RE: PDMP Compliance Survey

Dear Medicaid Prescriber,

Section 5042 of the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities Act (SUPPORT ACT), Public Law No: 115-271 (10/24/2018), requires the Centers for Medicare and Medicaid Services (CMS) to submit an annual report to Congress.

CMS is required to gather the report data from individual state Medicaid agencies. One data element the Oklahoma Health Care Authority (Medicaid) is required to submit to CMS is the percentage of prescribers who check the Oklahoma Prescription Drug Monitoring Program (PDMP) prescription drug history of a Medicaid recipient in the 7-day period *before* a controlled substance prescription is generated for the Medicaid recipient.

To report accurately, OHCA Medicaid is asking you to complete and return this anonymous survey. If your office has more than one prescriber, we ask that *each prescriber* individually complete this survey. The survey may be filled out online by visiting <https://www.surveymonkey.com/r/7FMS6BT> or by scanning the QR code below.

You may also return the survey (page 3 of Provider Letter) via email to pharmacy@okhca.org, mail to the address below with Attn: Pharmacy Department PDMP Survey, or fax to (405) 530-7137. Please complete and submit the survey no later than May 24, 2024. We appreciate your time in completing and returning this survey.

PDMP Anonymous Provider Survey

Please mail or fax this portion of the Provider Letter back to us unless you complete the questionnaire online using the link or QR code above.

1. Do you prescribe controlled substances to Oklahoma Medicaid patients?
 - Yes, I prescribe controlled substances to Oklahoma Medicaid patients (please move to question 2).
 - No, I do NOT prescribe controlled substances to Oklahoma Medicaid patients. (If no, thank you for your time. You have completed the survey).

2. Do you check the Oklahoma PDMP before prescribing controlled substances (including opioids, benzodiazepines, and carisoprodol) to Medicaid patients? Exclusions include prescriptions written for hospice/end-of-life patients or patients residing in a nursing facility.
 - Yes, I check the PDMP before prescribing controlled substances for non-excluded Medicaid patients (as defined in question #2). (Thank you for your time. You have completed the survey).
 - No, I do NOT check the PDMP before prescribing controlled substances for non-excluded Medicaid patients (as defined in question #2). (Thank you for your time. You have completed the survey)
