**RULEMAKING ACTION:**

Notice of proposed PERMANENT rulemaking

**PROPOSED RULES:**

25:15-1-2. Definitions [AMENDED]

25:15-1-3. Planning [AMENDED]

25:15-1-4. Programming Implementation Airport Grant and Loan Program Requirements and Procedures [AMENDED]

25:15-1-5. Airport Compliance [AMENDED]

**SUMMARY:**

The proposed permanent rules are necessary to address funding and other program requirements implemented by items passed during the 2024 Legislative Session. Refurbishment, remodel, and expansion of a terminal building and refurbishment of a sponsor owned hangar have been added as acceptable rehabilitation projects under the airport construction program with new construction or complete reconstruction of an existing terminal building considered eligible for funding and state level and sponsor match requirements identified. Selection criteria for hangar construction projects has been modified to include that an airport sponsor must demonstrate an acceptable plan on how they will advertise for available hangar space once constructed. Maximum state level participation on fuel system projects was increased and the requirement that they be in new condition and in compliance with local procurement procedures was added. Airport compliance was modified to reference terms and conditions and definitions were clarified on non-primary entitlement funds and project sketch.
