Kevin Corbett
Secretary of Health and Human Services/CEO of OHCA

To: Community Partners, Stakeholders, and Advocates
Subject: OHCA Return to Normal Medicaid Enrollment

The purpose of this toolkit is to provide our community partners, stakeholders, and advocates with messaging and resources to support local and state agencies as Oklahoma prepares to return to normal Medicaid enrollment processes, also known as unwinding. The goal of the outreach messaging and templates is to encourage members to provide updated contact information.

The Oklahoma Health Care Authority (OHCA) will update this resource and add materials as new federal guidance and additional insights are available. The outreach resources include messaging and templates to be used in various forms of outreach, including print, telephonic communications, and digital media. OHCA worked with our many partners to ensure this toolkit contains the messaging and resources needed to engage members immediately.

We encourage partners to use this messaging and integrate it into their outreach and social media campaigns. Partners may modify the outreach language to meet any business need; however, we strongly request the language in these resources remain the same to ensure consistency in messaging. If you have any questions or require additional information regarding OHCA’s plans for resuming normal Medicaid enrollment operations or outreach efforts, please visit mysoonercare.org.

Onward,

Kevin Corbett
Public Health Emergency
Medicaid Unwinding Process

The Families First Coronavirus Response Act (2020) included a “continuous coverage” requirement so Medicaid members would not be at risk of losing health coverage during the Public Health Emergency (PHE).

Federal Health and Human Services (HHS) Secretary Xavier Becerra has extended the PHE end date another 90 days (effective July 15, 2022). The extension allows certain Oklahomans on SoonerCare, who have become ineligible, to maintain their health coverage over the next 90 days.

Exceptions:
- Voluntary disenrollment
- No longer Oklahoma resident
- Death of the member

OHCA estimates approximately 200,000 currently enrolled SoonerCare members could be affected once Secretary Becerra announces the termination of the PHE. That announcement is expected sometime this year.

Process for Renewal
Once Secretary Becerra announces the PHE is ending, OHCA will alert affected members.

Each member’s official end date could vary based on the phased-out approach OHCA will use to remove ineligible members from SoonerCare.

Members who are ineligible will receive three notices from OHCA across multiple communications channels.
- An initial notification letter from OHCA will be mailed once the end date of the PHE is announced. This notification letter will detail the specific end date of benefits for each ineligible member.
- A second notice will be sent to ineligible members 45 days prior to their scheduled end date to inform them of the reason for loss of eligibility, potentially missing documents to verify eligibility and appeal rights.
- A third notice will then be sent 10 days before the ineligible member loses eligibility.
Help Us Return to Normal
Messing Materials

OHCA outreach and communications goals:

- **Educate** – Raise awareness of actions members need to take and when they need to take them to maintain coverage.
- **Engage** – Engage stakeholders, partners, and providers to align messaging, create “surround sound,” and leverage and build partnerships with trusted messengers.
- **Establish** – Establish a feedback loop with stakeholders, partners, and providers to share input for planning, and to identify and address issues as implementation takes place.

**OHCA’s outreach and communications will focus on three specific areas:**

- Updating contact information and documentation
- Completing the renewal process
- Resources for members who are no longer eligible

**What Stakeholders/Advocates/Partners can do:**

- Get as much information as possible on Oklahoma’s plan for re-evaluating and renewing coverage.
- Sign up for partner training (coming soon).
- Identify Medicaid members and partners in your existing system, coalitions, or networks.
- Encourage members to access our resources and invite them to join informational sessions.

If you would like someone from OHCA to present to your organization/agency, please email us at **CommunityPartners@okhca.org**.

The presentation will include information on the following topics:

- Overview and purpose of Public Health Emergency
- Background and continuous coverage
- Federal expectations of states related to “unwinding” continuous coverage
- Continuous coverage resources
- Outreach, Engagement, and Communications
- Open discussion

**Coordinate Communications**

- Engage your Medicaid members and your partner networks to read and share messages and resources from the Oklahoma Health Care Authority about the renewal process.
• Plan your member and partner messaging to coordinate with Oklahoma's outreach and communication plan.

• Plan member communications to coincide with coordinated calls to action to:
  o Update contact information (mailing addresses, email addresses and phone numbers) to make sure members receive important information.
  o Respond to notices/renewals and provide needed eligibility verifications.

• Help our members take steps now to get ready. Members can make updates to their information:
  o Online at mysoonercare.org
  o By calling the SoonerCare helpline at 800-987-7767

IMPORTANT NOTE: Please encourage members to use the online option to keep the SoonerCare helpline available for other members.

We will continue to share information for stakeholders, partners, and providers at mysoonercare.org.

Messaging Samples

No changes should be made to the OHCA standard language set in the samples and templates.

E-newsletter Blurb

During the COVID-19 Public Health Emergency (PHE), the Centers for Medicare & Medicaid Services temporarily allowed Medicaid members who no longer qualified for Medicaid coverage to continue receiving benefits.

With the PHE predicted to end in the coming months, members who are no longer eligible for SoonerCare will lose their coverage. These members will receive a letter notifying them of the date their coverage will end. They will then receive another notification 45 days before their coverage ends and another one 10 days before.

It is important for all SoonerCare members to make sure all your information is up to date as soon as possible. This will help us know if you are still eligible so we can notify you before you lose coverage. Members who are still eligible for coverage but do not have their information up to date could also lose their benefits. Therefore, we ask all members confirm their information and documentation are up to date.

Some information that may need to be updated could include:

• Household income
• Contact information (address, phone number, etc.)
• Number of people living in your household
• Missing documents
If you receive a letter or email from the Oklahoma Health Care Authority saying there is missing information from you, please respond right away by updating your account at mysoonercare.org. If you have any issues updating your account, please call the SoonerCare helpline at 800-987-7767.

**Spanish Copy:**

Durante la Emergencia de Salud Pública (PHE) COVID-19, los Centros de Servicios de Medicare y Medicaid permitieron temporalmente que los miembros de Medicaid que ya no calificaban para la cobertura de Medicaid continuaran recibiendo beneficios. Con la previsión de que el PHE finalizará en los próximos meses, los miembros que ya no sean elegibles para SoonerCare perderán su cobertura. Estos miembros recibirán una carta en la que se les notificará la fecha en la que finalizará su cobertura. Luego recibirán otra notificación 45 días antes de que finalice su cobertura y otros 10 días antes.

**Es importante que todos los miembros de SoonerCare se aseguren de que toda su información esté actualizada lo antes posible.** Esto nos ayudará a saber si aún es elegible para poder notificarle antes de que pierda la cobertura. Los miembros que aún son elegibles para la cobertura, pero no han actualizado su información también podrían perder sus beneficios. Por lo tanto, le pedimos a todos los miembros que confirmen que su información y documentación estén actualizadas.

Entre la información que podría necesitar actualización podría incluirse:

- Ingresos del hogar
- Información de contacto (dirección, número telefónico, etc.)
- Número de personas que viven en su hogar
- Documentos que faltan

Si usted recibe una carta o un correo electrónico por parte de Oklahoma Health Care Authority en el que le dicen que falta información suya, por favor responda de inmediato actualizando su cuenta en mysoonercare.org. Si tiene algún problema para actualizar su cuenta, llame a la línea de ayuda de SoonerCare al 800-987-7767.

¿Qué sucede si no califica para la continuación de la cobertura?

Si ya no califica para Medicaid, es posible que pueda obtener cobertura de seguro médico a través del mercado ACA:

*Asequible*: Primas mensuales de bajo coste cuando se aplican los subsidios federales.

*Completo*: Los planes cubren cosas tales como medicamentos recetados, consultas médicas atención urgente, visitas a hospitales y más.

Visite HealthCare.gov para encontrar planes del Mercado y ver si puede ahorrar en las primas. Se aplican deducibles, copagos y coseguros.

OKLAHOMA Health Care Authority
Flyer for Legislators:

PUBLIC HEALTH EMERGENCY (PHE) ELIGIBILITY RENEWAL

The Families First Coronavirus Response Act (2020) included a "continuous coverage" requirement so individuals would not be at risk of losing health coverage during the PHE.

- States received a 6.2% increase in federal Medicaid matching dollars for maintaining Medicaid coverage for individuals no longer eligible.
- OHCA has paused terminating SoonerCare eligibility.

Exceptions:
- Voluntary disenrollment
- No longer Oklahoma resident
- Death of the member

Federal HHS Secretary Xavier Becerra will announce the end to the PHE. OHCA will then begin the renewal process to determine which members will remain eligible for coverage. OHCA estimates more than 200,000 members will be affected by the PHE ending.

Process for Renewal
The redetermination process will begin the first of the month following the end of the PHE.

- Once Secretary Becerra announces the end of the PHE, OHCA will determine which members are eligible or ineligible.
- Those members determined to be eligible will continue to receive SoonerCare benefits.
- Those members determined to be ineligible will be removed from SoonerCare in phases throughout the year using a risk-based approach, focusing on member utilization and critical health needs.
- OHCA will send an initial notification letter to ineligible members to alert them of their specific end date of benefits.
- Ineligible members will receive a second notice 45 days prior to their end date with information on why they are losing eligibility and what action must be taken.
- A third notice will be sent to ineligible members 10 days before losing eligibility.

Frequently Asked Questions

What is the federal Public Health Emergency (PHE) and how does it affect members?

At the beginning of the COVID-19 pandemic, the federal government declared a Public Health Emergency (PHE) for certain Medicaid members. The PHE allows certain Oklahomans on Medicaid to keep their benefits even though they may be ineligible.

OHCA estimates more than 200,000 currently enrolled SoonerCare members could be affected once Secretary Becerra announces the termination of the PHE. The announcement is expected to come sometime in 2022.

When does the Public Health Emergency end?

Secretary Becerra is expected to end the PHE in 2022. The federal government can extend the PHE 90 days at a time and has done so multiple times since March 2020.

What happens when the Public Health Emergency ends?

OHCA will alert affected members once Secretary Becerra announces the end of the PHE. Those members determined to be eligible will continue to receive SoonerCare benefits.

Members who are ineligible will receive three notices from OHCA across multiple communications channels.

- An initial notification letter from OHCA will be mailed once the end date of the PHE is announced. This notification letter will detail the specific end date of benefits for each member.

- A second notice will be sent to those members 45 days prior to their scheduled end date to inform them of the reason for loss of eligibility, potentially missing documents to verify eligibility and appeal rights.

- A third notice will then go out 10 days before the member loses eligibility.

Will a member lose their SoonerCare benefits at the end of PHE if their information is not current?

It is important for all SoonerCare members to update their contact information, so OHCA can send details about their benefits. If OHCA does not have the proper information or documentation, the member may lose their benefits.

What can members do to keep their SoonerCare benefits?

Taking the steps below now may help members keep their SoonerCare coverage when the PHE ends.
Please encourage members to do the following:

- **Update** their contact information including their address, phone number and email at MySoonerCare.org.
- **Answer** all requests for information if they get a letter from SoonerCare or OHCA.
  - Click here to see the types of documents they might need to provide when requested. (Spanish)
- **Report** changes in their household including pregnancy, change of address, change of Income, or anything else that may affect their SoonerCare benefits.
  - They can report changes by:
    - Logging into MySoonerCare.org or click here to access the page.
- To update their log in & password/PIN they can call the SoonerCare helpline at 800-987-7767 and select:
  - 1 for English or 2 for Spanish
  - 1 for current member
  - 3 for PIN reset

What can members do to prepare for the end of the Public Health Emergency?

Members should take time to think about their health care needs and plan in case their SoonerCare coverage ends.

Losing coverage is a Qualifying Life Event (QLE), which allows an individual to enroll in a Federal Health Insurance Marketplace plan outside of the Open Enrollment Period.

Members are encouraged to visit HealthCare.gov or call the Federal Health Insurance Marketplace Call Center at 1-800-318-2596 (TTY: 1-855-889-4325).

Members can also send a paper application (English / Spanish) to the federal health insurance marketplace at:

**Tulsa Responds**

Tulsa Responds navigators can help SoonerCare members, who may lose coverage at the end of the PHE, by helping them enroll in an affordable healthcare plan through the marketplace. These services are available to all Oklahomans via phone appointment.
Navigators also offer SoonerCare enrollment assistance and benefit support via phone and in-person staffing at several locations throughout Tulsa.

Members can select their desired location to see available appointments at that site. Walk-ins are also welcome at in-person locations.

- Call 918-900-0918 ext. 3 (Monday-Friday 9:00 am to 5:00 pm) for live help

**MyOKPlan**

MyOKPlan has free, local non-profit navigators statewide to assist Oklahomans with healthcare.gov applications to find discounts when enrolling in Marketplace plans. MyOKPlan is sponsored by the non-profit Legal Aid Services of Oklahoma. More than 189,000 Oklahomans use the Federal Health Insurance Marketplace health care plans and 95% of those receive financial assistance to lower costs. Oklahomans must enroll within 60 days of losing coverage.

- Call or text 405-313-1780
- Visit MyOKplan.org

**Free and/or Low-Cost Health Clinics and Dental Clinics**

Community health centers offer comprehensive primary care to over 300,000 Oklahomans regardless of income or insurance status. Twenty-two community health centers operate 140+ sites, with many providing dental, optometry, behavioral health, and substance use disorder services.

Services are provided on a sliding fee scale based on income for patients with incomes below 200% of the federal poverty level.

For more information about community health centers, visit www.okpca.org/community-health-centers and contact your local health center.
