Step 2: Tell us about your household.

Who do you need to include on this application?

Complete the Step 2 pages for each person in your household, even if the person has health coverage already. The information in this application helps us make sure everyone gets the best coverage they can. The amount of help or type of program you qualify for is based on the number of people in your household and your household income. If you don't include someone, even if they already have health coverage, your eligibility results could be affected.

For adults who need coverage:

Include these people even if they aren't applying for health coverage for themselves:

- Any spouse
- Any child under age 21 they live with, including stepchildren
- Any other person on the same federal income tax return (including any children over age 21 who are claimed on a parent's tax return). You don't need to file taxes to get health coverage.

For children under age 21 who need coverage:

Include these people even if they aren't applying for health coverage themselves:

- · Any parent (or stepparent) they live with
- · Any sibling they live with
- Any child they live with, including stepchildren
- · Any spouse they live with
- · Any other person on the same federal income tax return. You don't need to file taxes to get health coverage.

Complete Step 2 for each person in your household.

Start with yourself, then add other adults and children. If you have more than 2 people in your household, you'll need to make a copy of the pages and attach them.

You don't need to provide immigration status or SSNs for household members who don't need health coverage. We'll keep all the information you provide private and secure, as required by law. We'll use personal information only to check if you're eligible for health coverage.

Step 2: PERSON 1 (Start with yourself.)

Complete Step 2 for yourself, your spouse/partner and dependents who live with you, and/or anyone on your same federal income tax return if you file one. See page 1 for more information about who to include. If you don't file a tax return, remember to still add the people in your household.
