NOTICE OF INTENT TO CONSTRUCT

In order to comply with the requirements of Section 2 of Oklahoma Senate Bill 808¹ ("SB 808") that was approved by the legislature and signed by the Governor, and in advance of certain rules that are to be promulgated by the Oklahoma Corporation Commission ("Commission") pursuant to the passage of SB 808, Tradewind Energy, Inc. ("Company") on behalf of Drift Sand Wind Project, LLC, hereby informs the Commission of its intent to construct the Drift Sand Wind Project (the "Project") located in Grady County, Oklahoma.

The Project has been under active development for several years. The most recent FAA form 7460-1 filing was made on September 26, 2014. A summary of the September 26, 2014 FAA form 7460-1 filings for each wind turbine tower location within the Project boundary is attached as Exhibit A. Exhibit B to this letter presents a diagram indicating the Project boundary. As of the date of this notice, and based on the best publicly available data, Company attests, that the Project design is in full compliance with the setbacks required by SB 808.

In accordance with the notification requirements of SB 808, notice of intent to construct will also be subsequently provided to the Grady County Commissioners. Evidence of that forthcoming notice is provided as Exhibit C. No project facilities are located within an incorporated area of a municipality, and thus no additional notice is required under SB 808.

Please do not hesitate to contact us with any questions regarding this filing.

Sincerely,

Frank B. Costanza
Executive Vice President, Legislative and Regulatory Affairs

CC:
Brandy Wreath, Director, Public Utility Division
Natasha Scott, Deputy General Counsel for Public Utilities, General Counsel's Office
Jeff Riles, Manager of Regulatory Affairs, Enel Green Power North America, Inc.

¹ Senate Bill 808 will become effective 90 days after *sine die* of the Oklahoma State Legislature, and Section 2 will appear in the Oklahoma State Statutes in Section 160.21, Title 17.
