

September 29, 2023

The Oklahoma Department of Transportation (ODOT) utilizes both internal and external resources to deliver projects throughout the agency. These services include, but are not limited to:

- Planning
- Preliminary Engineering
- Survey
- Design
- Environmental Permitting
- Public Involvement
- Right-of-Way and Utility coordination

Attached is a report that summarizes the contracts approved by the Oklahoma Transportation Commission from Federal Fiscal Year 2017 to the present (FFY 2017 - FFY 2023). These reports include a summarization of the entire period along with a report of each fiscal year. The reports include the following information:

- Name of the firm
- The number of approved contracts in each timeframe
- The originally approved contract value by the Oklahoma Transportation Commission in each timeframe
- The supplemental value added to contracts approved by the Oklahoma Transportation Commission in each timeframe
- The current total contract value for contracts approved in each timeframe
- The amount of contract value that has been paid on contracts in each timeframe
- The remaining contract balance in each timeframe

Currently, this report is isolated to project specific contracts from the 8 Year Construction Workplan. ODOT intends to expand the report to include on-demand services, County Improvements for Roads and Bridges (CIRB) projects, and all other services the agency contracts.

If you have any questions on this material, please contact Daniel Nguyen at (405) 406-4916.

"The mission of the Oklahoma Department of Transportation is to provide a safe, economical, and effective transportation network for the people, commerce and communities of Oklahoma."

8-Year CWP Contract Totals by Consultant FFY 2017-2023

Total by Consultant	Contract Count	Original Contract Value	Supplement Total	Total Contract Amount	Expended to Date	Contract Balance
