

November 29, 2021

Dear SoonerCare Provider,

The Oklahoma Health Care Authority (OHCA) is engaged in an effort to improve the health of SoonerCare members such as increasing the access to and promoting the utilization of nicotine replacement and other smoking cessation products in the SoonerCare population when appropriate. Included below are the smoking cessation prescription benefits.

- Smoking cessation products do not require a prior authorization.
- Smoking cessation products do not count against the 6 prescriptions/month limit.
- Smoking cessation products are available without a co-pay.
- All nicotine replacement products (patches, gum, lozenges, inhalers), Zyban® (bupropion), and varenicline do not require prior authorization.
- Varenicline may be used for up to 180 days per calendar year. Varenicline is not covered for members younger than 16 years of age.

The list of covered products and NDC numbers is attached for convenience. A list of covered over-the-counter (OTC) products can also be found on the OHCA website in the covered over-the-counter section on the pharmacy page which can be located at <https://oklahoma.gov/ohca/providers/types/pharmacy/pharmacy.html>. A prescription is required for SoonerCare reimbursement of these OTC products. The list will be updated periodically based on market conditions.

Members can also call the Oklahoma Tobacco Helpline at 1-800-QUIT NOW or visit [OKhelpline.com](http://OKhelpline.com) for more information on free tobacco cessation services.

Thank you for the services you provide to the Oklahomans insured by SoonerCare!

---
