

BENEFITS OF A CONTINUOUS GLUCOSE MONITOR

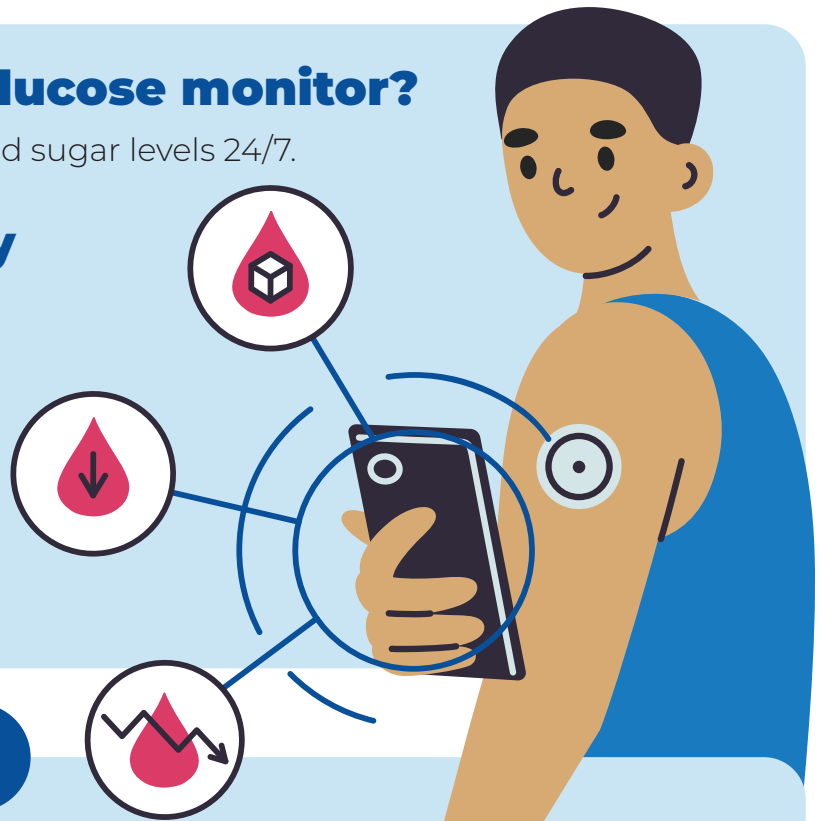

What is a continuous glucose monitor?

It is a wearable device that tracks blood sugar levels 24/7.

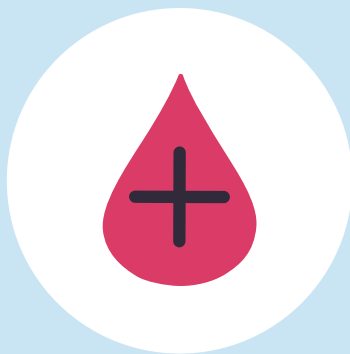

Coverage and Eligibility

Available for qualifying children and insulin-dependent adults.

A continuous glucose monitor can be ordered by your doctor, picked up at a pharmacy, and it does not count toward your monthly six-prescription limit.

BENEFITS INCLUDE

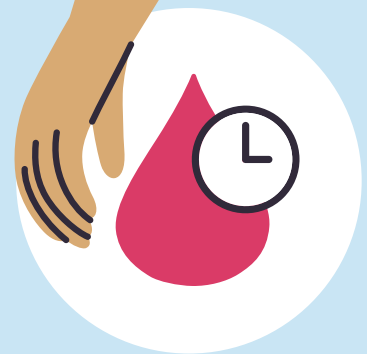

IMPROVED GLUCOSE CONTROL

Helps maintain stable
blood sugar levels

REDUCED FINGERSTICKS

Limits need for frequent
blood sugar tests

REAL-TIME DATA

Provides continuous
glucose tracking and alerts
