

Oklahoma Opioid Abatement Board

Committee to Review Grant Eligibility
of Institutions of Higher Education

The Oklahoma Opioid Abatement Board is pleased to invite institutions of higher education to apply for Opioid Abatement Grants.

Starting November 1, 2025, the board of regents or board of trustees of a state educational institution which is a member of The Oklahoma State System of Higher Education will be considered an eligible political subdivision under the Political Subdivisions Opioid Abatement Grants Act.

Grants may fund a variety of approved uses for opioid abatement benefiting an institution's student body such as treatment and recovery programs, assistance with co-occurring disorders and mental health issues, opioid abuse education and prevention, proper prescription efforts, and strategies to decrease the supply of narcotics across the state. Grants are rigorously reviewed and approved by the Oklahoma Opioid Abatement Board.

Applications will be accepted through an online portal from those institutions listed in Title 70, Section 3201 of the Oklahoma Statutes for grants between November 1 and December 31, 2025. The Board anticipates these grants for three-year projects will be awarded in April 2026.

The maximum funding for which each institution is eligible to apply is reflected below. These amounts reflect the total for the three-year project.

Tier	Enrollment (Full-time)	Maximum Funding
1	Up to 5,000	\$105,000
2	5,001-15,000	\$225,000
3	15,001-25,000	\$450,000
4	25,00 or more	\$900,000

Information about priority strategies for funding, answers to frequently asked questions, and updates are available at [Opioid Abatement Grant](http://www.oklahoma.gov/oag/resources/grants/opioid-abatement-grant) (www.oklahoma.gov/oag/resources/grants/opioid-abatement-grant).
