Juno Beach, FL. 33408
Casey.Moyer@NEE.com

Subject: Mission Compatibility Certification Letter / ASN: 2019-WTW-11664-OE and the 61 associated ASN's

Dear Mr. Moyer,

The Military Aviation and Installation Assurance Siting Clearinghouse (The Clearinghouse) has reviewed the Minco 1 (Repower) wind project in Minco, OK. The Clearinghouse found no adverse impacts to DoD missions in the area and has entered a determination of "No Objection with Provision" via the Federal Aviation Administration's Obstruction Evaluation / Airport Airspace Analysis system.

Our response to the FAA included a notification that further expansion beyond the current project area may be problematic due to proximity to military training routes or military training areas. We also request installation of Night Vision Goggle compatible lighting on all structures associated with this project.

We encourage you to consult DoD well in advance of any expansion. If you have any questions, please contact Steven Sample at steven.j.sample4.civ@mail.mil or at 703-571-0076.

Sincerely,

Ronald E. Tickle
Executive Director
Military Aviation and Installation
Assurance Siting Clearinghouse
