Provide further explanation for the dates of operation, if necessary

- Weatherization is managed by the Oklahoma Department of Commerce and subcontracted to Community Action Agencies throughout the state.
- OKDHS offers heating assistance, cooling assistance, and ECAP during open enrollment period on the dates above. Applications are accepted until allocated funding is encumbered. End dates above are estimates.
- OKDHS accepts applications for ECAP assistance year round from households with a household member that has a medical condition and would be life threatening without the use of the utility. Regular ECAP is also accepted on or after March 15th to meet the ECAP requirement component.

### Estimated Funding Allocation, 2604(C), 2605(k)(1), 2605(b)(9), 2605(b)(16) - Assurances 9 and 16

1.2 Estimate what amount of available LIHEAP funds will be used for each component that you will operate: The total of all percentages must add up to 100%.

Categorical Eligibility, 2605(b)(2)(A) - Assurance 2, 2605(c)(1)(A), 2605(b)(8A) - Assurance 8

1.4 Do you consider households categorically eligible if one household member receives one of the following categories of benefits in the left column below? ☐ Yes ☐ No

1.5 Do you automatically enroll households without a direct annual application? ☐ Yes ☐ No

If Yes, explain:

Oklahoma has a preauthorization process for both winter heating and summer cooling. If a household received winter heating assistance for FY2023 or summer cooling FY2024, has had no break in other benefits (SNAP, TANF, or SSP state supplemental payment for aged, blind, or disabled), has had no change in address, and their income is still within eligibility guidelines for LIHEAP, the household may be preapproved for either winter heating or summer cooling FY2024. The vendors of these households must be a LIHEAP participant utility providers. Both vendors and the households receive a notice advising them of intended payment. Changes are to be reported prior to the program opening date in order to correct authorizations prior to payment. The process repeats itself for cooling assistance. The heating preauthorization is based on the prior year's heating assistance. The cooling authorization is based on the prior year's cooling program. Since eligibility guidelines for SNAP are higher than LIHEAP, some SNAP households do not qualify for LIHEAP. The household cannot be pre-authorized for both winter and summer programs per fiscal year, to ensure LIHEAP captures any change of household circumstance that might not pertain to other OKDHS benefits since LIHEAP does not have a midyear certification review. The preauthorized household's income eligibility is established through system logic with the income from other benefit section(s) on their active open case that has been reported, verified, and recorded. These preauthorized households also receive the notice of LIHEAP payment after the payment is released to their utility provider. This notice of LIHEAP payment informs the household of the right to request a fair hearing.

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

If Yes, explain:

We do not have categorical eligibility as defined above. If all of the members in an applicant household are included in a SNAP, TANF, or SSP benefit they are not required to verify income. The eligibility guidelines for SNAP are higher than LIHEAP, so some SNAP households do not qualify for LIHEAP. However, if the payee is receiving TANF, SNAP, or SSP and other household members are not included in those benefits, income must be verified for all other household members who reside under the same roof. Income standards for eligibility and program benefits are the same for all households regardless of participation in other programs.

SNAP Nominal Payments

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households? ☐ Yes ☐ No

If you answered "Yes" to question 1.7a, you must provide a response to questions 1.7b, 1.7c, and 1.7d.

1.7b Amount of Nominal Assistance: $0.00

1.7c Frequency of Assistance

- Once Per Year
- Once every five years
- Other - Describe:

1.7d How do you confirm that the household receiving a nominal payment has an energy cost or need?

Determination of Eligibility - Countable Income

1.8. In determining a household's income eligibility for LIHEAP, do you use gross income or net income?

☐ Net Income
1.9. Select all the applicable forms of countable income used to determine a household's income eligibility for LIHEAP

- Self-Employment Income

**Other**

OKDHS uses gross income for determining LIHEAP eligibility as seen in Appendix C-7 for Income Eligibility. OKDHS also allows certain deductions according to Oklahoma Administrative Codes for greater benefit amount payout during heating and cooling season as seen in Appendix C-7-A for Benefit Matrix. OKDHS calculates the net income as follows:

Gross income - allowable deductions = countable net income. The countable net income is the income used to determine how much LIHEAP benefit amount household would be eligible based on the household size, countable net income, and type of fuel.

Gross income is used for household income eligibility. The household's gross income must be within 130% of FPG for LIHEAP eligibility. Household must meet gross income eligibility threshold before LIHEAP benefit amount can be determined by using countable net income for a larger benefit allotment.

2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE?
- Yes  
- No

2.3 Check the appropriate boxes below and describe the policies for each.

- Do you require an Assets test?  
  - Yes  
  - No

- Do you have additional/differing eligibility policies for:
  - Renters?  
    - Yes  
    - No
  - Renters Living in subsidized housing?  
    - Yes  
    - No
  - Renters with utilities included in the rent?

    - No
  - Households with high energy burdens?  
    - Yes  
    - No
  - Other?  
    - Yes  
    - No

Explanations of policies for each "yes" checked above:

- Oklahoma has a liquid resource limit for LIHEAP households. This includes bank accounts, cash on hand, CDs, cryptocurrency, and other investments that can be accessed without penalty to the household. Resources are verified when screening of application indicates declaration of resources is questionable.
- Renters, renters with utilities included in rent and renters in subsidized housing receive the same benefit amounts as homeowners. Renters in subsidized housing must be responsible for at least a portion of their heating utility in order to be considered vulnerable. Renters with utilities included in rent must verify that a specific portion of the rent is for the cost of utilities or be charged for a surcharge amount during high usage months to be considered vulnerable. Applicants that are roomers receive a smaller heating benefit; however, it is still based on income.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Many of our preauthorized households are elderly or disabled individuals. OKDHS sends a notice of the open enrollment to household receiving other benefits such as SNAP, TANF, or SSP (State Supplemental Payment to the Aged, Blind, or Disabled). If funding is such that we will not be able to have open enrollment for the general population, we will reduce the number of applications to the general population and increase the number of applications targeting households that have at least an elderly or disabled or young child.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):
- Income
- Family (household) size
- Home energy cost or need:
  - Fuel type
  - Climate/region
- Individual bill
2.6 Describe estimated benefit levels for the fiscal year for which this plan applies

| Minimum Benefit | $40 | Maximum Benefit | $500 |

2.7 Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits?

- No

If yes, describe:

Applications requesting assistance to purchase or repair cooling equipment such as fans, or window air conditioning units can be reimbursed up to $150. Applicants must provide a receipt dated within 30 days of the start of the cooling application period for reimbursement approval. All whole house central heat and air unit/equipment must be serviced through the weatherization component which is handled through Oklahoma Department of Commerce due to health and safety measure and inspection under DOE guidelines.

4.2 Provide your LIHEAP program’s definition for determining a crisis.

A utility crisis exists when a household’s services are disconnected, provides information regarding a new connection fee, has a verified active cut-off order, receives a refusal notice to provide fuel, has a prepaid account with less than $25 minimum balance, enters into a payment plan with the supplier to prevent service cut-off. In the event of limited funding priority is given to cutoff notices within 72 hours and households that contain at least one member who is 60 years or older, blind, disabled, or a child under five years of age.

4.3 What constitutes a life-threatening crisis?

A life-threatening crisis exists when a member of the applicant household has a documented medical condition verified by a licensed health care professional that would become life threatening without the availability of the energy source. This can include those using life sustaining medical equipment in the home, refrigerated insulin, and those that may suffer more severe adverse effects from extreme temperature changes or exposure temperatures due to medical condition.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48 Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18 Hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? Yes No

- Must the household have been shut off or have an empty tank? Yes No
- Must the household have exhausted their regular heating benefit? Yes No
- Must renters with heating costs included in their rent have received an eviction notice? Yes No
- Must heating/cooling be medically necessary? Yes No
- Must the household have non-working heating or cooling equipment? Yes No
- Other? Yes No

In addition to our ECAP general open enrollment application period, OKDHS offers year round ECAP to households that have at least one household member with a medical condition that would be life threatening without the use of the utility. The utility crisis is established in the same manner as our regular ECAP general open enrollment application period. The household must provide medical documentation from a licensed physician to establish the medical crisis.

ECAP general open enrollment applications can be submitted online, or by mail, fax, or phone during business hours. Households can apply for ECAP at any of our local field offices throughout state.

4.11 Do you provide individuals who are physically disabled the means to:

If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disabled.

ECAP general open enrollment applications can be submitted online, or by mail, fax, or phone during business hours. 4.16 Do any of the utility vendors you work with enforce a moratorium on shut off?

☐ Yes  ☐ No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

Regulated utilities in Oklahoma have a moratorium based on severe weather. If the high temperature is actually or predicted to be at least 32 degrees or below on the day of disconnection or the nighttime low is predicted to be 20 degrees or less, the utility will suspend disconnection of service as long as the gas service is used for heating purposes. If the temperature actually is or predicted to be at least 101 degrees with heat index or higher on the day of disconnection, the utility will suspend disconnection.

One of our largest electric companies has a slightly lower temperature threshold for summer disconnections. They also do not disconnect if the predicted or actual high is 32 degrees or below or nighttime is or is predicted to be 20 degrees or below.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:
Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(b) Establishing an ongoing drug-free awareness program to inform employees about --
(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
(1) Abide by the terms of the statement; and
(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification
(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted: 

1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
