Muskogee - Davis Regional (MKO)

National Business Airport

Businesses Utilizing the Airport:

- Chickasaw Nation • Seminole Nation • Eagle Med • Carrefour
- Dillards • Koch Industries • JCR Exploration • Petty Air

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate Runway 13/31.

CY 2025: NPE funded Design Only.

CY 2026: Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include an overlay.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 90 (2 jets) & 12,000
- Runway 13/31: 7,202' x 150'
- Runway 04/22: 4,498' x 75'
- Runway 18/36: 1,904' x 60'

Selection Criteria

- Pavement Management: PCI 65
- NPS: Rehabilitate runway: 70
- OASP Goals: Runway PCI > 70

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total

Okmulgee Regional (OKM)

Regional Business Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new terminal building.

CY 2025: Design Only

CY 2026: Construct ODO

Project Justification

The airport is in need of sufficient room and facilities in a dedicated terminal building to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide amenities for users of the facility the amenities expected at a Regional Business Airport. The airport is working through a terminal area plan in anticipation of expansion of existing companies and the attraction of new business entities to the airfield.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 20 & 12,410
- Runway 18/36: 5,150' x 101'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Terminal: 52
- OASP Goals: Meet Aviation Demand

To view full ACP please visit our website oklahoma.gov/aerospace

Okmulgee Regional (OKM)

Regional Business Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to reconfigure the main apron.

CY 2029: Construct ODO.

Project Justification

Currently the pavement serving the main apron area is exhibiting significant distresses to include longitudinal/transverse cracking, raveling, and block cracking. Given the age of the pavement and its current condition it is likely several areas will require full pavement reconstruction as a rehabilitation would not provide for a long-term solution to the pavement distresses. This would also support the new terminal that will be constructed at the airport. Configuration will be determined as a result of a previously-funded terminal area planning project.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 20 & 12,410
- Runway 18/36: 5150 x 101'

Selection Criteria

- Pavement Management: NA
- NPS: Reconfigure Apron: 65
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2028	FY 2029	FY 2030	Total
Department			\$125,000	\$125,000

Pauls Valley Municipal (PVJ)

Regional Business Airport

Businesses Utilizing the Airport:

- Walmart Distribution Center•Love's Country Stores•Kerrwood •Wynnewood Refinery•Reavis Drug•Seth Wadley Ford

Project Description

The Overall Development Objective (ODO) of the proposed project is to reconstruct the north end of the taxiway to meet current design standards.

CY 2029: NPE Funded Design Only

CY 2030: Construct ODO

Project Justification

The airport continues to see increased traffic, especially during peak summer season. With this increased traffic some aircraft have been required to wait while landing/departing aircraft backtaxi on the runway. Construction of a parallel taxiway system will improve the safety and efficiency of the airport for the flying public while bringing taxiway connectors into current design standards.

Airport Information

Ponca City Regional (PNC)

National Business Airport

Businesses Utilizing the Airport:

•Phillips 66 •Community Health Systems •Albertsons •Walmart •A&J Services

Project Description

The Overall Development Objective of the proposed project is to construct a new terminal building.

CY 2024: NPE Funded Design Only

CY 2025: Construct terminal building

Project Justification

The current building has become outdated and is in need of repair/maintenance and updating. The existing building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities they would expect to receive at a Regional Business Airport. This will also relocate the terminal to the west of the existing terminal building allowing for apron to be constructed in front of the terminal (the airport had apron in front of the terminal prior to the realignment of the parallel taxiway system).

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 53 (3 Jets) & 51,500
- Runway 17/35: 7,201' x 150'

Selection Criteria

- Pavement Management: NA
- NPS: Terminal Building: 47
- OASP Goals: Provide a functioning terminal building

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$1,000,000		\$1,000,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$3,000,000		\$3,000,000
Total		\$4,000,000		\$4,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Ponca City Regional (PNC)

National Business Airport

Businesses Utilizing the Airport:

•Phillips 66•Community Health
Systems•Albertsons•Walmart •A&J Services

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to expand the terminal apron.

CY 2027: Design and construct ODO

Project Justification

The existing apron used to be in a standard configuration directly in front of the terminal building until the parallel taxiway had to be realigned to meet FAA standards. This led to two smaller aprons being utilized, one north and one south of the terminal building. This project will expand the apron area closest to the terminal building to accommodate the traffic that the airport has.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 53 (3 Jets) & 51,500
- Runway 17/35: 7,201' x 150'

Selection Criteria

- Pavement Management: NA
- NPS: Expand Apron: 46
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department			\$155,555	\$155,555
FAA State Apportionment		\$150,000		\$150,000
FAA Discretionary		\$2,500,000		\$2,500,000
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$155,556	\$155,556
Total		\$2,800,000	\$311,111	\$3,111,111

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Prague Municipal (O47)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to crack seal and repair cracks on the runway.

CY 2026: Design and Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include a crack seal and repair of more severe crack related distresses.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 17 & 2,600
- Runway 17/35: 3,600' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Rehabilitate Runway: 79
- OASP Goals: Meet Aviation Demand

Design Phase Approved 12/11/2024: \$56,000

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$570,000		\$570,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
FAA AIG/BIL				
Sponsor		\$30,000		\$30,000
Total		\$600,000		\$600,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Regional Business Airport

Businesses Utilizing the Airport:

- Bill White Auto • Elite Trailers • Kelworth Trucking
- Southern Star

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to extend runway 18/36.

CY 2023: Preliminary Engineering Report

CY 2024: NPE funded design only

CY 2027: Construct ODO

Project Justification

With the current runway length of 4,007', the airport is not usable by most jet traffic. The sponsor intends to provide documented aircraft demand that satisfies FAA's aviation demand criteria for the runway extension. The extension of the runway and taxiway will be approximately 1,000' to the south to achieve a total length of 5,000'.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 26 (1 Jet) & 8,024
- Runway 17/35: 4,007' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Extend runway: 53
- OASP Goals: Meet Aviation Demand, Safety & Standards

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department			\$200,000	\$200,000
FAA State Apportionment		\$450,000		\$450,000

Sallisaw Municipal (JSV)

Regional Business Airport

Businesses Utilizing the Airport:

- Borg Warner

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new terminal building.

CY 2029: Design and Construct ODO.

Funding: The Department will participate in 50 percent of the project cost. However, the Department share will not exceed the Department's funding policy for terminal buildings (\$1,000,000).

Project Justification

The current building has become outdated and is in need of repair/maintenance and updating. The existing building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities they would expect to receive at a Regional Business Airport.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 27 & 2,764
- Runway 17/37: 4,006' x 75'

Selection Criteria

- Pavement Management: N/A
- NPS: Terminal Building: 47
- OASP Goals: Provide a functioning terminal building

Agency Fiscal Year	FY 2029	FY 2030	FY 2031	Total
Department		\$1,000,000		\$1,000,000

Scott Field (Mangum) (2K4)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the runway 17/35.

CY 2027: Design and Construct ODO.

Project Justification

Currently the airport pavements are exhibiting longitudinal and transverse cracking due to seasonal environmental conditions. The pavement is at a point where it needs basic maintenance in order to preserve the condition and prevent further deterioration and the need for more expensive rehabilitation. This airport is listed as an unclassified airport in the most recent FAA ASSET Study and no longer receives any federal funds. The existing runway lights are at the end of their service life. The electrical cabling is also direct bury which has caused several issues. This project will provide dependable runway lighting during nighttime hours and periods of inclement weather.

Airport Information

- NPIAS: Unclassified
- Based Aircraft & Operations: 8 & 3,100
- Runway 17/35: 4,199' x 75'
- GPS approaches RW 17/35

Selection Criteria

- Pavement Management: RW PCI 53
- FAA NPS: Rehabilitate runway 67
- OASP Goals: RW pavement PCI > 65

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Commission		\$902,500		\$902,500
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$47,500		\$47,500
Total		\$950,000		\$950,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

The Overall Development Objective (ODO) of the proposed project is to construct a SE hangar apron (phase 1).

CY 2027: Construct ODO.

Project Justification

The existing apron pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is no longer cost effective to continue to rehabilitate it and it is at a point where reconstruction is required. It would also be more efficient and cost effective to expand the apron to accommodate the demand while workers and equipment are present.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 39 (2 jets) & 9,182
- Runway 17/35: 5,997' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Apron: 53
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department		\$1,194,225		\$1,194,225
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$41,275		\$41,275
Total		\$1,235,500		\$1,235,500

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

South Grand Lake Regional (Ketchum - 1K8)

General Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new terminal and hangar development.

CY 2025: Design & Construct ODO

Project Justification

This project consist of constructing a new terminal building and 100' x 100' hangar. The existing equipment storage building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities they would expect at an airport of this caliber. The project will also include construction of a corporate hangar in support of a statewide effort to increase revenue-generating aircraft storage facilities at airports across the state.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 14 (1 jet) & 8,890
- Runway 18/36: 4,730' & 75'

Selection Criteria

- Pavement Management: NA
- NPS: Terminal Building: 45
- NPS: Construct Hangar(s): 40
- OASP Goals: Meet Aviation Demand

Design Contract 7/10/2024: \$461,150

South Grand Lake Regional (Ketchum - 1K8)

General Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a parallel taxiway system to serve Runway 18/36.

CY 2020: Preliminary Engineering Report

CY 2025: NPE Funded design only

CY 2026: Construct ODO

Project Justification

The airport continues to see increased traffic, especially during peak summer season. With this increased traffic some aircraft have been required to wait while landing/departing aircraft back taxi on the runway. Therefore, construction of a parallel taxiway system will improve the safety and efficiency of the airport for the flying public. This project is for Phase I and will begin at the south end of the airfield.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 14 (1 jet) & 8,890
- Runway 18/36: 4,730' & 75'

Selection Criteria

- Pavement Management: NA
- NPS: Construct taxiway: 56
- OASP Goals: Safety and standards

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$271,473	\$271,473
FAA State Apportionment		\$664,383		\$664,383
FAA Discretionary		\$4,072,095		\$4,072,095
FAA Non-Primary Entitlement		\$150,036		\$150,036
Sponsor			\$271,473	\$271,473
Total		\$4,886,514	\$542,946	\$5,429,460

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

South Grand Lake Regional (Ketchum - 1K8)

General Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate and extend Runway 18/36.

CY 2027: Design & Construct ODO

Project Justification

The airport continues to see increased traffic, especially during peak summer season. With this increased traffic some aircraft have been required to land elsewhere due to current declared distances and many insurance providers requiring a full 5,000' of usable runway. This project will rehabilitate the existing runway at an opportune time to extend the life of the pavement while also constructing a small extension to reach a full 5,000' of usable runway surface. This project will take place in conjunction with a remarking project following road relocation to minimize runway closure.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 14 (1 jet) & 8,890
- Runway 18/36: 4,730' & 75'

Selection Criteria

- Pavement Management: PCI 85
- NPS: Rehabilitate Runway: 78
- OASP Goals: Safety and standards

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total

Stigler Regional (GZL)

General Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a parallel taxiway system to serve Runway 17/35. The parallel taxiway to serve Runway 17/35 will provide direct access to the runway ends.

CY 2022: Preliminary Engineering Report

CY 2027: NPE Funded design only

CY 2028: Construct ODO

Project Justification

The airport continues to see increased traffic and tenants. With this increased traffic some aircraft are required to wait while landing/departing aircraft back taxi on the runway. Therefore, construction of a parallel taxiway system will improve the safety for the flying public that utilize this airport. A previous project has completed the dirtwork in preparation of the parallel taxiway construction.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 11 (1 jet) & 6,610
- Runway 18/36: 4,730' & 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct taxiway: 56
- OASP Goals: Safety and standards

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total
Department			\$200,000	\$200,000

Stillwater Regional (SWO)

National Business Airport

Businesses Utilizing the Airport:

- Armstrong World Industries
- ASCO Aerospace
- Citizen Pottawatomie Nation
- Devon Energy
- Special Energy
- Total Energy

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new parking lot adjacent to the new terminal building.

CY 2026: Design and Construct ODO.

Project Justification

The terminal building project was intended to be a rehabilitation and expansion of the existing facility. Prior to beginning design of the expansion, structural engineers inspected the building and determined it was not structurally sound and would not accommodate the expansion and remodel. Due to the increased costs of switching the project from a rehabilitation to new construction, there is no longer a funding plan in place for terminal parking adjacent to the new terminal building. This project will help to ensure there is a primary parking lot available once the terminal building project is completed.

Airport Information

- NPIAS: Nonhub
- Based Aircraft & Operations: 71 & 79,967
- Runway 17/35: 7,401' x 100'
- Runway 04/22: 5,002' x 75'

Selection Criteria

- Pavement Management: N/A
- NPS: Construct Parking Lot: 36
- OASP Goals: Meet Aviation Demand

Stroud Municipal (SUD)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to extend Runway 18/36, install LED runway lights and PAPIs.

CY 2025: Design and Construct ODO

Project Justification

With the current runway length of 3,000', the airport cannot satisfy demand. The sponsor intends to provide documented aircraft demand that satisfies FAA's aviation demand criteria for the runway extension. The extension of the runway will be approximately 1,000' to the south to achieve a total length of 4,000' as well as a width of 75', which will allow the facility to reach FAA recommended design standards. This project will also include installation of new LED runway lights along the extension and existing runway edge and PAPIs.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 10 & 3,600
- Runway 18/36: 3,000' x 60'

Selection Criteria

- Pavement Management: PCI 77
- NPS: Extend runway: 59
- OASP Goals: Meet Aviation Demand, Safety & Standards

Design Contract Approved 7/10/2024: \$647,000
 - \$415,900 FAA, \$231,100 ODAA

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$3,350,000	\$3,350,000
FAA State Apportionment		\$750,000		\$750,000
FAA Discretionary				
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$47,369	\$47,369
Total		\$900,000	\$3,397,369	\$4,297,369

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Tahlequah Municipal (TQH)

Regional Business Airport

Businesses Utilizing the Airport:

- Tri-B Nursery •Parkhill Plants •Atwoods •Reasor's •Kraft Foods
- Highland Dairy •Taylor Concrete •GRDA •Young Farms

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a T-hangar facility.

CY 2025: Design & Construct ODO

Project Justification

Several of the hangars on the west side of the airport penetrate the Part 77 Transitional Surface. In an effort to spur relocation of the hangars and aircraft based within, this project will construct a T-hangar facility to which the hangar tenants can be relocated. This project is intended to support the initial relocation of aircraft to the east side of the airfield, and in discussions with the airport manager there is more desire from tenants for T-hangars rather than box hangars.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 55 (1 jet) & 15,400
- Runway 17/35: 5,001' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Relocate Hangars: 62
- OASP Goals: Meet Aviation Demand

Design Contract Approved 1/22/25: \$276,900
- Includes Hangars, Taxilane, & AWOS

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total

Tahlequah Municipal (TQH)

Regional Business Airport

Businesses Utilizing the Airport:

- Tri-B Nursery•Parkhill Plants•Atwoods•Reasor's•Kraft Foods
- Highland Dairy•Taylor Concrete•GRDA•Young Farms

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a taxilane.

CY 2025: Design & Construct ODO

Project Justification

Construction of a new taxilane will improve access to additional development areas to ensure successful economic development opportunities for the airport. The airport is seeking to utilize FAA BIL funds to build out a new T-hangar facility that will allow for some of the tenants to relocate from the west side in the near term. Since the T-hangar is anticipated to be constructed in the last developable space, this taxilane project will ensure current tenants may construct/relocate their own hangars to the west while also encouraging other potential tenants to construct on the east side as well. The AWOS will also be relocated as part of this project to meet separation standards.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 55 (1 jet) & 15,400
- Runway 17/35: 5,001' x 75'

Selection Criteria

- Pavement Management: NA

Tahlequah Municipal (TQH)

Regional Business Airport

Businesses Utilizing the Airport:

- Tri-B Nursery • Parkhill Plants • Atwoods • Reasor's • Kraft Foods
- Highland Dairy • Taylor Concrete • GRDA • Young Farms

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to overlay the runway pavement and install runway lights.

CY 2028: Design & Construct ODO

Project Justification

The runway lights were installed in 1982 and have reached the end of their useful life. The current lighting system is direct-buried and will be replaced with LED fixtures in a can and conduit system to enhance the safety and reliability of the lighting system. It will also be cost effective to install runway lights while the runway is closed for rehabilitation. The existing runway pavement has received maintenance projects at the appropriate times to seal cracks as needed, however the pavement is anticipated to be at a point where it will be more cost effective to rehabilitate than let it deteriorate until a point where full-depth reconstruction is required. It is anticipated this project will include a mill and overlay.

Thomas Municipal (104)

District Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate runway 17/35.

CY 2028: Design ODO

CY 2029: Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include an overlay.

Airport Information

- NPIAS: Basic
- Based Aircraft & Operations: 10 & 10,000
- Runway 03/21: 3771 x 60'

Selection Criteria

Pavement Management: NA

- NPS: Rehabilitate Runway: 77
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2028	FY 2029	FY 2030	Total

Tulsa International Airport (TUL)

National Business Airport

Project Description

The Overall Development Objective (ODO) is to construct a plane spotting and viewing area near the terminal building.

CY 2025: Design & Construct ODO.

Project Justification

Currently there are no areas for the general public to enjoy the sites and sounds of air travel at the Tulsa International Airport. This project will construct a plane spotting and viewing area near the terminal to include educational elements, signage, and playground equipment.

Airport Information

- NPIAS: Small Hub
- Based Aircraft & Operations: 179 (101 jets) & 108,503
- Runway 18L/36R: 10,000' x 150'
- Runway 18R/36L: 6,101' x 150'
- Runway 8/26: 7,376' x 150'
- Control Tower

Selection Criteria

- NPS: N/A
- OASP Goals: Improving Airport Infrastructure for Benefit of the Public

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$100,000		\$100,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$650,000		\$650,000
Total		\$750,000		\$750,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Tulsa Riverside (RVS)

National Business Airport

Project Description

The Overall Development Objective (ODO) is to construct taxilanes.

CY 2026: Design & Construct ODO.

Project Justification

With increasing based aircraft and operations, additional taxilanes are needed to support efficient aircraft movement and future hangar development. This project will enhance airfield accessibility, reduce congestion, and improve overall operational safety. It aligns with OASP safety and infrastructure standards while meeting growing aviation demand at the landlocked airport.

Airport Information

- NPIAS: National
- Based Aircraft & Operations: 355 (21 jets) & 195,091
- Runway 1L/19R: 5,102' x 100'
- Runway 1R/19L: 4,208' x 100'
- Runway 13/31: 2,641' x 50'
- Control Tower

Selection Criteria

- PCI: 77
- NPS: Construct Taxilanes: 70
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2026	FY 2027	FY 2028	Total
Department		\$855,000		\$855,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$45,000		\$45,000
Total		\$900,000		\$900,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Tulsa Riverside (RVS)

National Business Airport

Project Description

The Overall Development Objective (ODO) is to construct a terminal building.

CY 2025: Construct ODO.

Project Justification

As a high-traffic general aviation airport, Tulsa Riverside (RVS) requires upgraded terminal facilities to support increasing operations and passenger services. The existing infrastructure is inadequate for current and future demand. This project will construct a new terminal building, enhancing customer experience, improving operational efficiency, and ensuring compliance with safety and service standards.

Airport Information

- NPIAS: National
- Based Aircraft & Operations: 355 (21 jets) & 195,091
- Runway 1L/19R: 5,102' x 100'
- Runway 1R/19L: 4,208' x 100'
- Runway 13/31: 2,641' x 50'
- Control Tower

Selection Criteria

- Pavement Management: NA
- NPS: Construct Construct Terminal: 57
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$1,000,000		\$1,000,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$2,048,000		\$2,048,000
Total		\$3,048,000		\$3,048,000

University of Oklahoma
Max Westheimer (OUN)
National Business Airport

Businesses Utilizing the Airport:

- Johnson Controls • Dillards • Embassy Suites • ConocoPhillips
- Walmart • Hiland Dairy • R.T. Oliver Investments • Waddell & Reed

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to optimize the airfield.

CY 2025: Environmental Assessment

CY 2025 & 2026: Design & Construct ODO

Project Justification

The University of Oklahoma Westheimer Airport has received \$36M of Congressionally Designated Spending (CDS) funds. A portion of these CDS funds were previously allocated for the ATCT project. The remainder will be used to strengthen & lengthen RWY 18/36, shorten & shift RWY 3/21, reconfigure TWYs A & B to meet standards, and rehabilitate existing pavements. The airport has a documented need, and increased traffic demand, for a longer runway that will support larger, heavier aircraft.

Airport Information

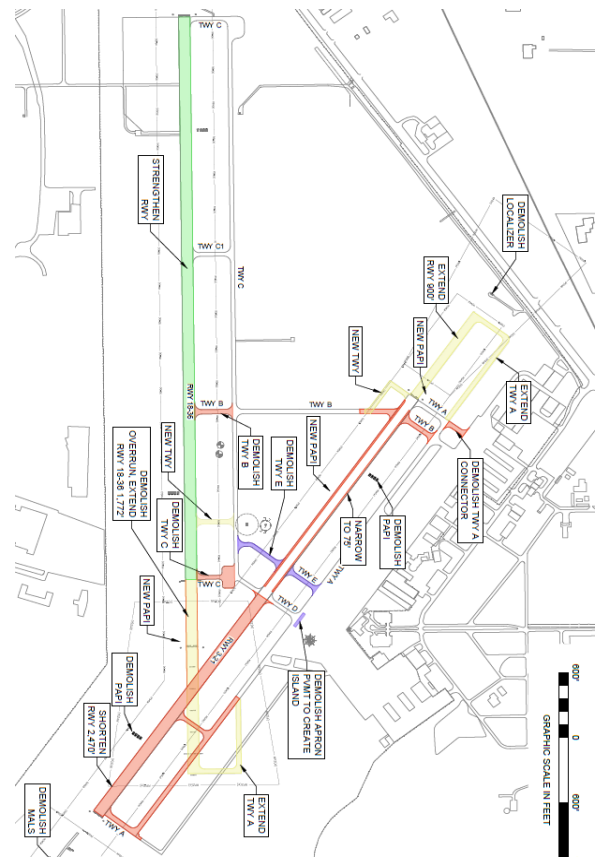

- NPIAS: Regional
- Based Aircraft & Ops: 114 (7 jets) & 58,733
- Runway 17/35: 5,199' x 100' - (6,971' x 100' ult.)
- Runway 03/21: 4,748' x 100' - (3,178' x 75' ult.)

Selection Criteria

- Pavement Management: PCI 63
- NPS: Runway Projects: 72
- OASP Goals: Safety & Standards; Meet Aviation Demand

Environmental Assessment: \$925,740

Design Phase Services: \$806,490

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department		\$43,306	\$687,500	\$730,806
FAA State Apportionment				
FAA Discretionary	\$1,645,618	\$27,500,000		\$29,145,618
FAA Non-Primary Entitlement				
Sponsor		\$43,306	\$687,500	\$730,806
Total	\$1,645,618	\$27,586,612	\$1,375,000	\$30,607,230

Federal grants require 10% matching funds while state grants require 5% matching funds. The Department may provide half of the sponsor's federal match on the above project. Department funding is dependent on availability of State funds.

Vinita Municipal (HO4)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new apron and connector taxiway.

CY 2025: Design ODO

CY 2026: Construct ODO.

Project Justification

The purpose for the project is to plan for apron development as well as constructing connecting taxiways to allow pilots to navigate more efficiently around the airport.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 27 & 10,500
- Runway 17/35: 4,209' x 60'

Selection Criteria

- Pavement Management: RW PCI 53
- NPS: Construct Apron & Connector TWY: 68
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department			\$34,250	\$34,250
FAA State Apportionment		\$603,500		\$603,500
FAA Discretionary				
FAA Non-Primary Entitlement		\$408,000		\$408,000
FAA AIG		\$290,000		\$290,000
Sponsor			\$34,250	\$34,250
Total		\$1,301,500	\$68,500	\$1,370,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Vinita Municipal (HO4)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct new airport entrance road and parking area.

CY 2026: Construct ODO.

Project Justification

The project consists of constructing a new airport entrance road to open up a primary terminal apron area south of the existing airport hangar development.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 27 & 10,500
- Runway 17/35: 4,209' x 60'

Selection Criteria

- Pavement Management: NA
- FAA NPS: Construct Roads and Parking: 36
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department		\$902,500		\$902,500
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$47,500		\$47,500
Total		\$950,000		\$950,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Vinita Municipal (HO4)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new terminal building.

CY 2026: Construct ODO.

Project Justification

The current building has become outdated and is in need of repair/maintenance and updating. The existing building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities expected.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 26 & 10,500
- Runway 17/35: 4,209' x 60'

Selection Criteria

West Woodward (WWR)

Regional Business Airport

Businesses Utilizing the Airport:

- Atwoods • Chicken Express • Eagle Med • Edge Drilling • Mewbourne Oil • Precision Pipeline • Sage Holdings • Sandridge

Project Description

The Overall Development Objective (ODO) of the proposed project is to extend runway 17/35.

CY 2026: Design and Construct ODO.

Project Justification

The sponsor has documented aircraft demand that satisfies FAA's aviation demand criteria for the runway extension. The extension of the runway and taxiway will be approximately 498' to the north to achieve a total length of 6,000'.

Airport Information

- NPIAS: Regional
- Based Aircraft & Operations: 27 (1 jet) & 6,030
- Runway 17/35: 5,502' x 100'
- Runway 05/23: 2,500' x 60'

Selection Criteria

- Pavement Management: N/A
- NPS: Extend Runway: 53
- OASP Goals: Meet Aviation Demand

Design Phase Approved 7/10/2024: \$130,000 (PREP)

Watonga Municipal (JWG)

General Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new entrance road, utilities, and terminal building on the west side of the airport.

CY 2025: Design and Construct ODO.

Project Justification

The east side of the airport is constrained due to current airport design standards and airspacing requirements. A project was granted in October 2024 to begin the construction of the taxiway and apron to open up the west side of the airport. This project will include construction of an entrance road, utilities, and a terminal building to the new development area on the west side of the airport.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 18 & 2,900
- Runway 17/35: 4,001' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct Terminal: 52
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total

Weatherford Stafford (OJA)

Regional Business Airport

Businesses Utilizing the Airport:

- Allen Foods • Bank of Hydro • ConAgra • Eagle Aviation
- Florida Power and Light • LineX • Love's • Phillips 66

Project Description

The Overall Development Objective (ODO) of the proposed project is to replace the taxiway lighting system and pavement removal.

CY 2025: Design and Construct ODO.

Project Justification

The current medium intensity lighting system is past its useful life and has become maintenance intensive. Rehabilitating the taxiway lights and installing new LED fixtures will provide the airport with a more reliable and cost efficient system. While contractors are on site and the runway is closed, it would also be cost-effective to remove the non-standard taxiway connectors and unusable pavement on east side of taxiway. A State grant will be partnered with an FAA NPE-only grant to get the scope completed during one runway closure.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 36 (4 jets) & 8,000
- Runway 17/35: 5,100' x 75'

Selection Criteria

- Pavement Management: N/A

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a taxilane for future hangar development.

CY 2026: Design and Construct ODO.

Project Justification

The objective of the proposed project is to design and construct a new taxilane for hangar development. The taxilane will provide access to additional hangar areas to ensure successful future economic development opportunities for the airport given the current constraints for hangar space at the facility. A State grant will be partnered with an FAA-only grant to get the scope completed.

Airport Information

Wilburton Municipal (H05)

Community Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to crack seal and seal coat the runway.

CY 2026: Design & Construct ODO.

Project Justification

Existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include a crack seal and repair of more severe crack related distresses.

Airport Information

- NPIAS: Unclassified
- Based Aircraft & Operations: 7 & 3,000

Wiley Post (PWA)

National Business Airport

Businesses Utilizing the Airport:

- Love's Travel Stops • BancFirst • MidFirst Bank • Sandridge • Dobson Technologies • Mathis Brothers • Continental Resources

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct 6 box hangars.

CY 2025: Design & Construct ODO

Project Justification

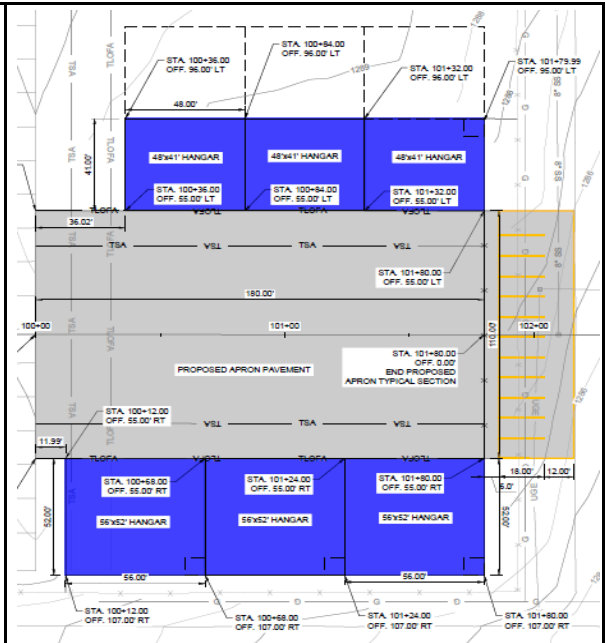

Wiley Post Airport is experiencing high demand for aircraft storage, with nearly 300 based aircraft, including 69 jets. The current hangar capacity is insufficient, limiting growth opportunities for tenants and transient operators. This project will construct six new box hangars to accommodate increasing demand, enhance revenue potential, and support long-term airport development.

Airport Information

- NPIAS: National
- Based Aircraft & Operations: 295 (69 jets) & 70,027
- Runway 13/31: 4,214' x 100'
- Runway 17L/35R: 7,199' x 150'
- Runway 17R/35L: 5,002' x 75'

Selection Criteria

- Pavement Management: 98
- NPS: Rehabilitate Taxiway: 57
- OASP Goals: Meet Aviation Demand

Wiley Post (PWA)

National Business Airport

Businesses Utilizing the Airport:

- Love's Travel Stops • BancFirst • MidFirst Bank • Sandridge • Dobson Technologies • Mathis Brothers • Continental Resources

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate Taxiways A & B.

CY 2027: Design & Construct ODO

Project Justification

The taxiway pavement is exhibiting distresses such as joint damage and minor to moderate joint and corner spalling. The pavement is at a point where it is more cost effective to rehabilitate than to let it deteriorate until reconstruction is required. Rehabilitation will consist of joint seal and spall repair.

Airport Information

- NPIAS: National
- Based Aircraft & Operations: 295 (69 jets) & 70,027
- Runway 13/31: 4,214' x 100'
- Runway 17L/35R: 7,199' x 150'
- Runway 17R/35L: 5,002' x 75'

Selection Criteria

- Pavement Management: PCI Fair
- NPS: Rehabilitate Taxiway: 74
- OASP Goals: Safety & Standards; PCI > 70

Wiley Post (PWA)

National Business Airport

Businesses Utilizing the Airport:

•Love's Travel Stops •BancFirst •MidFirst Bank •Sandridge •Dobson Technologies •Mathis Brothers •Continental Resources

Project Description

The Overall Development Objective (ODO) of the proposed project is rehabilitation of Runway 17L/35R, PAPI, and edge lights.

CY 2030: Design & Construct ODO

Project Justification

The project will consist of rehabilitating the concrete pavement. The work will focus on repairing cracks and spalls, patching, and replacing joint sealant, with minimal full panel replacements needed. Additionally, the project will include removing old paint and applying new markings to improve runway visibility. While the runway is closed, it will be most cost effective to replace the Precision Approach Path Indicators (PAPI's) and edge lighting on runway 17L/35R. Fixtures will be upgraded from incandescent to energy-efficient LED fixtures, enhancing visibility and reducing maintenance costs.

Airport Information

- NPIAS: National
- Based Aircraft & Operations: 295 (69 jets) & 70,027
- Runway 13/31: 4,214' x 100'
- Runway 17L/35R: 7,199' x 150'
- Runway 17R/35L: 5,002' x 75'

Selection Criteria

- Pavement Management: 98
- NPS: Rehabilitate Taxiway: 73
- OASP Goals: Safety & Standards; PCI > 70

Agency Fiscal Year	FY 2029	FY 2030	FY 2031	Total
Department			\$103,871	\$103,871

William R. Pogue Municipal (OWP)
Regional Business Airport

Businesses Utilizing the Airport:

- Angel Flight • Baker Petrolite • CEI Construction
- Crankcase Services • Equinox Aviation • Walmart

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a 100'x90' box hangar.

CY 2026: Design and Construct ODO.

Project Justification

This project consists of constructing a new 100' x 90' box hangar. This is in support of a statewide effort to increase revenue-generating aircraft storage facilities at airports across the state.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 56 & 30,000
- Runway 17/35: 5,799' x 100'

Selection Criteria

- Pavement Management: Predicted PCI: 68
- NPS: Construct Hangar: 67
- OASP Goals: Meet Aviation Demand

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Department			\$600,000	\$600,000

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate and reconfigure the west parallel taxiway.

CY 2028: Design and Construct ODO.

Project Justification

The taxiway pavement is exhibiting distresses such as joint damage and minor to moderate longitudinal and transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than to let it deteriorate until reconstruction is required. Any reconfiguration or mitigation efforts for direct access to runways will also be addressed as needed during the project.

Airport Information

- NPIAS: Local
- Based Aircraft & Operations: 56 & 30,000
- Runway 17/35: 5,799' x 100'

Selection Criteria

State System

Oklahoma Department of Aerospace & Aeronautics

Project Description

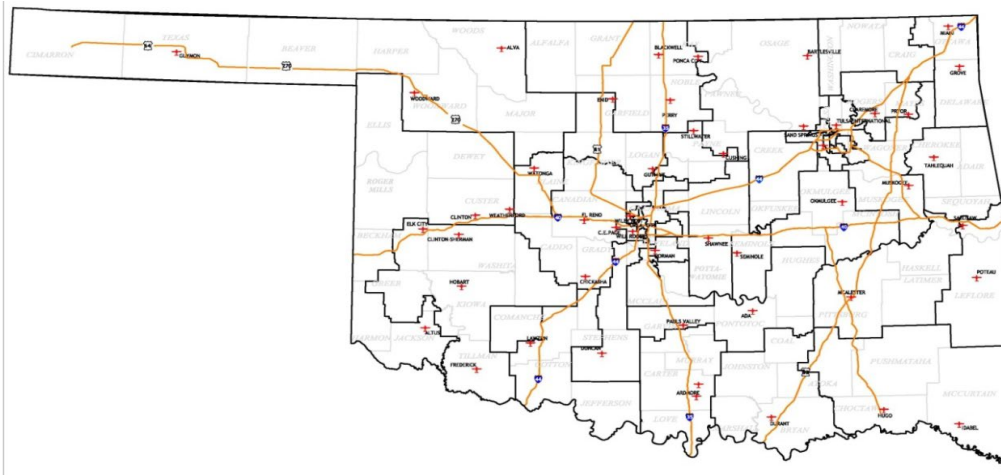

The Overall Development Objective is to conduct a statewide airport economic impact study of the state's civilian and military airports. It has been almost 10 years since ODAA has conducted such a study of the state's airport system. This study will be a two part look at Oklahoma's civilian and military airports to determine the economic impact that both have on the state and local economy. The first part will look at each airport individually to determine its impact, both direct and indirect, on the local and state economies. The second part will be to combine these individual airport impacts to determine the economic impact of the state systems as a whole.

As part of this study the individual airports will receive deliverables that they can utilize in their community to promote the importance of the airport to both the general public and the community leaders. ODAA will receive deliverables on the statewide level that we can utilize to show the importance of the airport system and why we have the capital improvement program that provides much needed infrastructure funding to airports. There is also a portion of the study that will look at individual segments of aviation industry within Oklahoma and the impacts they have on the state.

CY 25/26 Work Element for Federal FFY 25/26 system planning grant only: Statewide economic impact study

1. Determine impact of the Oklahoma Airport System
2. Determine impact of the Oklahoma Military Airports

Phases 1 & 2 Approved 9/16/2024

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department		\$88,721	\$11,277	\$99,998

State System

Oklahoma Department of Aerospace & Aeronautics

Project Description

The Overall Development Objective is to conduct preliminary engineering studies at various locations within the Oklahoma Airport System. The Department's various locations grant activities are categorized into the following work element(s):

CY 2025 Work Elements for Federal FY 2025 various locations grant:

1. Conduct preliminary engineering reports to determine project scope and detailed cost estimate to assist the Department and FAA with the programming of federal and state funds. Projects that would be considered for preliminary engineering reports through this grant are projects anticipated for construction in FY 2028 and 2029. As those projects are identified they will be listed on this ACP page.

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Department			\$50,000	\$50,000
FAA State Apportionment		\$450,000		\$450,000
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor				
Total		\$450,000	\$50,000	\$500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Department funding is dependent on availability of State funds.

Statewide AWOS Package

Project Description

The Overall Development Objective (ODO) of the proposed project is to replace or install an Automated Weather Observing System (AWOS) at a total of 7 airports.

CY 2027: Design and construct overall development objective.

Project Justification

The replacement and installation of AWOS systems will improve the safety of each selected airport by providing pilots with accurate, real-time weather information. There will be a total of 7 AWOS systems installed or replaced at airports across the state. Individual project pages will be created once the locations are identified and approved.

Agency Fiscal Year	FY 2027	FY 2028	FY 2029	Total
Department		\$1,187,500		\$1,187,500

Statewide Unclassified Airport Pavement Maintenance Package

Project Description

The Overall Development Objective (ODO) of the proposed project is to perform general pavement maintenance at a total of 5 airports.

CY 2026: Design and construct overall development objective.

Project Justification

It has been since the 2018/2019 timeframe the FAA provided a program for simple maintenance projects at several unclassified airports across the state. Based on visual inspections and predictive PCI data, it will be most cost beneficial to provide continued maintenance while ensuring safe landing surfaces at airports within the state system.

Agency Fiscal Year	FY 2025	FY 2027	FY 2028	Total
Department		\$1,187,500		\$1,187,500
FAA State Apportionment				
FAA Discretionary

FAA FY 2028 (state funding is from FY 2029)	\$47,662,257	\$2,530,800	\$4,236,667	\$30,120,335	\$721,185	\$6,638,627	\$3,414,643
FAA FY 2029 (state funding is from FY 2030)	\$25,720,000	\$1,956,000	\$3,975,000	\$15,822,000	\$346,500	\$2,036,000	\$1,584,500
FAA FY 2030 (state funding is from FY 2031)	\$19,925,892	\$1,747,500	\$1,345,000	\$9,101,226	\$292,000	\$2,708,650	\$4,731,516
Totals	\$353,657,306	\$19,136,008	\$18,834,014	\$130,460,900	\$15,103,678	\$111,040,891	\$59,081,815

Due to the way FAA funds are granted at the end of the federal fiscal year, state grant funds that are associated with a federal grant are listed in the following fiscal year (i.e. a federal grant from federal FY 2021 will have any associated state grant funds from state FY 2022)

*AIG/BIL funding levels will be added as airports update their CIP's
