Proposed Rule, State Plan, and Waiver Amendments

Mobile Dental Services – Currently, policy only allows mobile or portable dental providers to render services to just children, and the services are limited to just screenings, fluoride varnish and sealants. The proposed rule changes would expand the services that mobile dental providers render; and allow the mobile dental services to be authorized for both children and adults. Due to a dental provider shortage in numerous areas of Oklahoma, many SoonerCare members are unable to access dental care so these changes will help with that barrier.
