Date:
May 12th, 2015

Time:
6:00 PM

Place:
Northeast Elementary
School Gym
13650 E. 103rd St.
Owasso, OK 74055

PUBLIC MEETING

The Oklahoma Department of Transportation (ODOT), in cooperation with the Federal Highway Administration (FHWA) is re-evaluating the Environmental Assessment (EA) for the segment of SH-20 between N. 209th E. Avenue (NS-408) and NW Franklin Road (NS-411), known as the Keetonville Hill area, and the bridge over the Verdigris River in Rogers County. An EA for a 24 mile corridor from Collinsville in Tulsa County east to Claremore in Rogers County was completed by ODOT in 2000. The EA resulted in a Finding of No Significant Impact (FONSI) from FHWA. The purpose of the project is to improve safety and mobility of the traffic on SH-20.

As part of our efforts to keep the public informed of this project and involved in the decision process, ODOT has scheduled a public meeting. The meeting will include a presentation about the proposed improvements and why the improvements are needed, the type of improvements proposed, and the expected impacts to motorists and the surrounding community. The purpose of this meeting is to present the proposed design to the public and get input to aid the Department in moving forward with the completion of the detailed environmental studies, design and construction.

Additional information about the project and the upcoming meeting can be obtained from [Kirsten McCullough](#), Environmental Project Manager, Garver (918) 250-5922, or KJMcCullough@GarverUSA.com.

If you require special accommodations for the meeting, please direct your request to [Frank Roesler III](#), ODOT Public Involvement Officer, at 200 NE 21st Street, Oklahoma City, OK 73105, (405) 521-2350 or m-coordinator@odot.org, at least three (3) working days in advance of the meeting date.

WE LOOK FORWARD TO SEEING YOU THERE
