

## LETTER OF COMMITMENT TO COMMUNITY ACTION WITH TARGETED SOLUTIONS PROCESS

I understand that the Community Action with Targeted Solutions (CATS) process is a best-practice model for carrying out effective Needs Assessments and community engagement.

I understand that my role as a Youth Service agency contracted to provide prevention and diversion services to Oklahoma's vulnerable youth is critically impacted by our connection to our youth, families, and public service partners throughout our service area. I agree that our agency, \_\_\_\_\_, shall make adoption and implementation of the CATS a priority. The model shall be implemented with full fidelity to the model and shall include ongoing efforts to continue the process of gathering input, data, and responsive program plans to be reported Quarterly. I look forward to working with this and we:

- \* Support the Mission, Vision, Values and Goals of the OJA contracts.
- \* Will offer my expertise and that of my agency staff to help ensure the CATS Needs Assessment contributes to the quality of our services and to the strengthening of the communities we serve.
- \* Will work with the rest of the team to communicate the organization's role to those with identified needs throughout our catchment area.
- \* Will actively participate in all requests for information and data Quarterly and by request at any time.

I have read and fully agree to this Letter of Commitment and look forward to assisting the Office of Juvenile Affairs in this role.
