**Disaster loans for Businesses, Private Nonprofits, Homeowners and Renters**

<table>
<thead>
<tr>
<th>Program Name:</th>
<th>SBA Disaster Loan program</th>
</tr>
</thead>
<tbody>
<tr>
<td>Type:</td>
<td>SBA offers federal low-interest disaster loans to businesses of all sizes, most private nonprofit organizations, homeowners and renters to help pay for disaster repair or replacement costs not fully covered by insurance or other compensation.</td>
</tr>
<tr>
<td>Form of Assistance:</td>
<td>For <strong>businesses of any size</strong> and private nonprofit organizations SBA offers loans up to $2 million to repair/replace disaster-damaged or destroyed real estate, machinery, equipment, inventory and other business assets. For <strong>small businesses</strong>, small businesses engaged in aquaculture and most private nonprofit organizations of all sizes SBA offers working capital loans called Economic Injury Disaster Loans (EIDLs) of up to $2 million to help meet disaster caused working needs. EIDL loans are available regardless of whether the business suffered any property damage. The maximum business disaster loan is $2 million for any combination of property damage and working capital. Homeowners may borrow up to $200,000 to repair or replace their primary residence. Homeowners and renters may borrow up to $40,000 to replace personal property.</td>
</tr>
<tr>
<td>Eligible Recipients:</td>
<td>Businesses and residents in a declared disaster area that apply to and are approved by SBA.</td>
</tr>
<tr>
<td>Terms:</td>
<td>Interest rates may be as low as 4% for businesses, about 3% for private nonprofits and about 2% for homeowners and renters and with terms up to 30 years. Interest rates are fixed for the term of the loan. SBA determines loan amounts and terms based on each applicant’s financial condition.</td>
</tr>
<tr>
<td>Application:</td>
<td>Apply online via SBA’s secure website at: <a href="https://disasterloan.sba.gov/ela">https://disasterloan.sba.gov/ela</a>. Apply in person at designated locations in disaster areas and receive personal, one-on-one help from an SBA representative. For additional information or to find a location near you. <td>The Red Cross responds to approximately 70,000 disasters in the United States every year, ranging from home fires that affect a single family to hurricanes that affect tens of thousands, to earthquakes that impact millions. In these events, the Red Cross provides shelter, food, health and mental health services to help families and entire communities get back on their feet. Although the Red Cross is not a government agency, it is an essential part of the response when disaster strikes. We work in partnership with other agencies and organizations that provide services to disaster victims.</td>

**Form of Assistance:**

Founded in 1976, Habitat for Humanity International is an ecumenical, Christian housing ministry that seeks to eliminate inadequate housing from the world and to make decent shelter a matter of conscience and action. Through volunteer labor, management expertise, and tax-deductible donations of money and materials, Habitat builds and rehabilitates homes with the help of the homeowners. Houses are sold at no profit to partner families, and no-interest mortgages are issued over a fixed period. Each family selected to become a Habitat homeowner is required to invest “sweat equity” hours into the construction of its home. Families apply to local Habitat projects.

## The Salvation Army

### Form of Assistance:
While every disaster is unique and creates its own special needs, the core of The Salvation Army's disaster program consists of several basic services: mobile feeding and food service, emotional and spiritual care, disaster social services, donations management, recovery, and training. And while these services address many of the typical needs of a disaster survivor, Salvation Army disaster relief is also flexible.

### Type:
Our services are adapted to the specific needs of individuals and communities and scalable according to the magnitude of the disaster.

### Eligibility:
Contact your local Salvation Army location:
- [salvationarmyoka.org](http://salvationarmyoka.org/)
- [disaster.salvationarmyusa.org](http://disaster.salvationarmyusa.org/)

Housing assistance is available to qualifying survivors through FEMA's Individual Assistance program. Survivors may register with FEMA through August 19. Disaster Assistance is a phone call ((800) 462-7585/TTY: (800) 462-7585), computer mouse click (DisasterAssistance.gov) or smart phone screen tap (m.FEMA.gov) away.

All FEMA disaster assistance will be provided without discrimination on the grounds of race, color, sex, religion, national origin, age, disability, or economic status. If you believe your Civil Rights are being violated, call 800-621-3362 or 800-462-7585 (TTY/TDD).
VA GUIDANCE ON NATURAL DISASTERS

INFORMATION FOR VETERAN BORROWERS

If you have a VA loan and your home was affected by a natural disaster, we encourage you to take the steps listed below to ensure you receive the assistance you need.

(1) Contact FEMA (Federal Emergency Management Agency)

Begin the disaster application process online at www.DisasterAssistance.gov or by calling 800-621-3362. In order to receive the maximum assistance, you must register with FEMA before their deadline expires. Do not pay your loan in full before checking with the Small Business Administration (SBA) regarding a loan for the uninsured portion of your loss. Additional support, including low-interest loans, cash grants, and housing assistance may be available from agencies associated with the disaster recovery effort. For more information, go to www.fema.gov.

(2) Contact Your Mortgage Company

You are responsible for making regular monthly loan payments, even if your home is not habitable, so contact your lender as soon as possible regarding your loss. If you are unable to make payments on time, we encourage you to discuss forbearance or a loan modification. Also have your lender explain procedures for insurance loss checks, repairs to your property, payments to contractors, etc.

If your home was adapted through VA's Specially Adapted Housing program, please contact us at 877-827-3702 because you may have remaining grant funds to help with repairs.

(3) Contact Your Insurance Company

File an insurance claim as soon as possible; however, do not make a hasty settlement on insurance. When the property is damaged but repairable, attempt to get your local engineer's office to inspect your home for structural damage. If possible, get at least two estimates from licensed contractors for cost of repairs or rebuilding. -- Insurance checks for personal property and living expenses should be payable to you only. Checks for damage to your home should be payable to both you and your mortgage company. You may apply to the U.S. Small Business Administration (SBA) for a federal low-interest loan for the uninsured portion of your loss. Applying insurance proceeds to your mortgage may reduce the amount SBA can lend to you. If you have received or expect to receive insurance proceeds for your disaster loss, please contact SBA before you pay down or pay off your mortgage.

(4) Change your Address

If you are receiving a monthly benefit check from VA or another source and you will not be able to receive mail at your regular address, notify your local post office and VA Regional Office (www.vamortgagecenter.com) of your change of address. For information on other VA benefits, call 800-827-1000.

(5) Check Other Sources for Assistance

Contact local offices of the American Legion, Veterans of Foreign Wars, Disabled American Veterans (DAV) or other veterans' organizations to see if special assistance may be available, even to non-members of the organization.

INFORMATION FOR MORTGAGE LENDERS

Lenders must check with FEMA to obtain the specific counties and corresponding declaration dates (www.fema.gov/disasters) along with any amendments to the declaration.

Loan Closed Prior to Disaster. Any loan closed prior to the date of the declared disaster is eligible for VA Guaranty without regard to the disaster. The "Information for Mortgage Servicers" section below applies to these cases.

Properties Appraised Prior to Disaster. If the property was appraised on or before the date of the declared disaster and not closed prior to that date, the following items must be submitted with the VA guaranty request:
(1) Lender Certification

This is to affirm that the property which is security for VA loan number has been inspected to ensure that it was either not damaged in the recently declared disaster or has been restored to its pre-disaster condition or better.

(Lender Signature)  (Lender Title)  (Date)

(2) Veteran Certification

I have inspected the property located and find its condition now to be acceptable to me. I understand that I will not be charged for any disaster-related expenses and now wish to close the loan.

(Veteran Signature)  (Date)

(3) VA Loan Summary Sheet (VA Form 26-0286). The Remarks section of this form must be annotated "Lender and Veteran Disaster Certifications Enclosed." Additionally, if local law requires the property to be inspected and approved by the local building inspection authority, a copy of the appropriate local report(s) must be provided. Neither VA nor the veteran purchaser shall bear the expense of any disaster-related inspection or repairs.

(4) Decline in Value. If there is an indication that the property, despite repairs, will be worth less at the time of loan closing than it was at the time of appraisal, the lender must have the VA appraiser update the original value estimate. The payment of the appraiser’s fee for that service will be a contractual matter between the buyer and seller. If the property value has decreased, the loan amount must be reduced accordingly.

(5) Employment/Income Certification. Lenders must confirm prior to closing that the veteran’s employment and income have not changed since the loan application. If at time of closing the veteran or co-borrower is no longer employed or income has been reduced, this information should be reported to VA or the automatic underwriter, as appropriate, for evaluation prior to closing.

**INFORMATION FOR MORTGAGE SERVICERS**

Mortgage servicers must check with FEMA to obtain the specific counties and corresponding declaration dates (www.fema.gov/disasters) along with any amendments to the declaration.

**Assistance to Homeowners:** VA encourages servicers of guaranteed loans in disaster areas to extend all possible forbearance to borrowers in distress. VA regulations on Prepayments (38 CFR 36.4311), Advances (38 CFR 36.4314), Loan Modifications (38 CFR 36.4315) and Supplemental Loans (38 CFR 36.4359) may be of assistance in appropriate cases. It is the loan holder’s responsibility to counsel borrowers concerning assistance that may be available.

**Moratorium on Foreclosures:** Although the loan holder is ultimately responsible for determining when to initiate foreclosure and complete termination action, VA encourages holders to establish a 90-day moratorium on initiating new foreclosures in the disaster area.

**Insurance Requirements:** VA regulations (38 CFR 36.4329) require that lenders and holders ensure that homes financed with VA-guaranteed loans be sufficiently insured against hazards. Insurance proceeds are to be applied to the restoration of the security or the loan balance. The burden of proof is upon the holder to establish that no increase in VA’s ultimate liability is attributable to failure of the holder to have the property properly insured or properly apply an insurance loss settlement.

Case-specific appraisal origination and servicing issues may be directed to the appropriate VA Regional Loan Center (www.veteranloancenter.com).
Frequently Asked Questions

DISASTER HOUSING ASSISTANCE FOR STORM-IMPACTED SURVIVORS IN OKLAHOMA

Q: I am not certain if I registered with FEMA. How can I tell? And is it too late to apply for FEMA assistance?
A: If you have already registered with FEMA you will have a nine-digit registration number. If you haven’t registered there's still time to apply. The deadline has been extended to Aug. 19, so register as soon as possible.

Q: I registered with FEMA and I am ineligible for disaster assistance. What do I do now?
A: Carefully read the letter you received from FEMA -you may be able to appeal that initial decision by supplying more information about your situation. You can also call 2-1-1 to talk to someone about voluntary agency assistance for housing, including Habitat for Humanity, or one of the other groups mentioned in these FAQs.

Q: I registered with FEMA and I am ineligible for disaster assistance because I have home insurance. My settlement wasn't enough to cover all the damage and I can't move back into my house because it isn't fully repaired. What is my next step?
A: FEMA may be able to cover your uninsured needs. Submit your insurance paperwork and ask for your application to be reconsidered by contacting FEMA at (800) 621-3362. Meanwhile, call 2-1-1 to ask about voluntary agency assistance for housing.
Residents who were referred to SBA by FEMA should apply to SBA, even if they are not sure if they will need or want a loan. Federal low-interest disaster loans from SBA can cover disaster losses not covered by insurance or other compensation. If SBA cannot approve your application, in most cases they refer you to FEMA’s Other Needs Assistance (ONA) program for possible additional assistance.

Q: I registered for FEMA and I'm eligible for disaster assistance, but I didn't get rental assistance. Is there a reason for that?
A: You may have indicated on your initial application that you didn’t want to move from your damaged home. If your situation has changed, call (800) 621-3362 and ask FEMA to reassess your application. You may be eligible for rental assistance.

Q: I registered with FEMA and received rental assistance for two months. But now that has run out. What should I do next?
A: Call FEMA and find out if you are eligible to get additional months of rental assistance. Around two weeks after you got the first rental award, you should have received an application for continued temporary housing in the mail. That paperwork should be completed and returned to FEMA as soon as possible. If you have not received this application, contact FEMA immediately at (800) 621-3362. Oklahoma Disaster assistance may cover up to 18 months of eligible rental assistance for homeowners and renters who need to relocate. Initial rental assistance is paid in two-month increments. Rental recertification runs in 90- and 120-day increments or "cycles." A review is required in each cycle in order for survivors to remain eligible for rental assistance.

Q: I registered with FEMA and received rental assistance but I can't find a place to rent. Any suggestions?
A: FEMA’s Housing Portal [http://asd.fema.gov/inter/hportal/home.htm](http://asd.fema.gov/inter/hportal/home.htm) helps individuals and families displaced by a disaster find a place to live. The portal consolidates rental resources identified and provided by federal agencies, such as the U.S. Department of Housing and Urban Development (HUD), U.S. Department of Agriculture (USDA), U.S. Veterans Administration (VA), private organizations, and the public, to help individuals and families find available rental units in their area.

Some of the voluntary agencies in Oklahoma can also help you find a place to rent. [www.serveok.org/housing](http://www.serveok.org/housing) is one of the websites that are assisting survivors. An online portal on the website matches survivors in need of housing with hotels and private homes that offer available space.
Q: I'm eligible for FEMA rental assistance but don't want to leave my property. What are my options?
A: You can use your Direct Housing Assistance to rent a recreational vehicle to park on your property. Survivors who choose an RV to meet their temporary housing needs are responsible for finding the unit and entering into a rental agreement with the owner of the unit. They are also responsible for obtaining all necessary permits and complying with state and local ordinances and zoning restrictions.

Q: I have received disaster assistance from numerous resources, but still need help with home rebuilding skills. Is there an organization that can help with this?
A: Many voluntary agencies in Oklahoma are available to lend advice and a helping hand to repair homes following the storm damage. Call 2-1-1 for more information on which agencies are available to help you.

Q: I received help with temporary housing but now who do I talk to about permanent housing?
A: The Oklahoma Association of Realtors is working with local municipal boards in disaster-impacted areas to help find permanent housing options for survivors. The organization is sharing the information they collect on a community housing website: www.serveok.org/housing. Assistance is also available by calling (405) 848-9944. The U.S. Small Business Administration (SBA) offers federal low-interest disaster loans to homeowners to repair or replace their disaster-damaged or destroyed primary residence and personal property. SBA also offers disaster loans to renters to repair or replace their disaster-damaged or destroyed personal property. Applicants may apply online via SBA’s secure website at https://disasterloan.sba.gov/ela. Disaster loan information and application forms are also available from SBA’s Customer Service Center by calling (800) 659-2955 or emailing disastercustomerservice@sba.gov. Individuals who are deaf or hard-of-hearing may call (800) 877-8339. For more disaster assistance information, or download applications at http://www.sba.gov/disaster. Voluntary agencies can also help with permanent housing solutions. For instance, two national Habitat for Humanity programs—one for home repairs and one for home replacement—have been tailored to meet the needs of low-income Oklahomans who had their homes destroyed or damaged by the recent disaster. Applications for both programs (in English and Spanish) are available online at http://www.cohfh.org/become-a-homeowner. They can be submitted by mail, fax, or in person at Central Oklahoma Habitat for Humanity, 5005 South F-35 Service Road, Oklahoma City, OK 73129. Office hours are 8 a.m. to 5 p.m., Monday through Friday. For more information call (405) 232-4828.

Q: I live in a rural area. Is there additional disaster assistance in these locations?
A: Oklahoma disaster survivors living in rural areas can apply for U.S. Department of Agriculture (USDA) Single Family Housing (SFH) loans and grants through USDA's Rural Development office in Oklahoma. USDA’s definition of a "rural area" is open country or towns with less than 20,000 people outside of metropolitan statistical areas. Section 504 loans and grants assist low-income Oklahomans in rural areas who already own homes make necessary improvements and repairs to ensure their dwellings are decent, safe and sanitary. Section 504 funds can also be used to repair mobile or manufactured homes. To request an SFH information and application packet, call USDA Rural Development at (800) 670-6553. Callers will be asked to enter OK followed by their zip code to be transferred to their local office. The agency does not accept online applications. For more details, click onto the USDA Oklahoma website: www.rurdev.usda.gov/OKSingleFamilyHousing.html. The phone number for the USDA office in Stillwater, Oklahoma is (405) 742-1000.

Q: I'm a U.S. military veteran living in Oklahoma. Is there any special assistance available to military families?
A: The nonprofit group Operation Home front assists military families during difficult financial times by providing food assistance, auto and home repair, vision care, travel and transportation, moving assistance, essential home items, and financial assistance to disaster-impacted military families. Those who need emergency assistance can call the American Legion's National Emergency Fund. The phone number is (800) 504-4098. Veterans with legal custody of minor children may seek help through the American Legion Temporary Financial Assistance program. The nonprofit group Disabled American Veterans of Oklahoma is helping disaster-impacted veterans. Click Okday.org/category/news/ to learn more.

I applied for assistance. What next?

1. We recommend you create an account online at DisasterAssistance.gov to check the status of your registration, update your insurance and bank information and add or update contact information. You can also view and print correspondence from FEMA.

   You are not required to create an account to apply for FEMA assistance.

   • FAQ: [Creating an online account](#)

2. FEMA will send you a copy of your application, which should arrive either via U.S. mail or, if you elected to receive email correspondence, in your Disaster Assistance Account via email.

   • FEMA will also send you an Applicant's Guide to the Individuals & Households Program to assist you with the process.

3. If you do not have insurance that may pay for the damage, refer to step 5.

4. If you have insurance that may pay for the damage, you must:
   • File your insurance claim
   • Provide FEMA with a decision letter (settlement or denial) from your insurance company

   FEMA will review your submitted documents and will contact you.

   If your damage was caused by flood and you have flood insurance, refer to step 5.

5. An inspector may contact you to schedule a time to review your damages.

   • FAQ: [FEMA Individual Assistance Inspection process](#)

Important Note: If you were referred to the U.S. Small Business Administration (SBA), you must apply to SBA in order to be considered for some types of FEMA assistance.
When can I expect to receive FEMA assistance?

• If you qualify for assistance, FEMA will send you a check by mail or will make a deposit in your bank account (whichever method you chose when you first applied). You will also receive a letter describing the type of assistance for which the money should be used.
• If you do not qualify for assistance, FEMA will send you a letter explaining the reason. The letter will also explain your rights to file an appeal if you disagree with the reason provided by FEMA.

Check the status of my application

If you’ve created an account you can check the status of your application at DisasterAssistance.gov. Call 1-800-621-FEMA (3362). Disaster applicants who have a speech disability or hearing loss and use TTY can call 1-800-462-7585 directly. Those who use 711 or Video Relay Service can call 1-800-621-3362. You can also visit a Disaster Recovery Center.

National Flood Insurance Program
Flood Insurance Requirements for Recipients of Federal Disaster Assistance

FEMA
**Flood Insurance Requirements for Recipients of Federal Disaster Assistance**

When property owners receive financial assistance from the Federal Government following a presidentially declared disaster, they may be required to purchase flood insurance coverage. This requirement is mandated under the National Flood Insurance Reform Act (NFIRA) of 1994. It is imposed when a building has been damaged and is located in an area that is at high risk of flooding. These high-risk areas are called Special Flood Hazard Areas (SFHAs).

The NFIRA requirement applies to insurable buildings and personal property, located in SFHAs that have been damaged by the disaster event. Financial assistance can come in the form of Federal disaster assistance grants or loans.

*If you are a renter* and receive federal financial assistance, flood insurance coverage must be maintained on the contents for as long as you live at the flood-damaged rental property. The requirement for flood insurance is lifted once you move from the building.

*If you receive a Certificate of Flood Insurance from FEMA,* flood insurance has been provided under a Group Flood Insurance Policy following a Presidential disaster declaration. This policy provides minimum building and/or contents coverage in exchange for a small premium.

Group Policies have a term of 3 years, after which you will be required to purchase and maintain a Standard Flood insurance Policy through the National Flood Insurance Program (NFIP) until you are no longer the homeowner or renter at that location. In order to avoid any lapse in coverage, it is important to apply for your new coverage at least 30 days before the expiration of the Group Policy.

You may cancel your participation in the Group Policy at any time during its policy term, provided that you have purchased your own NFIP flood insurance coverage.

*Even without the NFIRA requirement,* it is a wise decision to purchase flood insurance. But, because Federal law mandates the purchase of flood insurance as a condition of disaster funding, an applicant who does not comply with the NFIRA flood insurance obligation may become ineligible for future disaster assistance. *It's that important.*

With all that you are going through, don't let this vital coverage slip through the cracks. Protect yourself and your family from future financial loss by purchasing and maintaining flood insurance coverage.
Cora Brown Fund

CFDA #: 97.031

The purpose of the Cora Brown Fund is to help provide for disaster-related needs that have not or will not be met by governmental agencies or any other organization, which has programs to address such needs. This fact sheet outlines the general categories of assistance that can be provided by the fund and explains the general conditions and limitations of this assistance. Disaster victims need not apply for this assistance. The FEMA Regional Assistant Administrator for Disaster Assistance Directorate, with assistance from other governmental agencies and disaster voluntary agencies, identifies potential recipients. This fund may not be used in a way that is inconsistent with other federally mandated disaster assistance or insurance programs.

BACKGROUND ON CORA BROWN FUND

Cora C. Brown of Kansas City, Missouri, died in 1977 leaving a portion of her estate to the United States to be used as a special fund solely for the relief of human suffering caused by natural disasters. FEMA uses these funds under the authority of Section 701(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Public Law 100-707).

GENERAL CATEGORIES OF ASSISTANCE

- Disaster-related home repair and rebuilding assistance: Money to families for permanent housing purposes, including site acquisition and development, relocation of residences out of hazardous areas, assistance with costs associated with temporary housing or permanent re-housing (e.g., utility deposits, access, transportation, connection of utilities, etc.)

- Disaster-related unmet needs: Money for needs such: health and safety measures; evacuation costs; assistance delineated in the Stafford Act or other Federal, State, local, or volunteer programs; hazard mitigation or floodplain management purposes; and assistance to self-employed persons (with no employees) to re-establish their businesses.

- Other services: Money for services that alleviate human suffering and promote the well-being of disaster victims (e.g., services to the elderly, children, or handicapped persons, such as transportation, recreational programs, provision of special ramps, or hospital or home visiting services). The funds may be provided to individual disaster victims or to benefit a group of disaster victims.
CONDITIONS & LIMITATIONS OF CORA BROWN FUND ASSISTANCE

(1) Presidentially declared major disasters or emergencies. The Cora Brown Fund is for victims of presidentially declared major disasters or emergencies not caused by or attributable to war.

(2) Non-discriminatory. All forms of FEMA assistance are available to any affected household that meets the conditions of eligibility. No Federal entity or official (or their agent) may discriminate against any individual on the basis of race, color, religion, sex, age, national origin, disability, or economic status.

(3) Proper Use of Assistance. All financial assistance provided by FEMA should be used as specified in writing. All money provided by FEMA is tax-free.

(4) Verification. The FEMA Region conducts a verification of the facts of each case.

(5) Duplication of Assistance. Money from this fund will not duplicate assistance for which a person is eligible from other sources.

(6) Flood Insurance Requirements. Any funds for acquisition or construction purposes shall carry a requirement that a flood insurance policy be purchased and maintained in accordance with the National Flood Insurance Program.

HOU-04-2015, May 27, 2015

OKLAHOMA — Victims of the severe storms, tornadoes, straight-line winds and flooding that took place beginning on May 5, 2015 in parts of Oklahoma may qualify for tax relief from the Internal Revenue Service.

Following recent disaster declarations for individual assistance issued by the Federal Emergency Management Agency, the IRS announced today that affected taxpayers in Oklahoma will receive tax relief, and other locations may be added in coming days based on additional damage assessments by FEMA.

The President has declared Adair, Atoka, Beckham, Bryan, Caddo, Canadian, Carter, Cherokee, Choctaw, Cleveland, Coal, Comanche, Cotton, Delaware, Garvin, Grady, Hughes, Jefferson, Johnston, Kiowa, Latimer, Le Flore, Lincoln, Logan, Love, Marshall, Mayes, McClain, McCurtain, McIntosh, Murray, Okfuskee, Oklahoma, Okmulgee, Ottawa, Pittsburg, Pontotoc, Pottawatomie, Pushmataha, Rogers, Seminole, Stephens, Tillman, Tulsa, and Wagoner counties a federal disaster area. Individuals who reside or have a business in these counties may qualify for tax relief.

The declaration permits the IRS to postpone certain deadlines for taxpayers who reside or have a business in the disaster area. For instance, certain deadlines falling on or after May 5, and on or before Aug. 31, have been postponed to Aug. 31, 2015. This includes the May 15 deadline for many tax-exempt organizations to file their annual Form 990. It also includes the June 15 deadline for making quarterly estimated tax payments. A variety of business tax deadlines are also affected including the July 31 deadline for quarterly payroll and excise tax returns.
In addition, the IRS is waiving the failure-to-deposit penalties for employment and excise tax deposits due on or after May 5, as long as the deposits are made by May 20, 2015.

If an affected taxpayer receives a penalty notice from the IRS, the taxpayer should call the telephone number on the notice to have the IRS abate any interest and any late filing or late payment penalties that would otherwise apply. Penalties or interest will be abated only for taxpayers who have an original or extended filing, payment or deposit due date, including an extended filing or payment due date, that falls within the postponement period.

The IRS automatically identifies taxpayers located in the covered disaster area and applies automatic filing and payment relief. But affected taxpayers who reside or have a business located outside the covered disaster area must call the IRS disaster hotline at 866-562-5227 to request this tax relief.

**Covered Disaster Area**

The counties listed above constitute a covered disaster area for purposes of Treas. Reg. § 301.7508A-1(d)(2) and are entitled to the relief detailed below.

**Affected Taxpayers**

Taxpayers considered to be affected taxpayers eligible for the postponement of time to file returns, pay taxes and perform other time-sensitive acts are those taxpayers listed in Treas. Reg. § 301.7508A-1(d)(1), and include individuals who live, and businesses whose principal place of business is located, in the covered disaster area. Taxpayers not in the covered disaster area, but whose records necessary to meet a deadline listed in Treas. Reg. § 301.7508A-1(c) are in the covered disaster area, are also entitled to relief. In addition, all relief workers affiliated with a recognized government or philanthropic organization assisting in the relief activities in the covered disaster area and any individual visiting the covered disaster area which was killed or injured as a result of the disaster are entitled to relief.

**Grant of Relief**

Under section 7508A, the IRS gives affected taxpayers until Aug. 31 to file most tax returns (including individual, corporate, and estate and trust income tax returns; partnership returns, S corporation returns, and trust returns; estate, gift, and generation-skipping transfer tax returns; and employment and certain excise tax returns), or to make tax payments, including estimated tax payments, that have either an original or extended due date occurring on or after May 5 and on or before Aug. 31.

The IRS also gives affected taxpayers until Aug. 31 to perform other time-sensitive actions described in Treas. Reg. § 301.7508A-1(c)(1) and Rev. Proc. 2007-56, 2007-34 I.R.B. 388 (Aug. 20, 2007), that are due to be performed on or after May 5 and on or before Aug. 31.

This relief also includes the filing of Form 5500 series returns, in the manner described in section 8 of Rev. Proc. 2007-56. The relief described in section 17 of Rev. Proc. 2007-56, pertaining to like-kind exchanges of property, also applies to certain taxpayers who are not otherwise affected taxpayers and may include acts required to be performed before or after the period above.
The postponement of time to file and pay does not apply to information returns in the W-2, 1098, 1099 series, or to Forms 1042-S or 8027. Penalties for failure to timely file information returns can be waived under existing procedures for reasonable cause. Likewise, the postponement does not apply to employment and excise tax deposits. The IRS, however, will abate penalties for failure to make timely employment and excise tax deposits due on or after May 5 and on or before May 20 provided the taxpayer makes these deposits by May 20, 2015.

**Casualty Losses**

Affected taxpayers in a federally declared disaster area have the option of claiming disaster-related casualty losses on their federal income tax return for either this year or last year. Claiming the loss on an original or amended return for last year will get the taxpayer an earlier refund, but waiting to claim the loss on this year’s return could result in a greater tax saving, depending on other income factors.

Individuals may deduct personal property losses that are not covered by insurance or other reimbursements. For details, see Form 4684 and its instructions.

Affected taxpayers claiming the disaster loss on last year’s return should put the Disaster Designation “Oklahoma, Severe Storms, Tornadoes, Straight-line Winds and Flooding” at the top of the form so that the IRS can expedite the processing of the refund.

**Other Relief**

The IRS will waive the usual fees and expedite requests for copies of previously filed tax returns for affected taxpayers. Taxpayers should put the assigned Disaster Designation in red ink at the top of Form 4506, Request for Copy of Tax Return, or Form 4506-T, Request for Transcript of Tax Return, as appropriate, and submit it to the IRS.

Affected taxpayers who are contacted by the IRS on a collection or examination matter should explain how the disaster impacts them so that the IRS can provide appropriate consideration to their case.

Taxpayers may download forms and publications from the official IRS website, irs.gov, or order them by calling 800-829-3676. The IRS toll-free number for general tax questions is 800-829-1040.

Economic Injury: February 26, 2016
Whether you rent or own your home, own a business, or a small agricultural cooperative located in a declared disaster area, and are the victim of a disaster, you may be eligible for financial assistance from the U. S. Small Business Administration (SBA).

What Types of Disaster Loans are Available?
- Home Disaster Loans – Loans to homeowners or renters to repair or replace disaster-damaged real estate or personal property owned by the victim. Renters are eligible for their personal property losses, including automobiles.
- Business Physical Disaster Loans – Loans to businesses to repair or replace disaster-damaged property owned by the business, including real estate, inventories, supplies, machinery and equipment. Businesses of any size are eligible. Private, non-profit organizations such as charities, churches, private universities, etc., are also eligible.
- Economic Injury Disaster Loans (EIDL) – Working capital loans to help small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private, non-profit organizations of all sizes meet their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster. These loans are intended to assist through the disaster recovery period.
- EIDL assistance is available only to entities and their owners who cannot provide for their own recovery from non-government sources, as determined by the U.S. Small Business Administration.

What are the Interest Rates?
By law, the interest rates depend on whether each applicant has Credit Available Elsewhere. An applicant does not have Credit Available Elsewhere when SBA determines the applicant does not have sufficient funds or other resources, or the ability to borrow from non-government sources, to provide for its own disaster recovery. An applicant, which SBA determines to have the ability to provide for his or her own recovery is deemed to have Credit Available Elsewhere. Interest rates are fixed for the term of the loan. The interest rates applicable for this disaster are:
No Credit Available Credit Available Elsewhere
Home Loans 1.688% 3.375%
Business Loans 4.000% 6.000%
Non-Profit Organization Loans 2.625% 2.625%
Economic Injury Loans
Businesses and Small Agricultural Cooperatives 4.000% N/A
Non-Profit Organizations 2.625% N/A Date: 07/24/2015
What are Loan Terms?
The law authorizes loan terms up to a maximum of 30 years. However, the law restricts businesses with credit available elsewhere to a maximum 7-year term. SBA sets the installment payment amount and corresponding maturity based upon each borrower’s ability to repay.

What are the Credit Requirements?
- Credit History – Applicants must have a credit history acceptable to SBA.
- Repayment – Applicants must show the ability to repay all loans.
- Collateral – Collateral is required for physical loss loans over $25,000 and all EIDL loans over $25,000. SBA takes real estate as collateral when it is available. SBA will not decline a loan for lack of collateral, but requires you to pledge what is available.

What are the Loan Amount Limits?
- Home Loans – SBA regulations limit home loans to $200,000 for the repair or replacement of real estate and $40,000 to repair or replace personal property. Subject to these maximums, loan amounts cannot exceed the verified uninsured disaster loss.
- Business Loans – The law limits business loans to $2,000,000 for the repair or replacement of real estate, inventories, machinery, equipment and all other physical losses. Subject to this maximum, loan amounts cannot exceed the verified uninsured disaster loss.
- Economic Injury Disaster Loans (EIDL) – The law limits EIDLs to $2,000,000 for alleviating economic injury caused by the disaster. The actual amount of each loan is limited to the economic injury determined by SBA, less business interruption insurance and other recoveries up to the administrative lending limit. SBA also considers potential contributions that are available from the business and/or its owner(s) or affiliates.
- Business Loan Ceiling – The $2,000,000 statutory limit for business loans applies to the combination of physical, economic injury, mitigation and refinancing, and applies to all disaster loans to a business and its affiliates for each disaster. If a business is a major source of employment, SBA has the authority to waive the $2,000,000 statutory limit.

What Restrictions are there on Loan Eligibility?
- Uninsured Losses – Only uninsured or otherwise uncompensated disaster losses are eligible. Any insurance proceeds which are required to be applied against outstanding mortgages are not available to fund disaster repairs and do not reduce loan eligibility. However, any insurance proceeds voluntarily applied to any outstanding mortgages do reduce loan eligibility.
- Ineligible Property – Secondary homes, personal pleasure boats, airplanes, recreational vehicles and similar property are not eligible, unless used for business purposes. Property such as antiques and collections are eligible only to the extent of their functional value. Amounts for landscaping, swimming pools, etc., are limited.
- Noncompliance – Applicants who have not complied with the terms of previous SBA loans are not eligible. This includes borrowers who did not maintain flood and/or hazard insurance on previous SBA or Federally insured loans.

Is There Help with Funding Mitigation Improvements?
If your loan application is approved, you may be eligible for additional funds to cover the cost of improvements that will protect your property against future damage. Examples of improvements include retaining walls, seawalls, sump pumps, etc. Mitigation loan money would be in addition to the amount of the approved loan, but may not exceed 20 percent of total amount of physical loss, as verified by SBA to a maximum of $200,000 for home loans. It is not necessary for the description of improvements and cost estimates to be submitted with the application. SBA approval of the mitigating measures will be required before any loan increase.

Is There Help Available for Refinancing?
- SBA can refinance all or part of prior mortgages that are evidenced by a recorded lien, when the applicant (1) does not have credit available elsewhere, (2) has suffered substantial uncompensated disaster damage (40 percent or more of the value of the property), and (3) intends to repair the damage.
- Homes – Homeowners may be eligible for the refinancing of existing liens or mortgages on homes, in some cases up to the amount of the loan for real estate repair or replacement.
- Businesses – Business owners may be eligible for the refinancing of existing mortgages or liens on real estate, machinery and equipment, in some cases up to the amount of the loan for the repair or replacement of real estate, machinery, and equipment.
What if I Decide to Relocate?
You may use your SBA disaster loan to relocate. The amount of the relocation loan depends on whether you relocate voluntarily or involuntarily. If you are interested in relocation, an SBA representative can provide you with more details on your specific situation.

Are There Insurance Requirements for Loans?
To protect each borrower and the Agency, SBA may require you to obtain and maintain appropriate insurance. By law, borrowers whose damaged or collateral property is located in a special flood hazard area must purchase and maintain flood insurance for the full insurable value of the property for the life of the loan.

Deaf and hard-of-hearing individuals may call (800) 877-8339. Applicants may also apply online using the Electronic Loan Application (ELA) via SBA’s secure Web site at https://disasterloan.sba.gov/ela.

Home and Personal Property Loans
If you are in a declared disaster area and have experienced damage to your home or personal property, you may be eligible for financial assistance from the SBA — even if you do not own a business. As a homeowner, renter and/or personal property owner, you may apply to the SBA for a loan to help you recover from a disaster.

Loan Amounts and Use

Homeowners may apply for up to $200,000 to replace or repair their primary residence. The loans may not be used to upgrade homes or make additions, unless required by local building code.

If you make improvements that help prevent the risk of future property damage caused by a similar disaster, you may be eligible for an increase to your disaster loan of up to 20 percent of the SBA verified loss.

In some cases, SBA can refinance all or part of an existing mortgage when the applicant does not have credit available elsewhere and has suffered substantial disaster damage not covered by insurance.

Renters and homeowners may borrow up to $40,000 to replace or repair personal property — such as clothing, furniture, cars and appliances — damaged or destroyed in a disaster.

Eligibility and Terms

Secondary homes or vacation properties are not eligible for these loans. However, qualified rental properties may be eligible for assistance under the SBA business disaster loan program.

Loan amounts and terms are set by SBA based on each applicant’s financial condition.

SBA disaster home loans for a Presidential declaration of more than $25,000 and for an SBA Agency declaration of more than $14,000 must be secured with collateral to the extent possible. Real estate is commonly used as collateral for an SBA disaster loan.

How to Apply

Apply online using the Electronic Loan Application (ELA) via SBA’s secure website at: https://disasterloan.sba.gov/ela.

Apply in person at any Disaster Recovery Center and receive personal, one-on-one help from an SBA representative. RURAL HOUSING SERVICE

"Applicant Information Sheet" - Single Family Housing

The Rural Housing Service (RHS) provides loans in rural areas to eligible low- and very low-income applicants. The loan may be to purchase existing housing, purchase and repair existing housing, purchase a building site and construct a dwelling, or purchase new housing. Rural areas include open country and places with population of 10,000 or less and, under certain conditions, towns and cities between 10,000 and 35,000 population.

The property must be in good repair or placed in good repair with loan funds and must be energy efficient. Third-party inspections are required for electrical, heating, plumbing, water and wastewater disposal systems, if applicable, and termite inspections. These third-party inspections must be performed by a qualified inspector. The payments for costs associated with the inspections will be agreed upon between the buyer and the seller and should be discussed prior to signing a purchase agreement.

All who apply get equal consideration without regard to race, color, religion, sex, marital status, age, disability, or national origin.

The following documents are attached and may be completed and returned to your local Rural Development office located at the following address:

1. Form RD 410-4, "Uniform Residential Loan Application"
   Please contact the above Rural Development office if you have questions or would like assistance in completing this form.
2. Form RD 3550-1, "Authorization to Release Information"
3. Qualifying income limits
4. Map of eligible rural areas
To determine if you qualify, review these frequently asked questions:

"DOES IT MATTER HOW MANY OTHER BILLS I HAVE TO PAY?"

RHS will look at your monthly obligations and how much you currently owe to others. We'll want to know if paying back the proposed loan on top of your other payments will be difficult for you.

"WHAT IF I THINK MY INCOME IS TOO LOW?"

Having enough income to repay your loan is an important part of getting a loan; however, the RHS loan may be subsidized. A subsidized loan is based on the applicant repaying a percentage of their income toward the housing payment, taxes, and insurance. The percentage is generally 24 percent of the applicant's household income.

"WHAT CAN I DO IF MY INCOME IS TOO LOW?"

The easiest thing you can do is consider a co-applicant to apply with you. RHS will then look at the combined credit histories and income. That can do a lot to improve your chances for approval. If you want a co-borrower, be sure to have the person complete the Co-Applicant section of the application form and sign his or her name next to yours.

"HOW CAN I DETERMINE IF MY INCOME IS ADEQUATE TO REPAY A LOAN?"

The amount of your proposed monthly house payment, real estate taxes, insurance, and other credit debts cannot exceed 41 percent of your gross monthly income. If you have questions regarding how this determination is made, you may contact the local Rural Development Office shown on the front cover.

"CAN I GET A LOAN IF I'M UNEMPLOYED?"

A steady source of income is very important to getting a loan. An applicant must show sufficient resources to repay the housing loan. Not having a job may have an impact on the Agency's decision. Experience has shown that applicants with stable jobs are more likely to repay the loan.

"WILL YOU FIND OUT ABOUT OTHER CREDIT I'VE HAD?"

Yes. Your credit bureau report provides information on your payment history including any difficulty you have had repaying other loans or credit cards. That information will be used to see if you can easily repay the loan.
"HOW CAN I FIND OUT IF I’M ELIGIBLE FOR A LOAN?"

A Rural Development employee is available to discuss eligibility requirements with you on an individual basis by phone or in person during regular office hours. Any interested person may make written application at the local Rural Development office.

"WILL I KNOW RIGHT AWAY IF I QUALIFY FOR A LOAN?"

Rural Development staff can pre-qualify the applicant with unverified information provided by the applicant by phone or in person. However, a final eligibility determination will not be made until a written application is filed, household income is verified, and a mortgage credit report is obtained.

"WILL I NEED TO GET PART OF MY FINANCING FROM ANOTHER SOURCE?"

Applicants who demonstrate the ability to obtain a portion of the needed funds from outside sources (i.e. conventional lenders, housing authorities, etc.) should do so. These loans are referred to as leverage loans. Supplemental funding from outside sources allows applicants to establish relationships with private lenders and helps Rural Development assist more families in buying their own homes. Please note that leveraged loans receive processing priority.

"HOW LONG WILL IT BE BEFORE I CAN MOVE INTO MY NEW HOME?"

Typically, applicant eligibility, loan approval, and loan closing may be accomplished within approximately 90 days of filing of the written application. However, depending on the availability of Government funding, this time-frame may be extended. The applicant is periodically advised regarding the status of his or her application when there is lack of funding.

"HOW MUCH MONEY WILL I NEED FOR A DOWN PAYMENT?"

A down payment is not required. Loans may be made for up to 100 percent of the market (appraised) value. Simply put, this means if the sales price of the property is equal to or less than the appraised value, no down payment is needed.
"DOES THIS MEAN I WON'T NEED ANY CASH TO GET A LOAN?"

Generally, the applicant will need some cash available. There are costs associated with the credit report, appraisal report, escrow, and other related closing costs. The credit report fee is always paid by the applicant. Costs pertaining to the appraisal, escrow, and loan closing may be included in the loan amount. You may also negotiate with the seller to contribute a percentage toward closing costs. Any agreement with the seller should be entered into prior to signing, and documented in the purchase agreement or sales contract.

"DOES THE APPLICANT HAVE OTHER RESPONSIBILITIES?"

Yes. Rural Development staff are available to assist the applicant from the application to loan closing. The applicant is responsible for providing requested information timely. The information may be requested by Rural Development staff, a real estate agent, or a closing agent. Failure to provide information in a timely manner results in delayed decisions and other actions.

"ARE THERE OTHER ELIGIBILITY REQUIREMENTS?"

Yes. The applicant must:

1. Be without decent, safe, and sanitary housing.
2. Be unable to obtain a loan from other resources on terms and conditions that they can reasonably be expected to meet.
3. Possess the legal capacity to incur the loan obligation.

"WHAT ARE THE TERMS OF THE LOAN?"

The maximum repayment period is 33 years and, under certain conditions, 38 years. The maximum repayment period for manufactured homes is 30 years.

"WHERE MAY HOUSES BE LOCATED?"

Houses must be located on desirable sites with an adequate supply of safe drinking water and suitable arrangements for sewage disposal. Streets must have an all-weather surface and be maintained by a public body.

"WHAT ABOUT THE SIZE AND DESIGN OF THE HOME?"

Cost and design vary in different areas of the country. The value of a dwelling may not exceed the Area Loan Limit for the area in which the applicant is requesting financing.
WHO IS RESPONSIBLE FOR INSPECTING THE HOME?

The applicant/borrower is responsible for making inspections necessary to protect their interests. Rural Development (RD) also performs its own inspections for the dual purpose of determining that RD has adequate security for its loan and is achieving the statutory goal of providing adequate housing. Rural Development inspections are not conducted to guarantee that the house is built in accordance with the plans and specifications. RD inspections create or imply no duty or obligation to the applicant/borrower.

"WHERE MAY I APPLY?"

Applications are made at the local Rural Development office serving the area in which the house will be located. Anyone unable to locate Rural Development in the local telephone directory may write to Rural Development, U.S. Department of Agriculture, Washington, DC 20250.

**X. INFORMATION FOR GOVERNMENT MONITORING PURPOSES**

The following information is requested by the Federal Government for certain types of loans related to a dwelling in order to monitor the lender's compliance with equal credit opportunity, fair housing and home mortgage disclosure laws. You are not required to furnish this information, but are encouraged to do so. The law provides that a lender may discriminate neither on the basis of this information, nor on whether you choose to furnish it. If you furnish the information, please provide both ethnicity and race. For race, you may check more than one designation. If you do not furnish ethnicity, race, or sex, under Federal regulations, this lender is required to note the information on the basis of visual observation or surname. If you do not wish to furnish the information, please check the box below. (Lender must review the above material to assure that the disclosures satisfy all requirements to which the lender is subject under applicable state law for the particular type of loan applied for.)

15. Notices to Applicant

Privacy Act. See attached sheet.

Social Security Number. The Debt Collection Act of 1982, Pub. L. 97-365, and 31 U.S.C. 7701(c) require persons applying for a federally insured or guaranteed loan to furnish his or her social security number (SSN). Failure to provide your SSN will result in the rejection of your application.

Right to Request Copy of Appraisal. You have the right to request a copy of the appraisal report used in connection with your application for credit. If you wish a copy, please write us at the address of the Rural Development Field Office where you made application. In your written request, you must provide us with the complete name and address used when making application as well as a current mailing address. We must hear from you no later than 90 days after we notify you about the action taken on your credit application or you withdraw your application. The creditor, Rural Housing Service, may require you to reimburse the Agency for the cost of the appraisal.

Right to Financial Privacy Act of 1978, 12 U.S.C. 3401, et seq. You authorize RHS to have access to financial records held by financial institutions in connection with the consideration or administration of assistance to you. Financial records involving your loan and loan application will be available to RHS without further notice or authorization but will not be disclosed or released by RHS to another Government agency or department without your consent except as required or permitted by law.

Federal collection policies for consumer debts: Delinquencies, defaults, foreclosures and abuses of mortgage loans involving programs of the Federal Government can be costly and detrimental to your credit, now and in the future. The Federal Government, as mortgage lender in this transaction, its agencies, agents and assigns, are authorized to take any and all of the following actions in the event loan payments become delinquent on the mortgage loan covered by this application: (1) Report your name and account information to a credit bureau; (2) Assess additional interest and penalty charges for the period of time that payment is not made; (3) Assess charges to cover additional administrative costs incurred by the Government to service your account; (4) Offset amounts owed to you under other Federal programs; (5) Refer your account to a private attorney, the United States Department of Justice, a collection agency, or mortgage servicing agency to collect the amount due, and foreclose the mortgage, sell the property, and seek judgment against you for any deficiency; (6) If you are a current or retired Federal employee, take action to offset your salary, or civil service retirement benefits; (7) Refer your debt to the Internal Revenue Service for offset against any amount owed to you as an income tax refund; and (8) Report any resulting written-off debt of yours to the Internal Revenue Service as your taxable income. All of these actions can and will be used to recover any debts owed when it is determined to be in the interest of the lender and/or Federal Government to do so.

Unlawful Discrimination. The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA’s TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

The Fair Housing Act prohibits discrimination in real estate-related transactions or in the terms or conditions of such a transaction, because of race, color, religion, sex, disability, familial status, or national origin. If you believe you have been discriminated against for any of these reasons you can write the U.S. Department of Housing and Urban Development, Washington, D.C. 20410 or call (800) 669-9777.

Certification. As the applicant, I certify to the best of my knowledge and belief: (1) I am not presently debarred, suspended, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency; (2) I have not within a three year period preceding this proposal been convicted or had a civil judgment rendered against me for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) transaction or contract under a public transaction; or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statement, or receiving stolen property; (3) I am not a judgment debtor on an outstanding judgment in favor of the United States which was obtained in any Federal court other than the United States Tax Court; and (4) I am not delinquent of any outstanding debt to the Federal Government (including any Federal agency or department).

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, sex, disability, familial status, national origin, marital status, age (provided the borrower has the capacity to enter into a binding contract), because all or a part of the applicant's income derives from any public assistance program, or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. If you believe you were denied a loan for this reason, you should contact the Federal Trade Commission, Washington, DC 20580.
16. I AM unable to provide the housing I need on my own account, and I am unable to secure the credit necessary for this purpose from other sources upon terms and conditions which I can reasonably fulfill. I certify that the statements made by me in this application are true, complete to the best of my knowledge and belief and are made in good faith to obtain a loan.

SECTION 1001 OF TITLE 18, UNITED STATES CODE PROVIDES: "WHOEVER, IN ANY MATTER WITHIN THE JURISDICTION OF ANY DEPARTMENT OR AGENCY OF THE UNITED STATES KNOWINGLY AND WILLFULLY FALSIFIES, CONCEALS OR COVERS UP BY ANY TRICK, SCHEME OR DEVICE A MATERIAL FACT, OR MAKES ANY FALSE, FICTITIOUS OR FRAUDULENT STATEMENTS OR REPRESENTATIONS, OR MAKES OR USES ANY FALSE WRITING OR DOCUMENT KNOWING THE SAME TO CONTAIN ANY FALSE, FICTITIOUS OR FRAUDULENT STATEMENT OR ENTRY, SHALL BE FINED UNDER THIS TITLE OR IMPRISONED NOT MORE THAN FIVE YEARS, OR BOTH."

NOTE TO APPLICANT: IF ANY INFORMATION ON THIS APPLICATION IS FOUND TO BE FALSE OR INCOMPLETE, SUCH FINDING, IN ADDITION TO POSSIBLE LIABILITY UNDER CIVIL AND CRIMINAL STATUS, MAY BE GROUNDS FOR DENIAL FOR THE REQUESTED CREDIT AND MAY BE A BASIS FOR DEBARMENT FROM PARTICIPATION IN ALL FEDERAL PROGRAMS UNDER 7 C.F.R. PART 3017.

1. When a record on its face, or in conjunction with other records, indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule, or order issued pursuant thereto, disclosure may be made to the appropriate agency, whether Federal, foreign, State, local, or tribal, or other public authority responsible for enforcing, investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto, if the information disclosed is relevant to any enforcement, regulatory, investigative, or prosecutive responsibility of the receiving entity.

2. A record from this system of records may be disclosed to a Member of Congress or to a congressional staff member in response to an inquiry of the Congressional office made at the written request of the constituent about whom the record is maintained.

3. Rural Development will provide information from this system to the U.S. Department of the Treasury and to other Federal agencies maintaining debt servicing centers, in connection with overdue debts, in order to participate in the Treasury Offset Program as required by the Debt Collection Improvement Act, Pub. L. 104-134, Section 31001.

4. Disclosure of the name, home address, and information concerning default on loan repayment when the default involves a security interest in tribal allotted or trust land. Pursuant to the Cranston-Gonzales National Affordable Housing Act of 1990 (42 U.S.C. 12701 et seq.), liquidation may be pursued only after offering to transfer the account to an eligible tribal member, the tribe, or the Indian Housing Authority serving the tribe(s).

5. Referral of names, home addresses, social security numbers, and financial information to a collection or servicing contractor, financial institution, or a local, State, or Federal agency, when Rural Development determines such referral is appropriate for servicing or collecting the borrower's account or as provided for in contracts with servicing or collection agencies.

6. It shall be a routine use of the records in this system of records to disclose them in a proceeding before a court or adjudicative body, when: (a) the agency or any component thereof, or (b) any employee of the agency in his or her official capacity, or (c) any employee of the agency in his or her individual capacity where the agency has agreed to represent the employee, or (d) the United States is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation, provided; however, that in each case, the agency determines that disclosure of the records is a use of the information contained in the records that is compatible with the purpose for which the agency collected the records.

7. Referral of names, home address, and financial information for selected borrowers to financial consultants, advisors, lending institutions, packagers, agents and private or commercial credit sources, when Rural Development determines such referral is appropriate to encourage the borrower to refinance the Rural Development indebtedness as required by title V of the Housing Act of 1949, as amended (42 U.S.C. 1471), or to assist the borrower in the sale of the property.

8. Referral of legally enforceable debts to the Department of the Treasury, Internal Revenue Service (IRS), to be offset against any tax refund that may become due the debtor for the tax year in which the referral is made, in accordance with the IRS regulations at 26 C.F.R. 301.6402-6T, Offset of Past Due Legally Enforceable Debt Against Overpayment, and under the authority contained in 31 U.S.C. 3720A.

9. Referral of information regarding indebtedness to the Defense Manpower Data Center, Department of Defense, and the United States Postal Service for the purpose of conducting computer matching programs to identify and locate individuals receiving Federal salary or benefit payments and who are delinquent in their repayment of debts owed to the U.S. Government under certain programs administered by Rural Development in order to collect debts under the provisions of the Debt Collection Act of 1982 (5 U.S.C. 5514) by voluntary repayment, administrative or salary offset procedures, or by collection agencies.

10. Referral of names, home addresses, and financial information to lending institutions when Rural Development determines the individual may be financially capable of qualifying for credit with or without a guarantee.

11. Disclosure of names, home addresses, social security numbers, and financial information to lending institutions that have a lien against the same property as Rural Development for the purpose of the collection of the debt. These loans can be under the direct and guaranteed loan programs.

12. Referral to private attorneys under contract with either Rural Development or with the Department of Justice for the purpose of foreclosure and possession actions and collection of past due accounts, in connection with Rural Development.

13. It shall be a routine use of the records in this system of records to disclose them to the Department of Justice when: (a) The agency or any component thereof, or (b) any employee of the agency in his or her official capacity where the Department of Justice has agreed to represent the employee; or (c) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records.
14. Referral of names, home addresses, social security numbers, and financial information to the Department of Housing and Urban Development (HUD) as a record of location utilized by Federal agencies for an automatic credit prescreening system.

15. Referral of names, home addresses, social security numbers, and financial information to the Department of Labor, State Wage Information Collection Agencies, and other Federal, State, and local agencies, as well as those responsible for verifying information furnished to qualify for Federal benefits, to conduct wage and benefit matching through manual and/or automated means, for the purpose of determining compliance with Federal regulations and appropriate servicing actions against those not entitled to program benefits, including possible recovery of improper benefits.

16. Referral of names, home addresses, and financial information to financial consultants, advisors, or underwriters, when Rural Development determines such referral is appropriate for developing packaging and marketing strategies involving the sale of Rural Development loan assets.

17. Rural Development, in accordance with 31 U.S.C. 3711(e)(5), will provide to consumer reporting agencies or commercial reporting agencies information from this system indicating that an individual is responsible for a claim that is current.

18. Referral of names, home addresses, home telephone numbers, social security numbers, and financial information to escrow agents (which also could include attorneys and title companies) selected by the applicant or borrower for the purpose of closing the loan.

19. Disclosures pursuant to 5 U.S.C. 552a(b)(12): Disclosures may be made from this system to consumer reporting agencies as defined in the Fair Credit Reporting Act (15 U.S.C. 168a(f) or the Federal Claims Collection Act (31U.S.C. 3701(a)(3)).
AUTHORIZATION TO RELEASE INFORMATION

TO: ____________________________

RE: ____________________________
    Account or Other Identifying Number
    ____________________________
    Name of Customer

I, and/or adults in my household, have applied for or obtained a loan or grant from the Rural Housing Service (RHS), part of the Rural Development mission area of the United States Department of Agriculture. As part of this process or in considering my household for interest credit, payment assistance, or other servicing assistance on such loan, RHS may verify information contained in my request for assistance and in other documents required in connection with the request.

I, or another adult in my household, authorize you to provide to RHS for verification purposes the following applicable information:

- Past and present employment or income records.
- Bank account, stock holdings, and any other asset balances.
- Past and present landlord references
- Other consumer credit references.

If the request is for a new loan or grant, I further authorize RHS to order a consumer credit report and verify other credit information.

I understand that under the Right to Financial Privacy Act of 1978, 12 U.S.C. 3401, et seq., RHS is authorized to access my financial records held by financial institutions in connection with the consideration or administration of assistance to me. I also understand that financial records involving my loan and loan application will be available to RHS without further notice or authorization, but will not be disclosed or released by RHS to another Government agency or department or used for another purpose without my consent except as required or permitted by law.

This authorization is valid for the life of the loan.

The recipient of this form may rely on the Government's representation that the loan is still in existence.

The information RHS obtains is only to be used to process my request for a loan or grant, interest credit, payment assistance, or other servicing assistance. I acknowledge that I have received a copy of the Notice to Applicant Regarding Privacy Act Information. I understand that if I have requested interest credit or payment assistance, this authorization to release information will cover any future requests for such assistance and that I will not be re-notified of the Privacy Act information unless the Privacy Act information has changed concerning use of such information.

A copy of this authorization may be accepted as an original.

Your prompt reply is appreciated.

NOTICE TO APPLICANT REGARDING PRIVACY ACT INFORMATION

The information requested on this form is authorized to be collected by the Rural Housing Service (RHS), Rural Business-Cooperative Services (RBS), Rural Utilities Service (RUS) or the Farm Service Agency (FSA) ("the agency") by title V of the Housing Act of 1949, as amended (42 U.S.C. 1471 et seq.) or by the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.), or by other laws administered by RHS, RBS, RUS or FSA.

Disclosure of information requested is voluntary. However, failure to disclose certain items of information requested, including your Social Security Number or Federal Identification Number, may result in a delay in the processing of an application or its rejection. Information provided may be used outside of the agency for the following purposes:

1. When a record on its face, or in conjunction with other records, indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule, or order issued pursuant thereto, disclosure may be made to the appropriate agency, whether Federal, foreign, State, local, or tribal, or other public authority responsible for enforcing, investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto, if the information disclosed is relevant to any enforcement, regulatory, investigative, or prosecutive responsibility of the receiving entity.

2. A record from this system of records may be disclosed to a Member of Congress or to a Congressional staff member in response to an inquiry of the Congressional office made at the written request of the constituent about whom the record is maintained.

3. 5. Referral of names, home addresses, social security numbers, and financial information to a collection or servicing contractor, financial institution, or a local, State, or Federal agency, when Rural Development determines such referral is appropriate for servicing or collecting the borrower's account or as provided for in contracts with servicing or collection agencies.

6. It shall be a routine use of the records in this system of records to disclose them in a proceeding before a court or adjudicative body, when: (a) the agency or any component thereof; or (b) any employee of the agency in his or her official capacity; or (c) any employee of the agency in his or her individual capacity where the agency has agreed to represent the employee, or (d) the United States is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation, provided; however, that in each case, the agency determines that disclosure of the records is a use of the information contained in the records that is compatible with the purpose for which the agency collected the records.

7. Referral of names, home addresses, and financial information for selected borrowers to financial consultants, advisors, lending institutions, packagers, agents and private or commercial credit sources, when Rural Development determines such referral is appropriate to encourage the borrower to refinance the Rural Development indebtedness as required by title V of the Housing Act of 1949, as amended (42 U.S.C. 1471), or to assist the borrower in the sale of the property.

8. Referral of legally enforceable debts to the Department of the Treasury, Internal Revenue Service (IRS), to be offset against any tax refund that may become due the debtor for the tax year in which the referral is made, in accordance with the IRS regulations at 26 C.F.R. 301.6402-6T, Offset of Past Due Legally Enforceable Debt Against Overpayment, and under the authority contained in 31 U.S.C. 3720A.

9. Referral of information regarding indebtedness to the Defense Manpower Data Center, Department of Defense, and the United States Postal Service for the purpose of conducting computer matching programs to identify and locate individuals receiving Federal salary or benefit payments and who are delinquent in their repayment of debts owed to the U.S. Government under certain programs administered by Rural Development in order to collect debts under the provisions of the Debt Collection Act of 1982 (5 U.S.C. 5514) by voluntary repayment, administrative or salary offset procedures, or by collection agencies.

10. Referral of names, home addresses, and financial information to lending institutions when Rural Development determines the individual may be financially capable of qualifying for credit with or without a guarantee.

11. Disclosure of names, home addresses, social security numbers, and financial information to lending institutions that have a lien against the same property as Rural Development for the purpose of the collection of the debt. These loans can be under the direct and guaranteed loan programs.

12. Referral to private attorneys under contract with either Rural Development or with the Department of Justice for the purpose of foreclosure and possession actions and collection of past due accounts in connection with Rural Development.

13. It shall be a routine use of the records in this system of records to disclose them to the Department of Justice when: (a) The agency or any component thereof; or (b) any employee of the agency in his or her official capacity where the Department of Justice has agreed to represent the employee; or (c) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records.
14. Referral of names, home addresses, social security numbers, and financial information to the Department of Housing and Urban Development (HUD) as a record of location utilized by Federal agencies for an automatic credit prescreening system.

15. Referral of names, home addresses, social security numbers, and financial information to the Department of Labor, State Wage Information Collection Agencies, and other Federal, State, and local agencies, as well as those responsible for verifying information furnished to qualify for Federal benefits, to conduct wage and benefit matching through manual and/or automated means, for the purpose of determining compliance with Federal regulations and appropriate servicing actions against those not entitled to program benefits, including possible recovery of improper benefits.

16. Referral of names, home addresses, and financial information to financial consultants, advisors, or underwriters, when Rural Development determines such referral is appropriate for developing packaging and marketing strategies involving the sale of Rural Development loan assets.

17. Rural Development, in accordance with 31 U.S.C. 3711(e)(5), will provide to consumer reporting agencies or commercial reporting agencies information from this system indicating that an individual is responsible for a claim that is current.

18. Referral of names, home addresses, home telephone numbers, social security numbers, and financial information to escrow agents (which also could include attorneys and title companies) selected by the applicant or borrower for the purpose of closing the loan.

19. Disclosures pursuant to 5 U.S.C. 552a(b)(12): Disclosures may be made from this system to consumer reporting agencies as defined in the Fair Credit Reporting Act (15 U.S.C. 168a(f) or the Federal Claims Collection Act (31 U.S.C. 3701(a)(3)).

HUD Disaster Resources

HUD provides a variety of disaster resources listed below. We also partner with Federal and state agencies to help implement disaster recovery assistance.

Under the National Response Framework the Federal Emergency Management Agency (FEMA) and the Small Business Administration (SBA) offer initial recovery assistance. In addition, SBA provides long-term recovery assistance.

Mortgage Assistance from HUD's Federal Housing Administration (FHA)

For a Presidentially declared disaster, FHA activates a mortgagee letter making a variety of insured loan programs available for disaster victims and putting into play use of special loan servicing and underwriting requirements.

Find out more.

Housing Notice 04-22, Disaster Recovery Guidance by Multifamily Housing After a Presidentially Declared Disaster

Assistance from Ginnie Mae

Ginnie Mae encourages all single-family, manufactured housing, and multifamily Ginnie Mae issuers offering forbearance to provide forbearance to mortgagors in areas receiving a Presidential disaster declaration. In certain instances, Ginnie Mae will assist issuers in their efforts to offer forbearance to mortgagors with pass-through payments. To get more details on assistance Visit Ginnie Mae's website.

Office of Multifamily Housing

Having the right plan in place before a disaster will ensure an effective, coordinated response. The Ready to Respond: Disaster Staffing Toolkit is a guide developed by Enterprise Community Partners, Inc. in partnership with HUD, to help affordable multifamily housing organizations develop comprehensive disaster staffing plans to protect buildings, engage residents and continue business operations in the event of a disaster. The Ready to Respond: Disaster Staffing Toolkit is based on the Incident Command System (ICS), a planning framework used by federal, state and local first responders to help with command, control and coordination of disaster response.

By using the toolkit to develop a disaster staffing plan, your housing organization will be able to:

- Minimize building damage and ensure quick return to service
- Support the safety, preparedness and recovery of residents
- Maintain key business operations throughout a disaster
Community Development and Housing Assistance

Metropolitan cities, urban counties, and states may request that awarding of annual Community Development Block Grant (CDBG) and HOME investment Partnerships (HOME) funds be expedited or that program year start dates be moved up. For activities in a disaster area, they may also request modification of some program requirements to facilitate disaster assistance. For more information go to: CDBG Disaster Recovery Program.

Office of Fair Housing and Equal Opportunity

Notice for Housing Providers and Survivors in Natural Disaster Areas

The Office of Fair Housing and Equal Opportunity (FHEO) provide guidance on how to easily comply with the Fair Housing Act, how to avoid housing discrimination and how to seek help.

Fair Housing Information for Housing Providers

Fair Housing Information for Survivors

Policy Development & Research

HUD’s Office of Policy Development and Research (PD&R) offers Disaster Response Toolkit (guidance on how to rehabilitate flooded homes, design & construction practices that promote moisture resistance & durability, preparedness for future disasters, and other relevant content) to aid in the recovery process. The reports in this Kit are available in print by calling the HUD USER Clearinghouse at (800) 245-2691, option 1 or can be downloaded for free from HUD USER. For a limited time, printed copies of the reports are available to those in storm-affected areas free of charge.

FHA DISASTER INFORMATION

FIRST STEP - REGISTER WITH FEMA
Once, or even before, a presidential disaster declaration has been made, FEMA (Federal Emergency Management Agency) will set up Disaster Recovery Centers in the affected areas. Assistance may be available to you and your family once you have registered with FEMA. You can register in person at the Disaster Recovery Center or you can register on line at www.FEMA.gov or by phone at 800-621-3362.

CONTACT YOUR LENDER
Notify your lender and homeowner insurance provider as soon as possible about the condition of your property and to obtain their assistance in recovery effort. Give them the FEMA disaster number and update your phone number and other contact information, if needed. The sooner you contact your lender, the more assistance options may be available to you. Ask if you are eligible to receive a temporary postponement (moratorium) of your house payment to give you time to sort things out. Many lenders will suspend late charges and not negatively report you to the credit bureau during this time. When the moratorium is over, contact your lender again to discuss how you intend to repay your mortgage. Even if you have not experienced any damage to your home, your lender may be able to help you if the disaster has impacted your ability to make your house payment; for instance, if you have experienced a permanent or temporary loss of employment or reduction in work hours due to the disaster.

CONTACT A HUD-APPROVED HOUSING COUNSELING AGENCY
The same HUD-approved housing counseling agencies that provide home buying counseling and education can also provide mortgage advice after a disaster. Don't make any decision about your home loan or other financial obligations until you have spoken with a housing counselor and/or obtained legal, financial and tax advice. Housing counselors can also provide guidance with credit cards, student loans and other debts and has other information that may help you during your recovery. You do not have to have an FHA loan to meet with a HUD-approved housing counseling agency. There is never a fee for foreclosure prevention counseling. To locate a housing counseling agency near you, call HUD's Automated Housing Counselor Locator at 1-800-569-4287 or call FHA at I-800-Call FHA (800-225-5342) or visit www.hud.gov/fha.gov (Click the Counselor Locator link).

FHA'S NATIONAL SERVICING CENTER
If you have an FHA loan then you may call FHA's National Servicing Center at 1-877-622-8525 (TDD 1-877-833-5342) should you have any questions about your FHA loan that your FHA lender cannot answer or if you have questions or concerns about your FHA lender. If you do not have an FHA loan then contacts your lender immediately or speak with a HUD-approved housing counseling agency.

TEMPORARY HOUSING
Information about temporary housing may be available from a variety of sources including the FEMA Disaster Recovery Center, your State Housing Finance Agency or Authority, city/county housing authorities, the Red Cross, Salvation Army, local churches and community and other disaster responders.

CREDIT REPORT
You may contact the national credit reporting bureaus, Experian, Equifax and TransUnion, to place a statement on your report indicating that you have been a victim of a disaster or if you are concerned about improper or incorrect activity on your credit report. For assistance contact a HUD-approved housing counseling agency. Federal law permits you to obtain one credit report per year from each of these three agencies—free. To order your report go to www.annualcreditreport.com.
MORTGAGE ASSISTANCE OPTIONS FOR HOMEOWNERS

The type of mortgage assistance you may be able to receive will depend on what type of loan you have, your income and or employment status, condition of your house, what you can afford and other factors. Check with your lender to determine what options you may qualify for. Below are a few options for those who have Federal Housing Administration (FHA) loans. Holders of other types of loans (such as conventional, Veterans Administration, USDA/Rural Development or State Housing Authority loans) may offer similar or other options.

- **REPAYMENT OR FORBEARANCE PLAN:** A written agreement between you and your lender to pay back some payments over a period of time.
- **LOAN MODIFICATION:** A permanent change in one or more terms of your loan.
- **PARTIAL CLAIM:** When the FHA lender advances funds to reinstate late loan payments in the form of a second mortgage.
- **SHORT SALE (PRE-FORECLOSURE SALE):** An agreement with your lender where you can sell your home for less than the amount you owe on your home.
- **DEED-IN-LIEU OF FORECLOSURE:** An agreement with your lender where you assign the title of your house to them.

BEWARE OF SCAMS

Watch out for mortgage loan assistance or rescue scams and other predatory tactics. Avoid those who say they can help you if you with your loan or home repair or other services and require an upfront fee. Watch out for unlicensed contractors. Never sign anything you do not understand. Ask questions and seek counseling before making any final decisions. For more information visit [www.HUD.gov](http://www.HUD.gov), [www.FEMA.gov](http://www.FEMA.gov) or [www.loanscamalert.com](http://www.loanscamalert.com).

REBUILDING, REPAIRING, RELOCATING

Check with the Small Business Administration ([www.sba.gov](http://www.sba.gov)) for home and business loan assistance. FHA offers several programs to consider if you decide to rebuild, repair or relocate:

- **FHA 203(h):** If you were a homeowner or a renter and your home in the affected area was destroyed or damaged to such an extent that reconstruction or replacement is necessary, then you may be eligible for the FHA 203(h) mortgage loan. 203(h) provides 100% financing (0% down payment) to purchase another home in your town or anywhere in the United States. Borrowers must be registered with FEMA and meet other requirements.
- **FHA 203(k):** This product allows a qualified home buyer or home owner to purchase a home or refinance an existing home loan and include home repairs or improvements into the loan amount. Use FHA 203(k) when major structural repairs and/or repairs totaling over $35,000 are required and FHA non-structural repairs totaling $35,000 or less are needed.
- **FHA Title 1 Second Mortgage:** A second mortgage for home alterations, repairs or site improvements. Many property types are eligible including mobile homes.

CONTACT FHA: For information about FHA programs, locating FHA lenders, FHA loan limits and more disaster assistance information, go to [www.fha.gov](http://www.fha.gov), [www.espanol.hud.gov](http://www.espanol.hud.gov) or call 1-800-Call FHA (1-800-225-5342).

ADDITIONAL DISASTER ASSISTANCE INFORMATION

The federal Housing Administration is part of the US Department of Housing and Urban Development. Additional information on HUD disaster assistance is available at: [http://portal.hud.gov/hudportal/HUD?src=/info/disasterresources](http://portal.hud.gov/hudportal/HUD?src=/info/disasterresources)
Public housing was established to provide decent and safe rental housing for eligible low-income families, the elderly, and persons with disabilities. Public housing comes in all sizes and types, from scattered single family houses to high-rise apartments for elderly families. Housing Choice Voucher Program (Section 8) allows qualified renters to find their own place and use the voucher to pay for all or part of the rent. Public housing is limited to low-income families and individuals. An HA determines your eligibility. To apply for either program, contact a public housing agency.

Multifamily Housing program is privately owned subsidized housing - HUD helps apartment owners offer reduced rents to low-income tenants. Search for an apartment and apply directly at the management office.

Rental assistance, low-income housing, various homeownership programs and Native American loan guarantee program (Section 184) are available. Contact your tribe or tribal housing authority for assistance.

HUD sponsors housing counseling agencies throughout the country that can provide advice on buying a home, renting, defaults, foreclosures, and credit issues.

The aftermath of a disaster can be a time of loss and transition for individuals and communities. Housing discrimination is always illegal. Know your rights and respect the rights of others, and please contact us if you have questions. The Fair Housing Act is a federal law that prohibits discrimination in housing and housing-related services based on a person’s race, color, national origin, religion, sex, familial status, or disability. The Fair Housing Act ensures that all persons receive equal housing opportunity.

TIPS TO AVOID HOME REPAIR FRAUD

BE CAREFUL of door-to-door solicitations, especially following a storm or disaster.

Below are suggestions for avoiding disaster scams and repair fraud:

Obtain at least three estimates – When you request an estimate from a contractor, find out if there is a charge for the estimate – whether or not you decide to use the contractor. Remember, the lowest estimate may not reflect the quality of materials used.

Ask for a license or registration – before signing a contract, make sure the roofing contractor is currently registered with the Construction Industries Board or the plumbing, mechanical (heating and air, etc.), or electrical contractor is currently licensed by the Oklahoma Construction Industries Board.

Verify the contractor's information – obtain names, addresses, phone numbers, and license or registration numbers. Verify the license or registration is current by going to www.ok.gov/cib/, or calling the Oklahoma Construction Industries Board at 405-521-6550 if you do not find them on the CIB web page.

Request references – inquire about similar work performed by the contractor. Ask to see a job in progress and ask for the name and number of a customer who had work done over a year ago.

Get a written contract – Always obtain a written contract before you allow work to begin on your property. Written contracts may help clarify specific details, such as, the date the work will begin, a detailed description of what work will be done or not done, and a completion date.

Request to see the building permit – certain types of home repair or improvements require building permits from your local government. Check with your local licensing and permit department to see if a permit is needed. If it is, make sure the contractor shows you the building permit before you allow work to begin.

Report Home Repair Fraud to: Oklahoma Attorney General's Public Protection Unit at 405-521-2029. For more Attorney General Information on disaster scams and repair fraud: https://www.oag.ok.gov/oagweb.nsf/Consumer!OpenPage

Affordable Housing Programs

**OHFA Advantage**

OHFA Advantage offers 30 year, fixed rate, low interest mortgage loans with 3.5% down payment grant assistance to homebuyers in all 77 counties. Homebuyers must meet income, purchase price and credit score guidelines.

**Affordable Housing Tax Credits**

The Affordable Housing Tax Credits (AHTC) Program offsets the high cost of rental housing construction and rehabilitation and provides affordable rent rates for low-income families. Tax Credits provide a 10-year reduction in tax liability for developers who construct or rehabilitate affordable rental housing. Developers sell Tax Credits to Fortune 500 companies and other investors. The money obtained from the sale is used to lower financing costs. The end result is lower rent for families. The AHTC Program can be used for new construction and rehabilitation of rental housing for those with limited incomes. Tax credits create partnerships between OHFA and developers who build or rehabilitate affordable apartments or homes.

**HOME Investment Partnerships Program**

With this program, OHFA works with non-profit organizations, public agencies, units of local government, tribal governments, and political subdivisions to assist low-income households with housing needs. HOME encourages local governments and nonprofit housing organizations to build new homes, rehabilitate existing housing or make structural home repairs. HOME is designed to encourage partnerships to fund construction and rehabilitation of affordable housing for low-income families, particularly in rural Oklahoma.

**Section 8 Housing Choice Voucher Program**

The Section 8 Housing Choice Voucher (HCV) Program is designed to assist very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual, participants are able to find their own housing, including single-family homes, townhouses, and apartments. To serve Oklahoma’s neediest families, OHFA has established two preferences: a homeless preference and a disabled preference. Those meeting these criteria are served before other applicants. In the event of a state or federally declared disaster in Oklahoma, OHFA may accept applications from families rendered homeless due to the disaster when OHFA’s HCV waiting list is closed to all others.
**Section 8 Homeownership Program**

This program allows OHFA’s Section 8 Housing Choice Voucher Program participants to use their voucher for mortgage assistance instead of rental assistance.

**Family Self-Sufficiency Program**

The Family Self-Sufficiency (FSS) Program is a five-year employment and savings incentive program for families receiving assistance under OHFA’s Housing Choice Voucher Program. Participants are linked to various resources that will assist them with acquiring the skills needed for gainful employment.

**Project Based Contract Administration**

The Project Based Contract Administration Program provides monitoring and payment services of assisted units to owners of project-based Section 8 properties for the U.S. Department of Housing and Urban Development in Oklahoma.

**Housing Trust Fund**

For-profit and non-profit developers, units of local governments, tribes, and political subdivisions can utilize the Housing Trust Fund to assist in building affordable housing, primarily in rural Oklahoma. It is more flexible in nature than HOME Investment Partnerships Program funds or Affordable Housing Tax Credits. The Housing Trust Fund provides low-interest loans to finance new construction, conversion of buildings into apartments or homes, rehabilitation projects or infrastructure when part of a total development project.

**Multi-Family Bonds**

The Multifamily Bond Program provides financing for low and moderate-income housing through the issuance of tax-exempt mortgage revenue bonds.

TYPES OF INSURANCE

HOMEOWNER’S INSURANCE

Homeowners insurance is a combination of coverages that address the risks of owning a home. The homeowner has several options, but the insurance will generally include coverage for losses due to fire, severe weather damage, burglary, vandalism and other perils.

Homeowners insurance is an important purchase for two major reasons:
1. To protect your property – Homeowners insurance covers both your property and you for personal liability you might incur for injuries to others or their property while they are on your property.
2. To satisfy your mortgage lender – Most mortgage lenders require you to have insurance as long as you have a mortgage. Even after you pay off your mortgage, reason number 1 is still enough to justify keeping your property insured.

A homeowner’s policy typically covers:
• Your house and other buildings on your property
• Your personal property in your home or on your property
• Your personal liability to others, such as legal costs if you are taken to court because someone was injured at your home.
• Medical payments for others accidentally hurt on your property
• Additional living expenses if you must rent a place to live while your home is being repaired

RENTERS INSURANCE

Renters insurance includes three important types of financial protection: coverage for personal possessions, liability protection and additional living expenses for those who rent an apartment or home. Loss of personal possessions can range from damage caused by fire or smoke, lightning, vandalism, theft, explosion and water damage (not including floods). If your home or apartment is damaged by a covered event and you have to live somewhere else, most policies will reimburse you the difference between your additional living expenses and normal living expenses. Plus, renters insurance helps cover legal costs if you’re taken to court because someone is injured at your residence.

You can get either a replacement-cost policy, which will pay to replace your possessions up to the policy’s dollar limit, or a cash-value policy, which will pay only what the items are worth when stolen or damaged. Commonly offered discounts include if you have a security system, smoke detectors and deadbolt locks. Multi-policy discounts, good credit and senior citizen discounts are also often available to renters.
AUTO INSURANCE
Automobile insurance purchased by vehicle owners or operators covers the perils associated with driving a car. There are a number of coverages available, more fully discussed below.

Premiums vary depending on:
• age,
• gender,
• years of driving experience,
• accident and moving violation history,
• type of vehicle (including model, year and value),
• territory (where you garage and drive the vehicle),
• credit scores.

LIABILITY
In Oklahoma, in order to legally drive a vehicle, the owner must have liability insurance, to cover the risk of injuring someone else. The minimum coverage required by law is $25,000 bodily injury per person, $50,000 total bodily injured per accident, and $25,000 property damage. If the costs incurred exceed these amounts, it is the responsibility of the party at fault to pay.

COLLISION
Coverage pays for damage to your vehicle for a collision accident no matter who is at fault.

COMPREHENSIVE
Coverage pays for damage to your vehicle caused by something other than collision.

OPTIONAL COVERAGES
Uninsured Motorist coverage compensates you and your passengers for injuries sustained in an accident caused by a driver who has no insurance or by a hit-and-run driver.

Rental Reimbursement coverage pays expenses incurred for a rental car while your auto is being repaired due to an auto accident.

Towing and Labor coverage pays toward the cost of towing or repairing your vehicle if you are stranded and your vehicle is not running. Some policies provide coverage for flat tire change, locksmith service and battery jumpstart.

Medical Payments coverage pays for reasonable medical expenses if you or your passengers are injured in an automobile accident.

Guaranteed Asset Protection coverage pays the difference between the actual cash value of the car and the amount of the loan. This coverage is generally provided by a separate policy.

Excess Electronic Equipment coverage pays toward the cost to replace your electronic equipment or media when coverage is not provided for excess electronic equipment, tapes, records, discs and other media. It is offered for an additional charge.
HEALTH INSURANCE

Health insurance is an important coverage that helps protect you and your family from the devastating financial effects of unexpected health problems or catastrophic illness and can be an important policy in the event of a disaster.

You may receive health coverage through an individual insurance policy, through a policy issued to you as a member of an association group or through employer sponsored health plan.

Although there are many forms of health insurance, most comprehensive coverage includes some form of managed care services:

- Policies that provide managed care services;
- Policies that provide limited benefits.

TYPES OF MANAGED CARE

Preferred Provider Organizations (PPOs) - PPOs offer a provider network to meet the health care needs of their insured. The PPO contracts with a group of health care providers, or with a PPO network, to control the cost of providing health care. The insured chooses who will provide their health care; but if the insured chooses a provider in the network, the insured will usually pay less in deductibles and coinsurance.

Health Maintenance Organization (HMO) - HMO members pay a monthly fixed dollar amount (similar to an insurance premium), which gives them access to a wide range of health care services. In many cases, members also pay a predetermined amount, or copayment, for each doctor or emergency room visit and for prescription drugs, rather than paying the provider in full and obtaining a portion of the reimbursement later. Members must use the HMO’s network of providers, which are the doctors, pharmacies and hospitals under contract with that particular HMO.

HMO Plan with a Point of Service option (POS) - In the HMO has a POS option; members may choose, at the point of service, whether to receive care from a physician within the plan’s network or to go out of the network for services. The POS plan provides less coverage for health care expenses provided outside the network than for expenses incurred within the network. Also, the POS plan will usually require you to pay deductibles and coinsurance costs for medical care received out of network.
EXPENSES IN ADDITION TO THE PREMIUM

Deductibles: This is the amount of covered health care expenses that must be paid for by the insured or member before the insurance company or HMO will begin paying.

Co-Insurance: This is the amount stated in the policy that is the insured’s portion of the claim. For instance, the insurance company may pay 80% of the claim and the insured’s share is 20% of the claim. The co-insurance amount is paid in addition to the deductible. In a PPO plan, the co-insurance for an out of network provider will generally be higher than that for an in-network provider.

Co-Payments: Some policies provide for a set amount paid by the insured for a particular service, usually an office visit. In that case, the insured pays their co-pay for the visit and the insurer pays the rest of the bill. Amounts you pay for co-payments may or may not go toward the deductible, depending on the policy.

Balance Billing: This occurs when seeing a provider outside the policy’s network. When seeing an out-of-network provider, the insured is responsible not only for a higher coinsurance, but also the balance of the provider’s charges above the amount allowed by the policy.

POST-DISASTER

If you need emergency care following a disaster, seek treatment at the nearest medical facility. Even if you are in a managed care plan, those plans have to cover your emergency treatment regardless of whether or not the facility is in your plan’s network. Once your emergency is treated, you will have to comply with your plan’s requirements.

Determine from your insurer what coverage your plan provides when you are displaced and need medical attention outside of your area. Locate alternative care if your regular treatment settings are unavailable.

Learn about your plan’s coverage for catastrophic or long-term injuries, including coverage for rehabilitation and the lifetime maximum the policy will pay.

Save any medical or prescription receipts to submit for reimbursement from Flexible Spending Accounts (FSA).

Know your rights: if you are not receiving payment for the medical treatment you need, you or your doctor should contact the insurance company for assistance.

LIFE INSURANCE

Life insurance is a form of insurance that pays a beneficiary in the event of the death of the insured person. When a policy is purchased, a specific death benefit is chosen.

Life insurance is a contract between the policy owner and the insurance company:

- policy owner (or policy payer) agrees to pay a defined amount called a premium.
- insurance company agrees to pay a sum of money upon the death of the insured person.
- beneficiary – the person or persons named by the policy owner – will receive policy proceeds (benefit) upon the death of the insured person.
The three main categories of life insurance are:
1. term life,
2. whole life, and
3. universal life.

POST-DISASTER
Lack of documentation is typically a significant concern due to life insurance policies being left behind or lost. Generally, disaster victims can obtain the benefits they are entitled to even without the actual life insurance policy or death certificate in hand. Most life insurers are prepared to verify an individual policy without a policy number as long as claimants can provide basic information on the policyholder.

DO:
Whole life and universal life insurance policies build up cash value. Check to see if your policy has cash value. A loan against your policy’s cash value can help you recover and rebuild.

DO:
Look into any group life policies you may have through your employer. Group life policies can provide some financial relief, but are easily overlooked during a crisis because the policyholder is often unsure of which company provides the policy. Seek help from your employer(s) to determine if help may be afforded.

DON’T:
Try to cheat the system. It is never a good idea to try to take advantage of the company’s leniency in paying out claims without strict documentation. Most companies will follow up on claims that are paid out and will take action if there is any evidence of fraud.

DO:
Make plans for the future by keeping copies of important life insurance documents with trusted family members or in a safety deposit box, in case of an emergency. Some policies provide for a set amount paid by the insured for a particular service, usually an office visit. In that case, the insured pays their co-pay for the visit and the insurer pays the rest of the bill. Amounts you pay for co-payments may or may not go toward the deductible, depending on the policy.

Balance Billing: This occurs when seeing a provider outside the policy’s network. When seeing an out-of-network provider, the insured is responsible not only for a higher coinsurance, but also the balance of the provider’s charges above the amount allowed by the policy.
Please note, when Emergency Declarations are in place, timeframes may be altered or cancellations prohibited during the designated time.

GETTING STARTED

For all types of disasters – tornadoes and severe weather, earthquakes, wildfires, floods and windstorms – there are basic steps to get you started down the path to recovery. Each of the steps listed below will be applicable for all types of disaster-related loss.

FIRST THINGS FIRST:

Call your insurance provider for the property that has been damaged: homeowners, renters and/or auto.

- Do not enter your home before making sure the structure is safe to enter
- If electricity is being supplied, turn off all electricity at the main switch. Secure an electrician to check your system as soon as possible.
- For water damaged property, open windows and doors to aid in the drying process and circulate air to remove foul odors and help protect you from any leaking gas. When doing so, do not light any type of open flame to avoid causing an explosion.
- Take pictures and/or video of all damage inside and outside your home BEFORE beginning clean up.
- Be cautious and protect yourself against bodily injury inside your home, taking extra caution against debris and slippery surfaces in addition to broken glass.
- Avoid throwing anything away initially; the adjuster will help determine what should and should not be thrown away. Perishable food should be thrown away quickly to avoid contamination, but keep an itemized list if your homeowners policy covers perishable foods.

ALWAYS:

- Make temporary repairs to your property to prevent further losses from the elements and to secure your property. Examples of this would be boarding up windows, placing plastic over holes in the roof and drying out wet carpets and furniture.
- Make a list of all personal property destroyed or damaged. Note the approximate date, price, and place of purchase and attach any sales receipts you may have. Drawing from a home inventory that you have previously prepared will be a significant asset for speedy recovery. The adjuster will ask you for this information.

TORNADOES

Tornado activity averages 20 occurrences per year with approximately three-fourths of tornado activity each year occurring from April to June. The Oklahoma Department of Emergency Management has ranked tornadoes as Oklahoma’s number one Critical Priority Risk due to their high probability, severity and short warning time. The United States has the highest incidence of tornadoes worldwide, with more than 1,000 every year, due to its continental geography. Oklahoma is in the nation’s “Tornado Alley” and experiences more tornadoes per square mile than any other state in the plains. These tornadoes primarily occur between the hours of 3PM and 9PM, but can happen any time of the day or night.
**PROTECT** yourself with insurance on your residence. A homeowners or renters policy is your protection against a devastating loss. We encourage you to talk with an insurance agent of your choice about the options you have in selecting a policy.

**REVIEW** your insurance coverage each year to ensure that you have adequate coverage.

**PREPARE** a detailed inventory of your household furnishings with a photograph of each room in your home. Include other valuables and equipment you own.

**HAVE a plan of action:**
- Select a shelter/location, and have a plan for family members who may be away from home at the time of the storm.
- Make a list of important telephone numbers and remember to include your agent.
- Prepare an emergency supply kit.

**COLLECT** emergency supplies to include non-electric can opener, bottled water (3 gallons per family member), flashlight, portable radio, extra batteries, fire extinguisher, essential medication, first aid kit, blankets and canned foods.

**EARTHQUAKES**
According to the National Association of Insurance Commissioners, about 90 percent of Americans live in areas that experience at least occasional tremors. Some of the most violent earthquakes in U.S. history have been recorded in the central states. Parts of Oklahoma are at moderate risk for earthquakes. Earthquake insurance must be purchased either separately and independent of your homeowners insurance or acquired as an “endorsement” of additional coverage under your existing homeowners policy.

An earthquake insurance policy covers home repairs needed due to earthquake damage. It may also cover other structures not attached to your house, like a garage, and will cover personal property from damages directly caused by an earthquake. It might cover increased costs of repair to meet current building codes, and costs to stabilize the land beneath your home. It pays extra living expenses while your home is under repair, and covers the cost of debris removal.

**EARTHQUAKE INSURANCE QUICK FACTS**
- Earthquake insurance premium are determined by factors including your home’s location, age and construction, the estimated cost to rebuild the house and replace its contents, and the value of the deductible you agree to pay in the event that you file a claim.
- Earthquake insurance deductibles work differently than those of standard homeowner’s policies. You might have separate deductibles for the home, outside structures such as a detached garage or a fence, and for personal contents.

Ask your agent to clarify all the deductibles you might face if disaster strikes.
- You cannot buy insurance to repair the home after it has already been damaged. But even if a small earthquake only shakes you into purchasing a policy to protect against a bigger one that might occur in the future, be aware that many companies will not sell new earthquake insurance policies for 30 to 60 days after a quake, due to the expectation of aftershocks.
WILDFIRES
In the event of a wildfire, act quickly and wisely:

**CALL 911** or your local fire department immediately. In certain areas of the eastern part of the state, wildfire hotlines exist and should be notified first in the event of an outdoor blaze.

After calling firefighters, **SECURE** your property, pets and livestock as best you can without risking the lives of you and your family.

When the fire has moved on or been extinguished, **CALL** your insurance agent or company claim line as soon as possible.

**READ** your homeowner’s or renter’s insurance policy carefully to fully understand your coverage and your rights. If you don’t have the policy in hand, ask the agent for a copy.

Follow **GETTING STARTED** procedures such as documenting your losses and protecting against further property damage and bodily injury.

TREES, FLOODS AND WINDSTORMS
The following weather-related events are usually not covered by standard homeowner's insurance policies:

- Interior storm-water damage when there was no damage to the home’s roof or walls,
- Flood damages,
- Removal of fallen trees from the property, unless those trees land on and damage the roof and walls of the home,
- Food spoilage due to power outages,
- Water damage from backed-up drains or sewers.

Flood damage is not covered by homeowners insurance in Oklahoma and therefore requires separate insurance. Flood insurance is available to protect homes, condominiums, apartments and non-residential buildings, including commercial structures. As in the case of earthquake insurance, do not wait until a storm is coming to purchase flood insurance as it may take 30 days after purchase for a flood insurance policy to go into effect.

Flood insurance is an exclusive policy that is federally backed by the NFIP and available for homeowners, renters and businesses. Visit their website at [http://www.floodsmart.gov/floodsmart/](http://www.floodsmart.gov/floodsmart/) or call their toll free number: 1-888-379-9531. Insurance companies work closely with Federal Emergency Management Agency (FEMA) and the NFIP to offer flood insurance to property owners and renters.

Rates do not differ from company to company, but do depend on factors such as age, type of construction and the level of flood risk in your area. FEMA estimates an average homeowner’s flood insurance premium to be approximately $500 a year, depending on your deductible and other factors.

**Flood insurance protects:**

**BUILDING:** the structure and its foundation; electrical and plumbing systems; central air-conditioning, furnaces and water heaters; most large and built-in appliances and permanently installed carpeting over unfinished flooring.

**CONTENTS:** clothing, furniture and electronic equipment; curtains; portable and window air conditioners; carpeting that is not already included in your property coverage; clothes washers and dryers.
Be sure to check other policies for all opportunities for recovery including homeowners and auto policies for damage to property and vehicles. Property damage caused by fallen trees can be the most misunderstood coverage in a homeowner’s insurance policy. If you carry homeowners insurance, you will be covered for damage to a structure and its contents from fallen trees and branches. The cost to remove the tree or limb is also covered by the insurer. Additionally, your homeowner’s policy will cover damages when the tree is on another’s property and has caused damage to your structure or property. An example of this would be if a tree limb is stretching across your property and falls due to wind, lightning or hail, causing damage to a structure such as the house, garage or fence. In other words, it is the responsibility of the owner on whose property the tree limb fell to contact their homeowner’s insurance provider.

If you are not sure if damage was caused by flood, tree-related damage or windstorm, contact your insurer to submit your claim for all damages. Your company will send an adjuster to investigate and determine the cause of loss. Generally, windstorm damage is covered under your homeowner’s policy with a separate deductible. If your policy excludes windstorm coverage, having a separate policy to insure your property for these kinds of losses is strongly encouraged.
FILING A CLAIM
When you are filing a claim here are a few things to remember:
1. Contact your insurance agent or insurance company to file the claim.
2. Keep a log of claim activity (for example, for a telephone call, write down the name of the person you speak with, the date and time of the call, as well as what the call was concerning.)
3. Remember that the Consumer Assistance Division of the Oklahoma Insurance Department is here to answer any questions you have concerning the handling of your claim.

HOME
Step 1: Call your agent or insurance company to start your claim.
Step 2: Make any temporary repairs necessary to keep your property from receiving further damage. Before moving any debris or removing damaged belongings, make sure to take photos or video of the damage. Make a list to document these losses.
Step 3: After you have filed your claim, the insurance company will arrange to send a claims adjuster to your home to assess the damage. Obtain repair estimates from trusted local contractors to help you when you’re speaking with the insurance adjuster.
Step 4: When it comes to paying your claim, you may receive multiple checks. The payment for the contents or personal property will be made out to you. However, if there is a mortgage on your home, the payment for the structural damage may be payable to you and your mortgage holder.

AUTO
Step 1: Call 911 if someone has a life-threatening injury. If there’s no emergency, call the police directly. Make sure to obtain a police report. Comprehensive coverage pays for damage to your vehicle caused by something other than a collision. Follow steps 3 & 4 for these types of claims.
Step 2: Exchange license plate numbers, contact information and auto insurance information with the other parties involved. Take photos of the scene, if possible. Make sure to get phone numbers, including witnesses, if applicable. Do not admit fault at the scene, as the adjuster will determine negligence.
Step 3: Contact your insurance company as soon as possible.
(Not at fault) Advise your carrier of the accident and file a claim with the responsible party’s carrier. If the driver is uninsured, file a collision claim and confirm uninsured motorists’ coverage on your policy.
(At fault) File a collision claim with your carrier if you have damages. The other party will likely file a claim for their damages with your carrier.
Step 4: The adjuster will examine your vehicle and determine an estimate for repairs or total the vehicle. You may be asked to collect estimates for repair of minor damage and submit them to the responsible party’s insurance carrier. The insurance company will cut a check in the amount of the repair. For a collision claim, the amount will be minus the collision deductible.
QUICK TIPS

INSURANCE CHECK-UP
Includes asking three questions:
1. What type of coverage do I have?
2. How much coverage do I need?
3. What are my discounts and deductibles?

EXCLUSIONS AND LIMITATIONS
A homeowner’s policy usually DOES NOT cover:
• Flood
• Earthquake, landslide, or mudslide
• Sewer backup
• Identity theft
Your homeowners or renters policy MAY NOT cover claims related to:
• Dog bites
• Swimming pools or trampolines
• Operating a business from your home
Be sure to ask your agent about the exclusions. You may be able to buy a separate policy to cover some or all of the events your homeowner’s policy includes these circumstances.
A homeowner’s policy usually LIMITS coverage for these items:
• Mold
• Jewelry, guns, electronics, collectibles, and antiques
• The costs of meeting updated electrical, fire, plumbing, and building codes

QUESTIONS TO ASK AGENTS
1. Are the agent and the insurance company licensed by my state insurance department? For how long?
2. How can I find out the claims history of the home before I buy it?
3. If I submit a claim, how will it affect my premium when I renew the policy?
4. What discounts are available?
5. What does the policy cover? What doesn’t it cover? What are the limits to the coverages?
6. How much coverage for my personal property do I need?
7. Should I buy flood insurance or earthquake coverage?
8. How will my credit history affect my premium?
9. Am I in your lowest-priced company or tier? If not, why?
10. How can I get a better rate?
11. What perils or coverage is excluded or limited in the policy?
12. May I add the peril or coverage back into the policy?
CLUE REPORTS
Lexis Nexus Risk Solutions, Inc. offers Comprehensive Loss Underwriting Exchange (CLUE) Reports by calling 1-888-497-0011 or by submitting an online request at https://personalreports.lexisnexis.com/. CLUE Property and Auto’s are consumer reporting agency products developed from loss information submitted monthly by participating insurers. Data provided in CLUE reports includes claim information, such as date of loss, type of loss and amounts paid, for up to seven years of personal property and automobile claims.

The Fair and Accurate Credit Transactions Act of 2003 enables consumers to receive one free disclosure per 12-month period. Receiving CLUE reports help consumers monitor the accuracy of claims and dispute loss history information. Additionally, requesting a CLUE Property report before purchasing a home is a good way to make certain that the insurance loss history of the property will not impact the availability or pricing of Homeowners insurance if there are no losses reported.

Other ways to save:

• Ask for discounts
• Increase your policy deductible
• Good student grades
• Continued policy renewals
• Claims - Free Discount
• Raise your credit score
• Placing another type of policy with the same insurer
INSURANCE FRAUD

WHAT IS INSURANCE FRAUD?
• Occurs when someone is intentionally deceived by another to receive insurance benefits.
• Can be committed by either the consumer or an insurance provider.
• Increases the cost of your premiums by nearly 30 percent.

DON’T BE A VICTIM OF FRAUD
You can protect yourself against insurance scams if you stay alert, ask questions and report any suspicious insurance transactions. Never sign blank insurance claim forms. Ensure that businesses and individuals are legitimate by asking for and verifying references. Search business names online for evidence of scams and check with the Better Business Bureau to see if any complaints have been filed against them. Get multiple estimates and get all work in writing before making any payments. Don’t sign incomplete contracts. Don’t finish paying for work or sign a completion certificate until the work is done and approved by you.

If you suspect insurance fraud, contact the Insurance Department’s Anti-Fraud Unit at 405.521.6614.

INSURANCE ADJUSTERS
An adjuster is a licensed representative of the insurance company. They are responsible for handling claims made against the insurance policy, or against a policyholder. An adjuster investigates, evaluates, negotiates, and finalizes claims brought against an insurance policy or policyholder. They can be actual employees of the insurance company, or independent adjusters hired to handle insurance claims on behalf of the company.

FACTS ABOUT ADJUSTERS
• Insurance company adjusters do not work on commission, nor do they otherwise benefit by paying you less for a loss.
• Their objective is to pay exactly what a claim is worth – no more, no less.
• Just as it is wrong to underpay a claim, it is wrong to overpay one; in the end, everyone suffers through higher premiums.
• Their work hours extend beyond 8 to 5. Adjusters are on call 24 hours a day when an emergency strikes.

WHAT SHOULD YOU EXPECT FROM AN ADJUSTER
At a minimum, you should expect to be restored to the conditions that existed prior to the loss. You should also expect prompt, fair, and courteous service. You should not expect your adjuster to help you recover benefits you do not have under your insurance policy.
HIRING A CONTRACTOR

Finding and hiring a contractor can lead to a whole new set of issues unless you are careful and aware of the scams that dishonest people have tried in the past. A few quick tips include:

• Be wary of those who claim the insurance company sent them, as insurance companies usually do not recommend contractors.
• Always ask to see something in writing.
• Get bids from at least three different sources.
• Do not do business with a contractor who cannot show proof of insurance.
• With all contractors, request the names and phone numbers of at least two references who have had similar work done by them in the last year.
• Only do business with a contractor who is bonded, which will offer you some protection if the job is not satisfactorily completed or supplies purchased to make your repairs are unpaid.
• Check the licensing of the contractor with the State Licensing Board for Contractors.
• Watch out for out-of-state con artists coming by to take advantage of the local situation.
• Also be wary of contractors who demand payment in full before work is completed.
• Record the contractor’s license plate number and driver’s license number, if possible.
• Check to see if your contractor is licensed in Oklahoma on the Oklahoma Construction Industries Board website at http://cibverify.ok.gov/ or call 405-521-6550.
• Before any work is started, request a clearly worded, itemized contract. Review it with the contractor and make sure you understand and agree with its content before the contract is signed.

THE CONTRACT SHOULD INCLUDE THE FOLLOWING:

• A separate breakout of labor and cost of materials.
• The contractor’s responsibility to get all required permits.
• The date the project is to begin and the date it is to be completed.
• Proof of insurance coverage from the job’s start date until work is to be completed.
• The amount of payment required along the way, with the final payment due AFTER the work has been completed to your satisfaction.
• A statement guaranteeing that the work area will be left in its original condition when the job is done.
FILING A COMPLAINT

If you are concerned that the insurance company is treating you unfairly, your first step would be to contact the insurance company and try to resolve the issue. However, if you are unable to find a resolution to the issue you are having, you have the option of filing a complaint with the OID. To file a complaint, we will need your complaint to be in writing. Request for Assistance Forms are located online at www.oid.ok.gov to assist you in filing your complaint. Please complete the form in its entirety.

Remember to:
• Fill out the form completely,
• Sign the form,
• Give our office as much information as possible, and
• Provide copies of all policies, riders, letters, phone logs, etc.

Here are a few ways to go about filing a complaint:
• On our website at http://www.oid.ok.gov
• By fax at (405) 521-6652
• In person, we are located at the address listed below:
  • By mail at:
    Oklahoma Insurance Department
    Five Corporate Plaza
    3625 NW 56th, Suite 100
    Oklahoma City, OK 73112

Please note that once received:
• Your complaint will be assigned to the appropriate Consumer Assistance/Claims Analyst, who will send you an acknowledgement letter.
• We will then contact the company for a detailed explanation of its position.
• By law the company has thirty (30) days from the date on the letter to respond.
• There may be unforeseen delays if the company needs additional time to gather information to fully address your concerns. If there are delays, the Consumer Assistance/Claims Analyst will advise you of the status of your file by mail.
• Once a final response is received from the insurance company and is reviewed by the Consumer Assistance/Claims Analyst, a letter of explanation will be forwarded to you by mail.

MINIMUM STATE REQUIREMENTS FOR STORM SHELTERS

The Oklahoma Uniform Building Code Commission (OU BCC) was created in 2009 to adopt standardized state minimum building codes; however, does not have any enforcement or inspection authority.

Residential Storm Shelters (for one- and two-family dwellings and town homes)

Storm shelters are not mandated to be built in any residence unless the jurisdiction in which the residence is being built so requires it. However, if a storm shelter is built, the OUBCC has adopted and modified the International Residential Code®, 2009 edition (IRC 2009®) to mandate storm shelters must be built to the ICC/NSSA 500 Standard, FEMA 320 Standard or other equivalent engineered system. The International Residential Code as modified in the OUBCC rules as shown below:

748:20-5-6. IRC 2009 Chapter’ 3 Building Plans

(6) Section R323.1 General. This section has been modified to provide for more than one standard to be utilized to build a storm shelter. This section has been modified to read: This section applies to the construction of storm shelters when constructed as separate detached building or when constructed as safe rooms within buildings for the purpose of providing safe refuge from storms that produce high winds, such as tornados and hurricanes. In addition to other applicable requirements in this code, storm shelters shall be constructed in accordance with one of the following: ICC/NSSA 500 or FEMA 320 or other equivalent engineered system.

Commercial Storm Shelters (for all structures other than one- and two-family dwellings and townhomes)

Storm shelters are not mandated to be built in any commercial structure, unless the jurisdiction in which the structure is being built requires it. However, if a storm shelter is built, the OUBCC has adopted the International Building Code®, 2009 edition (IBC 2009®) in Section 423, ”Storm Shelters” which does required the structure to be built to the ICC/NSSA 500 Standard.

Standards:

FEMA 320 download can be found at: http://www.fema.gov/library/viewRecord.do? id=1536

The ICC/NSSA 500 can be ordered directly through the International Code Council at their website: www.iccsafe.org, or through a local book store.
