RE: Bridge Investment Program for I-35 over SH-74 in Purcell

Honorable Secretary Buttigieg:

On behalf of the Purcell Police Department, I am writing to voice our organization's strong support of the Oklahoma Department of Transportation's (ODOT) application for a Bridge Investment Program discretionary grant to assist with the I-35 over SH-74 in Purcell. The adding a full interchange is both necessary and urgent to provide safety and resilience. This project will allow access to I-35 in both directions in the center of Purcell. Currently there is no access to I-35 between mile marker 91 and 95 delaying emergency response time.

The Purcell Police Department strongly supports the I-35 over SH-74 in Purcell project for its vital contribution to the needed infrastructure improvements in a developing community. The proposed project is crucial to safely satisfy all the necessary requirements of the region. We strongly urge your support of full funding for the project. Please feel free to call on us should you have questions or if you require additional information. Thank you for your consideration.

Sincerely,

Chief Bobby Elmore #100
