Please review the Oklahoma state rail network map below and identify the bottlenecks, economic development opportunities, and/or Shortline improvements.

Project Identification Discussion
If you had the opportunity, which projects would you fund/build within the following categories?

- **CONGESTION RELIEF**
  - Double track bridges, separate the grade where possible
  - More crossing on and through trains in major interchanges

- **CAPACITY**
  - Increase bridge on and through trains
  - Upgrade bridges to 286 OKC to Shawnee

- **CORRIDOR STUDIES**
  - Continue studying the construction of a new highspeed rail alignment between Tulsa and Oklahoma City

- **ECONOMIC DEVELOPMENT**
  - Welcome to the Oklahoma State Rail Plan update stakeholder meeting!
  - This is the first meeting in a series of two. As a stakeholder, your active involvement will benefit the development process and provide you the opportunity to share your concerns, needs and benefits with other experts from across the state. Ultimately, YOU will help shape the final Oklahoma State Rail Plan.
