SB 799 would have allowed an alternate adult to be included in electronic communications between a school employee and a student who is an unaccompanied homeless minor after taking steps to verify the status of the student as unaccompanied.

Status: Vetoed by the Governor.

The veto message states that "[This bill] gives bad actors wide breadth to take advantage of vulnerable youths. . .[it] lets schools replace parents with 'alternate adults'. . . It doesn't go far enough in ensuring that an effort is made to find the student's parents or guardians. It's an erosion of parental rights."

HJR 1035 approves the proposed administrative rules of various agencies, including those submitted by OCCY, to clarify the duties and processes of the FSMDTs and to require the use of the secure database to enter case review information.

Status: Became law without the Governor's signature.
