*P1310 U.S./METRIC MEASUREMENTS

Units of measurement and currency, whether U.S. or Canadian, shall be accepted in the measurement or currency authorized by the licensee's base jurisdiction.

Jurisdictions may require their licensees to report in either metric or U.S. measurement.

Tax rates will be converted using the following factors and will be computed to the nearest one-tenth of a cent:

One Liter = 0.2642 gallons

One Gallon = 3.785 liters

One Mile = 1.6093 kilometers

One Kilometer = 0.62137 miles

Please Note:

Effective July 1, 2013, the interest rate for late returns is a variable rate. The rate is based upon the Federal Underpayment Rate plus 2% annually. The rate is effective each year beginning January and the rate will remain in effect through the end of December. For 2013, the rate is 5% or .4167% per month for each month the report is late. It may be possible that late returns are subject to two or more interest rates. Please contact the IFTA Audit Section at 405-521-3246, should you have any questions.
