Welcome to
The Oklahoma Department of Transportation Public Meeting for US-69 in Pittsburg County, OK

Kiamichi Technology Center Auditorium
301 Kiamichi Drive
McAlester, OK 74501

November 5th, 2015
6:00 p.m.

DESCRIPTION

The Oklahoma Department of Transportation (ODOT), in cooperation with the Federal Highway Administration (FHWA) is re-evaluating the Environmental Assessment (EA) for a segment of US-69 in the City of McAlester from the US-270 junction south approximately 2 miles to Fourteenth Street, including the Village Road (Kinkead Road) interchange and adjacent frontage roads. An EA for an 11 mile corridor from the Indian Nation Turnpike north to SH-113 was completed by ODOT in 2003. The EA resulted in a Finding of No Significant Impact (FONSI) from FHWA.

As part of our efforts to keep the public informed of this project and involved in the decision process, ODOT has scheduled a public meeting. The meeting will include a presentation about the proposed improvements and why the improvements are needed, the type of improvements proposed, and the expected impacts to motorists and the surrounding community.

PURPOSE

The purpose of this meeting is to present the proposed design and obtain public input to aid ODOT in moving forward with the completion of the environmental studies, design, and construction.

The purpose of the project is to improve the existing facility to a fully controlled access facility.

- GET INVOLVED -

If you have any questions or comments about the Oklahoma Department of Transportation’s proposed projects, please visit our new ODOT website at www.odot.org/publicmeetings to fill out an official comment form, send an e-mail to odot-environment@odot.org, or send a letter to:

OKLAHOMA DEPARTMENT OF TRANSPORTATION
Environmental Programs Division, 200 N.E. 21st St., Oklahoma City, OK 73105, Fax (405) 522-5193

Please provide your comments by November 19, 2015
