TITLE 450. DEPARTMENT OF MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES
CHAPTER 18. STANDARDS AND CRITERIA FOR SUBSTANCE RELATED AND ADDICTIVE DISORDER TREATMENT SERVICES

SUBCHAPTER 1. GENERAL PROVISIONS

450:18-1-1. Purpose

This chapter sets forth the standards and criteria used in the certification of facilities and organizations providing treatment services for consumers with substance-related and addictive disorders and implements 43A O.S. §§ 3-403, 3-415, 3-416, 3-417, 3-417.1, 3-601, 3-602 and 3-603. The rules regarding the certification processes, including, but not limited to, the application process, fees, and administrative sanctions are found in OAC 450:1, Subchapters 5 and 9. Rules outlining general certification qualifications applicable to facilities and organizations certified under this Chapter are found in OAC 450:1-9-5 through OAC ~~450:1-9-5.3~~450:1-9-5.6.

450:18-1-2. Definitions

The following words or terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Abuse" means the causing or permitting of harm or threatened harm to the health, safety, or welfare of a consumer by a staff responsible for the consumer's health, safety, or welfare, including but not limited to: non-accidental physical injury or mental anguish; sexual abuse; sexual exploitation; use of mechanical restraints without proper authority; the intentional use of excessive or unauthorized force aimed at hurting or injuring the resident; or deprivation of food, clothing, shelter, or healthcare by a staff responsible for providing these services to a consumer.

"Acute intoxication or withdrawal potential" means one dimension to be considered in consumer placement, continued stay, and discharge and is an evaluation of the consumer’s withdrawal patterns and current level of intoxication and potential for withdrawal complications as it impacts level of care decision making.

"Admission" means the acceptance of a consumer by a treatment program to receive services at that program.

"Admission criteria" means those criteria which shall be met for admission of a consumer for services.

"Adult" means any individual eighteen (18) years of age or older.

"ASAM" means the American Society of Addiction Medicine.

"ASAM levels of care" means the different options for treatment as described in the current edition of the ASAM criteria that vary according to the intensity of the services offered. Each treatment option is a level of care.

"ASAM criteria" means the most current edition of the American Society of Addiction Medicine's published criteria for admission to treatment, continued services, and discharge.

"ASAM level 1" means Outpatient Services for adolescents and adults. This level of care typically consists of less than nine (9) hours of services per week for adults or less

than six (6) hours of services per week for adolescents. Services may be delivered in a wide variety of settings.

"ASAM level 3" means residential and inpatient services and encompasses ASAM levels 3.1, 3.3, 3.5 and 3.7.

"ASAM level 3.1" means Clinically Managed Low-Intensity Residential Services for adolescents and adults. This level of care typically provides at least five (5) hours of clinical services a week and provides a twenty-four (24) hour living support and structure with trained personnel. The corresponding service description for this level of care is Halfway House Services.

"ASAM level 3.3" means Clinically Managed Population-Specific High-Intensity Residential Services. This level of care is for adults only and typically offers twenty-four (24) hour care with trained personnel and is designed to accommodate individuals with cognitive or other impairments, including co-occurring disorders. The corresponding service description for this level of care is Residential Treatment for Adults with Co-Occurring Disorders.

"ASAM level 3.5" means Clinically Managed Medium-Intensity Residential Services for adolescents and Clinically Managed High-Intensity Residential Services for adults. This level of care provides twenty-four (24) hour care and offers a wide range of therapeutic services. The corresponding service descriptions for this level of care are Residential Treatment and Intensive Residential Treatment.

"ASAM level 3.7" means Medically Monitored High-Intensity Inpatient Services for adolescents and Medically Monitored Intensive Inpatient Withdrawal Management for adults. This level of care provides twenty-four (24) hour nursing care with physician supervision and medication availability. This level of care is appropriate for individuals withdrawing from alcohol or other drugs with subacute biomedical and emotional, behavioral, or cognitive problems severe enough to require inpatient treatment but for whom hospitalization is not necessary. The corresponding service description for this level of care is Medically Supervised Withdrawal Management.

"Assessment" means those procedures by which a program provides an on-going evaluation process with the consumer as outlined in applicable rules throughout OAC 450 to collect pertinent information needed as prescribed in applicable rules and statutes to determine courses of actions or services to be provided on behalf of the consumer. Assessment may be synonymous with the term evaluation.

"Behavioral health services" means a wide range of diagnostic, therapeutic, and rehabilitative services used in the treatment of mental illness, substance use disorders, and co-occurring disorders.

"Biomedical condition and complications" means one dimension to be considered in placement, continued stay, and discharge and is an evaluation of the consumer's current physical condition and history of medical and physical functioning as it impacts level of care decision making.

"Biopsychsocial assessment" means face-to-face interviews conducted by a Licensed Behavioral Health Professional (LBHP) or Licensure Candidate designed to elicit historical and current information regarding the behaviors, experiences, and support systems of a consumer, and identify the consumer's strengths, needs, abilities, and preferences for the purpose of guiding the consumer's recovery plan.

"Care management" means a type of case management in residential substance use disorder (ASAM Level 3) treatment settings that includes assessment, development of a care plan, and referral and linkage to community supports and community-based or lower level of care services to promote continued recovery after the individual discharges from the treatment facility.

"Case management" means planned referral, linkage, monitoring, support, and advocacy provided in partnership with a consumer to assist that consumer with self-sufficiency and community tenure and take place in the individual's home, in the community, or in the facility, in accordance with a service plan developed with and approved by the consumer and qualified staff.

"Child" or **"Children"** means any individuals under eighteen (18) years of age.

"Client" See "Consumer.

"Community-based Structured Crisis Center" or **"CBSCC"** means a program of non-hospital emergency services for mental health and substance use disorder crisis stabilization as authorized by 43A O.S. §3-317 including, but not limited to, observation, evaluation, emergency treatment, and referral, when necessary, for inpatient psychiatric or substance use disorder treatment services. This service is limited to CMHCs who are certified by the Department of Mental Health and Substance Abuse Services or facilities operated by the Department of Mental of Substance Abuse Services.

~~**"Community information, consultation, and outreach"** means services designed to reach the facility's target population, to promote available services, and to give information on substance-related and addictive disorders, domestic violence, sexual assault, and other related issues to the general public, the target population, or to other agencies serving the target population. These services include presentations to human services agencies, community organizations, and individuals, other than individuals in treatment, and staff. These services may take the form of lecture presentations, films or other visual displays, and discussions in which factual information is disseminated. These presentations may be made by staff or trained volunteers.~~

"Community mental health center" or **"CMHC"** means a facility offering a comprehensive array of community-based mental health services including, but not limited to, inpatient treatment, outpatient treatment, partial hospitalization, emergency care, consultation and education, and certain services at the option of the center including, but not limited to, prescreening, rehabilitation services, pre-care and aftercare, training programs, and research and evaluation.

"Consultation" means the act of providing information or technical assistance to a particular group or individual seeking resolution of specific problems. A documented process of interaction between staff members or between facility staff and unrelated individuals, groups, or agencies for the purpose of problem solving or enhancing their capacities to manage consumers or facilities.

"Consumer" means an individual, adult, adolescent, or child, who has applied for, is receiving or has received evaluation or treatment services from a facility operated or certified by ODMHSAS or with which ODMHSAS contracts and includes all persons referred to in OAC Title 450 as client(s) or patient(s) or resident(s) or a combination thereof.

"Consumer advocacy" means all activities on behalf of the consumer to assist with or facilitate resolution of problems in the acquisition of resources or services needed by the consumer.

"Consumer record" means the collection of written information about a consumer's evaluation or treatment that includes the admission data, evaluation, treatment or service plan, description of treatment or services provided, continuing care plan, and discharge information on an individual consumer.

"Continuing care" means providing a specific period of structured therapeutic involvement designed to enhance, facilitate, and promote transition from a current level of services to support ongoing recovery.

"Contract" means a document adopted by the governing authority of a treatment facility and any other organization, facility, or individual, which specifies services, personnel, or space to be provided by the program, as well as the monies to be expended in exchange.

"Co-occurring disorder" (COD) means any combination of mental health symptoms and substance use disorder symptoms or diagnoses that affect a consumer and are typically determined by the current Diagnostic and Statistical Manual of Mental Disorders.

"Co-occurring disorder capability" means the organized capacity within any type of program to routinely screen, identify, assess, and provide properly matched interventions to consumer's with co-occurring disorders.

"Correctional institution" means any penal or correctional facility, jail, reformatory, detention center, work farm, halfway house, or residential community program operated by, or under contract to, the United States, a state, a territory, a political subdivision of a state or territory, or an Indian tribe, for the confinement or rehabilitation of persons charged with or convicted of a criminal offense, or other persons held in lawful custody. Other persons held in lawful custody include juvenile offenders adjudicated delinquent, aliens detained awaiting deportation, persons committed to mental institutions through the criminal justice system, witnesses, or others awaiting charges or trial. Programs which are providing treatment services within a correctional facility may be exempt from certain services described in this chapter which cannot be provided due to circumstance.

"Crisis Diversion" means an unanticipated, unscheduled situation requiring supportive assistance, face-to-face or telephone, to resolve immediate problems before they become overwhelming and severely impair the individual's ability to function or maintain in the community.

"Crisis intervention" means actions taken and services provided to address emergency psychological, physiological, and safety aspects of alcohol, drug-related, and mental health crises.

"Cultural competency" means the ability to recognize, respect, and address the unique needs, worth, thoughts, communications, actions, customs, beliefs, and values that reflect an individual's racial, ethnic, religious, sexual orientation, and/or social group.

"Day school" means the provision of therapeutic and accredited academic services on a regularly scheduled basis.

"Department" or **"ODMHSAS"** means the Oklahoma Department of Mental Health and Substance Abuse Services.

"Detoxification" means the process of eliminating the toxic effects of drugs and alcohol from the body. Supervised detoxification methods include social detoxification

and medical monitoring or medical management and are intended to avoid withdrawal complications.

"DHS" or **"OKDHS"** means the Oklahoma Department of Human Services.

"Diagnosis" means the determination of a disorder as defined by current DSM criteria and in accordance with commonly accepted professional practice standards.

"Dietitian" or **"Dietician"** means an individual trained and licensed in the development, monitoring, and maintenance of food and nutrition in accordance with the Oklahoma State Board of Medical Licensure and Supervision.

"Discharge criteria" means individualized measures by which a program and the consumer determine readiness for discharge or transition from services being provided by that facility. These may reference general guidelines as specified in facility policies or procedures and/or in published guidelines including, but not limited to, the current ASAM criteria for individuals with substance use disorders, but should be individualized for each consumer and articulated in terms of consumer behaviors, resolutions of specific problems, and attainment of goals developed in partnership with the participant and the provider.

"Discharge planning" or **"transition planning"** means the process, begun at admission, of determining a consumer's continued need for treatment services and of developing a plan to address ongoing consumer post-treatment and recovery needs. Discharge planning may or may not include a document identified as a discharge plan.

"Discharge summary" means a clinical document in the treatment record summarizing the consumer's progress during treatment, with goals reached, continuing needs, and other pertinent information including documentation of linkage to aftercare.

"DOC" or **"ODOC"** means the Oklahoma Department of Corrections.

"Documentation" means the provision of written, dated, and authenticated evidence to substantiate compliance with standards, e.g., minutes of meetings, memoranda, schedules, notices, logs, records, policies, procedures, and announcements.

"DSM" means the most current edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association.

"Education" means the dissemination of relevant information specifically focused on increasing the awareness of the community and the receptivity and sensitivity of the community concerning mental health, substance-related and addictive disorders, or other related problems and services related to the specific focus of treatment.

"Emergency services" means a twenty-four (24) hour capability for assessment, intervention, and resolution of a consumer's crisis or emergency provided in response to unanticipated, unscheduled emergencies requiring prompt intervention to resolve immediate, overwhelming problems that severely impair the individual's ability to function or remain in the community and may include placement of the individual in a protective environment, withdrawal management, individual and group consultation, and medical assessment.

"Emotional, behavioral or cognitive conditions and complications" means one dimension to be considered in consumer placement, continued stay, and discharge and is an evaluation of the consumer's historical and current emotional, behavioral, or cognitive status including the presence and severity of any diagnosed mental illnesses, as well as, the level of anxiety, depression, impulsivity, guilt, and behavior that

accompanies or follows these emotional states and historical information, as it impacts on level of care decision making.

"Evaluation" See "Assessment."

"Evidence based practice" means programs or practices that are supported by research methodology and have produced consistently positive patterns of results when replicated within the intent of the published guidance.

"Executive director" means the person hired by the governing authority to direct all the activities of the organization; may be used synonymously with administrative director, administrator, chief executive officer, and director.

"Face-To-Face" for the purposes of the delivery of behavioral health care, means a face-to-face physical contact and in-person encounter between the health care provider and the consumer, including the initial visit. The use of telemedicine shall be considered a face-to-face encounter.

"Facilities" or **"facility"** means entities as described in Title 43A O.S. § 1-103(7), community mental health centers, residential mental health facilities, community-based structured crisis centers, certified services for the alcohol and drug dependent, programs of assertive community treatment, eating disorder treatment, gambling disorder treatment, and narcotic treatment programs.

"Family" means the parents, brothers, sisters, other relatives, foster parents, guardians, and others who perform the roles and functions of family members in the lives of consumers.

"Follow-up" means the organized method of systematically determining the status of consumers after they have been discharged to determine post-treatment outcomes and utilization of post-treatment referrals.

"Gambling disorder treatment services" means treatment activities for consumers by a gambling treatment professional that include, but are not limited to, the following:

(A) Assessment and diagnostic impression, ongoing;
(B) Treatment planning and revision, as necessary;
(C) Individual, group and family therapy;
(D) Case management;
(E) Psychosocial rehabilitation; and
(E) Discharge planning.

"Goals" means broad general statements of purpose or intent that indicates the general effect the facility or service is intended to have.

"Guardian" means an individual who has been given the legal authority for managing the affairs of another individual.

"Medical withdrawal management" means diagnostic and treatment services performed by licensed facilities for acute alcohol or drug intoxication, delirium tremens, and physical and neurological complications resulting from acute intoxication. Medical withdrawal management includes the services of a physician and attendant medical personnel including nurses, interns, and emergency room personnel, the administration of a medical examination and a medical history, the use of an emergency room and emergency medical equipment if warranted, a general diet of three meals each day, the administration of appropriate laboratory tests, and supervision by properly trained personnel until the person is no longer medically incapacitated by the effects of alcohol or drugs. [43 A O.S. § 3-403(5)] It is an organized service delivered by medical and nursing professionals that provides for twenty-four (24)-hour medically directed evaluation and withdrawal management in an acute care inpatient setting. Services are delivered under a defined set of physician-approved policies and physician-managed procedures or medical protocols. Corresponding ASAM Service Level: Level 4-WM, Medically Managed Intensive Inpatient Withdrawal Management.

"Medical services" means the administration of medical procedures by a physician, registered nurse, nurse practitioner, physician's assistant, or dentist and in accordance with a documented treatment plan and medical supervision available to provide the consumer with the service necessitated by the prevalent problem identified and includes physical examinations, withdrawal management from alcohol or drugs, methadone maintenance, dental services, or pharmacy services, etc.

"Medically supervised withdrawal management" means withdrawal management outside of a medical setting, directed by a physician who has attendant medical personnel including nurses for intoxicated consumers, and consumer's withdrawing from alcohol and other drugs, presenting with no apparent medical or neurological symptoms as a result of their use of substances that would require hospitalization as determined by an examining physician. Corresponding ASAM Service Level: Level 3.7-WM, Medically Monitored Inpatient Withdrawal Management. Withdrawal management is intended to stabilize and prepare consumers in accessing treatment.

"Medication" means any prescription or over-the-counter drug that is taken orally, injected, inserted, applied topically, or otherwise administered by staff or self-administered by the consumer for the appropriate treatment or prevention of medical or psychiatric issues.

"Medication assisted treatment" means the use of medications, in combination with counseling and behavioral therapies, to provide a whole patient approach to the treatment of substance use disorders.

"Medication-self administration" means the consumers administer their own medication to themselves, or their children, with staff observation.

"Neglect" means:

(A) the failure of staff to provide adequate food, clothing, shelter, medical care or supervision which includes, but is not limited to, lack of appropriate supervision that results in harm to a consumer;

(B) the failure of staff to provide special care made necessary by the physical or mental condition of the consumer;
(C) the knowing failure of staff to provide protection for a consumer who is unable to protect his or her own interest; or
(D) staff knowingly causing or permitting harm or threatened harm through action or inaction that has resulted or may result in physical or mental injury.

"Non-medical withdrawal management" means withdrawal management services for intoxicated consumers and consumers withdrawing from alcohol or other drugs presenting with no apparent medical or neurological symptoms as a result of their use of substances. Corresponding ASAM Service Level: Level 3.2-WM, Clinically managed Residential Withdrawal Management Withdrawal management is intended to stabilize and prepare consumers in accessing treatment.

"Objectives" means a specific statement of planned accomplishments or results that are specific, measurable, attainable, realistic, and time-limited.

"ODMHSAS" means the Oklahoma Department of Mental Health and Substance Abuse Services.

"Oklahoma Administrative Code" or **"OAC"** means the publication authorized by 75 O.S. § 256 known as The Oklahoma Administrative Code or, prior to its publication, the compilation of codified rules authorized by 75 O.S. § 256(A)(1)(a) and maintained in the Office of Administrative Rules.

"OSDH" means the Oklahoma State Department of Health.

"Outpatient services" means an organized, nonresidential treatment service in regularly scheduled sessions intended for individuals not requiring a more intensive level of care or those who require continuing services following more intensive treatment regimens. For substance use disorder treatment services, the corresponding ASAM Treatment Level is Level I, Outpatient Treatment.

~~**"Outreach"** means the process of reaching into a community systematically for the purposes of identifying persons in need of services, alerting persons and their families to the availability of services, locating needed services, and enabling persons to enter into and accept the service delivery system.~~

"**Peer Recovery Support Specialist**" or "**PRSS**" means an individual who meets the qualifications and is certified as a PRSS pursuant to OAC 450:53.

"Performance Improvement" or **"PI"** means an approach to the continuous study and improvement of the processes of providing health care services to meet the needs of consumers and others. Synonyms, and near synonyms, include continuous quality improvement, continuous improvement, organization-wide quality improvement, and total quality management.

"Personnel record" means a chart or file containing the employment history and actions relevant to individual employee or volunteer activities within an organization and may contain application, evaluation, salary data, job description, citations, credentials, etc.

"PICIS" is a comprehensive management information system based on national standards for mental health and substance abuse databases. It is a repository of diverse data elements that provide information about organizational concepts, staffing patterns, consumer profiles, program or treatment focus, and many other topics of interest to clinicians, administrators, and consumers. It includes unique identifiers for agencies,

staff, and consumers that provide the ability to monitor the course of consumer services throughout the statewide ODMHSAS network. PICIS collects data from hospitals, community mental health centers, substance abuse agencies, community residential mental health facilities, prevention programs, and centers for the homeless which are operated or funded in part by ODMHSAS.

"Play therapy" means a form of action therapy that uses, but is not limited to, sand play, fairy tales, art and puppetry to encourage communication in children who have inadequate or immature verbalization skills or who verbalize excessively due to defensiveness.

"Policy" means statements of facility intent, strategy, principle, or rules in the provision of services; a course of action leading to the effective and ethical provision of services.

"Prevention" means the assessment, development, and implementation of strategies designed to prevent the adverse effects of mental illness, substance use disorders, addiction, and trauma.

"Procedures" means the written methods by which policies are implemented.

"Process" means information about what a program is implementing and the extent to which the program is being implemented as planned.

"Program" means a structured set of activities designed and structured to achieve specific objectives relative to the needs of the consumers or patients.

"Progress notes" means a chronological written description of services provided to a consumer, resident, client, or patient that documents, utilizing acceptable documentation practices, the consumer's response related to the intervention plan or services provided.

"Psychiatrist" means a licensed physician who specializes in the assessment and treatment of individuals having psychiatric disorders and who is fully licensed to practice medicine in the state in which he or she practices and is certified in psychiatry by the American Board of Psychiatry and Neurology or has equivalent training or experience.

"Psychotherapy" or **"Therapy"** means a goal directed process using generally accepted clinical approaches provided face-to-face by a Licensed Behavioral Health Professional (LBHP) or Licensure Candidate with consumers in individual, group, or family settings to promote positive, emotional, or behavioral change.

"Readiness to change" means one dimension to be considered in consumer placement, continued stay, and transition and is an evaluation of the consumer's current emotional and cognitive awareness of the need to change, coupled with a commitment to change.

"Recovery" means an ongoing process of discovery and/or rediscovery that must be self-defined, individualized, and may contain some, if not all, of the fundamental components of recovery as outlined by the Substance Abuse and Mental Health Services Administration (SAMHSA).

"Recovery/living environment" means one dimension to be considered in consumer placement, continued stay, and discharge and is an evaluation of the consumer's current recovery environment, current relationships, degree of support for recovery, current housing, employment situation, availability of alternatives, and historical information as it impacts on level of care decision making.

"Registered nurse" means an individual who is a graduate of an approved school of nursing and is licensed in the State of Oklahoma to practice as a registered nurse.

"Rehabilitation services" means face-to-face individual or group services provided by qualified staff to develop skills necessary to perform activities of daily living and successful integration into community life. Rehabilitation services for substance use disorders are also referred to as skill development services.

"Relapse" means the process which may result in the return to the use of substances after a period of abstinence.

"Relapse potential, continued use, or continued problem potential" means one dimension to be considered in consumer placement, continued stay, and discharge and is an evaluation of the consumer's attitudes, knowledge, and coping skills, as well as the likelihood that the consumer will relapse from a previously achieved and maintained abstinence and/or stable and healthy mental health function. If an individual has not yet achieved abstinence and/or stable and healthy mental health function, this dimension assesses the likelihood that the individual will continue to use alcohol or other drugs and/or continue to have mental health problems.

"Residential treatment-substance abuse" means treatment for a consumer in a live-in setting which provides a regimen consisting of twenty-four (24) treatment hours per week. This level of care should correspond with the ASAM Service Level: Level 3.5, Clinically managed High-Intensity Residential Services.

"Residential treatment for persons with children-substance abuse" means a residential treatment facility that includes services for the recovering person's children who will reside with him or her in the residential facility. Corresponding ASAM Service Level (Parent Only): Level 3.5 Clinically Managed High-Intensity Residential Services.

"Screening" means the process to determine whether the person seeking assistance needs further comprehensive assessment.

"Service plan" or **"Treatment plan"** means the document used during the process by which a LBHP or a Licensure Candidate and the consumer together and jointly identify and rank problems, establish agreed-upon immediate short-term and long-term goals, and decide on the treatment process and resources to be utilized.

"Service Provider" means a person who is allowed to provide treatment services within the regulation and scope of their certification level or license.

"Significant others" means those individuals who are, or have been, significantly involved in the life of the consumer.

"Socialization" means all activities, which encourage interaction and the development of communication, interpersonal, social, and recreational skills and can include consumer education.

"Substance-related and addictive disorders" means a substance-related disorder involving problems related to the use of ten distinct classes of drugs: alcohol; caffeine; cannabis; hallucinogens; inhalants; opioids; sedatives, hypnotics and anxiolytics; stimulants; tobacco; and other (unknown) substances. Substance-related disorders fall into one of two categories, substance use disorders and substance induced disorders. A substance use disorder is a cluster of cognitive, behavioral and physiological symptoms indicating the consumer continues using the substance(s) despite significant substance-related problems. A substance-induced disorder is a reversible substance-specific syndrome due to the recent ingestion of a substance. Addictive disorders involve

repetitive clusters of behaviors that activate reward systems similar to those activated by drugs and create behavioral symptoms comparable to those produced by substance use disorders such as compulsive gambling.

"Substance use disorder treatment services" means the coordination of treatment activities for consumers by service provider that includes, but is not limited to, the following:

(A) Screening, diagnostic impression, and assessment.

(B) Treatment planning and revision, as necessary.

(C) Continuing care review to assure continuing stay and discharge criteria are met.

(D) Case management services.

(E) Reports and record keeping of consumer related data.

(F) Consultation that facilitates necessary communication in regard to consumers.

(G) Discharge planning that assists consumers in developing continuing care plans and facilitates transition into post-treatment recovery.

(H) Individual, group, and family therapy.

(I) Rehabilitation services.

(J) Peer recovery support services.

(K) Crisis intervention services.

"Substance-use disorders" means alcohol or drug dependence or psychoactive substance use disorder as defined by current DSM criteria or by other standardized and widely accepted criteria.

"**Substance withdrawal**" means a state of being in which a group of symptoms of variable clustering and degree of severity occur on cessation or reduction of use of a psychoactive substance that has been taken repeatedly, usually for a prolonged period and/or in high doses. The syndrome may be accompanied by signs of physiological disturbance. Onset and course of the withdrawal state are time-limited and are related to the type of substance and the dose being used immediately before abstinence.

"Supportive services" refers to assistance with the development of problem-solving and decision making skills to maintain or achieve optimal functioning within the community and can include consumer education.

"Therapeutic hour(s)" means the amount of time in which the consumer is engaged with a service provider identifying, addressing, and/or resolving issues that are related to the consumer's treatment plan.

"Tobacco" means any nicotine delivery product or device that is not approved by the U.S. Food and Drug Administration (FDA) for the purpose of nicotine dependence treatment, including, but not limited to cigarettes, cigars, snuff, chewing tobacco, electronic cigarettes and vaping devices.

"Trauma informed capability" means the capacity for a facility and all its programs to recognize and respond accordingly to the presence of the effects of past and current traumatic experiences in the lives of its consumers.

"Treatment" means the broad range of emergency, inpatient, intermediate and outpatient services and care including diagnostic evaluation, medical, psychiatric, psychological and social service care, vocational rehabilitation, and career counseling. [43A O.S. § 3-403(11)].

"Treatment hours – residential" means the structured hours in which a consumer is involved in receiving professional services to assist in achieving recovery.

"Treatment session-outpatient" means each face-to-face contact with a consumer in a therapeutic setting whether individually or in a group.

"Volunteer" means any person who is not on the program's payroll, but provides services and fulfills a defined role within the program and includes interns and practicum students.

"Wellness" means the condition of good physical, mental, and emotional health, especially when maintained by an appropriate diet, exercise, and other lifestyle modifications.

"**Withdrawal Management**" means the process of eliminating the toxic effects of substances from the body. Withdrawal management methods include social detoxification and medical monitoring or medical management and are intended to avoid withdrawal complications.

SUBCHAPTER 5. ORGANIZATIONAL AND FACILITY MANAGEMENT

450:18-5-3.2 Standards for food service

The following shall be applicable to all residential facilities and to any outpatient facilities which provide an on-premise meal service.

(1) Storage, preparation, dishwashing, and serving of food and ice shall be in compliance with the requirements of the OSDH regulations governing public feeding establishments.

~~(2) Dishwashing may be accomplished by either mechanical dishwashers or by approved manual methods. If mechanical dishwashers are used, the final rinse shall be in clear water of 180 degrees Fahrenheit, or in compliance with the OSDH regulations. Manual procedures, if used, shall follow a written procedure which outlines the steps followed, temperature of cleaning and rinsing solutions, detergents and chemicals used, etc., and shall be specifically approved by the local or OSDH.~~

~~(3) Equipment used in the preparation and handling of food shall bear the seal of or document compliance with the National Sanitation Foundation (NSF) or equivalent, or with OSDH standards or other appropriate regulatory body.~~

~~(4) Ice used in contact with food or drink shall come from a source approved by the OSDH. Transportation, storage, handling, and dispensing shall be in a sanitary manner approved by the OSDH.~~

(2) Each facility shall have an annual inspection completed by the OSDH free from any pending violations.

450:18-5-10. Community information, consultation, outreach, and street outreach [REVOKED]

~~(a) Each facility shall, as a regular part of consumer-based planning and services provision, provide the community with information, consultation, and outreach services to aid in reaching and attracting its specified target populations. These outreach efforts shall be conducted by staff members or program approved volunteers.~~

~~(b) These services shall be designed to:~~

~~(1) Reach and attract the facility's target population;~~
~~(2) Provide information on substance use disorders and related issues to the public; and~~
~~(3) Provide information to the public regarding the facility's services.~~

~~(c) These services include, but are not limited to, presentations or outreach efforts to community groups, organizations, and individuals.~~

~~(d) Written documentation of all community information, consultation, and outreach services shall be maintained and shall include the following:~~
~~(1) Names of persons or organizations receiving the services;~~
~~(2) Names of persons providing the service;~~
~~(3) Number of persons attending;~~
~~(4) Locations at which the services were provided;~~
~~(5) Date services were provided; and~~
~~(6) Description of the services provided.~~

~~(e) Facilities providing street outreach services shall have written policies and procedures describing the processes for systematically reaching a community for the purpose of identifying persons in need of services, alerting persons and their families to the availability of services, locating needed services, and enabling persons to enter and accept the treatment services system.~~

~~(f) Compliance with 450:18-5-10 may be determined by a review of facility policy and procedures, documentation of community information, consultation, and outreach services, PICIS documentation and reports, and any other supporting facility documentation.~~

SUBCHAPTER 7. FACILITY CLINICAL RECORDS

PART 1. RECORD SYSTEM

450:18-7-1. Purpose. [REVOKED]

~~All facilities providing services in one or more levels of care shall document and maintain records as described in Subchapter 7.~~

450:18-7-2. Consumer records, basic requirements [REVOKED]

~~(a) Consumer records shall be developed and maintained to ensure that all appropriate individuals have access to relevant clinical and other information regarding the consumer. The consumer record shall communicate information in a manner that is organized, clear, complete, current, and legible. Consumer records shall contain, if applicable, the following:~~
~~(1) Entries in consumer records shall be legible, signed with first name or initial and last name of the person making the entry;~~
~~(2) The consumer shall be identified by name on each page of the consumer record and each screen of an electronic record;~~
~~(3) A signed consent for treatment shall be obtained before any person can be admitted into treatment at a facility, unless the admission was on an involuntary basis;~~

~~(4) A signed consent for follow-up, referral and payment for subsequent services shall be obtained before any contact after discharge can be made;~~
~~(5) An admission assessment;~~
~~(6) A biopsychsocial assessment. Those facilities providing Medically Supervised Withdrawal Management or Non-Medical Withdrawal Management are exempt from this requirement;~~
~~(7) Service plans. Those facilities providing Medically Supervised Withdrawal Management or Non-Medical Withdrawal Management are exempt from 450:18-7-81 and 450:18-7-83;~~
~~(8) Progress notes;~~
~~(9) A continuing care plan;~~
~~(10) Consultation reports;~~
~~(11) Psychological or psychometric testing;~~
~~(12) Records and reports from other entities;~~
~~(13) Medication records; and~~
~~(14) A discharge summary.~~

~~(b) Compliance with 450:18-7-2 may be determined by a review of policies and procedures, treatment records, performance improvement guidelines, interviews with staff, and other facility documentation.~~

450:18-7-4. Consumer record storage, retention, and disposition [REVOKED]

~~(a) Each facility shall have written policies and procedures which:~~
~~(1) Limits access to consumer records to persons with a need to know.~~
~~(2) Requires consumer records be maintained in locked equipment which is kept within a locked room, vehicle, or premise.~~
~~(3) With regard to closed consumer records, requires:~~
~~(A) Confidential storage under lock and secure measures;~~
~~(B) A stated period of retention; and~~
~~(C) Records disposition and destruction under confidential conditions.~~

~~(b) EXCEPTION: With regard to 450:18-7-4(a)(3)(B), facilities operated by ODMHSAS shall comply with the provisions of the Records Disposition Schedule for said facility as approved by the Oklahoma Archives and Records Commission [67 O.S. § 305 and OAC 60:1-1-2].~~

~~(c) Compliance with 450:18-7-4(a) and, if applicable, 450:18-7-4(b) may be determined by a review of facility policies and procedures, and any other supporting facility documentation.~~

PART 3. SCREENING AND ASSESSMENT

450:18-7-21. Clinical record content, screening and assessment

(a) All facilities shall complete a face-to-face screening with each individual to determine appropriateness of further assessment.

(b) The facility shall maintain written screening policies and procedures that, at a minimum include: (1) how the screening is to be conducted; (2) that the screening conducted is an integrated screening to identify both immediate and ongoing needs, which includes screening for whether the consumer is a risk to self or others, including

suicide risk factors; and (3) how the consumer is assisted with admission for services, and/or with accessing other appropriate services.

(c) All facilities shall assess each consumer for appropriateness of admission to the treatment program. Each presenting consumer for substance use disorder treatment shall be assessed~~, according to ASAM criteria, which includes a list of symptoms for all six dimensions and each level of care~~ to determine a clinically appropriate placement in the least restrictive level of care.~~ The ODMHSAS designated ASAM Service Level instrument must be completed to determine clinically appropriate residential/inpatient level of care (ASAM Level 3) treatment placement prior to admission into the treatment facility.~~ Facilities must ensure that a consumer's refusal of a particular service does not preclude the consumer from accessing other needed mental health or substance-related or addictive disorder treatment services. Should the service provider determine the consumer's needs cannot be met within the facility, clinical assessments and referrals for the consumer shall be documented.

(d) Any consumer seeking admission to inpatient or residential services, including medically-supervised withdrawal management, while under the influence or undergoing withdrawal of alcohol or drugs, shall be assessed prior to admission for medical needs. The written criteria to be used for medical needs assessment of persons under the influence or undergoing withdrawal of alcohol or drugs, and the protocols for determining when physician review of the assessment is needed, shall be approved by the facility's consulting physician.

~~(e) Upon determination of appropriate admission, consumer assessment demographic information shall contain, but not be limited to, the following:~~

- ~~(1) Date of initial contact requesting services;~~
- ~~(2) Date of the screening and/or assessment;~~
- ~~(3) Consumer's name;~~
- ~~(4) Gender;~~
- ~~(5) Birthdate;~~
- ~~(6) Home address;~~
- ~~(7) Telephone number;~~
- ~~(8) Referral source;~~
- ~~(9) Reason for referral;~~
- ~~(10) Significant other to be notified in case of emergency; and~~
- ~~(11) PICIS data core content, if the facility reports on PICIS.~~

(f) Compliance with 450:18-7-21 may be determined by a review of the following:

- (1) Policies and procedures;
- (2) Intake protocols;
- (3) assessment instruments;
- (4) Treatment records;
- (5) Interviews with staff and consumers; and
- (6) Other facility documentation.

450:18-7-23. Biopsychsocial assessment

(a) All programs shall complete a biopsychsocial assessment~~ using the Addiction Severity Index (ASI) for adults or the Teen Addiction Severity Index (T-ASI) for adolescents, which~~that gathers sufficient information to assist the consumer in developing

an individualized service plan and utilizes standardized tools such as the Addiction Severity Index (ASI) for adults or the Teen Addiction Severity Index (T-ASI) for adolescents. The assessment must also list the client's past and current psychiatric medications, if applicable. The assessment must be completed by a Licensed Behavioral Health Professional (LBHP) or Licensure Candidate. Licensure candidate signatures must be co-signed by a fully-licensed LBHP in good standing.

(b) Compliance with 450:18-7-23 may be determined by a review of the following:

(1) Policy and procedures;
(2) Biopsychsocial assessment instruments;
(3) Consumer records;
(4) Case management assessments;
(5) Interviews with staff and consumers; and
(6) Other facility documentation.

450:18-7-24. Biopsychsocial assessment, time frame [REVOKED]

~~(a) The assessment shall be completed during the admission process and within specific timelines established by the facility but no later than the following time frames:~~

~~(1) Residential services: The assessment shall be completed during the admission process, not to exceed forty-eight (48) hours after admission procedures are initiated;~~
~~(2) Halfway house services: The assessment shall be completed during the admission process, not to exceed forty-eight (48) hours after admission procedures are initiated;~~
~~(3) Intensive outpatient services: The assessment shall be completed by the fourth visit;~~
~~(4) Outpatient services: The assessment shall be completed by the end of the fourth visit.~~

~~(b) In the event of a consumer re-admission after one (1) year of the last biopsychsocial assessment, a new biopsychsocial assessment shall be completed. If readmission occurs within one (1) year after the last biopsychsocial assessment, an update shall be completed.~~

~~(c) Compliance with 450:18-7-24 may be determined by a review of the following:~~

~~(1) Policies and procedures;~~
~~(2) Biopsychsocial assessment instruments;~~
~~(3) Treatment records;~~
~~(4) Case management assessments;~~
~~(5) Interviews with staff and consumers; and~~
~~(6) Other facility documentation.~~

450:18-7-25. Biopsychsocial assessments of children accompanying a parent into treatment [REVOKED]

~~(a) All programs shall document biopsychsocial assessments for the parent and for children accompanying their parent into treatment who are receiving services from the facility:~~

~~(1) Assessments of children (including infants) accompanying their parent into treatment (residential or halfway house levels of care) who are receiving services from the facility shall include the following items in addition to the requirements in 450:18-7-23 :~~

~~(A) parent-child relationship;~~
~~(B) physical and psychological development;~~
~~(C) educational needs;~~
~~(D) parent related issues; and~~
~~(E) family issues related to the child.~~

~~(2) Assessments of the parent bringing their children into treatment (residential or halfway house levels of care) shall include the following items, in addition to the requirements of 450:18-7-23:~~
~~(A) parenting skills (especially in consideration of the child's issues);~~
~~(B) knowledge of age appropriate behaviors;~~
~~(C) parental coping skills;~~
~~(D) personal issues related to parenting; and~~
~~(E) family issues as related to the child.~~

~~(b) Compliance with 450:18-7-25 may be determined by a review of the following:~~
~~(1) Policy and procedure;~~
~~(2) Biopsychsocial assessment instruments;~~
~~(3) Treatment records;~~
~~(4) Case management assessments;~~
~~(5) Interviews with staff and consumers; and~~
~~(6) Other facility documentation~~.

450:18-7-26. Biopsychsocial assessments of children accompanying a parent into treatment, time frame [REVOKED]

~~(a) The assessment shall be completed as soon as possible after admission and within specific timelines established by the facility but no later than:~~
~~(1) Residential: The assessment shall be completed during the admission process, not to exceed forty-eight (48) hours after admission procedures are initiated;~~
~~(2) Halfway house: The assessment shall be completed during the admission process, not to exceed forty-eight (48) hours after admission procedures are initiated.~~

~~(b) In the event of a consumer readmission within one (1) year of the last biopsychsocial assessment, a photocopy of the latest biopsychsocial assessment and a biopsychsocial update will suffice.~~

~~(c) Compliance with 450:18-7-26 may be determined by a review of the following:~~
~~(1) Policies and procedures;~~
~~(2) Biopsychsocial assessment instruments;~~
~~(3) Treatment records;~~
~~(4) Case management assessments;~~
~~(5) Interviews with staff and consumers; and~~
~~(6) Other facility documentation.~~

PART 7. CASE MANAGEMENT

450:18-7-61. Case management services

(a) Case management efforts shall empower consumers to access and use needed services and meet self-determined goals. These services include resource skills

development and consumer advocacy provided in various settings based on consumer need.

(b) As allowed per Title 43A O.S. Section 3-318, case management services shall be offered to all adults and children who have substance-related disorders, and to their family members, if applicable, to ensure access to needed services.

(c) Case management shall be co-occurring disorder capable.

(d) Case management services shall be planned referral, linkage, monitoring and support, and advocacy assistance provided in partnership with a consumer to support that consumer in self sufficiency and community tenure. Activities include:

(1) Completion of strengths based assessment for the purpose of individual plan of care development;~~, which shall include evidence that the following were evaluated:~~

~~(A) Consumer's level of functioning within the community;~~

~~(B) Consumer's job skills and potential; and/or educational needs;~~

~~(C) Consumer strengths and resources;~~

~~(D) Consumer's financial needs;~~

~~(E) Consumer's legal needs;~~

~~(F) Consumer's present living situation and support system;~~

~~(G) Consumer's use of substances and orientation to changes related to substance use;~~

~~(H) Consumer's medical and health status;~~

~~(I) Consumer's needs or problems which interfere with the ability to successfully function in the community; and~~

~~(J) Consumer's goals.~~

(2) Development of case management care plan which can be reflected as a part of the comprehensive service plan;

(3) Referral, linkage and advocacy to assist with gaining access to appropriate community resources;

(4) Contacts with other individuals and organizations that influence the recipient's relationship with the community, i.e., family members, law enforcement personnel, landlords, etc.;

(5) Monitoring and support related to the individual plan of care to reassess goals and objectives and assess progress and or barriers to progress;

(6) Follow-up contact with the consumer if they miss any scheduled appointments (including physician/medication, therapy, rehabilitation, or other supportive service appointments as delineated on the service plan); and

(7) Crisis diversion (unanticipated, unscheduled situation requiring supportive assistance, face-to-face or telephone, to resolve immediate problems before they become overwhelming and severely impair the individual's ability to function or maintain in the community) to assist consumer(s) from progression to a higher level of care.

(e) Compliance with 450:18-7-61 shall be determined by on-site observation and a review of the clinical records and written policies and procedures.

450:18-7-63. Case management services for consumers admitted to higher levels of care

(a) Case managers from the outpatient facilities to which the consumer will be discharged shall assist the consumer and withdrawal management/residential/halfway house facility, psychiatric inpatient unit, and/or CBSCC, with discharge planning for consumer returning to the community.~~, pursuant to appropriately signed releases and adherence to applicable privacy provisions:~~
(b) Consumers discharging from a withdrawal management/residential/halfway house facility shall be offered case management and other supportive services. This shall occur as soon as possible, but shall be offered no later than one (1) week post-discharge.
(c) Compliance with 450:18-7-63 shall be determined by a review of the clinical records; staff interviews; and information from ODMHSAS withdrawal management/residential/halfway house facilities, operated psychiatric inpatient unit, and CBSCC facilities.

PART 9. SERVICE PLANNING

450:18-7-81. Service Plan

(a) A service plan shall be completed for each adult and child consumer, including dependent children receiving services from a residential or halfway house facility. The service plan is performed with the active participation of the consumer and a support person or advocate, if requested by the consumer. In the case of children under the age of sixteen (16), it is performed with the participation of the parent or guardian, if allowed by law, and the child as age and developmentally appropriate. The service plan shall provide the formation of measurable service objectives and reflect ongoing changes in goals and objectives based upon consumer's progress or preference or the identification of new needs, challenges, and problems. The service plan shall be completed by a LBHP or Licensure Candidate.
(b) The service plan is developed after and based on information obtained in the assessment and includes the evaluation of the assessment information by the clinician and the consumer.
(c) The service plan must have an overall general focus on recovery which, for adults, may include goals like employment, independent living, volunteer work, or training, and for children, may include areas like school and educational concerns and assisting the family in caring for the child in the least restrictive level of care.
~~(d) Comprehensive service plan contents shall address the following:~~
~~(1) Consumer strengths, needs, abilities, and preferences;~~
~~(2) Identified presenting challenges, needs, and diagnosis;~~
~~(3) Goals for treatment with specific, measurable, attainable, realistic, and time-limited objectives;~~
~~(4) Type and frequency of services to be provided;~~
~~(5) Description of consumer's involvement in, and response to, the service plan;~~
~~(6) The service provider who will be rendering the services identified in the service plan; and~~
~~(7) Discharge criteria that are individualized for each consumer and beyond that which may be stated in the ASAM criteria.~~
~~(e) Service plan updates shall address the following:~~
~~(1) Progress on previous service plan goals and/or objectives;~~

~~(2) A statement documenting a review of the current service plan and an explanation if no changes are to be made to the service plan;~~

~~(3) Change in goals and/or objectives based upon consumer's progress or identification of new needs and challenges;~~

~~(4) Change in frequency and/or type of services provided;~~

~~(5) Change in staff who will be responsible for providing services on the plan; and~~

~~(6) Change in discharge criteria.~~

~~(f)~~(d) Service plan updates should occur at a minimum of every six (6) months during which outpatient services are provided. Service plan updates shall occur at a minimum of once every thirty (30) days during which services are provided for levels of care with ASAM Level 3 (residential and inpatient services).

~~(g)~~(e) Service plans, both comprehensive and update, must include dated signatures for the consumer (if over age 14), the parent/guardian (if under age sixteen (16) and allowed by law), and the LBHP or Licensure Candidate. Licensure candidate signatures must be co-signed by a fully-licensed LBHP in good standing. Signatures must be obtained after the service plan is completed.

~~(h)~~(f) Compliance with 450:18-7-81 shall be determined by a review of the clinical records, interviews with staff and consumers, and other facility documentation.

450:18-7-82. Comprehensive Service plans, time frames [REVOKED]

~~(a) Comprehensive service plans shall be completed according to the time frames outlined by the facility, but no later than:~~

~~(1) Residential services, four (4) days;~~

~~(2) Halfway house services, four (4) days;~~

~~(3) Intensive outpatient services, sixth (6th) visit;~~

~~(4) Outpatient services, sixth (6th) visit.~~

~~(b) Compliance with 450:18-7-82 may be determined by a review of the following:~~

~~(1) Policies and procedures;~~

~~(2) Treatment protocols;~~

~~(3) Clinical services manuals;~~

~~(4) Service plan forms;~~

~~(5) Consumer records;~~

~~(6) Interviews with staff and consumers; and~~

~~(7) Other facility documentation.~~

PART 11. PROGRESS NOTES

450:18-7-101. Progress notes

(a) Progress notes shall chronologically describe the services provided by date and, for timed treatment sessions, time of service, the consumer's response to the services provided, and the consumer's progress in treatment.

~~(b) Progress notes, unless defined otherwise by level of care, shall address the following:~~

~~(1) date;~~

~~(2) consumer's name;~~

~~(3) start and stop time for each timed treatment session or service;~~

~~(4) signature of the service provider;~~
~~(5) credentials of the service provider;~~
~~(6) specific service plan needs, goals and/or objectives addressed;~~
~~(7) services provided to address needs, goals, and/or objectives;~~
~~(8) progress or barriers to progress made in treatment as it relates to the goals and/or objectives;~~
~~(9) consumer (and family, when applicable) response to the session or service provided; and~~
~~(10) any new needs, goals and/or objectives identified during the session or service.~~

(b) Progress notes must include the consumer's name, be signed by the service provider, and include the service provider's credentials.

(c) Outpatient staff must document each visit or transaction, except for assessment completion or service plan development, including missed appointments.

(d) Compliance with 450:18-7-101 may be determined by a review of the following:
(1) Policies and procedures;
(2) Consumer records;
(3) Progress notes;
(4) Interviews with staff; and
(5) Other facility documentation.

PART 13. DISCHARGE PLANNING

450:18-7-121. Discharge assessment

(a) All facilities shall assess each consumer for appropriateness of discharge from a treatment program. ~~Each consumer shall be assessed using ASAM criteria that includes a list of symptoms for all six dimensions and each of the levels of care, to determine a clinically appropriate placement in the least restrictive level of care. This organized process involves a professional determination for appropriate placement to a specific level of care based on the consumer's severity of symptoms and current situations.~~

(b) Compliance with 450:18-7-121 may be determined by a review of the following:
(1) Policies and procedures;
(2) Continuing care plans;
(3) Discharge assessments;
(4) Discharge summaries;
(5) Progress notes;
(6) Consumer records;
(7) Interviews with staff and consumers; and
(8) Other facility documentation.

450:18-7-122. Transition/discharge plan

(a) The facility shall assist the consumer to obtain services that are needed, but not available within the facility, and/or in transitioning from one level of care to another, and/or discharging from a facility. Transition/discharge plans shall be developed with the knowledge and cooperation of the consumer.

(b) A written plan of recommendations and specific referrals for implementation of continuing care services, including medications, shall be prepared for each consumer

~~who meets the ASAM dimensional continued service criteria, in each level of care. The discharge plan is to include, at a minimum, recommendations for continued treatment services and other appropriate community resources. Appointments for outpatient therapy and other services, as applicable, should be scheduled prior to discharge from residential service settings.~~ Development of the transition/discharge plan shall begin no later than two (2) weeks after admission into residential/inpatient level of care (ASAM Level 3) service settings.

~~(c) The consumer's response to the transition/discharge plan shall be noted in the plan or a note shall be made that the consumer was not available and why. In the event of the death of a consumer, a summary statement including this information shall be documented in the record.~~

~~(d)~~(c) The transition/discharge plan shall be included in the discharge summary.

~~(e)~~(d) Compliance with 450:18-7-122 may be determined by a review of the following:

(1) Policies and procedures;
(2) Continuing care plans;
(3) Discharge assessments;
(4) Discharge summaries;
(5) Progress notes;
(6) Consumer records;
(7) Interviews with staff and consumers; and
(8) Other facility information.

SUBCHAPTER 9. SERVICES SUPPORT AND ENHANCEMENT [REVOKED]

PART 1. STAFF SUPPORT [REVOKED]

450:18-9-1. Purpose [REVOKED]

~~The purpose of this subchapter is to set forth the rules regarding required components which support and enhance treatment services.~~

SUBCHAPTER 13. SUBSTANCE USE DISORDER TREATMENT SERVICES

PART 3. OUTPATIENT SERVICES, ASAM LEVEL 1

450:18-13-2. HIV/STD/AIDS education, testing and counseling services

(a) Every facility shall provide or refer for Human Immunodeficiency Virus (HIV), Sexually Transmitted Diseases (STD), and Acquired Immunodeficiency Syndrome (AIDS) education, training, and counseling services for drug dependent persons, and every facility shall:

(1) Provide or refer for educational sessions regarding HIV/STD/AIDS) to consumers and the significant other(s) of the consumer;
(2) Provide or refer all drug dependent persons, and their identified significant others for HIV/STD/AIDS testing and counseling;
(3) Provide documentation of services described in (1) and (2) above, including refusal

of these services; and

(4) Maintain all test results in the confidential manner prescribed by applicable state or federal statutes or regulations.

(b) Compliance with 450:18-13-2 shall be determined by a review of the following: written policies and procedures; consumer records; and other supporting facility records and documentation.

450:18-13-21. Outpatient services

(a) Outpatient services shall be organized non-residential services with scheduled treatment sessions that accommodate employed and parenting consumers' schedules and offer treatment services during the day, evening, or weekends. Services shall be designed to provide a variety of professional diagnostic and primary substance-related and/or addictive disorder treatment services for consumers their families, and significant others, whose emotional and physical statuses allows them to function in their usual environments.

(b) The program shall maintain written programmatic descriptions and operational methods that address the following:

(1) Environment:

(A) The facility shall be publicly accessible and accommodate office space, individual and group space, secure record storage, protect consumer confidentiality, and provide a safe, welcoming, culturally, and age appropriate environment.

(B) Hours of operation shall be during regularly scheduled times in which services are accessible to consumers and the general public, including those employed between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.

(C) For facilities that do not provide twenty-four (24) hour services, the facilities' hours of operation shall be conspicuously displayed on the outside of the building. For facilities in multi-office buildings, the hours shall be posted either on the building directory or the facility's office door.

(2) Support system:

(A) The facility shall maintain written policies and procedures for handling medical emergencies and an emergency medical number shall be posted for use by staff; and

(B) The facility shall have available specialized professional consultation or professional supervision.

(3) Staff:

(A) The facility shall maintain documentation that service providers are knowledgeable regarding biopsychsocial dimensions of substance-related and addictive disorders, evidenced based practices, cultural, age, and gender specific issues, and co-occurring disorder issues.

~~(B) Staff shall be, at least, eighteen (18) years of age.~~

~~(C)~~(B) The facility shall document in personnel records all education, training, and experience stated above prior to service providers providing direct care services.

(4) Treatment services:

(A) Substance-related and addictive disorders treatment services shall be provided to assess and address the individual needs of each consumer. These services

shall include, but not be limited to, therapy, rehabilitation services, ~~educational group,~~ case management services, and crisis intervention~~;~~:

(i) **Therapy**. Therapy, including individual, family, and group therapy, must be provided by a Licensed Behavioral Health Professional (LBHP) or Licensure Candidate who must use and document a generally accepted clinical approach to treatment such as cognitive behavioral treatment, narrative therapy, solution focused brief therapy or another widely accepted theoretical framework for treatment. The therapy must be goal directed utilizing techniques appropriate to the individual consumer's service plan and the consumer's developmental and cognitive abilities.

(ii) **Rehabilitation services**. Rehabilitation services must be provided by a LBHP, Licensure Candidate, or Certified Alcohol and Drug Counselor (CADC) or Certified Behavioral Health Case Manager II (CM II). These services include educational and supportive services regarding independent living, self-care, social skills regarding development, lifestyle changes and recovery principles and practices (including relapse prevention). Services provided typically take the form of curriculum based education and skills practice, and should be goal specific in accordance with an individualized service plan.

(iii) **Peer Recovery Support Services.** Peer recovery support services must be provided by Peer Recovery Support Specialists. Services shall be provided in accordance with OAC 450:18-13-221.

(iv) **Case Management**. Case management must be provided by a LBHP, Licensure Candidate, CADC, CM II or CM I as clinically indicated. These services include planned referral, linkage, monitoring, support, and advocacy provided in partnership with a consumer to assist that consumer with self-sufficiency and community tenure.

(v) **Crisis Intervention**. Crisis intervention services must be provided by a LBHP or Licensure Candidate. Crisis intervention services are provided as needed for the purpose of responding to acute behavioral or emotional dysfunction as evidenced by psychotic, suicidal, homicidal severe psychiatric distress, and/or imminent danger of substance relapse. The crisis situation including the symptoms exhibited and the resulting intervention or recommendations must be clearly documented in the consumer's record.

(B) Frequency of services shall be determined by mutual agreement between the service provider and the consumer;~~ and~~

(C) When appropriate, and with the consumer’s consent in accordance with state and federal laws, guidelines, and standards, the treatment program coordinates with other treatment providers that the consumer is currently utilizing~~.~~; and

(D) Documentation shall reflect each consumer received and/or was offered, at minimum, individual, group, and/or family therapy, rehabilitation services, case management services and, if appropriate, crisis intervention services.

(c) Compliance with 450:18-13-21 may be determined by a review of the following:

(1) Policies and procedures;

(2) Licenses;

(3) Treatment protocols;

(4) Personnel records, documentation of professional licensure, certification or

licensure as an alcohol and drug counselor, documentation of professional work experience, ongoing in-service trainings;
(5) Treatment records;
(6) Interviews with staff and consumers; and
(7) Other supporting facility records.

450:18-13-22. Outpatient services, admission criteria [REVOKED]
~~(a) Admission to outpatient services shall be determined according to 450: 18-7-21. These criteria shall be a part of the program's written policy and procedures.~~
~~(b) Compliance with 450:18-13-22 may be determined by a review of the following:~~
~~(1) Policy and procedures;~~
~~(2) Admission protocols;~~
~~(3) Admission assessment instruments;~~
~~(4) Consumer records;~~
~~(5) Interviews with staff and consumers; and~~
~~(6) Other facility documentation.~~

450:18-13-23. Outpatient services, discharge criteria [REVOKED]
~~(a) Programmatic discharge from outpatient services shall be determined according to 450: 18-7-121. These criteria shall be a part of the program's written policy and procedures.~~
~~(b) Compliance with 450:18-3-23 may be determined by a review of the following:~~
~~(1) Policy and procedures;~~
~~(2) Discharge protocol;~~
~~(3) Discharge assessment instruments;~~
~~(4) Continuing care plans;~~
~~(5) Discharge summaries;~~
~~(6) Consumer records;~~
~~(7) Interviews with staff and consumers; and~~
~~(8) Other facility records.~~

PART 7. MEDICALLY SUPERVISED WITHDRAWAL MANAGEMENT, ASAM LEVEL 3.7

450:18-13-62. Medically-supervised withdrawal management, admission criteria [REVOKED]
~~(a) Admission to medically-supervised withdrawal management shall be determined according to 450:18-7-21. These criteria shall be a part of the program's written policies and procedures.~~
~~(b) Compliance with 450:18-13-62 may be determined by a review of the following:~~
~~(1) Policies and procedures;~~
~~(2) Admission assessment instruments;~~
~~(3) Admissions protocols;~~
~~(4) Treatment records;~~
