**OFFICE OF THE CHIEF MEDICAL EXAMINER  
BOARD OF MEDICOLEGAL INVESTIGATIONS**

**BOARD MEETING AGENDA  
REGULAR MEETING**

Thursday, May 6, 2021 2:00 P.M.  
921 N.E. 23<sup>rd</sup> St., Oklahoma City, OK 73105, (405) 239-7141

Mr. Rick Adams, Mr. Glen Huff, Dr. Robert Allen, Dr. Roy Zhang, Dr. Doug Stewart, Mr. Chris Ferguson, Mr. Rocky McElvany, Dr. Eric Harp and Dr. Eric Pfeifer will attend via videoconference

Videoconference link: <https://zoom.us/j/95424617941?pwd=TUs0KytpLzhkNVBhNEZJNG9MSjJMZz09>

Meeting ID: 954 2461 7941 - Passcode: 865278

**We ask that only board Members and Staff use the video camera function.**

Videoconference is in accordance with the Administrative Procedures Act, and the Open Meeting Act as amended by HB 661 and SB 1031. Members of the public body may attend the meeting via videoconference at <https://zoom.us/j/95424617941?pwd=TUs0KytpLzhkNVBhNEZJNG9MSjJMZz09>  
Meeting ID: 954 2461 7941- Passcode: 865278.

An alternative dial in number is +1 312 626 6799 US, Meeting ID: 954 2461 7941, Passcode: 865278.

If the Zoom web connection is lost during the meeting and the connection cannot be re-established within 30 minutes, the meeting will be stopped and reconvened on Friday, May 7, 2021 at 2:00 P.M. using the same Zoom conference website listed above.

The Board may discuss, vote to approve, vote to disapprove, vote to table, change the sequence of any agenda item, or decide not to discuss any item on the agenda.

- I. Roll call
- II. Adoption of minutes from the Regular meeting of April 1, 2021.
- III. Update from the Chief Medical Examiner
  - ◆ Financial update
  - ◆ Priority projects
  - ◆ Legislative update
  - ◆ Review of quality indicators
- IV. Update from Deputy Chief Medical Examiner
  - ◆ Tulsa office updates
- V. New business
- VI. Adjourn

**BOARD OF MEDICOLEGAL INVESTIGATIONS  
REGULAR MEETING**

Board Meeting Minutes from  
Thursday April 1, 2021 at 2:00 p.m.  
921 NE 23<sup>rd</sup> Street, Oklahoma City, OK 73105  
and Via Videoconference

*In conformity with the Oklahoma Open Meeting Act, advance notice of this meeting was transmitted to the Oklahoma Secretary of State on November 17, 2020 at 2:03 P.M. and public notice of this meeting, together with the agenda, was posted in prominent public view on the front door of the Office of the Chief Medical Examiner, 921 NE 23<sup>rd</sup> Street, Oklahoma City, .*

Members present: Mr. Ricky Adams, Mr. Rocky McElvany, Mr. Chris Ferguson, and Dr. Eric Pfeifer.

Members present via videoconference: Dr. Robert Allen, Mr. Glen Huff, Dr. Eric Harp, Dr. Roy Zhang, and Dr. Doug Stewart.

Members absent: None

Others Present: Dr. Joshua Lanter (OCME), John Crittenden (OAG), Kari Learned (OCME), Lori Shively (OCME), Dr. Jesse Kemp, (OCME), Dr. Marc Harrison (OCME), and Tyler Stiles (Oklahoma Funeral Board).

Mr. Adams called the meeting to order at 2:00 p.m. Roll was called and a quorum was established.

Dr. Allen motioned to adopt the minutes as amended from March 4, 2021 meeting. Dr. Stewart seconded the motion. Roll was called and all were in favor.

Mr. Adams announced that he has asked Dr. Pfeifer to provide updates in a briefing packet to the Board for all meetings.

- Update from the Chief Medical Examiner, Dr. Eric Pfeifer

Financial snapshot –

~ Dr. Pfeifer announced that the agency is still in very good financial standing.

Legislative update –

~ SB95 is being heard today. This bill requires the agency to provide to the Child Death Review Board a completed sudden unexplained infant death investigation (SUIDI) form. Dr. Pfeifer expects this bill to pass. Dr. Pfeifer has conveyed to the Legislators the fiscal impact on the agency and received 2 full-time investigators were added to the staff. This is at a cost of approximately \$170K annually for both investigators.

SB354 would authorize out of state transport of dead bodies without a permit. The bill passed out of Committee and Senate and appears to be gaining momentum. The language has changed some to where it is less worrisome for Dr. Pfeifer, however, he still has concerns. Dr. Pfeifer said it may be time for he and Dr. Lanter to go to the Capitol before this bill goes through the House to speak with them and possibly the Governor. Mr. Ferguson asked Dr. Pfeifer to let him know if they need help. He went on to say, there are a couple Representative he knows on the Committee that could be helpful, however, the agency must communicate with them. Mr. Ferguson also mentioned that the District Attorneys Council may be helpful as well.

~ Plans for next year are underway to increase salary for toxicology, investigations and technical staff.

~ We will be in discussions with the State Department of Health (OSDH) regarding assuming the certification of death certificates (DC) on non-jurisdiction cases. This is potentially over 1000 cases per year. Dr. Pfeifer estimates this could potentially be \$200-\$300K per year in additional manpower. Dr. Pfeifer explained that these are cases where, for whatever reason, the physician refuses to sign a DC on their patients. These end up with no one wanting to sign the DC, even though the decedent died of natural causes. This leaves the family waiting on a signed DC and could potentially take months for a resolution. Ultimately, they come back to our agency. This is becoming a more serious issue, consuming manpower hours. Mr. McElvany added; the OSDH will contact the Medical Licensure Board and ask them to intervene on the part of the physician. When the physician chooses not to sign the DC, the family is left without assistance.

Mr. Adams asked Dr. Pfeifer for a brief written report from each department (toxicology, investigations, technical staff, etc.) providing updates and general information from these areas. He would like to see this in a packet with the financials so they can be reviewed altogether.

Administrative restructuring –

~ Dr. Pfeifer provided a brief history of the Chief Administrative Officer (CAO) position. In 2011 the positions of Public Information Officer (PIO) and Chief Financial Officer (CFO) were consolidated with the CAO position. This change saved the agency approximately \$175K per year and was popular with the Legislature at the time. Since then, we have eliminated the CAO position and the functions have been reassigned to four employees. Financials, purchasing, budget and legislative liaison going to Renee Steward who is our Procurement Officer. Lori Shively is doing all the human resources responsibilities and policy management. Legal, PIO and media correspondence are going to Kari Learned, with Dr. Pfeifer addressing some media requests.

Mr. Ferguson asked if these responsibilities would come with some type of pay increase. Dr. Pfeifer acknowledged that they will, and his intent is to give modest pay increases to all three of the administrative staff that overtake these duties. The elimination of the CAO position will more than cover the increases. He is also looking at giving lesser paid admin staff a slight increase as well.

Priority projects –

~ The Tulsa building should be complete in March or April of next year with occupancy by summer or fall.

~ When the Tulsa building is complete, the agency will concentrate on the National Association of Medical Examiners (NAME) checklist items.

~ Cremation and out of state transport permit turnaround time was much improved in March; with an average of 8 hours & 3 minutes.

~ Dr. Pfeifer would also like to see the agency transition to operating paperless in a few years. He's not sure the agency has support from IT service to accomplish this project. This will go on the backburner for now.

Mr. McElvany told Dr. Pfeifer, when the agency is ready to go paperless, he will provide information on the company the State Health Department used when having old records scanned. Dr. Pfeifer said the agency's old case files have been scanned. What we are looking at is eliminating forms used and maintaining everything within our cases database.

Mr. Huff asked about the recent audit performed on the agency by the Oklahoma State Auditor & Inspector. Dr. Pfeifer responded that he's not heard anything regarding the audit. Mr. Adams added he's not received any feedback as well.

● Update from the Deputy Chief Medical Examiner, Dr. Josh Lanter

~ Dr. Lanter advised the new Tulsa office is still set for completion in March/April 2022. The progress at this point is with wall placement, duct work, plumbing and piping. This is requiring more of Dr. Lanter and other staff's time. Currently there are no issues with purchasing or placement of equipment.

Mr. Adams asked how much lead time is required if someone want to come for a tour. Dr. Lanter responded that the construction company is very accommodating and will provide access. Anytime within the next couple of weeks would be ideal.

Mr. Adams recapped that he would like to have an update with the financial information (revenue status report) provided to the Board prior to each meeting.

Mr. McElvany motioned to adjourn the meeting. Mr. Huff seconded the motion. Roll was call and were in favor. The meeting was adjourned at 2:22 pm.

## OCME Report to the Board of Medicolegal Investigations, May 6, 2021

Eric Pfeifer, MD

### Foreword

The following is a new reporting format that includes key operational components of the practice and quality indicators important to the mission of the OMCE. As time progresses, the data will be displayed in a graphical format to better visualize trends.

### Physicians

Our present fellows are joining the staff this July, bringing the total number of staff physicians then to 14 (two short of need). Two new fellows are joining us in July. We estimated we need 16 staff and 2 fellow physicians (18 total) to meet re-accreditation parameters.

Open cases >90 days (excluding anthropology, 5-3-21): 325

Case completion parameters have been set:

1. All possible pending cases older than today (cases where the body was examined prior to today) finalized by August 2 of this year.
2. >90 of all cases examined on 3,10,2021 and thereafter finalized in less than 90 (ninety) days. Kari to send out a reminder at 70 days.
3. Beginning next January, we will tighten the expectation to finalizing > 90% of cases in 60 (sixty) days. This is the national standard and other busy offices like ours are already doing it.

### Fellowship

Our fellowship program has been granted continued ACGME (American Council of Graduate Medical Education) accreditation for two concurrent fellows. Two new fellows are joining us in July for their one year of subspecialty training in Forensic Pathology. Should they remain as staff we will have 16 staff forensic pathologists.

### Administration

The position of CAO has been dissolved, and the duties of that position have been redistributed to three central office personnel; these people have been given salary adjustments aligned with their new responsibilities. In the coming weeks, adjustments will be made to all administrative staff salaries. There hasn't been a systematic salary adjustment for administrative staff in over 9 years. A position of Medical Secretary, to help out with the fellowship program, etc., has been posted for applicants. The cost of the increases in administration will mostly come from the savings of the dissolved CAO position and will not require additional appropriations.

OMES has apparently dissolved their IT strategist and account executive positions for all state agencies. We were offered by OMES to have an IT manager embedded with the OCME full time, and agreed it would be mission critical, given the IT-intense nature of our practice, to have such a person join us. This individual has been identified and we are in the process of drafting agreements with OMES. The cost to

OCME will be an additional (approximately) \$105,000 per year. We have enough funding to sponsor this person for two years, and will be requesting appropriations next fiscal year to sustain this position.

### **Toxicology**

The toxicology laboratory workload has been increasing every year for at least the last ten years, and they are on track to handle over 6,000 cases this year. They have continuously maintained national accreditation by the ABFT (American Board of Forensic Toxicology).

We have signed a statement of work to have a LIMS (Laboratory Information Management System) installed, costing us approximately \$358,000. This has been a four-year process and the selected system will be compatible with most of our analytical apparatus and also offers advanced data mining capability.

We will be requesting appropriations next fiscal year for an across-the-board salary adjustment for the toxicologists and forensic chemists, as well as new equipment requests. The toxicology leadership have presented us with a detailed report of market data and anticipated needs, and we will be discussing this in detail in the coming weeks as we prepare for the next budget cycle.

Subsequent versions of this report will include toxicology case turnaround time data, which is important to NAME (National Association of Medical Examiners) accreditation. The toxicology lab has consistently been able to process and finalize toxicology cases faster than the physicians are able to complete them.

### **Autopsy Services**

We will be requesting appropriations next fiscal year for an across-the-board salary adjustment for the pathology technicians, and are in the beginning stages of defining a proper increase.

### **Investigations**

Scene response elapsed times (average, April 2021): 1 hr., 22m.

We are using Geosafe on a trial basis to optimize distances between investigators and scenes. This system maps the nearest investigator with a scene. So far this appears to be going well.

We will be requesting appropriations next fiscal year for an across-the-board salary adjustment for the investigators, as well as new equipment requests. The investigative leadership have presented us with a detailed report of market data and anticipated needs, and we will be discussing this in detail in the coming weeks as we prepare for the next budget cycle.

Permit turnaround times (average, April 2021): 9 hr., 12 m.

### **Legislative Issues**

SB 354 (no permits for out-of-state transport from counties neighboring other states): ON HOLD.

SB 95 (SUDI reporting to CDRB within 48 hours.): SIGNED BY GOVERNOR

HB2009 - ARNPs sign DCs: PASSED HOUSE AND SENATE

**Priority Projects**

1. Re-accreditation by the National Association of Medical Examiners; anticipated by 2023.
2. Completion of the Tulsa practice site building; this is anticipated by April 2022.
3. Completion of death certificates in non-jurisdictional cases: we are organizing a meeting with the health department, medical licensure board, and the Oklahoma Medical Association to discuss possible solutions for this issue.
4. Credit card payments option for permits.

**Financial**

See “Financial Snapshot” to be presented at Board meeting as separate agenda item.

**END**
