

OK TMAM Billing Guide

- OKLAHOMA TRIBAL MEDICAID ADMINISTRATIVE MATCH (OK TMAM)

OK TMAM is an opportunity to increase outreach and linkage of American Indians into the SoonerCare program through payment of a product. The product, for purposes of this program, is an approved SoonerCare application or renewal. The purpose of OK TMAM is to contract with tribal enrollment partners to receive reimbursement for accepting and processing new and renewed applications for the SoonerCare program. It is anticipated that the OK TMAM program will address a number of concerns including the relatively high rate of uninsured American Indian children. The overarching goal of OK TMAM program is to bridge the disparity by linking this population to SoonerCare and quality health care.

- PARTICIPATION

- OK TMAM is intended for Tribal Government. Therefore, any self-governance or direct service tribe may participate by contracting with the Oklahoma Health Care Authority (OHCA). Unlike the typical SoonerCare I/T/U provider agreements, OK TMAM is limited to one contract per tribe.
- OK TMAM can be administered anywhere there is a connection to potential SoonerCare members. Areas of outreach are not limited to tribal health facilities.

- TMAM PRODUCT

Once a tribe has an approved contract, they are eligible to receive payment for the following: (1) Approved SoonerCare online application; (2) approved Medicaid paper application; or (3) approved SoonerCare online renewal.

- Approved SoonerCare online application:
 - Online applications can be achieved by utilizing the public website application or the agency view application.
 - The public website application is located at www.mysooner.org. There is no contract needed to access the website application, only access to the Internet.  - Only an approved agency-view contracted partner may access a secure agency portal and input a new application or retrieve an existing saved or previously submitted application.
