# Please Read Before Completing Applications

**All applications must be completed and are subject to being denied until all appropriate information is included.**

The following is general information to aid in the filing of your application for apportioned registration.

Use Schedules "A" and "B" when filing renewals or establishing a new account.

Use Schedule "C" when adding and/or deleting equipment or making vehicle weight changes.

Schedule "B" is your Fleet Distance Report for the current year registration.

1. If you have actual mileage in the reporting period place an "A" in the box immediately to the left of the Jurisdiction(s) in which the vehicle(s) have traveled and accrued **actual** distance during the reporting period. Place the actual distance in the box to the right of the Jurisdiction(s).

**Example: If your renewal is between January and September for the 2008 year, you will report distance operated by your fleet from July 1, 2006 through June 30, 2007. Between October and December you will report distance operated by your fleet from July 1, 2007 through June 30, 2008.**

2. If you have not accrued mileage in ANY Jurisdiction(s) during the reporting period, write across the Schedule B in large letters: "OCC & ICC" and your fees will be based on the Average Per Distance Chart for every Jurisdiction.
3. Do not include "Average Per Vehicle" chart distance on the Schedule B if actual distance has been accrued.

For each vehicle on which apportioned registration is sought, the following documentation, when applicable, is needed:

1. Copy of prior registration
2. Proof of ownership
3. Proof of payment of Heavy Vehicle Use Tax (Federal Form 2290 Schedule one)
4. Proof of insurance
  - a. Oklahoma Security Verification formor
  - b. ICC or OCC Authority Number
5. Copy of lease to authorized carrier.

By signing the front of this application, you have indicated that you have read the following and will comply.

In accordance with the International Registration Plan Inc. (IRP) and Oklahoma statutes, it is mandatory that you maintain mileage records supporting the distance traveled in each jurisdiction. These records are to be maintained for a period of five (5) years including your current registration year and shall be produced upon request by the Oklahoma Corporation Commission Transportation Division.
