

MARKETS AND OPERATIONS POLICY COMMITTEE MEETING

April 14, 2026: 8:00 a.m. - 5:00 p.m. CT | April 15, 2026: 8:00 a.m. - 12:00 p.m. CT
DoubleTree Hotel — New Orleans, Louisiana

MINUTES

[Link to Materials](#)

Agenda items may be taken out of order and could conclude earlier or later than estimated time. MOPC could take action on any of the agenda items, including informational.

B Will go to Board of Directors for review or approval

R Will go to Regional State Committee for review or approval

Removing any consent agenda items and any amendments to suggested motions are strongly encouraged to be vetted with MOPC leadership at least one week prior to the MOPC meeting.

ADMINISTRATIVE

1. Chair Joe Lang (OPPD) called the meeting to order at 8:05 a.m. CT. MOPC Staff Secretary Antoine Lucas welcomed new RTO expansion members to the meeting and celebrated the April 1 milestone with the committee. He also noted the report about the value of SPP for the committee and urged them to share it with their respective stakeholders. MOPC staff secretary assistant Michael Daly (SPP) reviewed administrative items, including the new members, meeting information, proxies, action items, Robert’s Rules of Order reminders, revision request summary, and draft motions

APPROVAL ITEMS (2-7)

Chair Joe Lang presented the consent agenda for approval and asked for any items to be removed. Jeff Wells (NextEra Energy Resources) made a request to remove the Q2 2026 In-Service Date Delay recommendation. Jessica Greenburg (Enel Green Power North America, Inc.) and Robert Helton (ENGIE North America) provided comments regarding RR739 Foreign Guaranty Requirements but did not request to pull the item. *Jason Mazigian (Basin Electric Power Cooperative) moved, and Robert Pick (Nebraska Public Power District) seconded, to approve the consent agenda excluding item 2.d.i. Q2 2026 In-Service Date Delay Recommendation.* The motion passed with 100% approval, and 4 abstentions.

2. **Consent Agenda**.....Joe Lang (OPPD)

a. **Past Meeting Minutes**

- i. January 2026 Meeting Minutes

Strategic Initiative Request (SIR)
Revision Request (RR)

b. **Credit Practices Working Group**

- i. RR739 (SIR811) — Foreign Guaranty Requirements (MWG, RTWG, Finance Committee)

c. **Market Working Group**

- i. RR654 (SIR720) — IMGHGTF Comments (RTWG)
- B** ii. RR728 (SIR74) — Day-Ahead Market VER Participation (HITTM2) (RTWG)
- iii. RR746 (SIR790) — Capacity Recovery Limit (ORWG, RTWG)
- iv. RR748 (SIR792.2) — MSR Calibration Profiling Enhancement (RTWG)

d. **Project Cost Working Group**

Antitrust: SPP strictly prohibits use of participation in SPP activities as a forum for engaging in practices or communications that violate the antitrust laws. Please avoid discussion of topics or behavior that would result in anti-competitive behavior, including but not limited to, agreements between or among competitors regarding prices, bid and offer practices, availability of service, product design, terms of sale, division of markets, allocation of customers or any other activity that might unreasonably restrain competition.

- B i. Q2 2026 In-Service Date Delay Recommendation
 - R ii. RR742 — Project Cost Review
- e. **Transmission Working Group**
 - B i. RR751 (SIR834) — Order 1000 Strategic Review Task Force Recommendations (PCWG, RTWG)
 - ii. RR753 (SIR841) — Sunset GI Priority Processing—Surplus Plus (RTWG)
 - iii. RR758 (SIR840) West Deliverability Area (SAWG)
 - B iv. SUS-044 LES North Bluff 345 kvV Buildout
 - B v. SUS-045 OPPD S1252-S1358 161 kv Line
- f. **Economic Studies Working Group / Transmission Working Group**
 - i. 2027 ITP Sunset and RTO Expansion Transition Scope

3. **Market Working Group**

Jim Flucke (Evergy) and Seth Mayfield (SPP) introduced RR747 (SIR73) Economic Topology Optimization to the committee. An Economic Topology Optimization is a reconfiguration of the transmission system that reduces the market production cost while maintaining reliability. The proposed revision request creates tariff and protocol language which implements the MOPC-approved policy allowing SPP and Market Participants to submit requests to reconfigure the system topology based on economics. *Jim Flucke (Evergy Missouri West, Inc.) moved, and Richard Ross (AEP Southwestern Electric Power Company) seconded, to approve RR747 (SIR73) Economic Topology Optimization as presented.* The motion passed with 79% approval, and 31 abstentions.

4. **Supply Adequacy Working Group**

A. Planning Reserve Margin for 2030 and 2032

Keaton Riddle (Evergy) presented the Loss of Load Expectation (LOLE) study recommendation for the 2030 and 2032 Summer and Winter Planning Reserve Margin values. After reviewing the resource mix and load trends for the 2030 and 2032 planning years, Keaton shared the base case results which formed the recommendation for the committee. *Adam Graff (Heartland Consumers Power District) moved, and Paul Lampe (Kansas Municipal Energy Agency) seconded, to approve setting the Year 2030 for the Summer at 17% and Winter at 38%, Year 2032 for the Summer at 16% and the Winter at 36%. Steve Gaw (Advanced Power Alliance) moved, and Natahsa Brown (Oklahoma Municipal Power Authority) seconded, to amend the pervious motion by striking the words "Year 2032 for the Summer at 16% and Winter at 36%" and adding the words after 38% "and maintain these levels for 2032, consistent with CAWG's motion."* The motion to amend the previous motion failed with only 60% voting in favor, and 15 abstentions. Chair Joe Lang then called the previous question to a vote. The original motion failed with only 56% voting in favor, and 18 abstentions.

B. RR745 RTO Expansion Resource Adequacy Language

Natasha Henderson (SPP) presented RR 745 to the committee which proposes to implement explicit language to include the RTO Expansion into existing SPP Business Practices and Planning Criteria, specific to Resource Adequacy. This proposal will require changes to Business Practices 8100, 8200, 8300, 8400, and 8500 as well as revisions to sections 4 and 7 of the Planning Criteria. Stakeholders had previously approved these revisions. *Tyson Archie (Platte River Power Authority) moved, and*

Parker Wicks (Western Area Power Administration-Rocky Mountain Region) seconded, to approve RR 745 RTO Expansion Resource Adequacy Language as presented. The motion passed with 100% approval, and 6 abstentions.

5. Consolidated Planning Process TF / Economic Studies / Transmission Working Group

A. Order 1920 Compliance

i. RR744

Nick Parker (SPP) provided an overview of RR744 Order 1920 Compliance to the committee. This proposal ensures SPP compliance with FERC's Order and establishes requirements for long-term regional transmission planning and cost allocation. To align with FERC's requirements, SPP made updates to tariff attachments AY, Y, and J. These updates are mostly minor clarifications of existing SPP practices. The proposal did incorporate feedback from stakeholders as it worked through the stakeholder process. Nick did advise the committee of the additional work to file the proposal with FERC and the timeline for next steps. *Nick Abraham (ITC Great Plains) moved, and Parker Wicks (Western Area Power Administration-Rocky Mountain Region) seconded, to approve RR 744 as presented to comply with FERC Order 1920. The motion passed with 99% approval, and 15 abstentions.*

ii. RR757 (SIR848) Order 1920 Public Policy Cost Allocation

John Krajewski, chair of the Cost Allocation Working Group, shared an overview of RR757 with the committee. The proposed revision request provides a cost allocation methodology for 20-year projects (CPP-20) caused by a state or states' specific Public Policy Requirements. Specifically, Attachment J, Section III, of the tariff will need to be revised to account for incremental costs resulting from a state or states' specific Public Policy Requirements. Those project costs will be allocated as determined by and approved by the RSC to the load in the state(s) from which the Public Policy Requirements have emanated and must also be approved by FERC. This revision request is needed for Order 1920 compliance and will be filed no later than June 12, 2026. *Robert Pick (Nebraska Public Power District) moved, and Alex Baird (Colorado Springs Utilities) seconded, to approve RR 757 Order 1920 Public Policy Cost Allocation as presented. The motion passed with 94% approval, and 17 abstentions.*

B. 2026 ITP and CPP Transition Scope: UHV and 765kV Overlay

Sunny Raheem (SPP) updated the committee on the 2026 ITP/CPP Transition Study Scope. He noted that the scope would include additional analysis of Ultra-High Voltage (UHV) solutions, which will include continued evaluation of the 765kV overlay along with any other projects above 345kV. *Jason Mazigian (Basin Electric Power Cooperative) moved, and Robert Pick (Nebraska Public Power District) seconded, to endorse the 2026 ITP and CPP Transition Assessment Scope changes as presented for the inclusion of the UHV and 765 kV overlay analysis. The motion passed with 100% approval, and 8 abstentions.*

6. Project Cost Working Group

Tony Green (SPP) presented RR749 (SIR831) NTC Commitment Timing (Non-Competitive, Prior NTC-C) to the committee. The proposed revision request seeks to condense a 90-day commitment process to 30 days at the point where conditions are being removed from an NTC-C to become an NTC. The proposal will require updates to tariff Attachment Y and Business Practice 7060. *Jarred Cooley (Xcel Southwestern Public Service Company) moved, and Matt Caves (Western Farmers Electric Cooperative) seconded, to approve RR 749 NTC Commitment Timing (Non-Competitive, NTC-C) as presented. The*

motion passed with 100% approval, and 11 abstentions.

7. Staff

Natasha Henderson (SPP) presented an update on RR703 (SIR776) Demand Response and Peak Demand Assessment to the committee. The revision request was rejected by the committee during its January 2026 meeting, but it was brought back to the committee to: a.) review the changes directed by the Regional State Committee and Board of Directors; b.) review the changes to the policy language to align with RTO expansion; and c.) address grammatical, numbering, capitalization, pagination and other ministerial items. *Johnny Carlock (Proxy for Martina Sittler Targa Northern Delaware LLC) moved, and Brook Simmons (The Petroleum Alliance of Oklahoma) seconded, to approve RR703 Demand Response and Load Responsible Entity (LRE) Peak Demand Assessment language alignment for RTO Expansion and ministerial changes as posted.* The motion failed with only 44% voting in favor, and 25 abstentions.

2.d.i Q2 2026 In-Service Date Delay Recommendation

This agenda item was pulled from the consent agenda and considered as the final voting item of the meeting. Tony Green (SPP) presented the recommendation which identified seven upgrades that were delayed more than 90 days past their in-service dates as part of SPP's Quarterly Project Tracking process. Committee members asked process related questions regarding how these projects were identified. *Jeff Wells (NextEra Energy Resources) moved, and Mo Awad (Evergy Kansas South, Inc.) seconded, to accept the In-Service Date deviations as reasonable and acceptable and reestablish the baseline used to evaluate future In-Service Date deviations.* The motion passed with 100% approval, and 11 abstentions.

INFORMATIONAL (8-15)

8. Staff

Ryan Ziegler (SPP) and Seth Mayfield (SPP) presented an impact analysis of how Winter Storm Fern affected markets and operations to the committee. Jodi Woods (SPP Market Monitoring Unit) shared some insight from the Market Monitor and noted that a report would be released soon.

9. Staff

Clint Savoy (SPP) shared an update on the MISO—SPP Coordinated System Plan with the committee. He noted that draft recommendations have been posted and stakeholder feedback had been requested. The feedback will guide the ultimate portfolio solution recommended within each RTO.

10. Staff

Austin Morman (SPP) updated the committee on the status of Generator Interconnection (GI) studies, in-flight policy initiatives, and the timeline to transition GI studies into the Consolidated Planning Process (CPP).

11. Staff

Kirk Hall (SPP) shared a status update of work associated with the 2026 Integrated Transmission Plan (ITP) with the committee. He pointed out how work on the 2026 ITP will be incorporated into the CPP in the future and reminded members to attend the Get-Informed Fridays meeting series to stay abreast of details with the ITP.

12. **Operating Reliability WG and Transmission WG**

Jeremy Harris (Evergy) and Kirk Hall (SPP) provided the committee with an update on Action Item 330. Existing Disturbance Voltage Criteria need to be updated to address emerging reliability risks associated with Inverter-Based Resources (IBRs). Stakeholders will continue working to define expected system performance under high IBR conditions and identify when additional system support is necessary. A policy framework will be drafted and coordinated with applicable stakeholder groups before the committee is presented with findings and recommendations.

13. **Staff**

Natasha Henderson (SPP) updated the committee on the efforts to test and review results from the Load Hosting Capacity Tool established in RR642. This application determines how much load can be accommodated at each node on the SPP Transmission System without incremental investment. The committee rejected RR642 in October 2025, and it was appealed to the Board of Directors in November 2025. The Board took an action item to consider approving RR642 during its May 2026 meeting.

14. **Operating Reliability Working Group**

Yasser Bahbaz (SPP) and Jeremy Harris (Evergy) provided a status update on SPP's implementation of FERC Order 881 to improve the accuracy and transparency of transmission line ratings. They pointed out that stakeholder readiness meets the criteria for production cut over and go-live, but facilities readiness remains below the threshold for implementation. Work will continue to ensure SPP and members can effectively implement the tool by the scheduled go-live date of September 1, 2026. However, preparations are being made to request an extension of go-live should additional testing be needed.

15. **Staff**

Antoine Lucas (SPP) shared the forecast of policy initiatives the committee can expect to consider in upcoming quarterly meetings. He asked members to follow up with him and Michael Daly if there were initiatives they expected to see that were not listed.

WRITTEN REPORTS (16-25)

Chair Joe Lang acknowledged the written report submitted and asked members for any questions regarding them. Natasha Henderson (SPP) highlighted the Astra North Short Term Reliability Report and noted it was two loads connecting on the Evergy system. She stated that this item will go before the Board of Directors to determine whether some of the projects related to these loads will become Short-Term Reliability projects or Transmission Owner Selection Process projects.

16. **Market Working Group** Action Item Update and RR Impact Summary..... Jim Flucke (Evergy)

17. **Market Working Group** Market Work Plan Jim Flucke (Evergy)

B 18. **Project Cost Working Group**Angie Anderson (Sunflower)
Q2 2026 Quarterly Project Tracking Report and Appendix 1

B 19. **Staff** SPS Modification NTC 220899 UID 170406Jon Stahulak (SPP)

B **R** 20. **Staff** Q2 2026 Quarterly Project Tracking Report & Appendix 1 and 2.....Scott Maple (SPP)

21. **Staff** Holistic Integrated Tariff Team Update Paul Suskie (SPP)

22. **Staff** Attachment Z2 Update Paul Suskie (SPP)

B 23. **Staff** 2026 SPP Transmission Expansion Plan (STEP) Report and Appendix 1 Casey Cathey (SPP)

24. **Transmission Owner Selection Process Task Force** Written Report.....Adam Snapp (OKGE)

25. **Staff** Astra North Short Term Reliability Report.....Natasha Henderson (SPP)

CLOSING (26-28)

26. **Review New Action Items**

Antoine Lucas (SPP) noted one new action item taken during the meeting:

SPP staff will provide quarterly updates to the committee on the effectiveness of the Economic Topology Optimization implementation. And, ORWG will work to update the Operating Criteria to address concerns and close gaps for this initiative.

27. **Reminders and Future Meetings**

Antoine Lucas (SPP) reminded members to submit any comments on any approval items to be included in the applicable RR report or recommendation to the Board of Directors (if applicable) by close of business on Thursday, April 16, 2026, to [Antoine Lucas](#) and [Michael Daly](#).

Committee members were reminded to notify [Michael Daly](#) if their company's MOPC representative changes.

Antoine noted the upcoming MOPC meetings:

- o [July 14-15, 2026](#) Oklahoma City, Oklahoma
- o [October 13-14, 2026](#) Little Rock, Arkansas

28. **Adjournment**

Joe Lang (OPPD) adjourned the meeting at 4:22 p.m. CT
