

OKLAHOMA CORPORATION COMMISSION
PETROLEUM STORAGE TANK DIVISION
(405) 521-4683 FAX: (405) 521-4945

The Petroleum Storage Tank Division (PSTD) will no longer be providing Risk-Based Corrective Action (RBCA) training by PSTD personnel. The RBCA applied at petroleum release sites standard and methodology was developed by ASTM International. You may contact ASTM International directly at 610-832-9648 to serve as a clearinghouse to identify and arrange for up to date training on the RBCA methodology by qualified instructors. Approved RBCA training courses, seminars or schools will also be added to the bottom of this page as well as to the PSTDs list of Continuing Education classes as the division becomes aware of them. You can find this list on the OCC's website at http://www.occeweb.com/ps/Licenses_forms.htm.

List of Approved RBCA training courses, seminars, schools:

American Society for Testing and Materials

<https://www.astm.org/TRAIN/filtrexx40.cgi?-P+ID+11+traindetail.frm>

100 Barr Harbor Drive

West Conshohocken, Pa 19428

610-832-9585

Risk Based Corrective Action (RBCA) Applied at Petroleum Release Sites (On Site)
