24-MTL-0022 Nuclear Gauges Q&A

#	Question Received	Answer
1	there are two 4640B gauges that we do not provide, can we omit these gauges from the solicitation	Please submit your response without those items.
2	Since we would be providing a product and not a service would Humobldt still need to proof of Workers' Compensation Insurance and if not do we need to complete exemption letter?	We understand that only product is being provided, but proof of insurance is still required by the statute.
3	Will bid still be considered if we no quote 4640B or equivalent models?	Same as #1
4	Is this a request for proposal or invitation to bid – what is difference?	An Invitation to bid is awarded to the lowest bid that meets specifications. Request for Proposal is awarded on various evaluation criteria, of which price is only one component of the evaluation.
