NOTES

Open House
November 3, 2016 from 5:00 - 7:00 p.m.
Wellston High School Cafeteria
700 Birch Street | Wellston, OK 74881

Presentation of Proposed Improvements & Solicitation of Public Input

Purpose of Open House
To update the public on the project and present the proposed design for the project including the proposed access modification at SH-66/SH-66B.

Purpose of Project
To improve safety of the existing facility while preserving the intrinsic qualities of the Oklahoma Route 66 Scenic Byway.

Project Background
The Oklahoma Department of Transportation (ODOT), in cooperation with the Federal Highway Administration (FHWA), is proposing to improve SH-66 east of the Oklahoma County line in Lincoln County, Oklahoma.

SH-66 is designated as a National Scenic Byway by the Federal Highway Administration (FHWA) and National Park Service (NPS). This section of SH-66 is a two-lane facility with two 12-foot wide driving lanes and 4-foot wide sod shoulders. The existing road has horizontal and vertical curves that do not meet current safety standards for the posted speed. Also, several intersections within the project extents have inadequate geometry and pose safety concerns. Numerous accidents have occurred at these locations over the last five years.

Project Description
The proposed project will add 8-foot wide paved shoulders, improve inadequate horizontal curves, and correct poor sight lines at intersections with county roads on SH-66. The proposed project will also eliminate the current connection at SH-66B/SH-66, removing that portion of SH-66B west of County Road 332 and Designating County Road 332 as SH-66B north of SH-66.

Lincoln County, OK • JP: 27947(04)
