Dear Mr. Gatz:

This letter serves as the Federal Highway Administration (FHWA) Oklahoma Division's 2023 Consistency Determination, which is an assessment of the consistency of the Oklahoma Department of Transportation's (ODOT) implementation of the Transportation Asset Management Plan (TAMP) with the requirements of 23 U.S.C. 119 and 23 CFR part 515.

FHWA is pleased to inform you that ODOT's 2022-2031 TAMP and its implementation documentation dated June 28, 2024, and revisions provided on July 25, 2024, meets the guidelines for consistency determination and complies with the minimum requirements set forth in 23 CFR 515.13(b).

We commend you and your staff for the broad participation in development and implementation of the TAMP, to achieve and sustain a state of good repair over the life cycle of the assets, and to improve or preserve the condition of the National Highway System (NHS).

Should you have any questions, please contact FHWA Oklahoma Division's Program & Management Analyst, Raghu Kowshik, via phone at 405-254-3338, or by e-mail at raghu.kowshik@dot.gov.

Sincerely,
