

Effective January 1, 2020, many **maintenance medications can be processed for a 90-day supply** without the need for an override. Consider prescribing for/dispensing 90-day supplies of chronic maintenance medications, where appropriate, in an effort to increase compliance, improve access to care, and reduce copays for SoonerCare members.

The following categories of maintenance medications are included on the **Maintenance Drug List**:

- [Alzheimer's Medications](#)
