OKLAHOMA Health Care Authority | Serving Oklahomans through SoonerCare

September 17, 2025

Dear SoonerCare Provider,

The Oklahoma Health Care Authority is engaged in an effort to improve the quality of prenatal care for SoonerCare members. A recent review of SoonerCare pharmacy paid claims between fiscal year 2023 and 2025 showed the following:

- The percentage of members with a pregnancy diagnosis **utilizing a prenatal vitamin** has **dropped from 24% to 21%**.
- On average, pregnant members with paid claims for prenatal vitamins only had **2 paid claims**.

Please note the findings of the review are based upon the information available in the SoonerCare claims database at the time of the review and do not show if the member received prenatal vitamins from another source (i.e. samples, cash pay).

It is important to note the following regarding SoonerCare coverage of prenatal vitamins:

- **Preferred** prenatal vitamins **do not require a prior authorization** (see attached list).
- Prescriptions for prenatal vitamins **do not count towards monthly prescription limits**.
- All preferred prenatal vitamins have a **$0 copay** when filled as a prescription.

To make this efficient for pharmacies, prescribers, and members, all prescribers of prenatal vitamins will receive a letter explaining the prenatal vitamin coverage along with the list of preferred prenatal vitamins. This letter includes guidance that prescriptions for preferred products may be written as "**prenatal vitamins with folic acid 1mg**", and other desired ingredients can be specified, if necessary, such as "plus DHA". Please choose a prenatal vitamin from the attached list to fill the prescription. If no product on the list contains all the specified components written on the prescription, please work with the prescriber to use a preferred product before submitting a prior authorization request.

Please note, a prior authorization is required for most brand-name prenatal vitamins. However, the Vitafol® line of products are preferred and do not require prior authorization. Updated versions of the preferred prenatal vitamin list can be accessed at http://www.okhca.org/rx, by clicking on "Prenatal Vitamin List." This list may be updated periodically based on market conditions.

Thank you for the services you provide to Oklahomans insured by SoonerCare!
