**VIRTUAL OPEN HOUSE**

Join ODOT's virtual open house to explore the latest updates.

Learn about the environmental study results and the Preferred Alternative (i.e., the Alternative ODOT has selected based on design and public input).

- Web-based format; no in-person meeting
- Available online starting October 29, 2024
- Comments due by November 12, 2024

Be part of the conversation and review the plans today!

**Purpose**

I-35 will be six lanes in the future. This project helps get us ready for widening the bridge.

This project will improve the intersection of I-35 and SH-74. The new interchange will be easier to navigate. ODOT will also improve the connections to smaller local roads.

**Join**

After the public open house ends, project information may be reviewed at [www.odot.org/publicmeetings](http://www.odot.org/publicmeetings).
