

OFFICE OF THE ASSISTANT SECRETARY OF WAR  
3400 DEFENSE PENTAGON  
WASHINGTON, DC 20301-3400

ENERGY, INSTALLATIONS,  
AND ENVIRONMENT

February 13, 2026

Mr. Gunnar Doyle  
EDP Renewables  
PO Box 3827  
Houston, TX 77253

Reference – Aeronautical Study Number: 2025-WTW-16012-OE

Dear Mr. Doyle,

The Department of War (DoW) Military Aviation and Installation Assurance Siting Clearinghouse (Clearinghouse) has received notice from the Federal Aviation Administration, pursuant to section 44718 of title 49, United States Code, of the Blue Canyon I Repower wind energy project near Elgin, Oklahoma. Based on our preliminary review of your wind energy project, we have found that it will have an adverse impact on radar operations conducted by the North American Aerospace Defense Command using the Ft Sill AFF Airport Surveillance Radar and Sheppard AFB Army/Navy Ground Position Navigation Radar if constructed as proposed.

This notice of presumed risk for the wind project, required by section 183a(c) of Title 10, United States Code, requests that you enter discussions with NORAD to identify any feasible and affordable mitigation actions. This notice of presumed risk is a preliminary assessment only. It does not represent a formal objection to the project. Discussions of possible mitigation actions could favorably resolve the identified concerns. Please let us know within 30 days from receipt of this letter if you are willing to enter mitigation discussions.

As also required by section 183a(c), DoW is providing a copy of this letter to the Oklahoma Governor's office and requesting any comments the Governor believes of relevance to the application.

If you agree to enter mitigation discussions, the Clearinghouse will task NORAD to establish a mitigation response team and will provide you the contact information for the primary NORAD point of contact. I can be reached at [robbin.e.beard.civ@mail.mil](mailto:robbin.e.beard.civ@mail.mil).

Sincerely,

A handwritten signature in blue ink that reads "Robbin E. Beard".

Robbin E. Beard  
Executive Director  
Military Aviation and Installation  
Assurance Siting Clearinghouse
