Oklahoma City, OK 73105

Dear Director Patterson:

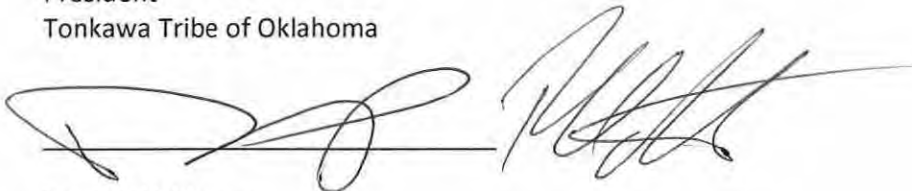

Re: Kay County Interstate 35 corridor bridges

We are pleased to inform you that the Tonkawa Tribe of Oklahoma is in full support of the proposed bridge projects on Interstate 35 in Kay County, Oklahoma. These bridges are listed in ODOT's Eight Year Construction Work Plan under JP# 24432(15).

Infrastructure improvements along this corridor are incredibly important to the Tribe, as they will further enhance our economic development in this largely rural area. Additionally, the completion of these bridge projects will improve our tribal members' access to jobs, health care, and other vital services.

Respectfully,

Russell Martin,
President
Tonkawa Tribe of Oklahoma
