1. Introduction and Solicitation Overview

1.1 Authority to Procure Medicaid Managed Care Services

1.1.1. State Authority

OHCA has general authority to enter into contracts for the delivery of state-purchased health care pursuant to 63 O.S. § 5006(A)(2). The Oklahoma Legislature, through the Ensuring Access to Medicaid Act, 56 O.S. §§ 4002.1, *et seq.*, established and defined the scope of the Oklahoma Health Care Authority's (OHCA's) authority and responsibility to procure the Medicaid managed care services that are the subject of this Request for Proposal (RFP).

1.1.2. Federal Authority

The Centers for Medicare and Medicaid Services (CMS), pursuant to 42 C.F.R. Part 438, has the authority and responsibility to review and approve or deny any contract for Medicaid managed care services. For any Contract resulting from this solicitation, only those Contract terms that are applicable to and permissible for prepaid ambulatory health plans (PAHPs), as defined at 42 C.F.R. § 438.2, are enforceable.

1.1.3. Oklahoma Central Purchasing Act (Central Purchasing Act) (74 O.S. § 85.1 et seq.) and Accompanying Oklahoma Administrative Code (OAC) Provisions

The Central Purchasing Act (Central Purchasing Act, 74 O.S. §§ 85.1, *et seq.*) establishes policies that an Oklahoma state agency must follow to procure products or services from a third-party vendor, including the requirement that, absent an exemption and provided the acquisition exceeds \$50,000, such contracts must be competitively bid (74 O.S. § 85.7). The Central Purchasing Act provides that when an acquisition requires competitive bidding, the purchasing activities of the state agency shall be under the direction of the Central Purchasing Division of the Office of Management and Enterprise Services (OMES) unless otherwise delegated to the state agency (74 O.S. § 85.5). The Central Purchasing Division has delegated the right to procure needed products and services for the OHCA to OHCA's Chief Executive Officer (CEO) and other OHCA officers and personnel, subject to certain prior approval requirements from the Oklahoma Health Care Authority Board (OAC 317:10-1-16). In accordance with O.A.C. 317:10-1-1, when an acquisition is made by the OHCA, the OHCA's Rules at O.A.C. 317:10 must be read in conjunction with the OMES Purchasing Rules at O.A.C. 260:115. Per O.A.C. 317:10-1-3, when applying the Central Purchasing Act and related O.A.C. provisions to acquisitions under this RFP, where "State Purchasing Director" is specified, it means either the certified OHCA procurement officer or the OHCA CEO, or both, and "Purchasing Division" means the OHCA (OAC 317:10-1-3).

1.1.4. Oklahoma Privatization of State Functions Actions

The Ensuring Access to Medicaid Act, 56 O.S. § 4002.3a, directs the OHCA to enter public-private partnerships with contracted entities, through risk-based Capitated Contracts, to provide Medicaid dental services to specified populations. The Oklahoma Privatization of State Functions Act (Privatization

Act, 74 O.S. §§ 586, *et seq.*) establishes guidelines for the privatization of State services to ensure that such privatization is cost effective and in the best interest of the State. The OHCA has submitted a cost analysis to OMES and OMES has found that the analysis fulfills the content requirements of the Privatization Act. The OHCA has also provided the notices required under Section 589 of the Privatization Act. To the extent that the OHCA receives a response to those notices that requires it to modify or amend this solicitation, those updates or amendments will be posted in accordance with Section 1.1.15: “Changes in Solicitation Specifications or Contract Terms”.

Bidders will be required to provide in their Proposal all the information and certifications required by the Privatization Act as more fully discussed in Section 1.1.4: “Oklahoma Privatization of State Functions Actions”. Failure to provide this information and certifications could result in a Proposal being considered non-responsive and not considered for further evaluation. Failure to abide by the Privatization Act may also result in a Bidder’s disqualification.

1.1.5. The RFP

The Ensuring Access Act, 56 O.S. § 4002.3b, directs the OHCA to contract with at least two (2) dental benefit managers (DBMs) to deliver Medicaid managed care dental services to the following Medicaid populations: SoonerCare Children, Pregnant Women, Deemed Newborns, Parent and Caretaker Relatives, the Expansion Population, and members of the Children’s Specialty Plan as provided by subsection D of 56 O.S. 4002.3b, referred to as SoonerSelect Dental Eligibles. OHCA requests Proposals from qualified Bidders to coordinate and deliver Medicaid dental services to the specified Medicaid populations while demonstrating improved dental health outcomes, increased access to care, and increased accountability in the State’s Medicaid program, referred to as SoonerCare.

The Contracts resulting from this RFP process will be for an initial term from contract award through June 30, 2023, with six (6) one-year renewal options at the discretion of OHCA. Enrollment of SoonerSelect Dental Eligibles in the SoonerSelect Dental program will be effective October 1, 2023, or the first day of the month following CMS approval.

1.1.5.1 Sooner Select Dental Goals

The Oklahoma Legislature and Governor Stitt have directed the OHCA to design the Oklahoma Medicaid program to achieve the following goals:

- Improve health outcomes for Medicaid members and the State as a whole;
- Ensure budget predictability through shared risk and accountability;
- Ensure access to care, quality measures, and member satisfaction;
- Ensure efficient and cost-effective administrative systems and structures; and
- Ensure a sustainable delivery system that is a Provider-led effort and that is operated and managed by providers to the maximum extent possible.

OHCA designed the SoonerSelect Dental program to meaningfully achieve stated goals, as well as to advance Governor Stitt’s plan to transform Oklahoma into a Top Ten state in health outcomes. Additionally, the SoonerSelect Dental program is designed to achieve the following goals:

- Improve access for SoonerSelect Dental Enrollees to oral healthcare, including preventive and restorative services;
- Engage with SoonerSelect Dental Enrollees through high-quality outreach and education materials and regularly scheduled activities; and
- Cultivate a culture of collaboration among medical and dental professionals.

1.1.5.2 SoonerCare Program Background

SoonerCare services are currently delivered through coordinated care models including patient centered medical homes (PCMHs), Health Access Networks (HANs), and the SoonerCare Health Management Program (HMP). All SoonerSelect Dental Eligibles currently qualify to receive services through these models, except for the following:

- Dual Eligible Individuals;
- Individuals residing in an institution or nursing home;

1.1.7. Evaluation Criteria, Documentation and Scoring Methodology

For purposes of evaluating Proposals, OHCA has developed evaluation criteria and documentation in accordance with O.A.C. 260:115-7-32. OHCA evaluation criteria conform to the best value criteria as defined at 74 O.S. § 85.2(2). As directed by 56 O.S. § 4002.3b, OHCA scoring methodology affords preferential scoring to a Bidder that both meets the definition of Provider-led entity as defined in 56 O.S. § 4002.2(17) and submits a responsive Proposal demonstrating ability to fulfill Contract requirements.

1.1.8. OHCA Sole Point of Contact

OHCA is the issuing agency for this competitive bid RFP. The sole point of contact for the RFP is listed below. All RFP-related inquiries must be directed to this individual. The sole point of contact is the only individual the Bidder should contact, or communicate with, regarding any questions or issues with the RFP or a Proposal, and in no instance should a Bidder contact the OHCA Chief Executive Officer, the Oklahoma Health Care Authority Board, or any other official in Oklahoma about the RFP or a Proposal.

Failure to comply with this requirement may result in the Proposal being considered non-responsive or not considered for further evaluation. Failure to abide by this provision may result in a Bidder's disqualification. accordance with instructions provided in Section 2.4.2 “Proprietary Information”. OHCA is the sole and final determiner of the proprietary or confidential nature of a bid in part or in whole.

1.1.15. Changes in Solicitation Specifications or Contract Terms

Any solicitation amendment shall be set forth at the same online link as the solicitation. If one or more amendments to this solicitation are issued, the Bidder shall acknowledge receipt of any/all such amendment(s) by signing and returning the amendment cover page in accordance with instructions provided in Section 2.5.2 “Technical Proposal Contents”. OHCA must receive the amendment acknowledgement(s) by the closing date/time for the Proposal to be deemed responsive. Failure to acknowledge solicitation amendment(s) may be grounds for rejection.

No oral statement of any person shall modify or otherwise affect the terms, conditions or specifications stated in the solicitation. All amendments to the solicitation shall be made in writing by OHCA.

It is the Bidder’s responsibility to check the Bidder’s Library frequently for any amendments that may be issued. OHCA is not responsible for a Bidder’s failure to acquire any amendment documents required to complete a Proposal.

1.1.16. Waiver of Objections

2. Solicitation Guidelines

2.1 Overview

This section presents Proposal submission requirements for Solicitation Number 8070001412. The submission requirements have been developed to identify organizations with the necessary experience, demonstrated outcomes, capacity, and processes to deliver high-quality, cost-effective services to SoonerSelect Dental Enrollees.

As discussed in more detail below, in conducting this solicitation, OHCA reserves the right to:

- Reject any proposals that do not comply with the requirements and specifications of the solicitation. A Proposal may be rejected when the Bidder imposes terms or conditions that would modify the requirements of the solicitation, require indemnification by OHCA, or limit

- the Bidder's liability to the State;
- Waive minor irregularities in Proposals that do not result in substantive changes to the Proposal as determined by OHCA to be in the best interest of the State. If granted, the waivers will in no way modify the requirements of the solicitation or the obligations of Bidders awarded Contracts;
- Award a Contract based on this solicitation and the Proposals of selected Bidder(s);
- Award the Contract to more than one (1) Bidder, or reject any or all Proposals received, if deemed to be in the best interest of the State of Oklahoma;
- Request clarification or correction of Proposals;
- Amend this solicitation, or any segment hereof;
- Cancel this solicitation, if determined to be in the best interest of the State; or
- Discontinue the contracting process at any time.

2.2 Eligibility to Submit Proposal

An entity eligible to submit a Proposal for this solicitation will:

- Meet the definition of Dental Benefit Manager (DBM) as defined at 56 O.S. § 4002.2(9); and

The required certification statement, "Certification for Competitive Bid and/or Contract (Non-Collusion Certification)", OMEs-Form-CP-004, must be made out in the name of the Bidder and must be properly executed by an authorized person with full knowledge and acceptance of all of its provisions.

The technical requirements of a properly submitted Proposal are discussed in Section 2.5: "Technical Proposal Requirements". A Proposal submitted in any other format may not be accepted.

Each Proposal is required to include relevant information for a designated contact to receive notice, approvals, and requests allowed or required by the terms of the Contract.

A Proposal shall remain firm for a minimum of one hundred eighty (180) Days from the RFP closing date. Bidders guarantee unit prices to be correct.

By submitting a Proposal, the Bidder will be deemed to acknowledge and agree that the State of Oklahoma and its agencies are prohibited from holding an individual or a private entity harmless from liability or providing indemnity to a private entity or individual. Any attempt by the Bidder to add indemnification or limitation of liability provisions in favor of the Bidder (or third parties) to the definitive Contract may render the Bidder's Proposal non-responsive and subject to rejection and will be deemed by all parties as unenforceable under any circumstances.

After review of a Bidder's submitted Proposal, OHCA may require additional terms related to a solicitation in which consumer data will be accessed, processed, or stored by the Contractor. If consumer data includes any protected health information, as that term is defined by HIPAA, OHCA and the Bidder shall enter into a business associate agreement, as required by law.

All Proposals submitted shall be subject to the Central Purchasing Act, Central Purchasing Rules, and other statutory and regulatory requirements as applicable.

For the avoidance of doubt, and subject to OHCA protest process discussed in Section 2.8: "Protests", by submitting a Proposal to this RFP, the Bidder stipulates that the courts of the State of Oklahoma sitting in Oklahoma County, Oklahoma shall have personal jurisdiction over its person, and it hereby irrevocably (i) submits to the personal jurisdiction of said courts and (ii) consents to the service of process, pleadings, and notices in connection with any and all actions initiated in said courts and waives any objection to venue. The Bidder agrees that a final judgment in any such action or proceeding shall be conclusive and binding and may be enforced in any other jurisdiction. Any disputes will be governed by Oklahoma law, without regard to the principals of conflict of laws of such state.

2.3.1. One Proposal

Except as requested by OHCA, a Proposal may not be changed after the closing date/time. Bidders may submit only one Proposal in response to this solicitation. If the Bidder needs to change a submitted Proposal prior to the closing date/time, the Bidder shall withdraw the originally submitted Proposal and a new Proposal shall be submitted to OHCA by the closing date/time. Bidders may withdraw and resubmit a Proposal at any time prior to the closing date/time. As part of the resubmission process, Bidders must acknowledge in writing that the resubmitted Proposal supersedes all previously submitted Proposals by including the following statement on the superseding Proposal cover page "THIS PROPOSAL SUPERSEDES ANY PROPOSAL PREVIOUSLY SUBMITTED". The resubmitted Proposal should contain the solicitation number and closing date/time in the body of the submission email.

2.3.2. Strict Closing Date and Time

In accordance with O.A.C. 260:115-1-2, closing date/time means the date and Central Time bids are due. Proposals received by OHCA after the closing date/time shall be deemed non-responsive and shall NOT be considered for any resultant award.

2.3.3. Property of the State

Unless otherwise specified in the Oklahoma Open Records Act, Central Purchasing Act, or other applicable law, documents, and information a Bidder submits as part of or in connection with a Proposal are public records and subject to disclosure after the contract has been awarded pursuant to OAC 260:115-3-9.

Bidders may withdraw Proposals and remove themselves from consideration by providing written notification, in the form specified in O.A.C. 260:115-3-11(d), to the OHCA sole point of contact at any time prior to the closing date/time. The OHCA sole point of contact is provided in Section 1.1.8: "OHCA Sole Point of Contact". In accordance with O.A.C. 260:115-3-11(e), a Proposal may not be withdrawn after the closing date/time except as authorized by the OHCA CEO after proof by the Bidder that a significant error by the Bidder exists in the Proposal.

Unless properly withdrawn, the submitted Proposal is deemed to be a binding offer on the part of the Bidder.

2.3.5. Binding Proposals

All Proposals shall be firm representations that the responding Bidder has carefully investigated and will comply with all OHCA and State terms and conditions relating to the Solicitation. Bidders whose Proposals are accepted for evaluation will be bound by the terms of the solicitation and the contents of the Proposals, subject to OHCA's discretionary authority to require modifications necessary to meet the terms of the Contract, state or federal law, or program objectives, for the duration of the solicitation and contract period. Bidders awarded a Contract will be governed by the terms outlined in Appendix 1: Contract as may be executed and amended by the parties.

2.3.6. Proposal Rejection

The Bidder's failure to submit required information may cause the Proposal to be rejected. In addition, a Proposal received after the Proposal closing date/time shall be deemed non-responsive and shall not be considered unless, in accordance with O.A.C. 260:115-3-11, OHCA has authorized acceptance of a late Proposal due to a significant error or incident that occurred which affected the receipt of a Proposal.

Additionally, failure to comply with these Bidder instructions or solicitation requirements may result in a Proposal being disqualified from evaluation. Whenever the terms "shall", "must", "will", or "is required" are used in the solicitation, the specification being referred to is a mandatory specification of the solicitation. Failure to meet any mandatory specification may cause rejection of a Proposal. Whenever the terms "can", "may", or "should" are used in the solicitation, the specification being referred to is a

desirable item and failure to provide any item so termed shall not be the cause for rejection of a Proposal.

A Proposal may be rejected when the Bidder imposes terms or conditions that would modify the requirements of the solicitation, require OHCA to indemnify the Bidder or a third party, or limit the Bidder's liability. Other possible reasons for rejection are listed in O.A.C. 260:115-7-32(f).

2.3.7. Deficiencies

In accordance with the O.A.C. 260:115-7-32(g), OHCA has the right, but is not required, to waive minor deficiencies or informalities if OHCA determines the deficiencies or informalities do not prejudice the other Bidders. OHCA may also permit Bidders to cure certain non-substantive deficiencies if there is sufficient time prior to the award of the Contract.

2.3.8. Submission of Questions

Bidders may submit written questions by email only to the OHCA sole point of contact. Questions must be submitted using [Form 8070001412-A SoonerSelect Dental Solicitation Questions](#) included in the Bidder's Library. The form must be submitted in original Excel format.

OHCA will provide written answers to all technical Proposal and price questions received on or before the dates specified in Section 1.1.18 "Solicitation Timeline". Answers will be made publicly available in the form of one or more solicitation amendments posted to the Bidder's Library. Only posted answers will be considered official and valid by the State. No Bidder shall rely upon, take any action, or make any decision based upon any verbal communication with any State employee.

2.3.9. Actuarial Bidder's Conference

OHCA will hold an actuarial Bidder's conference at the OHCA offices on the date and time specified in Section 1.1.18 "Solicitation Timeline". Additional information about the Bidder's conference will be provided in advance of the session. OHCA may modify the place, date, or time of the Bidder's conference to accommodate public health needs that exist or that may be reasonably expected to exist on the specified date. Any public health accommodation made pursuant to this section may include but is not limited to rescheduling, limiting attendance, changing the venue from in-person to virtual, and offering a virtual option in addition to an in-person expectation.

2.3.10. Evaluation

A responsive Proposal will proceed to the evaluation process. The evaluation process will be conducted in accordance with Section 2.6: "Proposal Evaluation". Proposals will be evaluated on best value criteria in accordance with 74 O.S. § 85.2(2). Bidder's past performance may be considered when evaluating a Bid.

2.4 Proposal Structure and Submission Requirements

2.4.1. Electronic Proposals

All Proposals shall be submitted electronically. Bidders will e-mail procurement@okhca.org to set up their large file upload for Bidder submissions. Bidder submissions shall include the solicitation name and number (# 8070001412) in the subject line of the email. The body of the email shall state:

- Large file request for [Your Company Name]
- Name of requestor
- E-mail address of requestor

The OHCA procurement officer for this solicitation will send an email to the Bidder's specified email address that states, "You've been invited to share large files".

- The Bidder will click on the "Upload Files" button on the e-mail and will be directed to get an access key;
- The access key will be sent in a separate email and will need to be copied and pasted into the email requesting the access key;
- The Bidder will receive a secure e-mail to send their large files;
- The Bidder will add the files and send their Proposal; and
- The Bidder will receive a message that the email was sent.

OHCA encourages Bidders to request a test submission to make sure they understand the process and are comfortable using the large file submission software. Once the Bidder has uploaded files from a request, it can no longer upload files (i.e., it cannot upload a test file and then use the same access key to upload the solicitation response). If the Bidder needs to upload more files or make corrections, a new, large file request will have to be submitted.

All requests to submit large files for this solicitation should be requested seven (7) Calendar Days in advance.

2.4.2. Proprietary Information

Documents and information submitted by a Bidder as part of or in connection with a solicitation are public records and subject to disclosure after the contract has been awarded pursuant to OAC 260:115-3-9, or unless otherwise specified in applicable law. Bidders claiming any portion of a Proposal as proprietary or confidential must conspicuously mark on the first page that the Proposal contains information considered confidential, specifically identify what documents or portions of documents they consider confidential, enumerate the specific grounds, based on applicable laws, which support treatment of the marked information as exempt from disclosure, explain why disclosure is not in the best interest of the public and submit an additional electronic copy of the Proposal with this information redacted, and include the content considered confidential in applicable sections of the bid. The additional copies with the confidential information redacted should be clearly labeled "Redacted Copy". It shall be within the sole discretion of OHCA to make the final decision as to whether the documentation or information is confidential.

A Proposal marked in total as proprietary and/or confidential (versus specific documents or portions of documents within a Proposal) shall not be considered confidential. Likewise, unless specifically referenced otherwise in a solicitation, resumes, pricing, marketing materials, business references, additional terms proposed by a Bidder, and Subcontractor information are not confidential and are not exempt from disclosure under the Oklahoma Open Records Act. The foregoing list is intended to address information often marked confidential that is not exempt from disclosure and it is not an exhaustive list.

OHCA has no responsibility to independently review any part or the entirety of a Proposal for a confidentiality claim. Likewise, confidentiality claims of a Bidder will not be considered if a Proposal does not comply with the requirements of this Section 2.4.2, "Proprietary Information" of the Contract and applicable law, including O.A.C. 260:115-3-9 and OAC 317:10-1-25-1, and the information will be subject to disclosure pursuant to State law.

If the Bidder provides a copy of this Proposal with proprietary and Confidential Information redacted and OHCA appropriately supplies the redacted Proposal to another party under the Oklahoma Open Records Act or other statutory or regulatory requirements, the Bidder agrees to indemnify OHCA and step in to defend its interest in protecting the referenced redacted material.

For the avoidance of doubt, if a Bidder wishes to seek an exemption from disclosure under the Oklahoma Open Records Act or other statutory or regulatory requirements, it is the responsibility of the Bidder to assert any right of confidentiality that may exist. OHCA will not make that assertion on behalf of a Bidder.

If clarifications are made because of such discussion, the Bidder(s) shall put such clarifications in writing. Bidder clarifications that are outside the scope of the clarification questions shall be disregarded. Oral explanations or instructions provided to a potential Bidder are not binding.

If a Bidder fails to notify OHCA of an error, ambiguity, conflict, discrepancy, omission, or other error in the Solicitation that is actually or constructively known by the Bidder or that reasonably should have been known by the Bidder, the Bidder shall submit a Proposal at its own risk; and if awarded the

contract, the Bidder shall not be entitled to additional compensation, relief, or time, by reason of the error or its later correction. If a Bidder takes exception to any requirement or specification contained in the Solicitation, these exceptions must be clearly and prominently stated in the Proposal. OHCA does not exempt a requirement or specification by contract award, and exceptions must be agreed upon in writing through a Contract amendment.

OHCA may schedule oral presentations as part of Proposal evaluation activities. Further information on any oral presentation schedule and content requirements will be provided, if at all, after the closing date/time.

2.6 Proposal Evaluation

Following the closing date/time, an administrative review and evaluation process will be conducted to determine the responsiveness and quality of each Proposal.

Proposals will be evaluated based upon the ability of the Bidder to satisfy the requirements of the RFP in best serving the interests of the citizens of Oklahoma. Each of the evaluation steps is described below with a brief explanation of the evaluation criteria in that step. The points associated with each evaluation area are indicated following the category name.

The Central Purchasing Act at 74 O.S. § 85.7(B), requires that bids shall be awarded to the lowest and best, or best value, Bidder or Bidders, using the “best value criteria” contained in 74 O.S. § 85.2(2)(a)-(j) and “lowest and best” criteria in 74 O.S. § 85.2(14)(a)-(c).

2.6.1. Step One – Administrative Review (Pass/Fail)

OHCA will review the Bidder’s Proposal for timely submission, completeness, and compliance with general submission guidelines outlined in this RFP. The Administrative Review will also determine compliance with mandated forms and ability to meet risk-based capital requirements. Inability to meet any Mandatory Requirements will be grounds to disqualify a response from further consideration.

2.6.2. Step Two – Technical Proposal Evaluation (1,550 points)

OHCA will review each Proposal passing the Administrative Review and use the Evaluation Areas and points below to determine a Technical Proposal score for each Bidder.

Technical Proposal Evaluation Area: Points Possible

Evaluation Area	Points Possible
Executive Summary	25
Organizational Structure, includes: <ul style="list-style-type: none"> • Oklahoma and Medicaid Experience • PLE and Local Oklahoma Provider Organization Status/Contracting • Proposed Oklahoma Economic Impact 	250
Operations Plan	180

Evaluation Area	Points Possible
Provider Network and Services	210
Covered Benefits	100
SoonerSelect Dental Enrollee Services	120
American Indian/Alaska Native Health Understanding and Strategy	50
Quality Improvement	100
SoonerSelect Dental Enrollee Management, includes: <ul style="list-style-type: none"> Dental Services Utilization Management Transition of Care 	120
Value-Based Payment	80
Case Studies	120
Compliance	75
Information Technology	120
Total	1550

In compliance with 56 O.S. § 4002.3b, OHCA has developed a preferential scoring methodology for Provider-led entities (PLE), as long as the PLE otherwise demonstrates ability to fulfill contract requirements. As such, OHCA will establish two separate evaluation pools to assess Bidders: (1) PLEs who meet the criteria outlined in 56 O.S. §§ 4002.2(17) and (2) all other care entities.

PLEs must meet a minimum threshold to confirm the Bidder’s proposal is responsive and determined able to demonstrate ability to fulfill Contract requirements (56 O.S. §§ 4002.3b). If PLEs meet OHCA’s minimum score for the Technical Proposal Evaluation, OHCA will award PLEs qualifying for the PLE pool up to fifty (50) additional points, in compliance with 56 O.S. § 4002.3b. These fifty (50) points will be added to the Technical Proposal score.

OHCA will also award additional or greater points within the points possible under each Technical Response Evaluation Areas to PLEs based on the following factors:

- Ownership and governance structure,
- Demonstrated experience in care coordination and care management, and
- Demonstrated experience in Medicare or Medicaid alternative payment models (e.g., accountable care organizations, value-based payment, risk-sharing agreements).

2.6.3. Step Three – Oral Presentation Evaluation (50 points)

As stated in Section 2.5.3, “Written Clarification and Oral Presentations”, OHCA may invite some or all Bidders to participate in Oral Presentations. In-person presentations shall be conducted in Oklahoma City, OK at a site chosen by OHCA or may be held virtually by video conference. The presentations will address specific topics provided in advance to the Bidder.

OHCA may “short- list” some Bidders as a result of their Administrative Review and Technical Proposal scores from Steps 1 & 2 and invite only those Bidders “short-listed” to participate in Oral Presentations. OHCA may limit any presentations only to those Bidders which are deemed competitive. Additional details regarding the scheduling of the in-person, oral or virtual presentations will be provided to selected Bidders by OHCA upon determination that such presentation is needed. The Bidders are solely responsible for any costs associated with making oral presentations, including but not limited to travel and the preparation of additional materials.

If Bidders are invited to provide Oral Presentations, the Oral Presentations will be evaluated and eligible to be awarded points based on the possible point values below.

Oral Presentation: Points Possible

Evaluation Area	Points Possible
Oral Presentation	50

Oral Presentation scores would be added to Technical Proposal scores to result in final proposal scores.

Bidders may have little notice as to whether they will be invited or not invited to provide Oral Presentations per the timeline specified in Section 1.1.18 Solicitation Timeline. All Bidders should be prepared to provide oral presentations that follow the instructions for oral presentations that will be distributed after the Proposal submission deadline.

2.6.4. Step Four – Scoring Review

OHCA will review the final proposal scores across both pools and select Bidders based on the following order of priority:

- a. Final proposal scores;
- b. Statewideness to guarantee Enrollee choice in accordance with 42 C.F.R. § 438.52; and
- c. PLE contracting.

OHCA reserves the right, but is not obligated, to contract with more than one PLE should multiple PLEs be among the highest Bidders responding to this RFP. OHCA will also give preference to non-PLE entities who partner or contract with a PLE for elements related to statewideness, contracting status with Local Oklahoma Provider Organizations, and governance (56 O.S. § 4002.5). This preference will be applied through the evaluation of each element to help Bidders achieve the maximum point value, but not in excess of the maximum point value.

The CEO of OHCA or such CEO’s designee(s) will, in the exercise of their sole discretion, determine which Proposal(s) offer the best means of serving the interests of the State based on overall RFP scores. The exercise of this discretion will be final.

2.6.5. Step Five – Final Negotiations

In accordance with the Oklahoma Central Purchasing Act and O.A.C. 260:115, OHCA reserves the right to negotiate with one, selected, all, or none of the Bidders responding to this RFP to obtain the best value for OHCA. OHCA reserves the right to limit negotiations to those Proposals that received the highest rankings during the initial evaluation phase. Negotiations will be conducted in accordance with O.A.C. 260:115-7-32, and may be conducted in person, in writing, or by electronic means. Negotiations could entail discussions on products, services, pricing, contract terminology, or any other issue that mitigate OHCA's risks. OHCA will consider all issues negotiable and not artificially constrained by internal corporate policies. Negotiation may be with one or more Bidders, for any and all items in the Bidder's Proposal. Bidders that contend a lack of flexibility because of corporate policy on a particular negotiation item shall face a significant disadvantage and may not be considered.

2.6.6. Step Six – Award of Contract

Contract awards shall be made in accordance with O.A.C. 260:115-7-32. OHCA may award the Contract to more than one Bidder by awarding the Contract(s) by item or groups of items or may award the Contract on an all or none basis, whichever is deemed to be in the best interest of OHCA.

Pursuant to Oklahoma Attorney General Opinion No. 06-23, any Bidder that has assisted in preparing the solicitation or developing the procurement terms, either directly or indirectly, is precluded from being awarded the Contract or from securing a sub-contractor that has provided such services.

Prior to award, OHCA may choose to request information from the Bidder to demonstrate its (and/or its parent's or Subsidiary's) financial status and performance.

2.6.7. Step Seven – Notice of Award

The successful Bidder(s) shall be notified they have been selected for award, and before the official award, the following shall be requested to be completed:

In order to receive an award or payments from the State of Oklahoma, Bidder must be a registered vendor. The Bidder registration process can be completed electronically through the website at the following link: <https://www.ok.gov/dcs/vendors/index.php>.

The successful Bidder shall register with the Oklahoma Secretary of State or shall attach a signed statement that provides specific details supporting the exemption the supplier is claiming. The Oklahoma Secretary of State Office's contact information is as follows: www.sos.ok.gov or 405-521-3911.

Bidder is required to provide a certificate of liability insurance showing proof of compliance with Contract Section 1.2.18: "Insurance".

Notification of award shall also be posted on OHCA website.

2.6.8. Step Eight – Execution of Contract

OHCA will issue the successful Bidder(s) a final Contract for Bidder signature and execution. A final signed contract resulting from this RFP shall result in a binding Contract.

2.7 Debriefings

Bidders may request copies of proposals and evaluation and award materials after the Contract has been awarded. Due to limited staff time, OHCA is unable to provide formal debriefings for any Bidder.

2.8 Protests

Protest of awards under this solicitation will be addressed by OHCA in accordance with administrative rules found at O.A.C. 317:2-1-14. In summary, a Bidder who wishes to protest the award of a contract under the solicitation must submit a written notice to the OHCA Legal Division within ten (10) Business Days of the contract award. The protest must state the relevant facts and the Bidder's grounds for protest. The OHCA Legal Division will respond to the Bidder's protest within ten (10) Business Days of its receipt of the Bidder's properly submitted written notice of protest. OHCA will determine, in its sole discretion, if a written notice of protest was properly submitted in accordance with O.A.C. 317:2-1-14. The OHCA Legal Division reserves the right to decline to consider any protests that are not submitted in conformity with O.A.C. 317:2-1-14.

Notwithstanding anything in O.A.C. 317:2-1-14 or O.A.C. 317:2-1-2 to the contrary, by submitting a Proposal, the Bidder agrees that the Bidder may appeal the OHCA Legal Division's decision by requesting an administrative hearing before an Administrative Law Judge (ALJ). To submit such request, the Bidder must file a Form LD-3 with the OHCA's docket clerk within thirty (30) Calendar Days of the Bidder's receipt of the written denial from the OHCA Legal Division. The ALJ's decision will constitute the final administrative decision of OHCA.

Any claims, disputes or litigation relating to the solicitation shall be governed by the laws of the State of Oklahoma. Venue for any action, claim, dispute, or litigation relating in any way to the solicitation shall be in Oklahoma County, Oklahoma.

However, OHCA reserves the right to clarify, in writing, any contractual relationship with the concurrence of Contractor(s), and such written clarification shall govern in case of conflict with the applicable requirements stated in the RFP. Notwithstanding any other language in this Contract and as authorized at law, OHCA retains full freedom throughout the Contract period to solicit and/or award one (1) or more contracts for the delivery of Medicaid services. In future solicitations and/or awards, OHCA is under no obligation to replicate any part of the solicitation released or any Contract term adopted in relation to this Contract. OHCA is under no obligation to provide prior notice of any such solicitation or award to the Contractor. As appropriate, OHCA shall provide reasonable subsequent notice of any such contract awarded to a party unrelated to the Contractor. Any such contract has no impact on OHCA’s or the Contractor’s rights and obligations under the terms of this Contract.

Notwithstanding any other language in this Contract, the Contractor retains full freedom throughout the Contract period to engage with any other State Medicaid Agency in procurement activities up to and including the delivery of managed care Medicaid services. The Contractor shall provide notice of material change, if any. At all times, all parties shall adhere to the overall intent of the Contract.

1.2.9. Assignment

The Contractor shall not assign or transfer any rights or obligations under this Contract without prior written consent of OHCA. Such consent, if granted, shall not relieve the Contractor of its responsibilities under the Contract. For purposes of this section, any change in ownership of the Contractor shall constitute an assignment of the Contract.

1.2.10. Policy Determinations

In the event that the Contractor may, from time to time, request OHCA to make policy determinations or to issue operating guidelines required for proper performance of the Contract, OHCA shall do so in a timely manner, and the Contractor shall be entitled to rely upon and act in accordance with such policy determinations and operating guidelines and shall incur no liability in doing so unless the Contractor acts negligently, maliciously, fraudulently or in bad faith.

Such determinations shall only be valid if issued by the OHCA's contract designee.

1.2.11. Disputes

Pursuant to OAC 260:115-9-1 and 317:10-1-3 and prior to the institution of arbitration or litigation concerning any Contract Dispute, OHCA's procurement officer, as that term is used in OAC 317:10-1-3 and/or CEO are authorized to seek Contract Dispute resolution if Contractor "(1) fails to timely retrieve and replace an acquisition that does not meet or exceed contract specifications; (2) does not refund payment for an acquisition that does not meet or exceed contract specifications; or (3) fails to resolve any other problem that conflicts with the contract specifications or terms and conditions in a timely manner." OAC 260:115-9-1. This authority to resolve Disputes, as well as the process for such resolution, is subject to limitations or conditions imposed by federal and State law. Such Disputes may include a cause for Contract modification such as in the case of a mistake, misinterpretation or other cause for Contract modification or rescission. This excludes any claim or controversy involving penalties or forfeitures prescribed by statute or regulation where an official, other than OHCA's procurement officer and/or CEO, are specifically authorized to resolve or determine such controversy.

OHCA's procurement officer and/or CEO shall be authorized to resolve Contract Disputes between the Contractor and OHCA upon submission of a request in writing from either party. Such a request shall provide:

- a. A description of the problem, including all appropriate citations and references from the Contract;
- b. A clear statement by the party requesting the decision or interpretation of the Contract; and
- c. A proposed course of action to resolve the dispute.

OHCA's procurement officer and/or CEO shall determine whether the interpretation provided is appropriate, whether the proposed solution is feasible and/or whether another solution is feasible or negotiable. If a dispute or controversy cannot be resolved by mutual agreement, OHCA's procurement officer and/or CEO shall promptly issue a decision in writing after receipt of a request for dispute resolution. A copy of the decision shall be mailed or otherwise furnished to the Contractor.

If OHCA's procurement officer and/or CEO does not issue a written decision within forty-five (45) Days after written request for a final decision, or within such longer period as might be established in writing by the parties to the Contract, then the Contractor may proceed as if an adverse decision had been received.

1.2.12. Record Retention

Unless specified, the term “record” means all documents including, but not limited to, any book, paper, photograph, microfilm, data files created by or used with computer software, computer tape, disk, record, sound recording, film recording, video record, or other material regardless of physical form or characteristic, created by, received by, under the authority of, or coming into the custody, control or possession of Contractor in connection with or related to fulfilling the terms and conditions of this Contract.

If an action to review, audit, investigate, litigate, or otherwise assess any matter related to or arising from the Contract begins before the end of the ten- year period, the Contractor and Subcontractors shall retain in retrievable form records for two (2) years after the date that the last of all issues arising out of the action are resolved, or until the end of the ten-year retention period, whichever is later. Regarding an action initiated by a State or federal agency, the “date that the last of all issues arising out of the action are resolved” means the effective date of the relevant agency’s written notification that the action is complete.

For records that are under State or federal agency audit, review, or investigation on the day that the ten (10)-year period expires, the Contractor or Subcontractor shall retain in retrievable form any such records until the effective date of the relevant agency’s written notification that the action is complete. 1.2.15. Confidentiality; HIPAA and Business Associate Requirements

1.2.15.1 Definitions

HIPAA Rules shall mean the Health Insurance Portability and Accountability Act of 1996, as amended, the Privacy, Security, Breach, Notification and Enforcement Rules at 45 C.F.R. Parts 160 and 164 and

related regulations, including the Administrative Simplification rules at 42 U.S.C. § 1320d et seq., and the Health Information Technology for Economic and Clinical Health Act of 2009 (“HITECH”) and its associated rules, including but not limited to those at 45 C.F.R. Parts 160 and 164, all as amended thereto.

The Contractor constitutes a “Business Associate” of OHCA for purposes of this Contract. Therefore, the term, “Contractor” as used in this section shall mean “Business Associate”.

The following terms in this section shall have the same meaning as those terms in the Health Insurance Portability and Accountability Act (HIPAA) Rules: Breach, Business Associate, Covered Entity, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Protected Health Information (PHI), Required by Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information and Use.

“Discovery” or “discovered” shall generally mean the first day a Security Incident or Breach is known to Contractor or, by exercising reasonable diligence, would have been known to Contractor. Contractor shall be deemed to have knowledge of a Security Incident or Breach if known, or if, by exercising reasonable diligence, the Security Incident or Breach would have been known, to any person other than the person committing the Breach, who is an employee or Agent of Contractor (determined in accordance with the federal common law of agency).

1.2.15.2 Permitted Uses and Disclosures by Contractor

Except as otherwise provided in this Contract, Contractor may use or disclose PHI on behalf of, or to provide services to, OHCA solely to provide the services specified in this Contract (including any additional services necessary to carry out the specific services in this Contract) and only if such use or disclosure of PHI would not violate the HIPAA Rules if performed by OHCA. Any use or disclosure of PHI shall be consistent with OHCA’s Minimum Necessary standards, and the regulations and guidance issued by the Secretary regarding Minimum Necessary standards for Contractor to perform its obligations under this Contract. Subject to the foregoing, Contractor may:

- a. Use the PHI for the purpose of determining and reporting potential improper billing and fraud in the Oklahoma Medicaid Program and, if directed to do so in writing by OHCA, disclose the PHI as needed to cooperate in Oklahoma Medicaid Fraud investigations conducted by authorized state or federal entities.
- b. Use PHI to de-identify the information in accordance with 45 C.F.R. § 164.514(a)-(c), with OHCA’s prior written consent.
- c. Disclose PHI to report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. § 164.502(j)(1). OHCA shall be furnished with a copy of all correspondence sent by Contractor to a federal or state authority.
- d. If directed to do so in writing by OHCA, create a limited data set as defined at 45 C.F.R. § 164.514(e)(2), for use in public health, research, or health care operations. Any such limited data sets shall omit all of the identifying information listed in 45 C.F.R. § 164.514(e)(2). Contractor will enter into a valid HIPAA-compliant Data Use Agreement, as described in 45 C.F.R. § 164.514(e)(4), with the limited data set recipient. Contractor will report any material breach or

violation of the data use agreement to OHCA immediately after it becomes aware of any such material breach or violation.

- e. If authorized to do so in writing by OHCA, use or disclose PHI for public health activities in accordance with 45 C.F.R. § 164.512(b)(1)(i)-(iv) and State public health reporting requirements established by the Oklahoma State Department of Health.
- f. Use or disclose PHI within limitation(s) of the OHCA's notice of privacy practices, in accordance with 45 C.F.R. § 164.520, to the extent that such limitation may affect the Contractor's use or disclosure of PHI.

Contractor may not use or disclose PHI in a manner that would violate the HIPAA Rules (including but not limited to Subpart E of 45 C.F.R. Part 164) if done by OHCA, except that Contractor may, if necessary:

- a. Use PHI for the proper management and administration of Contractor or to carry out the legal responsibilities of Contractor.
- b. Disclose PHI for the proper management and administration of the Contractor or to carry out the legal responsibilities of Contractor if the disclosure is required by law; or if the Contractor obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purposes for which it was disclosed to the person and the person notifies Contractor of any instances of which it is aware in which the confidentiality of the information has been breached.
- c. Provide data aggregation services relating to the health care operations of OHCA.

1.2.15.3 Obligations of the Contractor

Contractor is OHCA's Business Associate and agrees to comply with the HIPAA Rules and all other terms as required in this Contract.

Contractor agrees not to use or further disclose PHI (including but not limited to electronic PHI) in whole or in part, other than as permitted by this Contract or as Required by Law. Contractor agrees not to use or disclose information in a manner that would violate the provisions of 42 C.F.R. Part 2 (regarding substance abuse information), 43A O.S. § 1-109 (regarding mental health records), or any other applicable privacy law.

Contractor acknowledges that SoonerSelect Dental Enrollee information is confidential and not to be released pursuant to 42 USC § 1396a(a)(7), 42 C.F.R. §§ 431.300 - 431.307, 42 C.F.R. § 438.224 and 63 O.S. § 5018. The Contractor agrees not to release the information governed by these laws and regulations to any other person or entity without the approval of OHCA, or as required by law or court order.

Contractor agrees that SoonerSelect Dental Enrollee and Provider information cannot be re-marketed, summarized, distributed, or sold to any other organization without the express written approval of OHCA.

Contractor will not use or further disclose PHI other than as permitted or required by this Contract or as Required by Law, including but not limited to HIPAA.

Contractor will implement, maintain, and document appropriate technical, physical, and administrative safeguards and comply with 45 C.F.R. Part 164 with respect to electronic PHI (ePHI) to prevent use or disclosure of PHI other than as provided for by this Contract, and will protect the confidentiality, integrity, and availability of PHI that it creates, receives, maintains, or transmits for or on behalf of OHCA in accordance with the HIPAA Rules, including but not limited to training all employees, Agents, and Subcontractors in HIPAA to protect OHCA's PHI and prevent, detect, contain, and correct security violations in accordance with the HIPAA Rules.

The Contractor agrees to report the following:

- a. Potential known violations of 21 O.S. § 1953 to the OHCA Privacy Officer within one (1) hour of discovery of an unauthorized act. In general, this criminal statute makes it a crime to willfully and without authorization gain access to, alter, modify, disrupt, or threaten a computer system.
- b. Any Use or Disclosure of PHI not provided for by this Contract of which it becomes aware, including Breaches of Unsecured PHI, as provided herein and in accordance with the HIPAA Rules, including but not limited to 45 C.F.R. § 164.410. Where this Contract requires a shorter notification period than the HIPAA Rules, the Contract provisions control. Contractor shall notify the OHCA Privacy Officer of such Breach in writing within one (1) hour from discovery. Contractor shall be diligent in monitoring systems and taking appropriate measures to become aware of Security Incidents and Breaches.
- c. Any Security Incident of which it becomes aware within one (1) hour of discovery of the incident. For purposes of this Contract, "Security Incident" means the attempted or successful unauthorized access, use, disclosure, modification or destruction of information or interference with system operations in an information system. Examples of Security Incidents include, but are not limited to, unauthorized use of a system for processing, accessing, or storing ePHI; changes to system hardware, firmware, or software without Contractor's consent; or suspicious patterns of Distributed Denial of Service (DDoS) attacks, pings, port scans, and similar exploratory contacts or access attempts. Security Incidents will be reported to the OHCA Privacy Officer and the OHCA Compliance Risk Management Analyst via email (securitygovernance@okhca.org) within one (1) hour from discovery. Notwithstanding anything herein, Contractor may report innocuous Security Incidents consisting of unsuccessful attempts that, in Contractor's reasonable determination, do not present a legitimate risk of unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations (such as random pings, DDoS attempts, port scans, similar exploratory contacts, and unsuccessful log-on attempts) in the form of a brief general summary statement provided via email not more than every sixty (60) Days upon OHCA's request.

Contractor will cooperate, if requested, with OHCA's breach analysis and response procedures, including risk assessment. Contractor shall cooperate with OHCA in the determination as to whether a Breach of Unsecured PHI has occurred and whether notice to Individuals and/or other entities is required. Contractor will investigate the potential Breach and report its findings to OHCA and will continuously provide OHCA with additional information related to a suspected or actual Breach as it becomes available.

1.2.15.3.1 Breach

In the event that OHCA informs Contractor that (i) OHCA has determined that the affected Individuals must be notified because a Breach of unsecured PHI has occurred and (ii) Contractor is in the best position

to notify the affected Individuals of such Breach, Contractor shall, within ten (10) Days from receipt of such notice, provide a draft letter for OHCA to approve for use in notifying the Individuals, and upon OHCA's approval, Contractor shall give the required notice (1) within the time frame defined by 45 C.F.R. § 164.404(b); (2) in a form and containing such information reasonably requested by OHCA; (3) containing the content specified in 45 C.F.R. § 164.404(c), and (4) using the method(s) prescribed by 45 C.F.R. § 164.404(d). In addition, in the event that OHCA indicates to Contractor that OHCA will make the required notification, Contractor shall promptly take all other actions reasonably requested by Covered Entity related to the obligation to provide a notification of a Breach of unsecured PHI under 45 C.F.R. § 164.400, *et seq.*

In addition, the Contractor agrees to mitigate, to the extent practicable, any harmful effect that is known to the Contractor of a use or disclosure of PHI by the Contractor in violation of the requirements of this Contract. If OHCA requests, Contractor shall promptly submit a proposed remediation plan to address the Breach and prevent further Breaches for OHCA's approval. Once approved by OHCA, Contractor will remediate the Breach in accordance with the approved plan.

In accordance with 45 C.F.R. §§ 164.502(e)(1)(ii) and 164.308(b)(2), if applicable, the Contractor will ensure that any Subcontractors, vendors, and Agents to whom it provides PHI or that create, receive, maintain, transmit, or access PHI on behalf of the Contractor agree to the same restrictions, conditions and requirements that apply to the Contractor with respect to such information. The Contractor must obtain satisfactory written assurance of this obligation, in the form of a HIPAA-compliant business associate agreement, from the Subcontractor, vendor, or Agent. Contractor will provide a copy to OHCA upon request.

Contractor will make available, in a timely manner, PHI maintained by Contractor in a Designated Record Set to OHCA, or if directed by OHCA, to an Individual as necessary to satisfy OHCA's obligations under 45 C.F.R. § 164.524, including, if requested, a copy in electronic format.

1.2.15.3.2 Additional Requirements

Contractor will, in a timely manner, make any amendment(s) to PHI in a designated record set as directed or agreed to by OHCA pursuant to 45 C.F.R. § 164.526 at the request of OHCA or an Individual, and take other measures as necessary to satisfy OHCA's obligations under 45 C.F.R. § 164.526, including the obligation to make PHI available in a timely manner for amendment.

The Contractor shall maintain and make available the information necessary to provide an accounting of disclosures to OHCA as necessary to satisfy OHCA's obligations under 45 C.F.R. § 164.528. Contractor will provide all such information requested by OHCA within fifteen (15) Days from OHCA's request. If directed by OHCA, Contractor agrees to provide all such information to an Individual, as necessary to satisfy OHCA's obligations under 45 C.F.R. § 164.528. Contractor shall meet documentation and retention requirements as necessary to satisfy OHCA's obligations under 45 C.F.R. § 164.528.

To the extent the Contractor is to carry out one or more of OHCA's obligations under Subpart E of 45 C.F.R. Part 164, the Contractor shall comply with the requirements of Subpart E that apply to OHCA in the performance of such obligations.

The Contractor shall make its internal policies, procedures, practices, books, and records related to the use and disclosure of PHI received from or created or received by Contractor on behalf of OHCA available to the Secretary for purposes of determining compliance with HIPAA Rules.

Contractor will indemnify and hold OHCA harmless from all liability, costs, expenses, claims, or other damages that OHCA or any of its directors, officers, Agents, or employees may sustain as a result of Contractor's breach or Contractor's Subcontractor's, Affiliate's, Agent's, Employee's, or Independent Contractor's breach of its obligations under this entire section. The Contractor shall reimburse the OHCA for any and all actual and direct costs and/or losses, including those incurred under civil penalties implemented by legal requirements, including but not limited to the HIPAA Rules, and including reasonable attorney's fees, which may be imposed on the OHCA under legal requirements, arising from or in connection with the Contractor's negligent or wrongful actions or inactions or violations of this Agreement.

Contractor will respond to OHCA's request for confirmation and certification of Contractor's ongoing compliance with the HIPAA Rules, including but not limited to conducting regular security audits and assessments as necessary to evaluate its security and privacy practices.

Contractor will timely provide OHCA with all information, documentation, or other artifacts, access, and resources needed for OHCA to conduct or comply with required audits, inspections, assessments, or evaluations.

Contractor will not receive remuneration from a third party in exchange for disclosing PHI received from or on behalf of OHCA.

Except as otherwise provided for in this Contract, any disclosure of OHCA data shall be approved in advance and in writing by OHCA and then only to persons expressly authorized to review such information under applicable federal or State laws. If Contractor, employees, or Subcontractors disclose(s) or attempt(s) to disclose OHCA data, an injunction may be sought to prevent that disclosure as well as any other remedies of law that may be available. Contractor shall provide written notice to OHCA of any use or disclosure of OHCA data not provided for by this Contract of which Contractor becomes aware within five (5) Calendar Days of its discovery.

Notwithstanding anything to the contrary herein, Contractor shall promptly provide written notice to OHCA upon receipt of a subpoena or other legal process that seeks disclosure of OHCA data, so that OHCA may have the opportunity to seek a protective order, on its own behalf, with respect to such data. Contractor will, to the extent allowed by law, fully cooperate with any attempt by OHCA to seek such a protective order, including but not limited to withholding from production any data before OHCA has had a reasonable opportunity to seek such an order or to seek review of the denial of such an order or the issuance of an order that OHCA deems insufficiently protective.

1.2.15.4 Obligations of the Contractor Upon Termination

Upon termination of this Contract for any reason, the Contractor, with respect to PHI received from OHCA, or created, maintained, or received by the Contractor on behalf of OHCA, shall:

- a. Retain only that PHI which is necessary for the Contractor to continue its proper management and administration or to carry out its legal responsibilities;
- b. Return to OHCA or, if agreed to by OHCA, and if feasible, destroy the remaining PHI that the Contractor still maintains in any form. If return or destruction is not feasible, Contractor will limit further uses and disclosures to those purposes that make the return or destruction infeasible;

- c. Extend the protections of this Contract and continue to use appropriate safeguards to protect PHI it maintains in any form and comply with Subpart C of 45 C.F.R. Part 164 with respect to electronic PHI to prevent use or disclosure of the PHI, other than as provided for in this section, for as long as the Contractor retains the PHI; and
- d. Return to OHCA or, if agreed to by OHCA, destroy the PHI retained by the Contractor when it is no longer needed by the Contractor for its proper management and administration or to carry out its legal responsibilities.

The Contractor will transmit the PHI to another Business Associate or designee of OHCA at termination and the Contractor is obligated to obtain or ensure the destruction of PHI created, received, or maintained by Subcontractors. Contractor shall send OHCA written certification on oath of such destruction within twenty (20) Days from the date of destruction.

The obligations of the Contractor under Section 1.2.15: “Confidentiality; HIPAA and Business Associate Requirements” of this Contract shall survive the termination of this Contract.

1.2.15.5 Miscellaneous

Any reference to the HIPAA Rules within this Contract section refers to the HIPAA Rules in current effect. Any ambiguity in this section shall be interpreted to permit compliance with the HIPAA Rules.

1.2.16. Conflict of Interest

The Contractor certifies and agrees that it presently has no interest and shall not acquire any interest, either direct or indirect, which would conflict in any manner or degree with the performance of the Contract.

If Contractor acquires such a conflict, it shall notify OHCA in writing within five (5) Business Days.

1.2.17. Hold Harmless

The Contractor shall indemnify, defend, protect, and hold harmless OHCA and the state and any of its officers, Agents, and employees from:

- a. Any claims for damages or losses arising from any breach of this Contract by Contractor, or by officers or employees of, the Contractor, Agents, Subcontractors, Providers, or Affiliates;
- b. Any claims for damages or losses arising from services rendered by any Subcontractor, person or firm performing or supplying services, materials or supplies in connection with the performance of the Contract by Contractor;
- c. Any claims for damages or losses arising from erroneous or negligent acts occurring in performance of the Contract, including but not limited to, the disregard of federal or State Medicaid laws or regulations, when such erroneous or negligent act is performed by, or by an officer or employee of, the Contractor, Agents, Subcontractors, Providers, or Affiliates, in performance of the Contract;

- d. Any claims for damages or losses arising from the publication, translation, reproduction, delivery, performance, use or disposition of any data processed under the Contract in a manner not authorized by the Contract or by federal or state regulations or statutes, when such act is performed by Contractor, or by officers or employees of, the Contractor, Agents, Subcontractors, Providers. or Affiliates
- e. Any damages or losses arising from any failure to comply with any federal or State laws, regulations, rules, policies, or guidance, including but not limited to labor laws and minimum wage laws, when such failure is due to any act or failure to act by, or by officers or employees of, the Contractor, Agents, Subcontractors, Providers, or Affiliates; and
- f. Any claims for damages, losses or costs associated with legal expenses, including but not limited to those incurred by or on behalf of OHCA in connection with the defense of claims for such injuries, losses, claims, or damages specified above.

Before delivering services under the Contract, the Contractor shall provide adequate demonstration to OHCA that insurance protections necessary to address each of these risk areas are in place. Minimum requirements for coverage are defined in Section 1.2.18: "Insurance" of this Contract.

1.2.18. Insurance

The Contactor shall procure, at its own expense, the following insurance coverage with the applicable liability limits set forth below:

- a. Automobile insurance;
- b. Comprehensive liability insurance;
- c. Errors and omissions insurance;
- d. Commercial general liability insurance;
- e. Medical malpractice insurance;
- f. Professional liability insurance;
- g. Directors' and officers' liability insurance;
- h. Security and privacy liability insurance;
- i. Property damage insurance; and
- j. Worker's compensation and employer's liability insurance.

A table outlining the required, minimum insurance coverages and applicable limits is included in Appendix 1D of this Contract.

The required insurance policies shall be provided by carriers authorized to do business within Oklahoma and rated as "A+" or higher by the A.M. Best Rating Service. Certificates of Insurance, original and any

renewal or revision, shall be incorporated as an attachment into this Contract. Upon request by OHCA or the State, the Contractor shall promptly provide proof to the state of any renewals, additions, or changes to such insurance coverage. Each required insurance policy and any renewed or revised policy shall contain the following endorsement:

“The State of Oklahoma and the Oklahoma Health Care Authority are hereby added as additional insureds. Coverage afforded under this Certificate shall be primary, and any insurance carried by the State or any of its agencies, boards, departments, or commissions shall be secondary to this policy. This policy shall not expire, be cancelled, or materially change without thirty (30) Days’ written notice to the State of Oklahoma and the Oklahoma Health Care Authority. The insurer and the insured party obtaining this Policy shall each be independently obligated to provide timely written notice. This policy is invalid unless countersigned by an Authorized Representative of the insurance company”.

The Contractor shall ensure that Certificates of Insurance:

- a. State the policy number, the insured parties, including the State of Oklahoma and OHCA, and the insurance period;
- b. Are supported by a policy that obligates the insurer and the insured Contractor, independently, to provide written notice to the State and OHCA at least thirty (30) Days prior to cancellation, expiration, or material change;
- c. Are submitted to OHCA within thirty (30) Days of official notice of Contract award and prior to commencement of service delivery to Medicaid beneficiaries; and
- d. Are renewed and resubmitted to OHCA annually on or before the anniversary of the originally submitted Certificate of Insurance.

The Contractor shall require that each of its Subcontractors, independent contractors, or Affiliates of those entities or individuals, maintain insurance coverage as specified in this section or, in the alternative, the Contractor may provide coverage for each Subcontractor’s, independent contractor’s, Agent’s, or employees and Affiliates thereof, liability and employees. The provisions of this clause shall not be deemed to limit the liability or responsibility of the Contractor or any of its Subcontractors.

The insurance requirements herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The State in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that arise out of the performance of the work under this Contract by the Contractor, its Agents, representatives, employees or Subcontractors, and the Contractor is free to purchase additional insurance.

OHCA reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the term of this Contract, as deemed necessary by OHCA in its sole discretion. Such action will not require a formal Contract amendment. The Contractor shall be in compliance with all applicable insurance laws of the State and federal government throughout the duration of the Contract.

1.2.18.1 Professional Liability Insurance

The Contractor shall obtain and maintain, for the duration of the Contract, professional liability insurance in the amount of at least \$1,000,000 for each occurrence.

No later than June 1 of each Contract Year, the Contractor shall advise OHCA if any of its Subcontractors, independent contractors, Agents, employees, or affiliates thereof are covered by the Oklahoma Governmental Tort Claims Act and thus, in the Contractor's opinion, do not require professional liability insurance. Such proposed coverage of the Subcontractors by the Oklahoma Governmental Tort Claims Act as a substitute for professional liability insurance is subject to OHCA's approval.

Failure to advise OHCA that it is the Contractor's intention for covered Subcontractors, independent contractors, Agents, employees, or affiliates thereof, to utilize Oklahoma Governmental Torts Claim Act protection in lieu of professional liability insurance in amount of at least \$1,000,000 for each occurrence for said Subcontractors, independent contractors, Agents, employees, or affiliates thereof during the Contract term.

1.2.18.2 Minimum Liability and Property Damage Insurance

The Contractor shall obtain, pay for, and keep in force:

- a. Commercial general liability insurance covering the risks of personal injury, bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of liability of not less than \$5,000,000 per occurrence;
- b. Automobile liability insurance with limits of liability of not less than \$5,000,000 combined single limit each accident;
- c. Insurance against liability for property damages, as well as first party fire insurance, including contents coverage for all records maintained pursuant to the Contract, in the amount of \$500,000 for each occurrence.

1.2.18.3 Director's and Officer's Liability Insurance

The Contractor shall obtain, pay for, and keep in force Directors and Officers Liability Insurance which shall include employment practices liability as well as consultant's computer errors and omissions coverage, with limits not less than \$5,000,000 per occurrence.

1.2.18.4 Security and Privacy Liability Insurance

The Contractor shall obtain, pay for, and keep in force Security and Privacy Liability Insurance, including coverage for failure to protect Confidential Information and failure of the security of the Contractor's computer systems that results in unauthorized access to OHCA data with limits \$10,000,000 per occurrence.

1.2.18.5 Errors and Omissions Insurance

The Contractor shall obtain, pay for, and keep in force for the duration of the Contract errors and omissions insurance in the amount of \$10,000,000.

1.2.18.6 Workers' Compensation and Employer's Liability Insurance

The Contractor shall obtain, pay for, and keep in force for the duration of the Contract worker's compensation and employer's liability insurance in accordance with and to the extent required by applicable law.

1.2.18.7 Reinsurance

1.2.18.8 Cyber Liability Insurance

The Contractor shall obtain, pay for, and keep in force for the duration of the Contract cyber liability insurance in the amount of \$5,000,000 per occurrence.

1.2.19. Ownership of Data and Reports

Data, information, and reports collected or prepared by the Contractor in the course of performing its duties and obligations under the Contract shall be deemed to be owned by the State of Oklahoma. This provision is made in consideration of the Contractor's use of public funds in collecting or preparing such data, information, and reports.

1.2.19.1 Intellectual Property Infringement, Hold Harmless and Specific Performance

Contractor represents that it owns and/or has secured all intellectual property rights and all other rights, approvals, and releases necessary to provide the services pursuant to this Contract. The Contractor represents that, to the best of its knowledge, none of the software or any other products, information, or materials to be used, developed, or provided pursuant to the Contract violates or infringes upon any patent, copyright, trademark, trade secret, or any other right of a third party.

If any claim or suit is brought against OHCA for the alleged infringement of such patents, copyrights, trademarks, trade secrets, or any other proprietary property arising from the Contractor's products, materials or services provided by Contractor under this Contract, or from OHCA's use thereof, then the Contractor shall, at its expense, hold harmless and defend, at its own expense, all suits, claims or proceedings against OHCA. The Contractor shall satisfy any final award for such infringement (including attorney's fees), whether it is resolved by settlement or judgment involving such a claim or suit.

If use of the products or services in question is held to infringe and the use thereof enjoined, or if in light of the circumstances OHCA determines that it is advisable to do so, Contractor shall, at its own expense, either (i) procure the right for OHCA to continue to use such products or services, (ii) replace the same with products or services which do not give rise to allegations of infringement, or (iii) modify such products or services to remove the basis for allegations of infringement without interruption of services under this Contract. Because a breach of these provisions may give rise to damages suffered by OHCA which may be difficult or impossible to ascertain, OHCA may at its option obtain specific enforcement of Contractor's obligations hereunder.

1.2.19.2 Publicity

Any publicity given to the program or services provided therein, including but not limited to notices, information pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Contractor or its Subcontractors, shall identify the State of Oklahoma as the sponsor and shall not be released without prior written approval from OHCA pursuant to “OHCA Review and Approval Process” at Section 1.11.17.4 of this Contract. In circumstances where time is of the essence, OHCA will make a good faith effort to review and respond within one (1) Business Day.

1.2.19.3 Employment Relationship

This Contract does not create an employment relationship with, or with officers or employees of, Contractors, Agents, Subcontractors, independent contractors, or Affiliates. Individuals performing services required by this Contract are not employees of the State of Oklahoma or OHCA. The Contractor’s employees shall not be considered employees of the State of Oklahoma, nor of OHCA for any purpose, and accordingly shall not be eligible for rights or benefits accruing to State employees.

1.2.19.4 Force Majeure

Neither the Contractor nor OHCA shall be liable for any damages or excess costs for failure to perform their Contract responsibilities if such failure arises from causes beyond the reasonable control and without fault or negligence by the Contractor (including its Subcontractors) or OHCA. Such causes may include, but are not limited to, catastrophic events, pandemics or acts of God. In all cases, the failure to perform must be beyond the reasonable control of, and without fault or negligence of, either party or its Subcontractors.

The Contractor shall have in place a disaster recovery plan that has been reviewed and approved by OHCA and that meets the specifications of Section 1.19.9: “Disaster Preparation and Data Recovery” of this Contract.

1.2.19.5 Compliance with Law

The parties hereto acknowledge that the bid process for this Contractor and the Medicaid managed care program are highly regulated by federal statutes and regulations. The parties further acknowledge that any and all references to Code of Federal Regulation (C.F.R.) citations in this Contract, and other statutes and regulations applicable to Medicaid managed care, are those in effect on October 1, 2023. The parties to this Contract acknowledge and expect that changes may occur over the term of this Contract regarding federal or State Medicaid statutes and regulation and State statutes and rules governing health insurers and the practice of health care professions. In the event any indicated C.F.R. citation, federal or State Medicaid statute or regulation or State statute or rule governing health insurers and the practice of health care professions or related requirements are amended during the term of this Contract, all parties to this Contract shall be mutually bound by the amended requirements in effect at any given time following Contract execution.

In accordance with 42 C.F.R. § 438.3(f)(1), the Contractor shall comply, and shall ensure that its officers, employees, Providers, Subcontractors, and their respective Affiliates comply, with all applicable federal and State laws, regulations, rules, policies, and guidance including but not limited to:

- a. Federal requirements within 42 C.F.R. § 438.1, *et seq.*, as applicable to PAHPs;

 - i. Contractor represents and warrants that neither Contractor nor any of its Subcontractors:

Should any part of the scope of work under this Contract relate to a State program that is no longer authorized by law (e.g., which has been vacated by a court of law, or for which CMS has withdrawn federal authority, or which is the subject of a legislative repeal), the Contractor must do no work on that part after the effective date of the loss of program authority. The State must adjust Capitation Rates to remove costs that are specific to any program or activity that is no longer authorized by law. In the event OHCA makes a retroactive change to the Capitation Payments for an MLR Reporting Year where the MLR report has already been submitted to OHCA, the Contractor shall re-calculate the MLR for all MLR Reporting Years affected by the change and submit a new MLR report.

In accordance with 42 C.F.R. §§ 438.606 and 438.8(n), the MLR report submission must be certified based on best information, knowledge, and belief, and the data, documentation, and information provided in the report is accurate, complete, and truthful. 1.20.6.1 MLR Corridor and MLR Remittance

The Contractor's total annual Capitation Payments shall be evaluated against a minimum eighty-five percent (85%) MLR, calculated in accordance with 42 C.F.R. § 438.8; however, directed payments under 42 C.F.R. § 438.6(c) for MLR Remittance are excluded from both the numerator and denominator for the

calculation of MLR Remittance. The Contractor’s gains and losses shall be evaluated according to the table below. Note for illustrative purposes the table below uses a Capitation Rate priced- for (target) MLR of ninety percent (90%). As the Capitation Rates have not yet been developed, this illustrated ninety percent (90%) is subject to change. The corridor will be symmetric. The eighty-five percent (85%) minimum MLR will not change, and neither will the share factors. However, given the change in the priced-for MLR, the eighty-eight percent (88%), ninety-two percent (92%), and ninety-five percent (95%) will be adjusted to provide a symmetrical corridor. The MLR calculation will be performed across all population groups except a separate calculation will be performed for the Medicaid Expansion population for Federal match claiming purposes.

The following table has been provided for illustrative purposes only:

Medical Loss Ratio Corridor	Contractor Share of Gain/Loss in the Corridor	OHCA/CMS Share of the Gain/Loss in the Corridor
MLR of less than 85%	0%	100%
MLR equal to or greater than 85% and less than 88%	50%	50%
MLR equal to or greater than 88% and less than 92%	100%	0%
MLR equal to or greater than 92% and less than 95%	50%	50%
MLR equal to or greater than 95%	0%	100%

OHCA reserves the right to modify the target MLR and associated corridor in future Contract Years, in accordance with Section 1.2.8: “Amendments or Modifications” of this Contract.

If the Contractor’s MLR does not meet or exceed the MLR target, then the Contractor shall reimburse OHCA within thirty (30) Days of OHCA identifying and finalizing the MLR validation. OHCA shall designate the MLR rebate and initiate the recovery of funds process by providing notice to the Contractor of the amount due. This provision shall survive expiration of the Contractor’s other duties under the SoonerSelect Dental program, in the event the Contractor is terminated or not renewed.

If the Contracted Entity determines that payment of the remittance will cause the Contracted Entity’s risk-based capital to fall below levels required by 36 O.S. § 6146 3 the Oklahoma Insurance Department, the Contracted Entity’s responsible official must notify OHCA in writing as soon as administratively possible and prior to making any MLR rebate payments to OHCA.

1.20.7.3 Determination of Third-Party Payment

If probable existence of Third-Party Liability has been established at the time a claim is filed, the Contractor must reject the claim and return it to the Provider for a determination of the amount of any Third-Party Liability. The basis for such denials may include the failure to obtain Prior Authorization, receive care from a Participating Provider and timely submit claims for payment according to submission procedures.

1.20.7.5 Third-Party Payment Recovery

OHCA has sole right of recovery after three hundred sixty-five (365) Calendar Days. In accordance with 63 O.S. § 5051.2(E), the Contractor shall make appropriate payments to OHCA provided the claim is submitted for consideration within three (3) years from the date the service was furnished. 1.23.1. Understanding and Expectations

The remedies described in this Section are directed to the Contractor's timely and responsive performance of the services and production of Deliverables, and the creation of a flexible and responsive relationship between the Parties. The Contractor is expected to meet or exceed all OHCA objectives and standards, as set forth in this Contract. All areas of responsibility and all Contract requirements will be subject to performance evaluation by OHCA. Performance reviews may be conducted at the discretion of OHCA at any time and may relate to any responsibility and/or requirement of the Contractor as set forth in this Contract. Any and all responsibilities and/or requirements not fulfilled may be subject to damages and remedies provisions as set forth in the Contract.

The Administrative Remedy imposed by OHCA will be dependent upon the nature, severity, and duration of the Contractor's non-compliance. OHCA shall only impose those Administrative Remedies it determines, in its sole discretion, to be appropriate for the deficiencies identified. If OHCA elects not to exercise an Administrative Remedy in a particular instance of Contractor non-compliance, this decision shall not be construed as a waiver of OHCA's right to pursue future assessment of that performance requirement and associated Administrative Remedies, including those that, under the terms of the Contract, may be retroactively assessed.

1.23.2. Tailored Remedies

1.23.2.1 Understanding of the Parties

The Contractor agrees and understands that OHCA may pursue tailored contractual remedies for noncompliance with the Contract. At any time and at its discretion, OHCA may apply or pursue one or more remedies for each item of noncompliance and will determine remedies on a case-by-case basis. OHCA's pursuit or non-pursuit of a tailored remedy does not constitute a waiver of any other remedy that OHCA may have at law or equity.

1.23.2.2 Notice and Opportunity to Cure for Nonmaterial Breach

OHCA will notify, in accordance with Section 1.2.4: "Notices" of this Contract, the Contractor in writing of specific areas of the Contractor performance that fail to meet performance expectations, standards, or schedules set forth in the Contract, but that, in the determination of OHCA, do not result in a material deficiency or delay in the implementation or operation of the Services.

The Contractor will, within five (5) Business Days (or another date approved by OHCA) of receipt of written notice of a non-material deficiency, provide the OHCA Project Manager a written response that:

- a. Explains the reasons for the deficiency, the Contractor's plan to address or cure the deficiency, and the date and time by which the deficiency will be cured; or
- b. If the Contractor disagrees with OHCA's findings, its reasons for disagreeing with OHCA's findings.

The Contractor's proposed cure of a non-material deficiency is subject to the approval of OHCA. 1.23.2.3 Corrective Action Plan

At its option, OHCA may require the Contractor to submit to OHCA a written Corrective Action Plan (CAP) under signature of the Contractor's CEO to correct or resolve a material breach of the Contract, as determined by OHCA.

The CAP must provide:

- a. A detailed explanation of the reasons, if any, for the cited deficiency;
- b. The Contractor's assessment or diagnosis of the cause; and
- c. A specific proposal with a specific timeline to cure or resolve the deficiency.

The CAP must be submitted by the deadline set forth in OHCA's request for a CAP. The CAP is subject to approval by OHCA, which will not unreasonably be withheld.

OHCA will notify the Contractor in writing of OHCA's final disposition of OHCA's concerns. If OHCA accepts the Contractor's proposed CAP, OHCA may:

- a. Condition such approval on completion of tasks in the order or priority that OHCA may reasonably prescribe;
- b. Disapprove portions of the Contractor's proposed Corrective Action Plan; or
- c. Require additional or different corrective action(s) or timelines/time limits. Notwithstanding the submission and acceptance of a CAP, The Contractor remains responsible for achieving all written performance criteria.

OHCA's acceptance of a CAP under this Section will not:

- a. Excuse the Contractor's prior substandard performance;
- b. Relieve the Contractor of its duty to comply with performance standards; or
- c. Prohibit OHCA from assessing additional tailored remedies or pursuing other appropriate remedies for continued substandard performance.

1.23.2.4 Administrative Remedies

At its discretion, OHCA may impose one or more of the following remedies for each item of material non-compliance. OHCA may take into account the scope and severity of the non-compliance in the assessment of the appropriate remedy.

- a. Conduct accelerated monitoring of the Contractor. Accelerated monitoring includes more frequent or more extensive monitoring by OHCA or its designee;
- b. Require additional, more detailed, financial and/or programmatic reports to be submitted by the Contractor;
- c. Decline to renew or extend the Contract;
- d. Appoint temporary management under the circumstances described in 42 C.F.R. § 438.706;

OHCA may not delay the imposition of temporary management to provide a hearing. OHCA will not terminate temporary management until it determines, at its sole discretion that the Contractor can ensure the non-compliant behavior will not recur.

When temporary management is imposed, OHCA will notify and grant SoonerSelect Dental Enrollees the right to terminate enrollment with the Contractor without cause, as described in 42 C.F.R. § 438.702(a)(3). If temporary management is imposed, the Contractor shall cooperate fully in the transition process to ensure any disruption to SoonerSelect Dental Enrollees and Providers is minimized.

OHCA or its designees shall have full and exclusive power of management and control of the Contractor as necessary to ensure the uninterrupted care to SoonerSelect Dental Enrollees pending the Contractor's termination from the SoonerSelect Dental program or remedying of the underlying deficiency. OHCA shall have the authority to hire staff, execute any instrument in the name of the Contractor and to commence, defend and conduct in its name any action or proceeding in which the Contractor may be a party during the temporary management period.

The Contractor shall be responsible for all reasonable expenses related to the direct operation of the Dental Benefit Manager, including but not limited to attorney fees, cost of preliminary or other audits of the Contractor and expenses related to the management of any office or other assets of the Contractor.

- a. Initiate disenrollment of a SoonerSelect Dental Enrollee or Enrollees;
- b. Suspend enrollment of SoonerSelect Dental Enrollees;
- c. Withhold or recoup Capitation Payments to the Contractor;
- d. Require forfeiture of all or part of the Contractor's Performance Bond or other substitute; or

For purposes of the Contract, an item of material non-compliance means a specific action of the Contractor that:

- a. Violates a material provision of the Contract;

- b. Fails to meet an agreed measure of performance; or
- c. Represents a failure of the Contractor to be reasonably responsive to a reasonable request of OHCA relating to the Services for information, assistance, or support within the timeframe specified by OHCA.

OHCA will provide notice to the Contractor of the imposition of an administrative remedy in accordance with this Section, with the exception of accelerated monitoring, which may be unannounced. OHCA may require the Contractor to file a written response in accordance with this Section.

The Parties agree that a State or federal statute, rule, regulation, or federal guideline will prevail over the provisions of this Section unless the statute, rule, regulation, or guidelines can be read together with this Section to give effect to both.

1.23.2.5 Damages

OHCA will be entitled to actual and consequential damages in accordance with Tit. 23 Okla. Stat. § 21, resulting from the Contractor's failure to comply with any of the terms of the Contract. In some cases, the actual damage to OHCA or State of Oklahoma as a result of the Contractor's failure to meet any aspect of the responsibilities of the Contract and/or to meet specific performance standards set forth in the Contract are difficult or impossible to determine with precise accuracy. Therefore, Liquidated Damages will be assessed in writing against and paid by the Contractor in accordance with and for failure to meet any aspect of the responsibilities of the Contract and/or to meet the specific performance standards identified by the OHCA in Appendix 1E: "Liquidated Damages" of this Contract. Liquidated Damages will be assessed if OHCA determines such failure is the fault of the Contractor, including the Contractor's Subcontractors and/or consultants, and is not materially caused or contributed to by OHCA or its Agents. If at any time, OHCA determines the Contractor has not met any aspect of the responsibilities of the Contract and/or the specific performance standards due to mitigating circumstances, OHCA reserves the right to waive all or part of the Liquidated Damages. All such waivers must be in writing, contain the reasons for the waiver, and be signed by the appropriate executive of OHCA.

The Liquidated Damages prescribed in this Contract are not intended to be in the nature of a penalty, but are intended to be reasonable estimates of OHCA's projected financial loss and damage resulting from the Contractor's nonperformance but not limited to financial loss as a result of project delays. Accordingly, in the event the Contractor fails to perform in accordance with the Contract, OHCA may assess Liquidated Damages as provided in this Contract.

If the Contractor fails to perform any of the Services described in the Contract, OHCA may assess Liquidated Damages for each occurrence of a Liquidated Damages event, to the extent consistent with OHCA's tailored approach to remedies and Oklahoma law.

1.23.2.5.1 Collection and Offset

OHCA may elect to Actual, Consequential and Liquidated Damages or other amounts due as a result of Administrative Remedies, together with any amounts due under the Contractor's indemnification obligations or for breach of this Contract:

- a. Through direct assessment and demand for payment delivered to the Contractor; or
- b. Through set-off against payments then due to the Contractor or payments that become due to the Contractor. OHCA will make deductions until the full amount payable by the Contractor is received by OHCA.

1.23.2.6 Equitable Remedies

The Contractor acknowledges that, if the Contractor breaches (or attempts or threatens to breach) its material obligation under the Contract, OHCA may be irreparably harmed. In such a circumstance, OHCA may proceed directly to court to pursue equitable remedies, subject any requirement of OAC 260:115-9-1 and 317:10-1-3.

If a court of competent jurisdiction finds that the Contractor breached, or attempted or threatened to breach any such obligations, the Contractor agrees that without any additional findings of irreparable injury or other conditions to injunctive relief, it will not oppose the entry of an appropriate order compelling performance by the Contractor and restraining it from any further breaches or attempted or threatened breaches.

1.23.2.7 Suspension of Contract

OHCA may suspend or hold in abeyance performance of all or any part of the Contract if:

- a. OHCA determines that the Contractor has committed a material breach of the Contract;
- b. OHCA has reason to believe that the Contractor has committed, assisted in the commission of Fraud, Waste, or Abuse, malfeasance, misfeasance, or nonfeasance by any party concerning the Contract;
- c. OHCA determines that the Contractor knew, or should have known, of Fraud, Waste, or Abuse, malfeasance, or nonfeasance by any party concerning the Contract, and the Contractor failed to take appropriate action; or
- d. OHCA determines that suspension of the Contract in whole or in part is in the best interests of the State of Oklahoma or OHCA.

OHCA will notify the Contractor in writing of its intention to suspend the Contract in whole or in part. Such a notice will:

- a. Be delivered in writing to the Contractor;
- b. Include a concise description of the facts or matter leading to OHCA's decision; and
- c. Unless OHCA is suspending the Contract for convenience, request a Corrective Action Plan from the Contractor or describe actions that the Contractor may take to avoid the contemplated suspension of the Contract.

1.23.2.8 Denial of Payment for New SoonerSelect Dental Enrollees

The CMS may deny payment to OHCA for new SoonerSelect Dental Enrollees if its determination is not contested timely by the Contractor. OHCA will define in writing to the Contractor the conditions for lifting the payment denials.

1.24.1. Early Termination

The Contract may be terminated prior to its scheduled expiration date only for the reasons specified in this section.

Upon termination of this Contract, for any reason, the Contractor shall return to OHCA all items belonging to OHCA. This may include, but is not limited to, computers, equipment, badges, and electronic documents or files.

In the event of the termination of this Contract during the Contract duration, SoonerSelect Dental Enrollees impacted by the termination will be enrolled with a remaining Contractor with demonstrated performance and capability. If no remaining Contractor can assume management for such members, OHCA may assist SoonerCare Dental Enrollees in selecting another Contractor by application.

1.24.2. Termination for Mutual Consent

OHCA and the Contractor may terminate the Contract by mutual written agreement.

1.24.3. Termination for Convenience

OHCA may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in OHCA's best interest. In the event of a termination for convenience, Contractor will be provided at least sixty (60) Days written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.

Upon receipt of notice of such termination, Contractor shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Contractor in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Contractor of liability for claims arising under the Contract.

1.24.4. Termination for Default

OHCA may terminate the Contract, in whole or in part, if at any time the Contractor fails to carry out or otherwise comply with any of the terms of the Contract. In addition to and in no way limiting any and all remedies available to it, OHCA may, at its election, assign SoonerSelect Dental Enrollees to another SoonerSelect Dental Contractor or provide benefits through other State Plan authority if the Contractor has breached this Contract and is unable or unwilling to cure such breach within the period of time as specified in writing by OHCA as provided below.

The Contractor shall also be in default, and the provisions in this section shall apply, if Contractor terminates early without the mutual consent of OHCA.

In the event of termination for default, in full or in part as provided under this clause, OHCA may procure, upon such terms and in such manner as is deemed appropriate by OHCA, supplies or services similar to those terminated and the Contractor shall be liable for any costs associated for such similar supplies or services and all other damages allowed by law. In addition, the Contractor shall be liable to OHCA for administrative costs incurred to procure such similar supplies or services as are needed to continue operations and for administrative costs incurred to transition SoonerSelect Dental Enrollees from the Contractor.

In the event of a termination for default, the Contractor shall be paid for any outstanding Capitation Payments due less any assessed damages. If damages exceed Capitation Payments due, collection will be made from the Contractor's performance bond, cash deposit, letter of credit or substitute security, as described in Section 1.2.19.10: "Performance Bond or Substitutes" of this Contract.

The rights and remedies of OHCA provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

1.24.5. Termination for Unavailability of Funds

In the event funding from Federal, State, or other sources is not sufficiently appropriated, or is withdrawn, reduced, or limited in any way after the effective date of the Contract, OHCA may terminate this Contract immediately, effective on the close of business on the day specified. OHCA shall be the final authority as to the availability of funds.

1.24.6. Termination for Lack of Authority

In the event that any necessary Federal or State approval or authority to operate the SoonerSelect Dental program is not granted, or the Oklahoma Legislature prohibits OHCA from contracting with an SoonerCare Dental Contractor for the provision of health care for Eligibles or SoonerSelect Dental Enrollees, OHCA may terminate this Contract immediately, effective on the close of business on the day specified.

Should any part of the scope of work under this Contract relate to a State program that is no longer authorized by law (e.g., which has been vacated by a court of law, or for which CMS has withdrawn federal authority, or which is the subject of a legislative repeal), the Contractor must do no work on that part after the effective date of the loss of program authority. The State must adjust Capitation Rates to

If the Contractor works on a program or activity no longer authorized by law after the date the legal authority for the work ends, the Contractor will not be paid for that work. If the State paid the Contractor in advance to work on a no-longer-authorized program or activity and under the terms of this Contract the work was to be performed after the date the legal authority ended, the Contractor shall return the payment for that work to the State. However, if the Contractor worked on a program or activity prior to the date legal authority ended for that program or activity, and the State included the cost of performing that work in its payments to the Contractor, the Contractor may keep the payment for that work even if the payment was made after the date the program or activity lost legal authority.

1.24.7. Termination for Financial Instability

In the event OHCA elects to terminate the Contract under this provision, the Contractor shall be notified in writing specifying the date of termination. In the event of the filing of a petition in bankruptcy by or against a principal Subcontractor, the Contractor shall immediately so advise OHCA. The Contractor shall ensure that all tasks related to the subcontract are performed in accordance with the terms of the Contract.

The Contractor shall not have a relationship with an individual that is excluded from participation in any Federal health care program under Section 1128 or 1128A of the Act.

OHCA must notify CMS of any prohibited relationship and terminate a Contract with an entity that is found to be out of compliance with 42 C.F.R. § 438.610 if directed by the CMS, and OHCA cannot renew or otherwise extend the existing Contract for such an organization unless the CMS determines that compelling reasons exist for doing so.

1.24.9. Transition Period Obligations

A Transition Period shall begin upon any of the following triggering events:
