RE: Vyvanse® Capsules and Chewable Tablets, Zovirax® Cream, and Denavir® Cream Medication Coverage Changes Effective July 28, 2025

The following changes will take effect July 28, 2025. Complete prior authorization (PA) criteria can be found on the OHCA website at www.oklahoma.gov/ohca/pa. Pharmacy prior authorization forms can be found on the OHCA website at <https://oklahoma.gov/ohca/rxforms>.

Vyvanse® (Lisdexamfetamine)

- **Vyvanse® (lisdexamfetamine capsules)** will move to Tier-2 and will remain brand preferred. Members currently utilizing Vyvanse® capsules will be able to continue its use.
- **Vyvanse® (lisdexamfetamine chewable tablets)** will move to Tier-3 and will no longer be brand preferred. Members currently utilizing Vyvanse® chewable tablets will need to switch to brand Vyvanse® capsules or a PA request will need to be submitted for the chewable tablets with patient-specific information addressing why the member cannot use Vyvanse® capsules, which can be opened and mixed with yogurt, water, or orange juice. For SoonerCare members, a pre-emptive PA has been authorized for Vyvanse® capsules in the same strength as the chewable tablets based on recent pharmacy claims to help aid in the transition and minimize disruptions in therapy.

The specific PA requirements and tier chart for the ADHD Medications can be found on the OHCA website in the “Central Nervous System/Behavioral Health” therapeutic category.

Antiviral Medications

- **Zovirax® (acyclovir 5% cream)** will no longer be brand preferred and will require a PA. Members will need to switch to Zovirax® 5% ointment or oral acyclovir, famciclovir, or valacyclovir, which are all available without a PA, or submit a PA request supporting the need for the cream over the other available products.
- **Denavir® (penciclovir cream)** will be brand preferred. Members currently utilizing generic penciclovir cream will need to switch to the brand formulation. The complete approval criteria for Denavir® can be found on the OHCA website.

The specific PA requirements for Antiviral Medications can be found on the OHCA website in the “Anti-Infectives” therapeutic category.

Thank you for the services you provide to Oklahomans insured by SoonerCare!
