

Oklahoma Coordinated Transportation Plans

2026 Regional Meeting Information

Regional coordinated plan meetings are held throughout the year to implement the plans in accordance to FTA requirements. FTA expects that planning participants will have an active role in the development, approval, adoption, and implementation of the plan. Participation in the coordinated planning process is a prerequisite to accessing 5310 funding, and any project an agency wishes to apply for 5310 funds must be an active participant in coordination task force meetings and in the development of the coordinated plan. See the [FTA Circular 9070.1G](#) for planning requirements for public transit and 5310 funded agencies.

Details about the regional meetings are listed below and a link is provided for interested participants to sign up for additional information.
